KILL GUARDS AND ESCAPE

Two Prisoners of Penitentiary Commit Murder to Gain Freedom.

WOUND FELLOW CONVICT WHO INTERFERES

Deerpoacher Scale Prison Walls and Flee to Timber, Pursued by Large posse and Desperate Struggle is Expected.

SALEM, Ore., June 9.—Two desperate prisoners, Parry Tracy, sentenced to twenty years, and David Merrill, a fifteen-year man, serving sentences for assault and robbery committed in Multnomah county, escaped from the penitentiary this morning after killing three guards, Frank Ferrell, shop guard; S. R. Jones and Ben Tiffany, fence-men, and wounding a life prisoner, who attempted to aid the guards.

When out of the range of the prison they stopped and deliberately killed Tiffany, escaping into the timber immediately. He had taken Tiffany's gun, but finding it was empty, threw it away.

TURNING OUT NEW LAWYERS

Department of University to Have Commencement Separate from Others.

LINDSAY GETTING READY FOR CAMPAIGN

Governor Savage and Staff Will Start for Seattle June 30 to Partici-

pat in Laying of Keel of Battleship Nebraska.

(From a Staff Correspondent.)

LINCOLN, June 9.—(Special Telegram.)—Commencement exercises for the University of Nebraska college of law will be held tomorrow evening apart from the exercises of other departments of the institution. The oration will be delivered by John J. Finerty of Chicago. The authorities will this week confer sixty degrees of bachelor of law and 130 to graduates of the academic and industrial colleges. Besides these, fifteen higher degrees will be conferred.

Tonight the university chorus gave the annual concert at the Oliver theater.

The annual graduating exercises of the Nebraska Wesleyan Conservatory of Music were held in St. Paul's church tonight.

The class included Mary Inez Caran, University Place; Leah Edith Miller, University Place; Harold Sellbros, Lincoln; Lela Emma Wells, Grand Island; Dora Maria Wheeler, Western; postgraduate, Maude Marie Hawk, Crete.

No Inquest on David.

Coroner Graham has decided not to hold an inquest over the remains of John C. David, who committed suicide yesterday.

The relatives and friends of the man agreed that an official investigation was unnecessary, all admitting that the death was a case of premeditated suicide. It was learned here tonight that several members of the David family, although a few generations removed, had committed suicide for various reasons. Mr. David's connection with the Lincoln Paint & Color company, as its president, was found today in satisfactory condition. He had an abundance of property clear of encumbrance.

The fire lost sustained by the Second Presbyterian church Sunday morning was estimated at \$5,000. The building, insured for \$5,000. Plans have already been accepted for a new building, which will cost about \$15,000.

Governor Savage and his military staff will start for Seattle on June 30 to participate in the ceremonies at the laying of the keel of the battleship Nebraska on July 4.

Chairman H. C. Lindsay arrived tonight and announced his intention of at once beginning the preparatory work of the campaign.

"I expect to be at the headquarters most of the time for the next few weeks," said he. "There is an abundance of work to be done and I mean to have everything in readiness for the contest as soon as the ticket is out in the field."

W. G. Lay, for five years manager of the Lincoln Electric Light & Power Company, will resign his position here within a few days to become chief clerk for Superintendent Dickey at Omaha. This is one of the series of promotions that have recently been made by this company in the west. Mr. Lay's successor as manager of this office has not been chosen.

Beard Seeks to Delay Trial.

Al Beard, the man accused of the murder of John J. Gillilan, is showing dogged indifference to the charge hanging over him. He has been confined in a cell in the city jail and seems anxious to delay his preliminary hearing as long as possible.

He was brought to Lincoln a month ago, but has objected to an arraignment until he can have his attorney, J. C. Burr, present. This afternoon Beard was taken before Justice Greene and his hearing set for 9 o'clock Monday morning. In the meantime he will be confined in the county jail. The police authorities feared he might make an attempt to escape and for that reason had him taken to the county jail.

If the claims of the railroad for transporting the companies of the Nebraska National guard to and from the state camp are paid there will be less than \$200 left in the fund for the support of the brigade. The appropriation for office expenses is apart from that for the support of the troops. Under these conditions it is not likely that an encampment will be held this year, unless the congressional bill providing funds for such encampments is passed.

