MORE WATER FOR RAILROADS
Instead of Being in the Stooks, it Goes Over the Tracks.
WASHOUTS NUMEROUS, BUT NOT SERIOUS
Superintendent Calvert Reports Sixty-Three Miles of Burlington Track in Southeastern Nebraska Under Water.
"The state of Nebraska has not been wet up as it is today for many years."
This sentence was flashed over the wires at 9:30 a. m. yesterday to General Manager Holdrege of the Burlington from General Superintendent T. E. Calvert of Lincoln. Other railroads tell the same story and it would seem that practically every inch of the agricultural districts of the state has had rain in quantities varying from an inch up. The message from Mr. Calvert told of sixty-three miles of track in southeastern Nebraska under water at that time, something unprecedented.
Such a downpour has naturally affected somewhat the railways. Most of the trackage in Nebraska is more or less softened temporarily and there have been a few minor washouts, but on the whole the operating men feel that they have come out of such a deluge very luckily.
The Burlington suffered four washouts Friday night, all small. The one nearest Omaha was reported by Superintendent Bignell of the northern division Saturday. It was three and a half miles east of Omaha, on the line between Omaha and Lincoln, and the train was delayed for an hour and a half. The other three washouts were reported by Superintendent Bignell of the northern division Saturday. It was three and a half miles east of Omaha, on the line between Omaha and Lincoln, and the train was delayed for an hour and a half. The other three washouts were reported by Superintendent Bignell of the northern division Saturday. It was three and a half miles east of Omaha, on the line between Omaha and Lincoln, and the train was delayed for an hour and a half.

Washouts on Western Division.
Superintendent A. Campbell of the western division reported two washouts, one twelve feet long six miles east of Farnam, on the Cheyenne line, and the other seven miles east of Farnam and fifteen feet long. He will have the repairs made at once.
General Superintendent Calvert said that Friday night's rain was so heavy in southeastern Nebraska that the line between Lincoln and Table Rock was still under water yesterday morning. Friday afternoon he was still able to run trains over it, but last night it washed very deeply, submerging Nos. 41 and 109 were sent around by way of Beatrice.
Mr. Calvert also reported a washout at the bridge, two and a half miles east of Odell. The damage was not very heavy, and he hopes to get it fixed before the trains are sent back to work.
On all lines trains were running cautiously in Nebraska during Friday night and yesterday. The Union Pacific reports its main line all in good shape, but says some of the branch lines are softened. The Bismarck track is just a little uneasy.

Northwestern's New Time Card.
Four new trains instead of two and a total of eleven trains into Omaha and ten trains out every day are features of the new time card which is to go into effect today on the Chicago-Omaha portion of the Chicago & Northwestern railway. The details of the new card have just been received by Northwestern officials here from Chicago headquarters. In addition to these radical changes there are several minor ones, such as shifting of terminal times.
Another prominent feature of the card is that Northwestern train nomenclature is to be changed entirely. There will no longer be any "Chicago Express," "Atlantic Express," "Twin City Local," "Chicago Special," "Fast Mail," "Colorado Special," or "Omaha Express." Instead there will be merely local, fast, daylight, limited and mail trains, with their schedule numbers only.
Chief of the new trains is the pair of Chicago-Denver flyers. No. 11, westbound, will leave Chicago at 6:30 p. m., arriving in Omaha at 7 a. m. The Union Pacific will take it out at 7:10 a. m. and land it in Denver at 7:50 p. m. This means twelve hours and a half from Chicago to Omaha, and thirteen hours and forty minutes from Omaha to Denver, allowing for the change to western time. No. 12, eastbound, will leave Denver at 1:10 p. m., reaching here at 3:30 a. m. Going out there east at 3:40 a. m., will reach Chicago at 4 p. m. This gives a run of thirteen hours and twenty minutes between Denver and Omaha, and twelve hours and twenty minutes from Omaha to Chicago, thus doing the entire roundabout journey in twenty-five hours and fifty minutes, including all stops.

