

LAST ONE EASY FOR OMAHA

Des Moines Get One More Hit, but Brown Keeps Them Scattered. ONE MAN DOES BIG END OF HIS HITTING

Omaha Man Able to Connect with the Ball When a Hit Was Needed to Make a Run and Des Moines' Errors Help Out.

DES MOINES, June 12.—(Special Telegram.)—Omaha took the last of the series with the greatest of ease. Brown was in the box and kept the hits scattered. Des Moines outbatted the Rangers, but was unfortunate in not getting its hits bunched and when it did get together they could not score. Brown made his appearance in Des Moines uniform. He played a good fielding game, but was weak with the stick. In the first Omaha came up first and Carter started things with a pass. Genies singled, Dolan's sacrifice pushing both up a notch. Stone hit O'Leary and was thrown out, but Carter stayed on the play. In the fourth Stewart walked, Thomas sacrificed and Hickey doubled, scoring Stewart. Gonding also came in with a double that scored Hickey. Brown got a lift at first on a bad error by Warner. Carter went out from short to first, Genies and Gonding came in on the play and Hickey tried to, but was caught by a pretty throw by Backof. In the sixth Gonding walked, took third on an error by Hanson and scored on an error by Stearns. The last of the Rangers' tallies was made in the seventh. Stewart singled, stole second and came home on an error by Backof. Des Moines made two in the fifth. Stearns singled and Warner did the same, putting Stearns on third. Backof also singled, scoring Stearns. Clark came in with a double, scoring Warner. Clark did the best batting of any man on either team. In four times up he got four hits, two of them doubles. In the seventh an error by Brown sent him to first. An error by Hickey sent him to second and he scored on a double by Clark. Attendance 400. Score:

WILL FIGHT RECIPROCIITY

Senators Friendly to Best Sugar Tariff Definite Stand on Cuban Bill.

DECIDE TO VOTE FOR THE HOUSE MEASURE

Agree to Present Solid Front Against Reduced Tariff, Believing They Command Sufficient Strength to Insure Success.

WASHINGTON, June 12.—The republican senators who are friendly to the best sugar industry and who oppose the proposed legislation for a reduction of the tariff on Cuban products, held a conference of almost two hours duration today and decided to continue their opposition to the reciprocity proposition.

They will do this by announcing to the advocates of the tariff reduction that they will cast their votes for the reciprocity bill as passed by the house, indicating the Morris amendment for the abolition of the differential due to refined sugar and that they will resist all amendments that may be offered to it. They will propose two alternatives, one of these is to drop the subject and make no further attempt to pass reciprocity legislation, the other is to accept the rebate plan. Today's conference was held in Senator Elkin's committee room.

The committee of conciliation consisting of Senators Elkins, Burrows and Jones of Nevada, appeared in conference with the senator from Cuba committee at 10 o'clock, reported that they had failed to secure concessions from the opposition.

Effect of Tharber Testimony. The effect of the Tharber testimony was thoroughly considered immediately following this report. Account of those present and of those absent and known to be in sympathy with the movement led to the conclusion that there are at least nineteen republican senators who can be depended upon to stand together in any course agreed on. Counting the full democratic vote as favorable to the house bill the best sugar advocates conclude that a proposition to pass that measure would be the strongest that could be put forward. The combination of the two forces would give a majority of fifty-two votes, or seven more than a majority. There was objection on the part of some of the senators to an acceptance of the house bill carrying the abolition of the refined sugar differential with the reciprocity provision, but it was pointed out that on the other course were the best sugar senators sure of receiving the full democratic vote. The suggestion also was made that rather than see the house go to a vote under such conditions the friends of the Cuban reciprocity either would accept a rebate plan or permit the session to come to a close without making further attempt to secure action.

Decision is Unanimous. This line of reasoning prevailed and the decision of the conference was unanimous. It was decided to continue the conference committee, with instructions to present the facts as here detailed to the republican members of the committee on relations with Cuba to other senators who advocate straight reciprocity.