Articles of incorporation of these institutions have been filed in the secretary of state's office:

UNDULATE HUNDREDS OF ACRES OF CROPS, DOING MUCH DAMAGE IN JOHNSON COUNTY.

ELK CREEK, Neb., June 9.—(Special.)—As was feared since the heavy rainfall of Thursday and Friday nights, the Nemaha river has come out of its banks and is now at least three-quarters of a mile wide. Hundreds of acres of growing crops are under water. Water is running over the R. & M. tracks south of town, but from Master Bracken with a large force of men is piling rock around the track in the most dangerous places. It is thought that the water will begin to fall within a few hours. Thousands of dollars of damage has been done to crops.

TECUMSEH, Neb., June 9.—(Special.)—The overflowing waters of the Nemaha river have been falling slowly all day, and the damage will not be so great as was anticipated. Corn on the lowlands has suffered some, but the acreage affected is small. The west and south wagon roads still rising at this time have been impassable for several days, will probably be opened again tomorrow.

TABLE ROCK, Neb., June 9.—(Special.)—The Nemaha river continued to rise through the night, and was two feet higher this morning than last night. It has now commenced to recede, but many fields of corn and wheat are still under water and the damage cannot be estimated.

Parties coming in from across the Nemaha have to cross at the Blocklow bridge which is partially submerged.

The bridge north of town is not safe for travel and much damage is reported to the bridge and roads of the Nemaha valley.

HUMBOLDT, Neb., June 9.—(Special.)—The rainy season seems to be over in this county, but the high waters are doing some damage to crops on the lowlands. Long Branch, which has been bankful for several days, is going down, but the Nemaha is still rising at this time. The bridge has filled a good portion of the valley and a number of the smaller bridges are out. It is impossible to estimate the damage which may result if the water continues to rise.

BEATRICE, Neb., June 9.—(Special Telegram.)—The Blue river at this point has fallen several feet since yesterday and as no further danger is feared by the flood, residents of the low lands who were forced to seek safety on the uplands last week are moving back into their homes today.

For the first time since Friday the Union Pacific got a train through from Manhattan to this city tonight and traffic on all roads was resumed today, although trains were nearly all behind time. In some localities between here and Corral Creek are utterly ruined, one farmer living near here reports the loss of twenty-five head of hogs and another several head of cattle. The damage to crops in this section by the visitation of the two spells of high water will amount to thousands upon thousands of dollars and the general opinion is that it is one of the most destructive floods ever visiting southeastern Nebraska.

GENVA, Neb., June 9.—(Special.)—The bridges over Turkey creek were impassable yesterday morning on account of the heavy rains. The creek was higher than it has been for many years.

WAKEFIELD, Neb., June 9.—(Special.)—A fine, soaking rain fell here last Saturday. It was a welcome relief, but has put the outlook for a big crop beyond question.

The Tecumseh Military band was present and played several dirges. A short service was held at the grave of each member and by the respective societies of which he was enrolled.

WAKEFIELD, Neb., June 9.—(Special.)—The Dixon County Teachers institute convened in this city this morning and will continue all this week. Instructors and lecturers are: Superintendent W. M. Kerr, Columbus; Jasper Hunt, Wakefield; E. S. Heitzman, Beatrice; Mrs. M. J. Moody, York; A. Kuhlman, Dixon; State Superintendent Fowler, Ed. Amberst, Des Moines; Mary McKinley, county superintendent.

Robber Seize at Table Rock.

TABLE ROCK, Neb., June 9.—(Special.)—What is supposed to have been an attempt to rob the postoffice occurred here last night. N. Phillips, night watchman at the bank, heard noises in the postoffice building, which is in the rear of the bank building. Slipping out, he went to the central, called up the marshal, the cashier of the bank, the postmaster, and others, and a general search was made, but no one found.

Coughing Fits Cause Death.

HUMBOLDT, Neb., June 9.—(Special.)—Mrs. Fannie Honn, aged 44 years, died suddenly this morning at the home of her daughter, Mrs. John Klossner. While at breakfast with the family she was attacked with a fit of coughing, which caused the rupture of a blood vessel in the lungs. She at once fainted away and death came before the arrival of medical aid. The deceased was born in Bohemia and came to this country twenty-three years ago. She leaves one son and four daughters.

