Rement Chase's Remarks.

Cknt Chase of Omaha gave a detailed accd of the growth and benefits of the civirvice laws of this country. He said thate selection of candidates for public follows offic through qualification rather than fromilitical pull had done more to elevate the mary than the colleges had done for a l number of years. His address was thengest of the evening, but was inter-est: Mar. DOAN'S KIDNEY PILLS

Cures every form of Kidney Ills. Plenty of proof that this is so, Here is Omaha testimony:

Mrs. Katie O'Mara, 2429 Pacific street, says: "For seven or eight years I was troubled more or less with rheumatism and sharp pains across the small of my back. Working pretty hard looking after my family is what I think brought on the trouble. I was much worse in the mornings on rising and became some better after being up and around for some time. I saw Doan's Kidney Pills advertised and got them at Kuhn & Co's drug store. Before taking all of the box I knew they were benefiting me. They cured my back and belped my rheumatism."

Memorial Exercises.

Memorial day was observed in South Omaha in much the same manner as in years past. The members of Phil Kearney post No. 2 and the Woman's Rellef Corps of Indianapolis and Aladdin temple of Codecorated the graves at the cemeteries. The only difference this year was that a section was detailed from the South Omaha cavalry troop to escort the veterans and others to Laurel Hill cemetery, J. O. Eastman, post adjutant; Rev. M. A. Head and Rev. L. Lane delivered addresses at the cemetery. Rev. Andrew Renwick pronounced the benediction. Flowers had been sent by friends to the Woman's Relief Corps and each grave at Laurel Hill was decorated with an abundance of cut flowers and small flags. Ranks were broken at the cemetery and the various delegations came back on street cars. All of the cemeteries in the city were visited by details from the Grand Army and the Woman's Relief Corps. Business houses closed at noon and the

packers and stock yards shut down as soon thereafter as possible. Some departments of the packing houses did not call men out at all. There was quite a display of bunting and flags on the public school buildings and at the postoffice were placed at halfmast. About Basement Rooms.

Parents of pupils compelled to attend school in the basement rooms at the Lincoln school have shown their displeasure within the last few weeks by keeping their children at home. It has been asserted more than once within the last few months that the basement rooms in this building were unhealthful. Both teachers and pupils have noticed the damp air and bus, O. a number of reports have been made on the matter. An effort is to be made by those who patropize the Lincoln school to on application to City Ticket Office, 1324 induce the Board of Education to abandon Farnam street, where prompt application the basement rooms and either secure

for the Iron in It.

The old line-of-battle ship Vermont is con to be towed to Eastport. Ma., and urned. It is at present lying at the prooklyn navy yard. The keel of Ver-nent was laid in Boston in 1815, relates the New York Sun, but work on it was slow nd intermittent, and it was not launched intil 1848. It carried twenty 8-inch guns nd sixty-four 32-pounders, with a crew of 20 men.

and sixty-four 22-pounders, with a crew of Enotity after its isunching the fishing trouble between this country and Great Britain caused it to be sent up along the Nova Ecotian coast to protect American interests. Matters were settled peaceably, however, and upon its return Vermont was ordered to Port Royal. While en-route it ran into a heavy gale, lost its rud-der and drifted about helpless for several weeks. In the course of time a jury rud-der was fitted and the vessel managed to creep into port. At the outbreak of the civil war Ver-mont was at Hoston, but in the latter part of 1561 it sailed south again, and ar-rived at Port Royal, where it was used as a storeship from 1862 to 1854. In 1855 it left Port Royal for New York, where it was used as a receiving ship after its batteries had been removed. It remained at it was put out of commission the New Tork navy yard until September, isu, when it was put out of commission
