OMAHA HITS ARE SCATTERED

Denver Wins First Game by Touching Alloway at Opportune Times.

UMPIRE ALSO HELPS THINGS ALONG

Contest Starts Out with All Indica. tions of a Pitchers Battle, but the Vision Soon Fades.

DENVER, June 14 .- (Special Telegram.) -Omaha was beaten today in the first game of the series in Denver. The Nebraska players were lively in the field, but after the first inning the Denver batters connected with Alloway in a way that kept the fielders more than busy. Whiteridge, on the other hand, was able to keep the hits of the visitors pretty well scattered. Moran's umpiring was not at all satisfactory to the Omaha aggregation and several of his questionable decisions came at critical times and figured in the score. The two teams are now neck and neck in the race for the pennant and the keen interest in the game brought out an unusually large attendance.

The work of Whiteridge in the box was the feature of the game. Several times Omaha had the bases well filled, but hits at the right time to bring in runs were Whiteridge's judgment was fully up to the standard of his pitching. In the first inning the outlook was for a pitchers' battle. Denver got one hit and Omaha none. In the second a hit, a base on balls and a hatter hit by a pitched ball filled the bases for Denver. Jack McConnell then placed one between Stone and Hickey in short Dundon came across the rubber with the first run for Denver. Davis tried to get to third, but was caught a few feet from the bag. Whiteridge came to the bat and placed one in left that sent Radcliffe

Omaha failed to find an opening in Whiteridge's delivery until the fifth, while Denmade the first run for Omaha. Carter scored O'Day. on a single by Calhoun. The Omaha first baseman hit out to Frisk in the sixth, but was allowed to go home. Attendance, 4,000. DENVER.

GORDON IS NOT WITH OMAHA Young Lawyer Did Not Accompany the Team on Its Denver Expedition.

It is probable that Eddie Gordon, the law student, will not be on the pitching staff of the Omaha team this season. He did not join the club at Lincoln when the boys went through there Friday night on their way to Denver, although the original intention had been for him to do so. Gordon will not be with the team on the present trip in any event, and perhaps not at all. Rourke may decide to give him one more try during the next series at home, but this is not certain. Meanwhile the club will continue with four pitchers unless an unusually good chance to pick up a valuable man comes along. Rourke is not exactly looking for another twirler, but will accept an opportunity to secure a crack man. He has intended from the first to run five throwers, and while he can get along fairly well with four, would not object to the full quintet. As far as other players are concerned, Rourke is not hunting for any more just now, as he says he has the full quota necessary for the work. Crippled men, says, are a chance of the game, and you cannot carry two complete teams with you just to prevent such embarrassments. It is Rourke's opinion, anyway, that if a man has to sit on a bench most of the time you cannot get good ball out of him when you do want it.

WHEN THE POLICE PLAY BALL Mayor Moores Will Umpire the Game at Vinton Park Next Thursday.

At the Vinton Street park Thursday afternoon the relative merits as ball players of the married and unmarried men on Chief Donahue's force will be tried. The game is the result of the boasting on the part of several of the "force" regarding the games of ball they use to play on the lots when they were uniformed in bare feet and sunburned backs.

Mayor Moores has consented to act as umpire for the game and on disputed points will probably have the advice of the Board of Fire and Police Commissioners and the city council, the members of both organizations to be present. There will be a charge of 25 cents for admission and the money thus raised will go to swell the auditorium fund. Over 1,100 tickets were disposed of on the

first day of sale. The batteries will be: Bachelors, Lakey and Morrison; Benedicts

Herrold and McDonaid.

DANDRUFF IS DEA TO HUMAN HA

Dandruff is a germ disease. It causes falling hair, thin hair, lusterless hair, and finally baldness. Ninetenths of the hair troubles are caused by dandruff. Without dandruff, hair would grow thick and luxuriant as nature intended. There will be no itching scalp and no brand-like flakes of scalp cuticle to cover coat or dress shoulders.

The Original Preferred

It was definitely known that the underlying cause of dandruff, falling hair and baldness, with the accompanying dull, brittle or lusterless bair, was a germ or parasite that infested the hair bulb, Newbro's Herpicide was compounded. This time, hair preparations were of three sorts: The immediate dye (two

liquid kind), the slow dye (close covered bottles), and the "hair tonics." Speaking of the principal ingredient in the latter variety. a Chicago dematologist, says, "What on earth gave cantharides (green bugs from southern Europe) its reputation in hair tonics is more than I know. It is the tradition of a century and it's all nonsense. It irritates the scalp, and is made out of dead bugs, so that it furnishes the element of decomposition that scalp microbes thrive on."

The instant and phenomenal success of Newbro's Herpicide, the ORIGINAL remedy that kills the dandruff germ, any number of preparations have appeared,

Our published matter has been used in its entirety, and some makers, bolder than the rest, have even appropriated to themselves the honor of discovering the dandruff germ. But, happily, every physician knows that

this honor belongs to Prof. Unna, of Hamburg, Germany. Thoughtful and discriminating people demand the CLEAN, SANITARY AND REFRESHING GERMICIDE

NEWBRO'S HERPICIDE

THE MAYOR OF PORT CLINTON, OHIO,

It gives me pleasure to state that I have used Newbro's Herpicide, and like it very much. One bottle eradicated the dandruff, and left my hair and scalp in fine condition. It is cooling, relieves all irritation, and is certainly a very delightful dressing.

Signed,

P. K. TADSEN. Mayor of Port Clinton, Ohio.
