ANDREWS SILENT ON WISCONSIN OFFER

Lancaster Democratic and Populist Primaries Called for June 14--Expect to Make a Fight in First District.

From a Staff Correspondent.
LINCOLN, May 29.—(Special.)—A reduction in railroad passenger rates from all points in Nebraska will be a new incidental feature of the forthcoming annual commencement of the University of Nebraska. It was announced at the administration office of the university today that all railroads had agreed to a rate of one fare and a third for round trip tickets to and from Lincoln. The tickets will be on sale from June 5 to 11, inclusive, and will expire on June 16. It is expected that upward of 210 degrees will be conferred on commencement day. Of this number approximately 130 will be given to graduates of the academic college and about sixty-five to graduates of the law department. Between fifteen and twenty master's degrees will be conferred. The program for commencement week has been completed and is here given to the public for the first time:
University Commencement.

Chancellor Andrews declines to be interviewed regarding the rumors of the offer of the presidency of Wisconsin university. He would not discuss any phase of the subject and will not say whether he has received any offer from the authorities of the Wisconsin institution.
Democrats Not Without Hope.
Democratic and populist conventions for this county will be held June 14 for the purpose of nominating candidates and selecting delegates to the state and congressional conventions. Fusion leaders of this county insist that they will make another effort to capture the first congressional plumb, notwithstanding the republican majority in the district has been growing rapidly during the last few years.
"I consider that the fusionists are in as good a position to win this year as they were in the last campaign," said George W. Berge this afternoon. "A fight will be made throughout the district in behalf of whoever is nominated by the fusion forces."
Mr. Berge was the fusion nominee for congress in this district two years ago and will make a vigorous campaign against E. J. Burkett. This year Mr. Berge will probably have the endorsement of the Lancaster county populists for governor, and the county delegation will probably be instructed to use their best efforts in his behalf at the state convention. So far as known Lancaster county has no candidate for the fusion congressional nomination.
Orders for National Guard.
Adjutant General Colby has appointed Private Tim F. McCarthy of Company F, Lincoln, to the position of quartermaster of the Second regiment. This appointment is made to fill a vacancy that has existed for several months. Private McCarthy was formerly captain of the York company of the National guard. He withdrew from the command of the organization because of his removal to this city. In his new position he will rank as first lieutenant and will begin his duties at once.
An order was issued from the military department calling for an election of captain of Company L, Second regiment, Norfolk, Captain Gerecke's commission expired May 21 and under the rules of the guard it is necessary to hold an election to fill the position.
The Board of Education of this city is in the throes of another dispute regarding the tendency of Superintendent Gordon to remove teachers who do not meet his ideas as to qualifications. In this case the teacher he is seeking to remove is Miss Bertha McKorkle, principal of the Clinton school. Miss McKorkle has been regarded by former superintendents as one of the most efficient teachers in the schools, but Dr. Gordon insists that her name be dropped without further delay. This morning the Board of Education held a special meeting and Miss McKorkle was present with several of her friends to ask for a hearing. The Board, after discussing the case a few minutes, agreed to listen to her on next Monday evening.
Articles of incorporation of the Iowa Lumber company of Omaha were recorded by the secretary of state's office today. The stock of the company will be \$400,000. Its incorporators are: John N. Williams, Calvin Hafer, Henry I. Forsyth and Ernest Hart. The articles of incorporation provide for the opening of a timber tract in Oregon and the maintenance of a principal place of business in Omaha.
Charles E. Prottman, son of Dr. William Prottman, was fined \$40 and costs in police court this morning for turning in four false fire alarms last night. Frank V. Raymond, who was with the boy, asked for a continu-

ance of his case and the request was granted.
Chancellor Andrews will deliver a Memorial day address in the Auditorium tomorrow afternoon. In the morning the usual ceremonies will be held.

Avery and G. J. Thomas.
Eighteen delegates were elected to attend the senatorial convention.
The resolutions adopted were very strong in endorsement of the action of President Roosevelt, and also of the army in the Philippines. A county committee was selected with George A. Allen as chairman. The conditions were never better in Clay county than this year for a republican victory.
Sassy Republicans Convention.
GRETTA, Neb., May 29.—(Special Telegram.)—The republican electors of Barry county will meet in Treckle's hall in this city on Monday, June 9, for the purpose of electing four delegates to the judicial convention to be held in Washington hall in the city of Omaha on June 14, and eight delegates to the republican state convention to be held in the city of Lincoln June 15. Also delegates to the congressional and senatorial conventions, the dates and places of meeting of which have not yet been fixed. All witnesses were also put under bond.

A reward of \$75 is offered for the

return of the outfit taken last night and the arrest of the thief.

PASSES SPURIOUS CHECKS
Fellow Circulates Bogus Papers in Nebraska City and Lands in Jail.
NEBRASKA CITY, Neb., May 29.—(Special Telegram.)—A man giving his name as Harry Carroll was arrested last night at the Schaden hotel charged with passing a number of forged checks on the merchants about town.
It is alleged that he went into the millinery store of Mrs. Anderson and after purchasing a cheap hat tendered a check for \$7.50, drawn to the order of H. C. Wilson and signed by J. A. Bradley.
It is said that he then went to Baker Bros' saloon and purchased a quart of whisky and offered in payment a check for \$5.50, made payable to J. A. Everett. This check was signed J. A. Bates and was endorsed by F. E. McDonald. The proprietor was suspicious and asked the police to investigate.
He was found at the Hotel Schaden negotiating with Landlord Paradise for the cashing of a check for \$3.75. This time the instrument was made payable to George W. Carter and was signed J. S. Watson.
In the prisoner's pockets were found a card of membership in the American Association of Railway Conductors and a receipt for dues, both made in favor of H. A. Auld and issued by the lodge at Durango, Colo. He refused to say anything about himself, but tried to square matters by giving up the money.

