Many Rates East and South at Wabash New City Office, 1601 Farnam street. 4 sterling line speakers, \$1. Edholm, Jeweler.

NOTHING TO CONCEAL

Railroads Will Give Full Details Regarding Tax Matters.

SUBJECT TO BE THOROUGHLY PROBED

Home Roads Pay More Tax in Proportion Than Any Other Industry in the State of Nebraska.

(Issued by Authority of the Railroads of Nebraska.)

This is the first of a series of articles, which will appear, giving full details regarding the taxes paid by the railroads of Nebraska and such information as will enable readers to fully understand who pays the taxes in Nebraska, and why the various Boards of Equalization from year to year have made the valuation on railroad property that has been given out to the various counties.

A great deal of this information has been presented from time to time to the Boards of Equalization, and it has been considered by them in their estimates, while other lines of information, which we will present, have never before appeared in print.

The railroads of Nebraska have nothing to conceal regarding their tax matters; they pay and pay promptly their full proportion of taxes. They have more interest in the successful development of Nebraska than any other single industry, and at all times want to work with the people of the state for the public good.

The managers of the railroads are business men, who provide for the payment of the taxes charged against their roads as conscientiously as they provide for the payment of their employees. In several instances in this state the railroads have paid ten times more tax to the counties and cities than they paid in profit to the stockholders of the companies, and this has been paid without complaint and promptly when due.

The stockholders of these companies are relying on Nebraska's future. They gladly pay the tax charged, so that the schools can be carried on, and those improvements made that would show progress and induce other people to come here and invest in the state's development.

It is on Nebraska's future that they build their hopes of profit. There are other roads in this state, which by combination with great systems, and which in those cases they pay more than their proportion of taxes in every instance, taking any other industry of the state in comparison.

All that the railroads care about in this matter of payment of taxes, is that they receive fair treatment, and that they be not party to an attempt to defraud the state or counties of any just tax, but of course the interests of their stockholders present them from allowing an outrageous or unjust assessment.

In such matters as these, the state of Nebraska naturally must expect to keep in line with what is done in other states. They would not want to impose a tax that would prevent the roads passing through Nebraska, from successfully competing for interstate traffic, because the courts would naturally strike such action in time. The most difficult lesson to learn in political economy has been equality in taxation, and it has never yet been mastered. The revolution, that resulted in the formation of our government was fanned to flames through resentment caused by unjust taxes.

JUDGE BAKER MAKES A HIT

Albuquerque Papers Sound the Praises of the Late Nebraska Jurist.

Newspapers from Albuquerque disclose the fact that Judge Benjamin S. Baker, formerly of Omaha, was the orator of the day at the memorial day exercises in that New Mexican city. The Citizens' referring to his address, throws him this bouquet: Judge Benjamin S. Baker is winning golden opinions as a judge of this district, and is also a pleasing and patriotic orator.

English Firm Form Combine

NEW YORK, June 5.—A combination of British engineering firms has been formed, according to the London correspondent of the Tribune, to secure the South African trade against German and American rivals.

VENGEANCE ON FALSE FRIEND

Hack Driver Pink Beats Man Who Enticed Mrs. Pink from Home.

George Fink, a wronged husband, got satisfaction out of George Porter at an early hour yesterday by beating him so badly that it took the police surgeons two hours to dress his injuries. Fink is a hack driver and Porter presides over a merry-go-round at Courtland beach, and for a number of years they had been intimate friends. About 2 o'clock yesterday morning Fink went to a place on Howard street and there found Porter and Mrs. Pink together. He immediately waded into Porter and beat him until the latter finally broke loose and jumped through a window. Fink followed suit, and the two men raced for several blocks, Fink being unable to overtake his man. Later, however, he met him on South Sixteenth street and another chase started. Fink catching Porter as he ran into the Her Grand hotel. Here the fight was renewed and Porter was knocked down and beaten until he was almost unconscious.

In the meantime someone had sent in an alarm to the police. Upon the arrival of the patrol wagon Fink left the almost dead Porter and ran out of a side door to Howard street and was caught by Officer Herald near the Creighton theater. Porter was unable to get away and both men were taken to the police station and Fink was later released on bond. Yesterday morning Porter refused to prosecute and Fink was discharged.

NEW PAVEMENT IS NEEDED

Mayor Again Calls Attention to Condition of North Sixteenth Street Surface.

Mayor Moore has written a letter to the city council, calling attention to the deplorable condition of many of the asphalt streets, with special reference to Sixteenth street.

"You will remember," he writes, "that last year I made a fight against the repaving of Sixteenth street, claiming that it be repaved with a new concrete base. This year the street is, if anything, in a worse condition than ever. The council should devise some means of repaving this street, as it is a waste of money to repair it every year."

The terrible condition of some of our asphalt-paved streets is a menace to life and property. Our fire department is constantly having repairs made on account of breakage, as no matter how careful a driver he cannot avoid all of the holes and ruts.

FARMERS FIGHT NEW ROAD

They Seek to Enjoin County from Acting on Old Resolution.