New Local Trains.
The other new trains are locals between Carroll, Ia., and Omaha, making all stops. They will be called No. 17 and 18 and will replace No. 16, the Chicago express, which has been leaving Omaha at 4:15. These two trains will offer ideal service for residents of the section tapped wishing to buy in Omaha. No. 17 will leave Carroll at 6:30 a. m., reaching here at 10:20 a. m. No. 12, returning, will leave here at 4:15 p. m., reaching Carroll at 7:15 p. m. This gives anyone from Carroll or between here and there all the time from 10:20 in the morning till 4:15 in the afternoon for business in Omaha. Local Northwestern officials are especially proud at having secured this train, as the territory feeding to that hundred-mile run will prove most prolific for Omaha.
An important change in time is that No. 4, the daylight train to Chicago, will hereafter leave Omaha at 4 a. m. instead of at 7:30 a. m., the change being to a more convenient hour. Other changes are that No. 74, the Sioux City local, will leave at 6:30 a. m. instead of 6:15 as heretofore, that No. 72, the St. Paul train, will leave here at 1:25 a. m. instead of 7:05 a. m., and that No. 73, the Cedar Rapids local, will arrive at 5:25 p. m. instead of at 5:30.

Organizes Labor Bureau.
General Passenger Agent Francis of the Burlington road has organized a bureau of assistance for agriculturists in need of laborers and in the same connection has established some remarkably low laborers' rates to obtain from June 15 to July 15. These rates are good from the Missouri river to Kansas and Nebraska points west of a line drawn through Chester, Strang, Fairmont, York, and Columbus, and south but not including the Union Pacific main line from Columbus west. They allow two to ride on one solid ticket at a half fare each, or three on one solid ticket at a third fare each. The dates of sale are each Tuesday and Friday between the limits named.
Mr. Francis says that the great shortage of laborers for grain and alfalfa work has determined him to this step, and he asks all who need men to address him, as he may help them. Such applicants are requested to state how many men they want, how long and between what dates they wish them, what they will pay a day, and what the work is to be.

Boat Races Postponed.
The boat races scheduled to occur at Lake Park were postponed to Saturday, June 14, because of threatening weather.

BISHOP WORTHINGTON HERE
Expects to Remain in Nebraska as Long as His Physicians Will Allow.
Bishop George Worthington of the Omaha diocese arrived yesterday from Massachusetts, and is the guest of Coadjutor Bishop Williams, at 2219 Dodge street. Bishop Worthington is here to attend to matters pertaining to the supervision of the Episcopal diocese which have not been assigned to the coadjutor and to attend the commencement exercises of Brownell hall; also to participate in the ordination to priesthood of several candidates.
Bishop Worthington is an old time citizen of Omaha and is still his legal residence, though by the advice of physicians, owing to his failing health, he left here and is now making his home in New York and Massachusetts. He will remain here the length of time his physicians will allow him to stay.
"My general health has been good since going east," said the bishop, "but I can still feel that disease is in my heart. At the seashore I have found that I do not have to be so active in looking after my heart as I did here. I shall only stay here as long as my physicians allow me, and I cannot tell how long that will be."
"I am here looking after matters pertaining to the diocese which were not assigned to Coadjutor Williams. I find his work is very satisfactory and he is very popular with the people. I shall attend the closing exercises of Brownell hall and take part in the ordination to priesthood of the several candidates. The ordination exercises, which ordinarily would be held in the cathedral, will be held at St. Martin's church in South Omaha, at the request of the former rector, Rev. Irving Johnson, who is especially interested in one of the candidates. This will occur Sunday morning. The baccalaureate sermon will be delivered by Rev. Johnson Sunday night at St. Martin's, on South Tenth street."
Bishop Worthington has been connected with the Omaha diocese for the last seventeen years, having at first been appointed bishop for the entire state. At his request the state was divided and he was given the Omaha diocese.

LEVISTON LOSES HIS JOB
Democrats Get Control of St. Paul School Board and Elect New Superintendent.
Irwen Leviston, formerly principal of the Omaha High school, and for the last two years superintendent of the public schools of St. Paul, Minn., has just been voted out of his position. The democrats were successful in the recent municipal election in St. Paul, and the appointment of another member to the school board last Wednesday was the undoing of Prof. Leviston. At its meeting Wednesday night the school board, with a membership of four democrats and three republicans, elected A. J. Smith superintendent, to succeed Prof. Leviston. Of the election the Pioneer Press says editorially:
Without notice, without warning, without any sign or note of dissatisfaction, a superintendent, who had administered the school with general approval by the teachers and the public, and who apparently enjoyed the fullest confidence of the board, is suddenly, as the result of some secret understanding, dismissed by the united action of all the democratic members of the board.
Prof. Smith, who succeeds Prof. Leviston, was also his predecessor in the position.

