Jobs Report the Volume of Business for May Best on Record. SHARP ADVANCE IN PRICE OF TEA

Dry Goods Market Firm and Stocks of Fall and Winter Goods of Desirable Grades Are Light in Manufacturers' Hands.

In checking up their accounts for the month of May, local jobbers and manufacturers in nearly all cases find that they sold more goods than ever before during the same month. That applies not only to current business but to future business as well.

So far as the markets are concerned there has been only a few important changes during the month. Review of the market shows that practically all lines that have been running for some time past will be closed for the remainder of the year.

Wholesale grocers report business for last week as being exceptionally heavy and in some respects the heaviest during the week of the year to date.

There has been no change in the ruling prices for most of the staple lines. Prices for a few lines have advanced slightly, but they are considered a normal advance.

There has been no change in the ruling prices for most of the staple lines. Prices for a few lines have advanced slightly, but they are considered a normal advance.

The demand for fruits and vegetables last week was almost unprecedented. The fact that the crops are well advanced and practically all kinds of staples are high.

The egg market is a trifle lower than it was a week ago. Retailer's stocks are light, and the price of eggs is accordingly lower.

Excessive Wet Weather Maintains Lead for Cereals Bull.

MARKET DULL, BUT GRAINS ARE STRONG

Bad Weather Announced by Foreign Cables and Wheat and Corn Go Up, While Oats Slip Down

After Initial Bulge.

CHICAGO, June 7.—Excessive rains were the harbinger of the bears today, but this season the cables also told of the same bad weather abroad.

Wheat took a strong grip on the market and a bulge in price was noted. Wheat took a strong grip on the market and a bulge in price was noted.
