The executive committee of the Inter

collegiate Athletic association held a brief

meeting at the oval today to consider the

protest made by Yale against Schick of

Harvard, but it was decided to allow the

Harvard sprinter to compete in the finals

of the 100 and 220 yards' dashes. The com-

mittee adjourned the further hearing of

evidence in the case until June 14 or 21,

when it will convene in this city for that

special purpose. Schick finished second in

both sprints, scoring six points for Har-

vard. Should the decision of the committee

be adverse to Schick, Harvard will lose

six points and Yale will gain two, so that

Yale would win the championship honors

by a total of 32 points to Harvard's 28.

New intercollegiate records were estab-

day, but Plaw of California was in better

shape today and threw the hammer 163

feet 8 inches, showing an improvement of

over nineteen feet on his best trial throw

In the pole vault, Horton of Princeton

won first place with the bar at 11 feet 3

giate record of 11 feet 5 inches, and cleared

the bar at 11 feet 7 inches. Duffey's sprint

record of 9 3-5 takes a fifth of a second

WHITEWASH FOR KAWTOWNS Omaha Keeps Up Week's Work by Shutting Out Kansas City. Out Kansas City.

Team.

sy wresting a close victory from the team which headed it Omaha's base ball club gracefully stepped back into the top line position in the percentage column yesterday, while the men from Kaw town retired to their accustomed second place. Two to naught was the score and the game was a wonder. The locals made their's in the third inning, Stewart's triple scoring Calhoun and Dolan. Neither run was earned and that was all Rourke's men could force from their opponents.

The impression which the bitter rivals for the championship made with the fans on their first appearance here was far more favorable than that which any other of the visiting teams has aroused as they have appeared in turn. Manning's men are certainly great ball players and their game is chock full of snap. They carry with them an atmosphere of capability in their work that you cannot get away from.

Jones Green Davis Merte Intell Daly, McFs Pitcher Gibson performed marvels in the box most of the time. He made an awful Patte tear with the 4,000 fans present when he struck out three men in the first inning Chlc Was and two of them after there were three men on bases. The trio comprised Omaha's leading batters, Stone, Dolan and Stewart, Gibson also held the red socks to four

But in the third it happened. Robinson's error let Genins to first. Stone flew out to Ketcham, Calhoun took a walk and Dolan hit to Robinson, going to first while the third baseman put out Genins. Then Stewart smashed out the three-bagger to left-field fence, right along the white line. After that Gibson let Hickey saunter, but pulled up and struck out Gonding. If Robinson hadn't made that error; if Gibson hadn't given Cal that base-but they both did.

Graham threw grandly all day. One gift on balls was all and one man stopped the leather with his fiannels. The six hits which the visitors poled off him were not worth it, as they were scattered like a bunch of outfielders. Oscar watched every inning with his hawk's eye and the result was highly pleasing.

Owen may pitch tomorrow against "Kid" Nichols, but maybe Brown will go in. Kansas City slaughtered him once, but that's no sign. It will be a great game, whoever throws. Score:

The barber surgeon is a thing of the past. He flourished in the long ago, and his office 0 was to trim the beard, let the blood, or pull the tooth of his patron, as such services were G required. The barber of modern times, by devoting himself exclusively to barber work, has practically revolutionized the business. This is particularly the case in America, where the barbers may be likened unto a vast army, united under the emblem of progress, and advancement. The statement that they do actually lead the world is verified by the traveler who has visited the barber shops of

Where he walked ten blocks for the privilege of sitting in an American barber chair, but he had to wash and dry his face, for the barber turned him out wet and unwashed.

Where he sat in a straight-backed chair, and had to hold the wash-basin under his chin while the barber mopped his face with a sponge.

And other countries of the Levant, where he took out an accident policy before he submitted to the torture of a shave, the second time.

The great American army of barbers is not without its generals-brainy, progressive, and far-seeing men, who lead the procession and set the pace for others. These "generals" are just now mustering their followers under the banner of ANTISEPSIS (exclusion of the germs). Sterilization is practiced, as well as any other suitable method of cleanliness that will prevent the dandruff germ passing from one head to another, thus spreading the disease.

Dr. Cartez, of Paris, France, says: "Baldness is a contagious disease, caused by a microbe." The most progressive barbers everywhere use and recommend Newbro's Herpicide, because they know that it is the ORIGINAL and only real antiseptic that actually kills the filthy scalp microbe, whose continued presence means future baldness. Newbro's Herpicide cleanses the scalp of scruf and scales. It invigorates and coaxes energy back into the impoverished hair bulb, if any life remains. Its continued use stops and prevents parasitic growth.

The Herpicide Co., Detroit, Mich.

Gentlemen: It gives me pleasure to state that I have used Newbro's Herpicide, and like it very much. One bottle eradicated the dandruff, and left my hair and scalp in fine condition. It is cooling, relieves all irritation, and is certainly a very delightful dressing. Yours respectfully, (Signed) P. K. TADSEN, Mayor of Port Clinton, O.

A well known traveling man says: "I have always been particular about barber shops, and when I see Newbro's Herpicide on display, I feel safe, for I have noticed that the leading and most progressive barbers everywhere have it."

to o-Nichols laughed and said he still had the coat. Manning promised to buy him a package of cigarettes if he wins today's game. Mr. Manning doesn't anywhere near look the picture of disappointment the Hickey-ites try to make out. He says he is quite well satisfied with the company he is in, and has no worry for the future of the league. Omaha's attendance is very grati-fying to him, and he spoke in most com-plimentary terms of the Omaha team. Kansas City lost a very valuable man during the week, when young Demontre-ville was awarded to Rochester by the National Board of Arbitration. Hickey, who is now playing second for the team, is a third baseman, and besides being out of his position is crippied so that he can hardty play at all. Mr. Manning returns to Kansas City to-night, leaving the team in charge of Man-ager Nichols for the rest of the tour.

Omaha's Shut Out Record.

It has been a long time since a team in any league has succeeded in whitewashing its opponents as often as Omaha has thus far this season. Ten of the twenty-five victories of the Omaha team, or 40 per cent, have been of the whitewash. Denver is the only team that has excaped being shut out by the Omahas. Here are the figures, Omaha winning each time: Team and Place. Score. Date.

Kansas City has whitewashed three of its opponents, all on the home grounds, the record being: .833 .657 .472 .444 .441 .412 .882 .875 Score. Date. 6-0 May 7 3-0 May 16 7-0 May 22

DETROIT BARBERS USE IT.

We have been using Newbro's Herpicide, the new antiseptic, in our shop, since it was first introduced here. It gives our trade satisfaction, and the demand for it is increasing every day. For dandruff, itching scalp, and falling hair, it surpasses anything we have ever used. It is also delightfully cooling to the scalp and very refreshing.
