Secretary Hay in a leter to the governor of Louisiana, dated June 3, sums up the main facts as found by Colonel Crowder and also gives the rules of international usages respecting the sale of goods to parties at war. Mr. Hay says the serious point in the charges submitted by Mr. Pearson and by the Boer legislative committee of Philadelphia was that the British authorities had enlisted men in this country for service in South Africa. The government made particular efforts to find out it there were any basis for this charge, but Weston, daughter of Hon. Not a Military Camp.

What has been found is that certain officers of the army acting in the capacity of purchasing agents and inspectors have been engaged in the work of buying, collecting and inspecting horses and mules at different places in the United States and shipping them from Chaimette to South Africa. There have been thirteen of these officers. The British government some time since ordered the recall of all of them. The men employed under them have all been Americans. The shipments of mules and horses have been continuous month after month since the outbreak of the war. The vessels in which they were shipped were of private ownership and not under the control of the British government and have not the character of military or naval transports.

WASHINGTON, June 5 .- Thurman G. Paimer of Chicago was a witness today before the senate committee on Cuban relations. For the past four years Mr. Palmer has been engaged in the promotion of beet sugar in Cuba. He gave a list of seventeen corporations which, he said, have 588,727 acres in sugar producing lands in Cuba with an annual capacity of 255,425 tons. Of these seventeen companies ten have on file war claims against the government of the

izens of the United States and who reside in the United States, but most of them are of American or Cuban birth. This list included forty-one estates of 366,786 acres with an average sugar producing capacity of 394,495 tons. Of these forty-one estates thirty-five filed war claims against the government of the United States aggregating \$13,646,544. Mr. Palmer deduced from the figures given in this connection that only 30 per cent of the product was supplied by farmers who do not own their own fac-

MOVE BEFORE IT IS HOT.

It is anything but pleasant to have a hot office in which to work during July and August. The time to remedy this is now. There is no building in Omaha so well constructed with reference to the comfort of its tenants in all kinds of weather as The Bee Building. The court, with its fountain is not only a source of delight to the eye, but furnishes perfect ventilation and the thick walls and southeast exposure make it an ideal summer office building.

There are not many vacant rooms in the building, but the movement in and

out of the building has left a few of the very choicest rooms at your disposal. List of vacant rooms in
