On Sunday the double-the first baseman's mitt at Des Moines. Arlie Latham has threatened to break back into the game. If he can't play any better playing by the Rourkes giving the Mis- than he can umpire he wouldn't last over sportsmen's associations of Omaha and one one inning on any team. If Arlie is wise he'll hang onto the indicator as long as the league will stand for him.

> And while we are talking of old-timers breaking back into the game, there's Foreman pitching, or pretending to pitch, for Dalo Gear's team in the Hickey league. And they are calling him "Frankie" and if Dale Gear is really looking for old-time favorites to attract Kansas City patronage. why doesn't he dig up "Dark Days" Concould only get Old Hickory Carpenter on third and Big Bill Hoover to catch again-But

Two little features of the St. Joe series in Omaha deserve to be remembered. In

nouncements regarding the status of his tenm. Mr. Ellis says the Union Stock Yards Juniors do not play for money nor do they play Sunday ball, being governed by rules similar to those of the Young

Men's Christian association. 'I have been deluged." said Mr. Ellis, "by challenges for such games, which I cannot To show just where we stand,

accept. however, I wish to make the following proposition: I will arrange games for any evening, to begin at 6:30. The long days allow plenty of time to play seven innings at least before then and dark. Now that, in my opinion, offers a good chance for those teams that say they caunot play on week days because the mem-

bers are working. On these conditions my team is open for games with all junior clubs from now till August 14. On that uled and we expect a great time and a triumphant tour.

AUTOMOBILE CLUB HAS PLANS Chug-Chug Wagon Owners Look For.

ward to a Summer of Sport and Pleasure.

A new organization that has already assumed an important position among the which promises to advance by rapid strides into still further prominence is the Automobile club of Omaha. Starting but a few days since the club had on its charter membership rolls thirty-five names and has since then added to these a dozen more, with prospect of further growth com-

mensurate with and depending upon the increase of the number of machines of this description to be found in the territory the lub roll embraces. The membership of the club includes the automobile owners of Omaha, South Omaha,

Council Bluffs and contiguous vicinity. The official roster of the club, according to an election just held, is: President, A. L. Root, Omaha; vice presi-

dent, J. T. Stewart, Council Bluffs; secretary, Dalton Risley, Omaha; treasurer, Dr. P. F. Straub, Fort Crook. As road officials. H. E. Fredrickson is captain and A. K. Detweller is lieutenant. The directors of the club are A. I. Root, J. T. Stewart, D. the rest of them, at that, and ought to Risley, P. F. Straub, E. W. Lamoreaux, E. H. Packard, T. B. Lacy, H. H. Van Brunt | kinds of hunting going on. and F. N. Connor.

There are in the territory covered by the twenty-five machines of this description. To have fifty of the owners already in the club

Philadelphia, now of Sainjomo, took the is extremely flattering, and the members ticularly to his attention. It is thought, too, that purchases of automobiles by local people will grow raplooking in his carnestness the fact that idly, as the vehicles come into more gen-Dave Calhoun is hired to cover that bag, eral attention and notice. One chauffour who owns his own machine and has become Maher were both scooting and what was an ardent devotee says there ought to be

intended for a sacrifice went for a safe about 200 autos in Omaha alone. This eshit. This worrieds the attorney, and a timate he bases not alone on the popularge, red-faced man in the grandstand lation of the city, but also on its number of people of means sufficient to warrant Belden and a wild pitch, which advanced their having such a vehicle. art, he went to the bench and Graham took of the Automobile club will grow. Unlike clubs in other lines of sport, this one will have an unique advantage in the fact that everyone who has an auto, will wish to belong, because there will be so comparatively few of them that it will be more or less of a distinctiveness and exclusion about it. With bicyclers this could never

be true, as experience has proven. Given a town with 5,000 wheelmen and you are lucky to get 500 to join wheel clubs. That much pleasure can be derived from

auto club runs has already been demonwith no one out. . Omaha made a fierce finstrated by the initial run of the season, Wednesday evening

RHEUMATISM Summer Puts an End to Work in Field and at Trap for Went.