The committee in making its report on past efforts to secure harmonious action by the republican senators dwelt at some length on the details of the bill proposed by the reciprocity advocates. They pointed out with special emphasis the amendment abolishing the present provision requiring Cuba's acceptance of American immigration, labor and exclusion laws. This action, it was declared, would give at least the partial effect of bringing American workingmen into competition with cheap foreign labor, and it was spoken of as being most objectionable. They therefore decided that this arrangement also should be retained, as should all others in character, should the bill come to a vote in the senate.

The republican conference of senators which it was announced would be held Friday or Saturday, has not been held and from a conference with Senators Allison, Platt of Connecticut and McMillan it was learned that no date had been decided upon for the caucus. They said, however, that there would be a caucus at an early date.

WILL EXPLAIN THE WOOD CASE

President Intends to Issue Statement on Reciprocity Promotion Scheme Today.

WASHINGTON, June 12.—President Roosevelt returned to Washington tonight on his special train. Soon after the president reached the White House Senator Platt of Connecticut, chairman of the committee on Cuban relations, called by appointment. The announcement was made at the White House that no statement would be given out tonight regarding General Wood's action in giving Cuban funds for the circulation of literature favorable to reciprocity legislation, but that such a statement probably will be issued tomorrow.

Senator Spooner of Wisconsin called also by appointment, soon after the arrival of Senator Platt and the two senators were in conference with President Roosevelt for more than an hour. At its close neither senator would say anything as to the nature of the conference, but it is said, as to whether a statement will be issued from the White House concerning General Wood's Cuban reciprocity expenditures, some doubt existing as to the policy of treating the matter as of sufficient importance to warrant a formal official statement from administration. It is probable, however, that the statement will be given out.

General Wood has not been summoned to appear before the investigating committee as yet. The conference discussed the outlook for reciprocity legislation in view of recent developments, but so far as can be learned there is no change in the president's position and purposes.

INVESTIGATION IS WANTED

Carnegie and Others Ask Congress to Send a Committee to the Philippines.

WASHINGTON, June 12.—Representative McCall of Massachusetts today presented to the house a memorial signed by Charles Francis Adams, Andrew Carnegie, Carl Schurz, Edwin Burritt Smith and Herbert Welsh, asking that a congressional committee of investigation be appointed to go to the Philippines to inquire into and report upon conditions existing in view of the troubles the honor being conferred upon Mr. Carnegie's signature was authorized by cable. The memorial is dated at Boston and states that the signers are a committee appointed at a recently held meeting of persons, irrespective of party, interested in the policy pursued by the United States toward the Philippines.

No Reference to Subsidy Bill. WASHINGTON, June 12.—There was an unusually large attendance at the meeting today of the house committee on merchant marine and fisheries, as it was expected that the ship subsidy bill might be considered, with a view to its being reported to the house. The subject was not brought up, however, and arrangement was made for a further hearing of Mr. Furuseth.

SAL LAKE CITY, Utah, June 12.—The new directors of the Central Pacific Railway company organized today by selecting E. H. Harrison as president, Charles H. Treadwell as vice president, N. T. Mills of San Francisco treasurer and J. L. Williston of San Francisco secretary.

CRUEL TREATMENT NOT A RULE

Iowa and California Volunteers Say Americans Were Humane with Filipinos.

WASHINGTON, June 12.—Mark H. Evans of Des Moines, formerly a sergeant of Company F, Thirty-second volunteer infantry, today testified before the senate committee on the Philippines concerning the administration of the water cure to Filipinos on four different occasions during his service in the islands. He also related the particulars of the burning of several native villages. He was questioned by Senators Patterson, Beveridge and McComas.

All these events occurred, the witness said, during the year 1900, in the province of Batan, island of Luzon, and in or near the town of Orano, where his headquarters were three of the chief administrative offices of the water cure occurred outside the town. In one case the cure was administered by native scouts and in the others by an American soldier. The first case occurred at a little town where there were supposed to be some insurgents. The scouts picked out the suspected, gave them a beating and then to a nearby creek, poured a quantity of water into his mouth from a canteen. The purpose in this, as in other cases, was to secure a confession.

On another occasion during an expedition to a neighboring island, the witness said he had seen an American soldier take two suspected natives into the water and duck them, holding them under for perhaps half a minute at a time. He secured a confession as to the hiding of guns in one case, but none in the other. After the first case of ducking the victim recovered, the witness said, he has been quite disabled, being apparently so weak that he was unable to rise.

