

GOLD HEELS WINS GREAT RACE

Captures Spectacular Victory in Suburban Before Fifty Thousand People.

STARTING SIXTH, HIS RUN IS A MARVEL

Pentecost and Blues, Tammany's Pride, Crowd the Winner, Who Finishes Only a Half-Length to the Good.

NEW YORK, June 14.—Gold Heels, worthy son of a great sire, bore to the front and gallantly held them there to the end of the colors of McElwee and Brady in the Suburban Handicap over the Coney Island Jockey Club course, stripping the two-fifths of a second on a track not at its best, from the mark set by the speediest of his predecessors, Alcedo, last year, as a victory for the great American classic course and speed for the son of The Bard, Heels and Trio, favorite by a slight margin in the betting, and ridden in masterly fashion by young Wonderly, who first knew today the thrill of a brief ride in the focal horsehoe amid the wild plaudits of a half hundred thousand lovers of the sport of kings.

It was a day of records. Never on any American course to every part of which an admission fee is charged had such a tremendous concourse of humanity witnessed a struggle between thoroughbred racers. Fully 50,000 persons watched the Suburban from scenes and grandstands, roofs, trees and lawns; from cheap field and from the stable enclosure. Men who have seen every one of the eighteen Suburbans that preceded today's gazed in wonder at the masses of humanity.

Luck put down her finger and stopped a new record. She said no 3-year-old shall shatter the tradition of the American turf's great event by winning it. Pentecost was her victim, mayhap. Badly hunted at the far turn, he came through the stretch like a tornado and "Pentecost," "Gold Heels," shook the air as the two thoroughbreds whirled toward the goal, the older horse holding the advantage by a short half length at the end.

Blues, Tammany's pride, awoke when two-thirds of the distance was done, to the cheer of his loyal adherents. His sturdy effort to beat to the front of the masterful throng of horse aristocracy it was that fashed aside the youngster Pentecost. But when the prize was so close that it seemed within the grasp of Frank Parrell's champion, Pentecost came from his place amid the ruck and beat the 4-year-old into pitiful submission.

Gold Heels was through the stretch. Maybe Pentecost, having made up five lengths in his effort to reach the leader, could have beaten the son of The Bard, but once he felt a worthy rival at his side Gold Heels took on new life. He sprang ahead again, holding his advantage, short though it was, to the end.

Sadie 5 Fourth.

Behind these three, Gold Heels, Pentecost and Blues, there was Sadie 5—tiresome, but game today—fourth, lengths and lengths behind the horses that will make turf history; Herbert, too, still farther back, with Reina, lucky winner of the Brooklyn handicap.

Saddled off all was Advance Guard. Sterling racer though he be, nature never fashioned him to pluck the laurels from such as Gold Heels and Pentecost. Well away from the post he dropped back and was last before the first turn was reached. Perhaps he did not take kindly to Bullman after Bullman's jockeyship, but he was no sulker, but he did not run at all today. Truly, he galloped over the canaille at the end, but he could not help doing that.

And so the suburban of 1902 was run and won. Gold Heels, off sixth, rushed ahead and when the first passed the wire was neck and neck with Pentecost and Contend.

This last record breaker and dark horse was the leader. His heart-breaking pace tended to discourage those that followed. To the jockeys of others it spelled ruin. Two of these were Wonderly and Redfern. Both fell back from the meteor that flashed in the lead of the suburban field.

Think Blues a Winner.

Close in the back stretch Shaw, on Blues, thought his chance had come and raced to the front. Contend was still in the lead, but wise little Cochran was trying to save him even then. Blues dashed in past Pentecost, hunting him hard. Pentecost, a long striding horse, was caught off his balance and sheered heavily into Contend. Then Contend gave up the ghost and fell to the rear, finishing absolutely last. But Blues' dash had not been challenged. He shot past Gold Heels and soon there was a clear length of daylight between them. Then came the greatest cheer of the race. Tammany in silk petticoats, Tammany in brass buttons and Tammany in silk hats and Blue Tammany in rustic apparel—Tammany roared from his lusty throats, "Blues! Blues!"

But it was not for Blues nor Tammany. Cleverly raced close to the rail Wonderly was bringing in Gold Heels. For one-sixteenth of a mile they were almost alone. But Blues' heart went faint and well into the stretch Gold Heels was overhauling him, passing him, leading him with the master class. Then came that grand struggle of Pentecost.