Gunners have mostly laid away their

weapons and trappings these days, for there is nothing to shoot now but targets, and not much of that style of the trigger sport is going on. A good many of the shooters of Omaha, too, are ardent fishermen as well and of course this is the immediate time of their chiefest joy in that case.

Not all the faithful have given up gunning, however. Two of the most prominent men in the Omaha Gun club, "Billy" Townsend and Henry McDonald, are still at it hard and strong. All the past week they have been out together doing a few shoots, and they have not yet returned. It is whispered that both men have let loose for fair this trip, since it is about the last bite

of work they'll get for a time, and that both are coming home with a big bunch of money, and with records of having been in the money practically all the time in solid shooting, all day long for six days. Stoux City was the first place this pair

visited. On Tuesday and Wednesday last there was a final gasp of the shooting season up there, and the two Omahans went up intending to do some execution. From there they went to Denver, where on Thursday there began a four days' shoot, ending tonight. Townsend and McDonald are both good men at the clay things, and they should come back with a good string of "broke" behind them, if form counts for

anything in the hot weather. The majority of the gunners are trying t live down the summer till the coming of fall will bring their innings at the variou wild fowl. There will be nothing much doing for them till late in October, anyway, as the fall flight of ducks does not begin much before then, and these water fowls are the first thing with wings on that you can shoot at around this country.

From that time till November 1, how ever, is not long, and then comes the big drawing card, the opening of the prairie chicken season. This offers just thirty days of unalloyed bliss, but at the and of that time the bars of the law are again lowered, and when a man shoots chicken in spite of that there's likely to be two

One thing at which sportsmen rejoice, al though the immediate rewards are still membership of the Automobile club about year and a half distant, is that this year of 1902 carries with it the last season for which quail are forbidden fruit. Let No vember, 1908, once pass, and abstracts of the game laws will no longer have for one more November must hunters ab stain from quail, a little deprivation that

has been hard to endure. Of course ducks and prairie chickens are not the only things that will be open for shooting. Along with the duck season, which continues from September 1 to April 15 next, come geese, brants, swans, cranes and game water fowls, beside jacksnipe Wilson snipe and yellow legs. Then with the one month of chicken sport is included sage chicken and grouse. All these pleas-It is certain, at least, that as the sale ures are still months in the future and of autos increases the size and strength most huntsmen have not dared as yet even to contemplate the sport to come.

CROSS-COUNTRY CLUB FORMED

Y. M. C. A. Runners Will Do Som Long Distance Work on Roads.

The latest move in amateur sporting circles is the formation of the Cross-Country club by a portion of the members of

helpless and miserable. When neglected or improperly treated, Rheumatism becomes chronic; the pains are wandering or shifting from one place to another, sometimes sharp and cutting, again dull and aggravating. The muscles of the neck, shoulders and back. often the seat of pain. Countless linime:

applied to get relief, but such things do . ach the poisoned blood; their effect is only temporary; they are neither curative nor preventive. The blood must be purified, the acid poison counteracted, and all irritating matter removed from the circulation before permanent relief and a thorough cure is effected, and no remedy does this so certainly and so quickly as S.S.S. It contains not only purifying and tonic properties, but solvent qualities as well, all these being necessary in eradicating the poison and making a complete and lasting cure of Rheumatism. S. S. S. cleanses the blood, and under its tonic effect the nervous system regains its normal tone and the appetite and digestion improve, resulting in the upbuilding of the general health, and because of its solvent properties all irritating matter and acid particles are dissolved and filtered out of the sys-

tem, thus relieving the muscles and joints and removing all danger of future attacks. S. S. S. contains no Mercury, Potash or minerals of any description, but is guaranteed purely vegetable. Old people will find it not only the best blood purifier, but a most invigorating tonic. Just such a remedy as they need to enrich the blood and quicken the

circulation.