Teachers Meet at Tecumseh.

TECUMSEH, Neb., June 9.—(Special.)—The annual teachers' institute for Johnson county convened here at the home of a good speaking attendance. County Superintendent R. F. The graduates met in the assembly hall and at 5 o'clock marched to Thayer hall and the other graduates in the order of classes followed. The class of 1862 and all preceding classes were provided with seats on the stage. Other classes were seated together in the body of the hall. The meeting was called to order by General John S. McCallum, a graduate of the class of 1842. Then followed a prayer by Rev. George Diehon of New York City. After a selection, "The Stars and Stripes," by the Academy band, General John M. Schofield of the class of 1843, president of the Association of Graduates, delivered an address.

At the conclusion of General Schofield's address the band played "Tenting on the Old Camp Ground," after which General Thomas J. Wood, class of '45, a veteran of the Mexican war, delivered an address in which he alluded to incidents of that memorable period.

General Wood was greeted with continued applause and the band struck up "Benny Havana." Then followed an address by General T. H. Ruger, class of '54 (dion), and General E. A Place to Spend the Summer.

On the lines of the Milwaukee railway in Wisconsin, Minnesota and Iowa are some of the most beautiful places in the world to spend a summer vacation, camping out or in the elegant summer hotels. Boating, fishing, beautiful lakes and streams and cool weather. Okoboji is the nearest of these resorts, but all are easily reached from Omaha, and the round trip rates this summer are lower than ever before. Full information on application.

WOMEN HAVE NARROW ESCAPE

Horse Drains While Crossing a Creek and Women Stand on Buggy Seat.

HASTINGS, Neb., June 9.—(Special Telegram.)—Word has just reached Hastings of the narrow escape from death of Mrs. Minnie Stromer and her sister, Miss Annie Anderson, yesterday. The women had started to drive from Holstein to Leroy and while attempting to cross a bridge at Thirty-two Mile creek the horse got into a deep ditch full of water and was drowned. The women only escaped with their lives by standing on the backs of the buggy until help arrived. Mrs. Stromer had her infant child with her and came near losing her own life while saving her child when the horse went down.

Evangelist Talks to Shopmen.

PLATTSMOUTH, Neb., June 9.—(Special.)—The union gospel meeting at the large tent last evening was very largely attended. Evangelist Smiley took for his text "Thou Fool." During the noon hour today Rev. Smiley spoke to the men in the Burlington shops. Much interest is being taken in the talks of the evangelist. Many people are attending from the country and surrounding towns.

HOW TO FIND OUT.

Fill a bottle or common glass with your water and let it stand twenty-four hours; a sediment or settling indicates an unhealthy condition of the kidneys; if it stains the linen it is evidence of kidney trouble; too frequent desire to pass it, or pain in the back is also convincing proof that the kidneys and bladder are out of order.

WHAT TO DO.

There is comfort in the knowledge so often expressed that Dr. Kilmer's Swamp-Root, the great kidney and bladder remedy, fulfills every wish in curing rheumatism, pain in the back, kidney, liver, bladder and every part of the urinary passage. It corrects inability to hold water and scalding pain in passing it, or bad effects following use of liquor, wine or beer, and overcomes that unpleasant necessity of being compelled to go often during the day, and to get up many times during the night. The mild and the extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases. If you need a medicine you should use the best. Sold by druggists in fifty-cent and one-dollar sizes.

You may have a sample bottle of Swamp-Root and a book that tells more about it, both sent absolutely free by mail. Address Dr. Kilmer & Co., Binghamton, N. Y. When writing mention that you read this generous offer in the Omaha Morning Bee. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

MOVE BEFORE IT IS HOT.

It is anything but pleasant to have a hot office in which to work during July and August. The time to remedy this is now.

There is no building in Omaha so well constructed with reference to the comfort of its tenants in all kinds of weather as The Bee Building. The court, with its fountain is not only a source of delight to the eye, but furnishes perfect ventilation and the thick walls and southeast exposure make it an ideal summer office building.

There are not many vacant rooms in the building, but the movement is and out of the building has left a few of the very choicest rooms at your disposal.