Pentecost Rushes to Front.

Four lengths in the rear was Madden's horse when the leaders turned into the stretch, but on and on he came, gaining at every stride. A hundred yards from the finish he had Blues beaten and slowly he began to crop on Gold Heels. But no man fore met him there. Gold Heels sprang forward again under Wonderly's urging and when they passed under the wire Gold Heels

was first by one-half length, Pentecost a short length in front of Blues. The horse that may carry American turf colors to the front in the English Derby next year, won the first half of the double event. He is Mexican, Clarence Mackay's sterling colt, which picked up 125 pounds. He was admirably ridden by Burns and won on the new Futurity course in 1:06 1-5 from a good field. This straightaway course was slower than the Suburban course, which experts said was at least one second per mile under it. This brings Mexican close to Nasturtium, record last year, 1:04 1-5, and makes Gold Heels' race a marvel.

John E. Madden bred Mexican, by Mirthful-Landrino, and entered him for English Derby next year. Mr. Mackay was in the saddle after the race. "I did not know any fancy yearlings," he said, "but I bought proven racers, and I am getting my money's worth."

Record for Betting.

Never has there been such a betting race, say the bookmakers. There were 103 of the regulars, in addition to those who accept bets of \$1. At least \$200,000 was bet in the ring on the Suburban alone. There had also been a tremendous amount of betting in the future books on this event.

The final price against Gold Heels was 2 to 1 to win and even money for a place; Pentecost, 5 and 2; Blues, 5 and 2; Herbert, 5 and 2; and Advance Guard 5 and 2. There was such generous backing of Monograph, the hope of the west, who closed at 15 and 6.

FIRST PLAY FOR CUDAHY CUP

Popular Handicap Golf Tournament on Country Club Links.

FOYE THE WINNER OF INITIAL GAME

In Winning Tournament Foye Equals Club Record, Seventy-Five Strokes—Kimball Next with Eighty-Six.

The first handicap medal play tournament for the Cudahy cup brought out a great crowd of entries at the Country club Saturday afternoon, and W. J. Foye won the event by a wide margin, although he, with R. R. Kimball carried the heaviest handicap of any, only three strokes. In winning the tournament, Foye equaled the club record for the course, which was held by himself, 75 strokes. Foye made this last year, and it has never been beaten save by professionals.

The Cudahy cup is a new honor at the club, this being its first appearance in competition, given by E. A. Cudahy. It is to be played for five times each month for five months, and will then go to the man who has won the largest number of the matches. This fact, and its handicap conditions of play, have already made the trophy extremely popular, and Cudahy cup competitions will never lack for a host of entrants. There is something of a chance to win this prize, as it includes none of the "win three times in succession to hold" conditions, which hem in some of the golf honors that are hung up for an incentive to victory.

All Make Low Scores.

The play, aside from that of Foye himself, was largely featureless yesterday. In fact, it was remarkable chiefly for the low scores that were made. Of the twenty-seven players in the contest, fourteen, just one more than half of them, played a gross score of 100 or over, and eleven of the remaining thirteen were above 90. Foye alone was below 80. R. R. Kimball made 86. The scores:

LOCAL HORSE NEWS OF WEEK

Gossip from Track and Stable for Owner, Trainer and Driver.

The latest arrival at the Keystone farm is colt by The Conqueror 2194, dam S. Alta Thomas, owned by Superintendent Al Thomas, by Neptune, son of Nutwood; second dam the great race mare, Jennie Sprague, by Round's Sprague. The colt looks very promising.

O. L. Luttermerer is training two green pacers, both 5-year-olds, owned by J. J. Clifford of Omaha. He worked one of them, Clifford, a mile in 2:30 yesterday, a good performance for a green pacer so early in his career. The other is owned by J. J. Clifford, son of Onward, and is named Antler. It is just as fast as Clifford and is entered in the Millard hotel stake for 2:35 next week. Antler has been a mile in 2:30 last quarter in '02. This quarter was won by Guy and the other by George Castle 2154, Al Thomas' fast pacer.