Write us fully and freely about your case, and medical advice will be given without charge, and our special book on Rheumatism will be mailed free to all desiring it.

joints of the knees, ankles and wrists, are most rubbed upon the affected parts, and plasters are

When the blood is charged with Uric Acid and other inflam-

matory matter, and muscles and joints, tissues and nerves having

become saturated with it, an attack of Rheumatism is liable to come

at any time, and from very slight causes-sudden chilling of the

body when over-heated, exposure to night air, a fit of indigestion,

an easterly wind, or any sudden change in the weather will stir the

blood and set in motion these demon forces as quickly as the cold,

condition of the blood, and as it flows through the body it deposits

a gritty, irritating substance or sediment in the muscles, joints and

nerves, and it is these that produce the terrible pains, inflammation

and swelling, and the misery and torture of acute Rheumatism.

No other disease causes such pain, such wide-spread suffering as

Rheumatism. It deforms and cripples its thousands, leaving them

The real cause of Rheumatism is a polluted, sour and acid

GOT PROMPT RELIEF.

LOUISVILLE, KV., April I, 1902.

GENTLEMEN :- For the past twenty-three years I have used S. S. S. in my family as a general spring tonic. I have also used it personally for Rheumatism and got prompt relief. I have bought many bottles of S. S. S. to give to those needing a good medicine and who were unable to buy it themselves. There is nothing that I can say too highly in favor of S. S. S., and will continue both to keep it in the house and recommend it to any whom I think need a sure cure for impure blood

arising from any cause. Yours very truly, JAS. ANDERSOR. 1917 Preston St.

Rexford, the Shiocton, Wis, poet and story writer. One always thinks of a nature lover like Mr. Rexford as the possessor of bounding health and superabundant vitality, so it sounds odd to hear that he was a confirmed dyspeptic not so very long ago. The story of his trouble and its cure is best told in Mr. Rexford's own words. "Having need of a remedy for indigestion" writes the floricultural editor of

#### THE LADIES' HOME JOURNAL

"I decided giving Kodol Dyspepsia Cure a trial, expecting only temporary relief, but am glad to say that a few bottles afforded permanent relief and restored the tope of the digestive organs to its natural condition. I can beartily recommend it."

#### NORMAL CONDITIONS

are referred to by Mr. Rexford as natural conditions. This is undoubtedly the correct view. The normal man is a healthy man. Health depends on the digestion. If the digestion is good the health is good. If the digestion is poor the general health always suffers.

#### DIGESTION IS NATURAL; INDIGESTION UNNATURAL

But so many of us have strayed away from natural conditions that few people are really healthy. Hasty eating, irregular hours, mild disripation, a dozen other stomach destroying customs of the day have made dyspepsia and indigestion the characteristic complaints of the generation. If the sufferers knew how easily such troubles car be cured there probably wouldn't be so many of them.

### KODOL DYSPEPSIA CURE

will do just as much for others as it did for Mr. Rexford. It is not so much a medicine as a digestant. There have been and are other dys-pepsia remedies which afford temporary relief by digesting certain classes of food. What is really wanted, however, is a preparation which will digest all classes without the stomach's aid. This is the result accomplished by Kodol Dyspepsia Cure. It is the only prepara-tion which digests any and every kind of food. You need variety. A-diet is often injurions. Kodol Dyspepsia Cure renders a diet entirely unnecessary. It rests the stomach by digesting what you est. This rest and the wholesome tonics contained in Kodol Dyspepsia Cure soon restores perfect health. soon restores perfect health.

#### WORDS OF PRAISE

"I was troubled with indigention a long time." writes W. E. Bossirih, ground-nent merchant and mill owner of Pure Air, Mo. "I consulted a number of doctors and tried many kins and medicine but nothing did me any good. Finally I took Kodel Dyspensa Cure. A few bottles cured me of my complaint. I heartily recommend it to all sufferers from stomach trouble."

"I had Dyspepsis for fifteen years." mys Jerre Long, general merchant of Blue Knoh, Fa. "I tried all kinds of remedies and goi medicine from many doc-fors but got no relief. Lately I have been using Kodol Dyspepsia Cure, and have been feeling better ever since I started. I have an appetite and what I est agrees with me. I must give the credit to Kodol Dyspepsia Cure and would recommand it to all others suffering from the dreaded disease of dyspepsia."

Prepared by E. C. Dewith & Co., Chicago. The \$1.00 Bollis contains 255 times as much (by solual measurement) as the trial also which sails for 50 cents.
