Eight Companies Detailed by Governor to Resist the Strikers.

SOLDIERS ARE BOMBARDED WITH STONES

Union Men Block Four Street Cars and Exciting Skirmish Occurs.

NUMBER ON BOTH SIDES ARE HURT

Officers Four Volley of Shots Into the Mob of Traction Men.

SMALL BOY FALLS VICTIM TO A BULLET

Child is but Slightly Injured, but Incident Shows the Combatants and Results in Suppressing Disorder.

PAWTUCKET, R. I., June 12—The city officials have declined to increase the police force to meet the unusual conditions resulting from the strike of the Union Traction company's men here and in Providence, by order of Governor Kimball, eight companies of infantry and two troops of cavalry are patrolling the streets today.

From the time the strike was declared on June 2 there has been frequent trouble in this city. Appeals were made to Mayor Fitzgerald to increase the number of police, but he declined to act, declaring that the permit him to employ additional men. Finally the governor was appealed to, with the result that the militia was ordered out this morning.

The action of the governor was precipitated by a serious disturbance which took place last evening when a detachment of sixteen special deputy sheriffs were attacked by a crowd which had held up and demolished a street car. The officers were stoned and a number of persons were injured. There was no semblance of trouble this forenoon. The soldiers were stationed at short spaces and maintained practically a solid line, while cars were run, each with a guard of deputy sheriffs, the schedule being maintained with some show of regularity. There were few passengers.

Boy Dangerously Wounded. The quiet which prevailed when the troops arrived was broken just before noon when four cars became stalled in a crowd on Pawtucket avenue. The cars were guarded by four deputy sheriffs and a detachment of special officers. A troop of cavalry was hurried to the locality and a company of infantry followed.

As the soldiers neared the crowd they were cheered at first. Then there were signs of hostility. The soldiers made their way to the center of the multitude and part formed around the car and the remainder in the rear. Just then a bombardment of stones began. A number of the officers and men were struck and slightly injured.

The deputies arrested the onslaught by firing a volley from their pistols, aimed high. The crowd, who were in a crowd, and the car proceeded. The incident seemed to awaken the disturbing element.

Chief of Police Rice advised the people to clear the streets and avoid the possibility of a fight, but the crowds were disposed to be defiant.

Just before 1 o'clock a car, escorted by a squad and filled with deputy sheriffs, was stalled on Main street by a mob. Stones crashed through windows and a tumult was raised. Then a volley of shots fired by the deputies rang out. Tanner Peterson, 12 years old, who was in the crowd, fell, having been hit by a bullet. Apparently he was the only one injured, but the incident staggered the crowd. The car passed on. It was badly damaged, all the windows were broken.

A doctor who was near at hand examined the Peterson and said that he was critically injured.

Attempt to Kill Superintendent. WILKESBARRE, Pa., June 12—President Mitchell had nothing to say today, either on the anthracite or soft coal strike in West Virginia.

It will be four weeks tomorrow since the three anthracite districts requested the call of a special convention to consider the advisability of including in the soft coal miners in the United States in the anthracite strike. Mr. Mitchell was asked today by the Associated Press correspondent whether he had the consent of the five districts necessary to call a national convention. He said he could not talk about the matter.

It was learned at the office of the Lehigh Valley Coal company today that an attempt was made last night on the life of Superintendent Thomas of the Lehigh Valley company at Old Forge, north of this city. For the last four days crowds have been gathering each morning and evening on a hill which overlooks the colliery and the anthracite strike. At the men at work within the enclosure.

The day and night superintendents do not live in the colliery as do many of the other employees and they are taken to and from the colliery on a locomotive. Last night the night superintendent reached the colliery safely. A few minutes later Superintendent Thomas came out and when about 300 yards from the colliery a number of men who were in ambush opened fire on the locomotive.

Fortunately the engine was traveling rapidly and it was soon out of range of the shots. The officials say about ten shots were fired. The miners' union is doing everything possible to have its idle men at that point keep the peace.

This was pay day at all the Lehigh Valley collieries in the Wyoming valley for the engineers, firemen and pumpmen, fire hoses, clerks and other company employees for the last two weeks of May. Most of the engineers, firemen and pumpmen are now on strike. The pay cars are well guarded by coal and iron police.

FRANKLIN, Pa., June 12—As a result of the street car boycott growing out of the trouble between the Venango Power company and its employees, the street car employees both in this city and in Oil City have been sworn in as deputies by Sheriff McCollum. Very few people are riding on the cars.