Frederick and Leopold Doll, farmers out near the old fair grounds, have applied to the district court for an injunction to restrain the county of Douglas from opening a road through their property. It seems that the county board adopted a resolution to open the road in question in January, 1887, but never undertook the work until November, 1900, when the grading machines appeared on the Doll farm. Now the Dolls presume that the county proposes to finish the work and open the road and they seek an injunction, taking the position that the failure of the board to act on its resolution of 1887 until thirteen years had elapsed was a virtual vacation of the road.

REPUBLICAN CAUCUS IN SIXTH

It Will Be Held After Meeting of Ward Club Saturday Night.

Sixth ward republicans will hold a caucus at Peterson's new hall, at the corner of Twenty-fourth and Burdette streets, next Saturday night, for the purpose of selecting delegates to the state and national conventions. Preceding the caucus, and in the same hall, there will be a meeting of the Sixth Ward Republican club, at which addresses will be made by Nelson C. Pratt and John P. Breen, aspirants for the republican congressional nomination, and J. H. Van Dusen, candidate for the gubernatorial nomination. The hall in which the meeting is to be held is a new one, and the members of the club intend to give it a good warming.

JUDGE BAKER MAKES A HIT

Albuquerque Papers Sound the Praises of the Late Nebraska Jurist.

Newspapers from Albuquerque disclose the fact that Judge Benjamin S. Baker, formerly of Omaha, was the orator of the day at the memorial day exercises in that New Mexican city. The Citizens' referring to his address, throws him this bouquet: Judge Benjamin S. Baker is winning golden opinions as a judge of this district, and is also a pleasing and patriotic orator.

TOYS WITH GASOLINE STOVE

Reason Set Up by Mrs. Mary Gates for Divorce Decree.

SAYS HUSBAND USES FIRE AS PLAYTHING

Another Woman Seeks Freedom from Matrimonial Yoke on Allegation that Husband Threatens Life of Her Child.

Because Fred Gates has chosen the gasoline stove for his favorite plaything his wife Mary wants a divorce. In her petition, filed in district court, Mrs. Gates charges that Fred is in the habit of coming home full of enthusiasm and red liquor and celebrating his acquisition of the jag by fancy illuminations on the gasoline stove. The woman avers that her husband performs some remarkable feats with the blue flames, remarkable because they are given without blowing up the whole neighborhood. She is afraid that Fred's luck in playing with fire will fail him some day and then the house and all that is in it will go up in the flames. Incidentally, Mrs. Gates charges that her husband has failed to provide properly for her support. They were married in Omaha September 4, 1891.

Mary E. Wagner is another woman with a story which she thinks ought to bring her a decree of divorce. She was married to Conrad Wagner in this city in November, 1894, and now she complains that Conrad is a cruel husband and an inhuman father. In her petition she relates that Wagner took their 2-week-old child by the heels and swung it about in much the same manner as he would an Indian club, threatening to dash its brains out against the wall.

Sylvia Myrtle Crane makes a plain charge of habitual drunkenness against her husband, William Adelsberg Crane, and expects the proof of it to make her a single woman once more.

Too Great a Risk.

In almost every neighborhood someone has died from an attack of cholera morbus, often before medicine could be procured or a physician summoned. A reliable remedy for these diseases should be kept at hand. The risk is too great for anyone to take. Chamberlain's Colic, Cholera and Diarrhoea Remedy has undoubtedly saved the lives of more people and relieved more pain and suffering than any other medicine in use. It can always be depended upon.

HALF RATES

Via Wabash Railroad.

Boston and return, \$31.75, on sale June 11-12-13.

St. Louis and return, \$31.50, on sale June 16-17-18-19.

FIX DATE FOR CORNERSTONE

Auditorium Directors Decide to Have Ceremonies on June 28.

The cornerstone of the Omaha auditorium is to be laid at 3 o'clock Saturday afternoon, June 25. The time was fixed at the meeting of the Auditorium directors yesterday and the special committee, of which Alfred Millard is chairman, was instructed to make all arrangements for the ceremonies.

It is expected that Senators Millard and Dietrich and Governor Savage will be present, but the principal address will be made by a prominent citizen of Omaha, whose name will be announced within the next few days. The committee in charge will negotiate with the Omaha Musical union to furnish the band for the day.

FOR CONSTITIATION DRINK

Hunyadi-János

Why? Because it will positively cure it, with more safety than any other remedy known to the medical profession.

BE CAREFUL, however, that you get as genuine Hunyadi-János as represented to be. Hunyadi Water, which are not only worthless, but are often harmful. Your physician will recommend.

Look at the Label. It is Blue with Red Center.

J. A. KERVAN, TAILOR,

HAS REMOVED TO

1316 Farnam Street,

Suits, from \$30.00 to \$65.00. Trousers from \$8.00 to \$16.00.

HOW IS YOUR WATCH?

Just so often a watch must have care and attention to insure the delicate machinery remaining in order. The oil becomes hardened and retards the motion, thus causing the watch to lose time. There's nothing so good for a watch as one of our thorough cleanings.