CADETS AT TARGET PRACTICE
Several Members Make Good Scores on the Hundred-Yard Range.
CAMP E. BENJAMIN ANDREWS, SEWARD, Neb., May 29.—(Special Telegram.)—A warm breeze and fair weather greeted the university cadets at reville this morning. After early mass Company A held the first target practice of the encampment at a range of 100 yards. Out of a possible score of twenty-five Commandant Smoke shot twenty-one. Lieutenant Fowler twenty-one, and Davidson twenty. At 11:30 the battalion proceeded to the station to meet Governor Savage and Adjutant General Colby. The cadets were drawn up in parallel lines on each side of the track and on the appearance of the governor and the adjutant general were brought to present arms salute. The procession then moved to the town square and a governor's salute of thirteen guns was fired by the artillery. The governor, General Colby, Captain and Mrs. Smoke, Major Dunbar and President Goehner of the Fair association and besides the battalion, enjoyed the novelty of a camp mess. At 1:30 began the battalion inspection and review at the fair grounds. The cadets formed in column and Governor Savage was then introduced. He spoke of the country's honor, which the cadets might some day be called upon to protect. "A few years ago," he said, "other countries looked upon America as a commercial nation and forgot to measure it by the sword." He said that the Spanish war had well demonstrated the value of military training in colleges for the American volunteer, although combating with the trained, paid soldiers had with his patriotism, in conjunction with his college military training gained one of the most brilliant and noble victories yet recorded on the pages of history. General Colby spoke, endorsing the governor's remarks and adding that he believed that the college soldiers were the best on earth and with an army of such he could quell the opposing forces of any nation on the globe.
Governor Savage expressed himself as highly pleased with what he found at Camp Andrews. He said he was glad to be able to say that the camp was as clean as any he had ever visited and that he found the

guard tent empty and the cadets all gentlemanly and well mannered. An artillery salute was given the visitors on their departure at 4:40.
Many of the cadets visited the graduating exercises of the High school this evening. There is an excellent program arranged for Friday and seemingly nothing to mar its successful rendition. In the morning the battalion will march to the cemetery and fire a salute over the graves of the honored dead. It will then proceed to the station to meet the excursion from Lincoln, on which many friends and relatives of the cadets are expected to arrive.
Several hundred will probably participate in the noon mess, after which will occur the Grand Army services. Following this will be the competitive drill on the grounds. Commandant Smoke will award a silver medal to the best drilled man in each company and a gold medal to the best drilled cadets in the battalion.

COURTLAND BEACH OPEN.
Sherman Avenue Cars Run Direct to the Beach—Only One Fare.
Courtland Beach is open. Sherman avenue cars began running to the beach yesterday afternoon and there was a large number of sightseers anxious to see how Omaha's favorite popular resort looked. Last evening quite a number of people visited the beach and found everything in readiness for the grand opening today. The street cars will run today every minute or half-minute, as the occasion demands, and Superintendent Tucker says no one need feel that the service will be inadequate, as he will personally see that enough cars are on hand to carry all with comfort.
Of course there are a few finishing touches that will have to be added today, but generally speaking everything is ready. Many special attractions await beach patrons and a merry and pleasant time will doubtless be enjoyed by all who attend. Afternoon and evening concerts by Nordin's fine orchestra, balloon ascensions, the four Langford's in their most amazingly wonderful aerial performances and the old-time favorite switchback railway are among the attractions.

CRUTCH-BOUND

The crutch is a poor substitute for legs, and affords a very inconvenient and tiresome mode of locomotion—there is no pathetic sight than a person slowly and painfully moving along the street supported by these artificial limbs.
When Rheumatism settles in the bones and muscles of the legs, it is safe to predict that the victim will eventually become helpless and crutch-bound. The corrosive irritating matter that is deposited in the joints and muscles causes the most intense pain, the knees and ankles swell, and when the natural oils and fluids that lubricate these parts are completely destroyed the joints become locked and the muscles drawn and stiff, and crutches a necessity.
The acid poisons that produce rheumatic pains flow in the blood, and are distributed through the system, and lodged in the arms, shoulders, hands, back and feet, or other parts of the body—resulting often in total disability. A permanent cure of Rheumatism can be effected only by a complete cleansing of the blood, and no other remedy so surely accomplishes this as S. S. S. It neutralizes the acid effects, purifies and invigorates the stagnant blood, and the gritty corrupt particles are washed out or dislodged by the new rich blood, and relief comes to the pain-racked sufferer. S. S. S. leaves no morbid, irritating matter in the blood to reunite and produce another attack, but expels every atom of it from the system. S. S. S. is a purely vegetable remedy, and does not impair the digestion or general health like alkali or potash remedies.
Write for our special free book on Rheumatism, and if any medical advice or other information is wanted, our physicians will gladly furnish it without charge.