Up to a late hour last night several hundred men lined the tracks on the principal streets, hooting at the motormen and conductors, endeavoring to persuade people from patronizing the line. Torpedoes were placed on the tracks in many places, but no serious trouble arose from the demonstration.

OTTAWA, June 12—Sir Wilfrid Laurier, the premier, and Lady Laurier, left today for New York, from where they will sail on Saturday for London, to be present at the coronation of the king.

BOERS GROW MORE FRIENDLY

Only Bitterness Observable Among Leaders is Against France and Germany.

PRETORIA, Wednesday, June 11.—Reports from all the districts say that burghers are increasingly friendly, only bitterness observable among the leading Boers here is against France and Germany. They declare the war was protracted unnecessarily owing to hopes held out by the French and German press.

Some of the Boers are so incensed that they have expressed the hope that some day they will fight on the side of the British against one of these powers.

The anticipated friction between the surrendered Boers and their former comrades of the national scouts has not materialized to any extent.

The Boers admit they received ammunition through Portuguese territory.

General Dewet says the youngsters were his best fighters and frequently held positions after the older burghers had cleared out.

The Boers of the Orange River colony are handing in only a small percentage of their ammunition. They explain that they used most of it hunting game since the peace agreement was signed.

Addressing the surrendered Boers at Kroonstad, Orange River colony, General Elliott said the only wisest King Edward, his government and the British people was to help the burghers and get them back to their farms so soon as possible.

The king, the general added, had telegraphed congratulations to the burghers on the good stand they had made. This announcement was greeted with lusty cheers for the king and for Lord Kitchener.

Whitehall Reid is Given Royal Reception by English and Americans in London.

LONDON, June 12.—It was a busy day in American diplomatic circles. Rear Admiral John C. Watson and General James H. Wilson, who will represent the navy and army of the United States at the coronation of King Edward, reached London today from Southampton, called on Whitehall Reid, the special ambassador of the United States, and Joseph H. Choate, the American ambassador, and in other ways fulfilled the official preliminaries of their mission.

The new ambassador of Great Britain to the United States, the Hon. Henry Herbert, was also among the callers at the embassy.

KING AND QUEEN REHEARSE

Go Through Coronation Ceremonies at Westminster Abbey with Aides.

LONDON, June 12.—King Edward and Queen Alexandra were engaged today in what was practically a rehearsal of the coronation ceremony. Accompanied by Princess Victoria and a suite, their majesties drove to Westminster Abbey. There they were quietly received by the duke of Norfolk, earl marshal and chief butler of England, who escorted them through the abbey. In order to prevent the possibility of a hitch in the proceedings on coronation day all the details of the procession and ceremonial were explained to them.

The royal visit to the abbey was accomplished very quietly and but a few of the persons about the building were aware of the presence of their majesties.

American Competition Most Feared.

LONDON, June 12.—George Renwick, conservative member of Parliament for Newcastle-on-Tyne and a ship owner, testifying today before the parliamentary subsidies committee, in behalf of the owners of "tramp" steamships, objects to the government subsidizing the great liners instead of subsidizing cargoes and said the foreign competition which he most feared was the American. The transfer of British ships to foreigners was absurdly simple. All ships in the American company could be transferred to the United States with a transfer of an hour and at the cost of only a few stamps.

Morgan Losing No Time.

NEW YORK, June 12.—A London dispatch to the Tribune says that while many positive statements respecting the new Morgan shipping combination are printed, it is probable that nothing will be done until the conference of imperial premiers meets. Mr. Morgan is not wasting time in London, however, and shipping men and colonial officers frankly confess that he may succeed in obtaining control of the Cunard and Elder-Dempster interests, while the British cabinet is pulling itself together, and Mr. Chamberlain and Sir Wilfrid Laurier are seeking to draw Australia into the subsidy scheme.

FIGHT THAT STIRS A STATE

Ex-Congressman Campbell's Boy Pitted Against Protege of Senator Clarke's Son.

BUTTE, Mont., June 12.—All Montana is stirred up over a sensational bare knuckle fight which took place last night between Roy Campbell, a son of ex-Congressman A. J. Campbell, and William G. Newman, an attorney of some local repute and said to be a protege of W. A. Clark Jr.

The affair is said to be an outgrowth of the bitter political fight made against Senator W. A. Clark in Washington a few years ago in which Congressman Campbell was a leading figure and which resulted in the resignation of Clark. There has been considerable ill feeling between partisans of the two factions ever since.