DISMISS LIBEL COMPLAINT
Ignatius Decides Not to Press Charge Against His Democratic Brother.
Ignatius Jehovah Dunn, "deputy county attorney in and for Douglas county, Nebraska," is not so warm as he was a week ago, when he swore out a complaint charging his democratic brother, John M. Tanner of South Omaha, with criminal libel. When Dunn made his complaint his collar was smoking somewhat on account of certain unkind things which he said Mr. Tanner had written about him in a South Omaha newspaper, said printed remarks having reflected on the official actions of said Dunn.
During the week Tanner has evidently been next to the Jacksonian club refrigerator, for he had sufficiently cooled off to appear in county court and make a motion to dismiss the complaint against Tanner. The motion was granted, and again two great democratic stars are traveling in the same orbit.

PARTIAL DECREE IN TAX CASE
It Cancels Special City Taxes Against Property of William A. Watson.
Judge Reed yesterday filed a partial decree in the case of Royal Wilson and others against the city of Omaha, a case to set aside a special tax levy made in paving district No. 24. This partial decree is to affect only the property owned by the plaintiff, William A. Watson. The order is that upon the payment of \$325 to the city treasurer all other special taxes on account of paving, curbing and guttering shall be cancelled, the evidence received that the city failed to give legal notice of the levying of the tax and that the city council, sitting as a board of equalization, failed to give legal notice to plaintiff.

Ben Hurs Change Name.
The Paxton & Gallagher team, formerly the Ben Hurs club of Omaha, has been reorganized with the following: Nustrom, driver; Hughes, first; Knight, second; Eric, third; and Duddy, fourth. The new team and band will start from temple at 7:30 p. m. on Monday night. The marching column will be met at entrance to park by members of the orders and members to assist in the following program will be carried out: Music by band, in dedication to Rev. D. K. Tindall, Degree of Honor quartet, decoration of emblem, Degree of Honor eulogy, address by Rev. D. K. Tindall, Workmen Jaskielek, music by band, address by Brother Nelson C. Pratt, Degree of Honor closing ode, music by band.
Should the weather be unfavorable for out of door exercises the program will be given at the temple at 8 p. m.

COMMISSIONERS ARE QUIET
Nothing to Rattle the Calm of Regular Meeting of County Board.
It was a quiet and orderly meeting of the Board of County Commissioners which was held yesterday morning. Connolly was absent and all references to the causes of disension which had been before the board at recent meetings was taboed. Until the noon hour every motion which was submitted prevailed and every report received was adopted with unanimity. Petitions for corrections in assessments were the principal matters considered aside from the allowance of claims, and in every case the applicant was refused the change he asked, kept at hand. The risk is too great for anyone to take. Cholera, Cholera and Diarrhoea Remedy has undoubtedly saved the lives of more people and relieved more pain and suffering than any other medicine in use. It can always be depended upon.

POPULISTS FEEL INSULTED
Consider Call for Early Democratic Convention a Direct Out.
THREATEN TO GO IT ALONE THIS YEAR
Member of Populist Committee Says There is Little Chance for Fusion and Less Chance for Democratic Success.
Now there is a gulf of bitterness between the democratic party of Douglas county and the remnant of the populist party which is still on guard, with a prospect of two complete tickets to divide the votes of those who have in recent years marched under the apoll-biased banner of fusion. The trouble originates in the failure of the democrats at the last meeting of the county central committee to provide for an opportunity for a flirtation between the parties of fusion at the inception of this year's campaign. One of the populist leaders and a member of the central committee, unhappily himself as follows:
"We are probably to have two tickets in the field this fall made up of men who on local affairs are practically agreed. I know that I express the sentiment of a majority of the populist party when I say that if the democrats nominate any ticket on June 21 there will be no fusion this fall and that we will teach the men who have insulted us that there are enough populists in the party to keep every democrat out of office, even if we cannot elect our own men. The democratic committee in Douglas county for the nomination of candidates for June 21, without consulting the populists and they did it for the sole purpose of eliminating the populists from participation in the ticket they will be asked to support. The members of the people's party committee, which met later, recognized the insult and responded to it by calling the convention of their party for September 5, with the intention of placing a full ticket in the field and to make a fight for its election."
"We intend to show the democrats that they cannot play fast and loose with us. It is either fusion on fair lines or no cooperation. Any ticket nominated before September 6 will have the opposition of the populists of the county regardless of which party makes the nomination. This is what some of the democratic leaders want and they are willing that they shall have it, just to show them that the people they have scorned are the ones who have made it possible for democratic office holders to divide the county with the republicans."