Mr. Evans said he had been present at the burning of four or five native villages and that the destruction of these places had been due to the presence of insurgents. The orders were to destroy all the native huts along the coast, near the mountains for thirty miles in Batan province so as to force the natives to come in and this, he said, was done.

Replying to questions of Senator Beveridge the witness said the orders were to treat the natives humanely and that with the exceptions noted their treatment had been in accordance with the instructions. The natives had not, on the other hand, shown any appreciation of this consideration. They refused to divulge information in their possession and in many cases they subjected the American troops to indignities. In one case, he said, where two soldiers were killed their ears were cut off.

Edward J. Norton of Los Angeles, Cal., late private in Company L, Eighteenth United States infantry, was the witness at the afternoon session. He served two years in the Philippine army. Answering questions by Senator Culberson, Mr. Norton stated that except in isolated cases the treatment accorded the natives by United States soldiers was humane and all that could be expected or desired.

POSTOFFICE FIGHT SETTLED President Revokes Request to Senate to Hold Up El Paso Nomination.

WASHINGTON, June 12.—The president has revoked his request of the senate to hold up the nomination of T. B. Oleshausen to be postmaster at El Paso, Tex., and a nomination now is expected to be promptly acted upon by that body.

Oleshausen was nominated last March, but R. P. Campbell, the present incumbent, made a strong contest for retention of the office. The case finally was compromised by naming Campbell to remain in office until July 1 next and the nomination of his successor meantime has been held up to permit this compromise agreement to be carried out.

CLARK TO BE REAR ADMIRAL

Bill Introduced for the Promotion of Captain Charles Edgar Clark.

WASHINGTON, June 12.—Representative Foss of Illinois, chairman of the committee on naval affairs, today introduced in the house a bill to authorize the president to nominate Captain Charles Edgar Clark to be a rear admiral of the senior grade on the active list.

VOLCANIC OUTBREAK FEARED

Hawaiian Volcano Begins to Show Signs of Much Greater Activity.

HONOLULU, June 4.—(Via Victoria, B. C., June 12.)—The transport Solace arrived here on June 1, from San Francisco, with a case of scarlet fever on board and was at once put into quarantine. It will rest here and leave for the Philippines at once.

United States Agricultural Commissioner Jared Smith has just returned from a trip through the island of Hawaii. He reports conditions there favorable to the small farmers who have been lawless under the Hawaiian and laws. Mr. Smith said the cutworm and other insect pests were making havoc with the farms.

The latest news from the volcano Kilauea, Hawaii, indicates an outbreak. On Sunday, June 1, there were two explosions observed. Red ash, gas and sulphur were thrown up. The cloud of smoke from the volcano was larger than usual. Severe earthquakes have been felt in Honeke district, a considerable distance from the volcano. Many Honolulu people are preparing to take steamers to Hawaii to witness the terrific outbreak.

The bank of Hawaii has agreed to come to the rescue of the government in the present financial difficulties. The bank will advance \$150,000 to help the territorial treasury pay its warrants, taking treasury notes as security.

Nicaragua Volcano Quiet. NICARAGUA, June 12.—The Momotombo volcano is now quiet. It is only emitting vapors.

WASHINGTON, June 12.—Representative McCall of Massachusetts today presented to the house a memorial signed by Charles Francis Adams, Andrew Carnegie, Carl Schurz, Edwin Burritt Smith and Herbert Welsh, asking that a congressional committee of investigation be appointed to go to the Philippines to inquire into and report upon conditions existing in view of the troubles the honor being conferred upon Mr. Carnegie's signature was authorized by cable. The memorial is dated at Boston and states that the signers are a committee appointed at a recently held meeting of persons, irrespective of party, interested in the policy pursued by the United States toward the Philippines.

HAIR ESCAPING?

No wonder. Your hair is starving. Feed it before it all leaves you. Then you can keep what you have and add greatly to it. Ayer's Hair Vigor is a hair-food. It stops falling of the hair, makes the hair grow, and always restores color to gray hair.

"One year ago today I had not one single hair on my head, and today I have as fine a growth of hair as any young man in my town, and just three bottles of Ayer's Hair Vigor did it."