Yesterday Campbell and Mangan met at a ball game and Mangan is alleged to have insulted Campbell, who promptly knocked him down. Later in the day Campbell was waited upon by friends of Mangan and told that he must fight the latter. Campbell, who is but 20 years old, ten years the junior of Mangan, referred the matter to his father. The ex-congressman is said to have told his son that he must meet Mangan and be his man.

A number of friends of the contestants drove some distance out from Butte, where a ring was pitched and the two men stripped to the waist and the battle began. It was a bloody affair and lasted but three rounds. Campbell landed frequently upon Mangan, but his blows lacked steam and were ineffective. Near the end of the third round the more experienced pugilist landed on the student's jaw and knocked him out. Young Clarke is said to have been the referee.

FEUD ENDS IN THREE DEATHS

Continued Strife Between Italians Leads to Deadly Fight with Pistols.

NEW ORLEANS, June 12.—As the result of a feud between two Italian families in this city three Italians were killed and two others wounded, one fatally. The dead: SALVADORE LUCIANA. VINCENZO VELKRA, alias A. Casamino. A MARCELLA BERRI. The wounded: Joseph in left hand. Joseph Ceraschia, shot in the groin; may die.

The trouble started last night in the Italian settlement in Poydras street and in a short time a general fight ensued. Antonio Luciana, a brother of one of the dead Italians, and cousin of the other, had been arrested and released under bond as a witness. Today Luciana, securing a shotgun, shot Berrri, killing him instantly.

EXCITEMENT IN THE DOCK

Two Americans on Trial in Paris Become Involved in Court Row.

PARIS, June 12.—The trial of George Miller, "Guerrilla" of Chicago and May Churchill, known as "Chicago Max," who were arrested in Paris last summer, the two former charged with having entered the offices of the American Express company here the night of April 26, 1901, and stolen 50,000 francs and May Churchill with aiding their accomplice, began today and probably will last for three days. In the dock today Miller accused Guerin of the theft, whereupon the latter became furious and endeavored to strike his accuser. Guards were obliged to separate the men.

It was announced from London April 19 last that three men named Grobberger, Lewis and Jager had been sentenced, respectively, to five years' imprisonment at hard servitude, eighteen months at hard labor and ten months at hard labor, for having had illegal possession of twenty-two bank notes stolen from the American Express company's office in Paris, on May 10.

NO CHOICE YET IN SIXTH

One Hundred Ballots Taken at Crawford and Adjournment Taken Until Monday.

CRAWFORD, Neb., June 12.—(Special Telegram.)—Crawford has been the scene of the liveliest convention ever held in the Sixth district. Nearly everyone of the 204 delegates was present. Previous to the convention hour the delegates had been taken in carriages to visit Fort Robinson and had been treated to a serenade by the Tenth cavalry band. The convention was called to order by McDonald of Buffalo, who introduced Judge Aaron Wall of Sherman as temporary chairman. Judge Wall made a convincing speech on the issues of the day. B. F. Krier of Dawson was made secretary and the organization was made permanent. The chair appointed as a committee on resolutions Wilcox of Lincoln, Reese of Custer, Lindman of Dawson, Cronin of Holt, Scattergood of Brown, Perkins of Howard and Humphrey of Custer.

Proceeding to ballot the first call gave Kinkaid 75; Grimes, 34; Beaman, 19; Currie, 49; Cady, 9; Wall, 6. On the second ballot Kinkaid lost one vote, Grimes gained five and Cady three, the Wall votes having been distributed. From this on until the supper recess there was little change, the vote being: Kinkaid, 60; Grimes, 39; Darr, 13; Beaman, 19; Currie, 44; Cady, 11.

KINKAID HAS THE LARGEST FOLLOWING

Darr of Dawson Drops Out and Indicates Opposition is Making an Effort to Settle on Grimes.

Proceeding to ballot the first call gave Kinkaid 75; Grimes, 34; Beaman, 19; Currie, 49; Cady, 9; Wall, 6. On the second ballot Kinkaid lost one vote, Grimes gained five and Cady three, the Wall votes having been distributed. From this on until the supper recess there was little change, the vote being: Kinkaid, 60; Grimes, 39; Darr, 13; Beaman, 19; Currie, 44; Cady, 11.

Little Sign of Break.

At this time Kinkaid was holding the solid support of the counties along the north line with the addition of three from Cherokee, seven from Box Butte and two from Thomas. Darr held Dawson, Beaman held Buffalo, Grimes held Banner, Duel held Keith, Kimball held Lincoln, Logan and Sherman, and Currie held Cheyenne and Perkins of Howard and Humphrey of Custer.