A recent arrival at the track is a shipment of horses from Peter G. Van in charge of S. D. Miller. They are all green, but promising. One is a chestnut, named by R. R. Kimball, and is owned by Robbie Wood, by Robbie McGregor. Jim Miller is the driver, and is a son of Hambleton 10, dam by Capt. Carington. Ollie Miller is a 3-year-old black gelding, but he is a grand performer, owned by Nutwood. Dr. Chance is also a 3-year-old, a bay stallion by Major Constantine, a grandson of Willie Boy.

On account of continued rains, the matinee to be held at Omaha next Saturday afternoon will have to be postponed several days of racing, as the intervening Saturday will be windup day of the race meeting.

A large number of spectators occupied the grandstands at the track yesterday. The matinee will be held at Omaha next Saturday afternoon. The weather was perfect and the track was in excellent condition.

R. D. Miller's trainer worked out all four of his string. Charles Roby working out Jessie King 2184, C. C. D., a promising green colt, and others, including P. R. Haight's recent \$1,000 purchase, Hobby B., by Alcedo 2171, dam by Mrs. H. H. Wilke. The colts will be prepared for the June races. Mr. Crow worked out Toney W., one of the entries in the 2:18 pace. Toney is going very well, as, in fact, are all the others at the track. Tom Dennison was driving Durada 215 and Pat McAvoy was seen being driven by Al Thomas. The colts were in excellent condition and were expected to win the championship.

Dear Sir: I am in receipt of the check of the Equitable Life Assurance Society for \$250., in payment of the first installment due under continuous installment policy No. 1, 114, 448, which was issued on the life of my father, Dell H. Goodrich, April 3, 1902, and made payable to me. I also beg to acknowledge receipt of the Annuity Bond which provides an annual income of \$250. for me so long as I may live. One of the great advantages of this Annuity Bond, however, is that it provides that the Society shall pay the Annuity for not less than twenty years, and in the event of my decease before the twenty payments have been made, the remaining payments will be made to my heirs.

I am sincerely grateful to you for your kindness to my father in making it possible for him to make this provision for me, and I desire to thank you for the Society's promptness in settling with me, as my claim was only presented to you may 19th. My father held several policies in different companies, and while the policy in the Equitable was the last taken, still it is the first paid.

Yours Truly, Gertude Goodrich

PRESIDENT LIKELY TO COME

Roosevelt Decides Upon Two Extended Trips During Early Fall.

NEBRASKA MAY BE ONE OF THE POINTS

He is to Visit the Northwest in September and Texas and Other Southern States Some Time in October.

WASHINGTON, June 14.—The president will start on a somewhat extended trip through the west and northwest during the latter part of September. He has accepted invitations to go to Detroit, Minneapolis and other cities, returning by way of Springfield, Ill., where he will attend the state fair on October 2.

This date was decided on today when Senator Cullum presented a delegation headed by President Conrad of the fair association.

Some time in October the president will take a trip through the southwest, his objective points being the fair at San Antonio and a bear hunt in the swamps of the Rio Grande, where this trip has not been definitely arranged.

The journey may include points in Kansas and Nebraska going out and New Orleans and other southern cities returning.

Senator Foraker saw the president today to arrange for the call of a committee which will advise the president to visit Ohio while he is in the west.

STUDENT OFFICERS REVOLT

Cadets at Wesleyan University Resign at Hands of Trustees.

UNIVERSITY PLACE, Neb., June 14.—(Special.)—The cadet officers appointed for next year in the Wesleyan university presented their resignations in a body just before the school year closed. This is due to an action of the board of trustees in their annual meeting.

It is reported that one of the members of the board, whose son attends the university, objected to having him under the command of cadet officers and succeeded in having the board do away with the drill requirements, making it voluntary, which amounts to killing the discipline and, in fact, the military organization.

It is said that several of the board, when asked what was done, could not tell, remembering merely that some action was taken. Some profess to believe that the member of the board who presented the motion through which the board was busy and when unthinking they voted with the majority, or not at all.

Military work for the last year has been a success, reaching its climax at the encampment at Millard in May. The cadet officers have labored long and patiently, and the department was coming to the front rapidly.

With the work merely voluntary on the part of the students there will be no incentive to begin the work at the first of the year, when it must start out brightly in order to work up enthusiasm along the line.

Those who have been instrumental in building up the work are highly indignant that the board should allow themselves to be led into tearing down the department without at least an attempt at an investigation into the success and efficiency of the work.