TALKS FOR FIRE SERVICE
Mayor Moores Meets with Insurance Committee of the Commercial Club.
The insurance committee of the Commercial club held a meeting at the club rooms yesterday with Mayor Moores to consider a question in which the committee desires the co-operation of the city. The principal matter was that of the construction of a building for a company of the fire department in the wholesale district, according to the plan outlined by the mayor last fall. Until recently the insurance committee and the mayor were of the opinion that the company would be stationed in the district this summer, but the action of the council in appropriating funds for the construction of the Capitol avenue market site has, in the opinion of members of the committee, made the construction of the fire department quarters problematical.
The committee also took up the question of the appointment of a coroner. No definite conclusion was reached, but the mayor promised to do what he could to make the condition of the merchants in the jobbing district more secure from fires.

FLORAL DAY CELEBRATION
United Workmen and Degree of Honor, Will Have Exercises in Park.
Floral day will be celebrated this afternoon by the joint membership of the Ancient Order of United Workmen and Degree of Honor of Omaha. Fourteen lodges will participate in the exercises, which will be held in Hanson park. The program for the day is as follows:
7 to 9 a. m.—Decorating of graves of deceased members by committee from both orders.
9 a. m.—Floral day sermon by Rev. D. K. Tindall at Trinity Methodist church, Twenty-first and Binney streets.
9:30 p. m.—United Workmen degree teams and band will start from temple at 7:30 p. m. on Monday night. The marching column will be met at entrance to park by members of the orders and members to assist in the following program will be carried out: Music by band, in dedication to Rev. D. K. Tindall, Degree of Honor quartet, decoration of emblem, Degree of Honor eulogy, address by Rev. D. K. Tindall, Workmen Jaskielek, music by band, address by Brother Nelson C. Pratt, Degree of Honor closing ode, music by band.
Should the weather be unfavorable for out of door exercises the program will be given at the temple at 8 p. m.

PLEASD WITH SITUATION
England Congratulates Itself on Financial Status After Strain of Costly War.
LONDON, June 7.—Prior to the second reading of the loan bill in the House of Lords today Lord Goschen, liberal, and a former chancellor of the exchequer, announced that he desired to say a few words on the financial position of the country. Consols, which were now paying only 2 1/2 per cent, stood at 97. Before the conversion of 1885, 3 per cent consols stood at 101. If they had been converted then, they would have been worth only 83, so that now the stock was really fifteen points higher. After a costly war and the borrowing of £150,000,000, the country might well congratulate itself on a situation which showed such economic statements.
The premier, Lord Salisbury, said such words, coming from such a high authority, were very gratifying and would be widely read.

HITCH IN SETTLING STRIKE
Butchers Will Refuse to Yield Unless Packers Reinstated Cattle Drivers.
CHICAGO, June 7.—Unless the Union Stock Yards company shall agree to re-instate the seventeen cattle drivers who it is said were discharged last Tuesday because they were union men, the 5,000 butchers and meat cutters at the packing houses and 700 stockyards employees will not go to work Monday morning.
The issue was squarely made at a conference tonight between Michael Donnelly, president of the Butchers and Meat Cutters' Union of North America, and A. G. Leonard, general manager of the stock yards.
The question whether the issue will be solved without resorting to extreme measures will be decided tomorrow when Mr. Donnelly is to meet the officers of the Stock Yards company and present proof that the seventeen members of the stockyards union employees were discharged because they entered the union. Affidavits have been prepared at the request of the stockyards officers, who professed to discredit the statement that the men lost their positions for any such cause.

PLEASD WITH SITUATION
England Congratulates Itself on Financial Status After Strain of Costly War.
LONDON, June 7.—Prior to the second reading of the loan bill in the House of Lords today Lord Goschen, liberal, and a former chancellor of the exchequer, announced that he desired to say a few words on the financial position of the country. Consols, which were now paying only 2 1/2 per cent, stood at 97. Before the conversion of 1885, 3 per cent consols stood at 101. If they had been converted then, they would have been worth only 83, so that now the stock was really fifteen points higher. After a costly war and the borrowing of £150,000,000, the country might well congratulate itself on a situation which showed such economic statements.
The premier, Lord Salisbury, said such words, coming from such a high authority, were very gratifying and would be widely read.