The platform adopted reaffirms the principles of the last national convention and calls attention to the unparalleled prosperity under republican administration, congratulates the country on the good faith toward Cuba and on the satisfactory progress in the Philippines. The army is endorsed and the democrats in congress are denounced because of the effort to cast reproach on the soldiers. The president is endorsed for his efforts to assist irrigation and the reclamation of the arid west. It also commends the administration for its avowed purpose to protect the property of the people and avert the evils of trusts by its efforts to enforce laws regulating and governing them. The business methods of the state administration are endorsed. There is also a resolution of sympathy because of the death of President McKinley and a strong endorsement of the president for his successful purpose to bring about the peace.

On the fifty-seventh ballot there was no material change.

On the sixtieth ballot there was no change.

On the seventy-sixth ballot Dawson county changed its thirteen votes to Grimes, giving him a total of 124 votes. The other candidates remained at their old strength and the vote was stationary until the one hundredth ballot, when the convention adjourned until 8:30 tomorrow morning. The chances of an early solution are not flattering. The Buffalo county delegation is expected to vote the bulk of its vote to go to Grimes but this leaves the solution of the question as far off as ever.

SHRINERS TAKE IN SIGHTS

Omaha Party Makes a Visit to Chintatown Under Guidance of Police.

SAN FRANCISCO, June 12.—(Special Telegram.)—A trip to Chintatown was one of the forms of entertainment provided yesterday for the Nebraska Shriners and their ladies, who are here during the session of the imperial council. Leaving Omaha, Representative Thomas obtained from Chief of Police Donahue the necessary passports to police favor and surveillance in San Francisco. Secured by an officer especially detailed for that purpose the party left the Palace hotel about 8:30 last evening and was soon in the mazes of the celestial part of the city. The party included representatives Tracy, Thomas and Lohninger and their wives, Judge Jones and wife of Sioux Falls, S. D.; Messrs. Seovel and Pitman and wives of Chadron, John Krause of the Dakota Free Press, Yankton, S. D., and Archie Patterson, formerly of Omaha, but now of San Francisco. The evening was very pleasantly spent in visiting the bazaars, safes, jewelry houses of the queer section which boasts of a population of 40,000 Chinese.

This morning the visiting nobles and their ladies were treated to a most enjoyable entertainment of the entire week. Carriages were provided, leaving the Palace hotel about 9:30, and covering the beautiful drive which winds through the Presidio, skirting San Francisco bay, leading at last to the Cliff house. At the presidio the visitors were given an opportunity to witness a drill of the United States artillery stationed there. At the Cliff house, after passing the Golden Gate, the eastern visitors had what was to many their first full view of the Pacific. After viewing the sights for half an hour the company was entertained with an elaborate luncheon at the Cliff house. When ample justice had been done to this the regular army and their carriages and were driven through the beautiful Golden Gate park of 1,700 acres, stopping at the famous Suro baths and the memorial museum, which is one of the monuments of the mid-winter fair of some years ago, and one of the sights of San Francisco.

CONVICTS ELUDE PURSUERS

Fugitives Escape Posses' Traps and Lead Exciting All-Day Chase.

PORTLAND, Ore., June 12.—Harry Tracy and David Merrill, the escaped convicts who were surrounded in the woods near Gervais by the sheriff's posse and state troops, eluded their pursuers during the night, and at 6 o'clock this morning were seen five miles north of Gervais. The fugitives stopped at a farm house, where they took breakfast and obtained some food to take with them.

Tracy and Merrill eluded the guards after two shots had been fired at them by a member of the sheriff's posse as they climbed a fence near him. No effort was made to follow them until long after daylight.

At 12:30 this afternoon the convicts took lunch at a farm house three and a half miles from Montor postoffice.

Two militia companies are following the sheriff's posse closely in order to be in readiness for a fight if the fugitives are located. The sheriff of Clackamas county today organized a posse and joined in the hunt. Company A, Oregon National Guards of Oregon City, was also ordered out by Governor Geer. The fugitives have been tracked all day by the posse, and tonight it is supposed they are in the thick woods on Deep creek, about seven miles from Woodburn.

The crowd of visitors gradually left early in the afternoon and after the president had gone there were few on the grounds.

General Miles' remarks today were chiefly those of a commander in chief, and he referred almost wholly to the business war. He said there were two supreme moments in the life of a soldier, one when an officer knows he is doing what the enemy thinks he is not, and when he feels one more victory has been added to American glory. General Miles was loudly cheered and applauded when he arose to speak.

The president left here this afternoon by train for Washington.
