Jump on Graham's Curves and Pound Out Seven Runs in One Inning.

LOOKED LIKE OMAHA'S GAME AT START

All of Denver's Scoring Done in Two Innings and Outside of These They Were Unable to Connect with the Ball.

DENVER, Colo., June 16 .- (Special Telegram.)-Omaha lost the third and last game of the series with Denver today in one of the most exciting contests ever seen on the local grounds. Graham proved much easier for the local men than any of the other Omaha pitchers and in the third and mixth innings he was pounded out for enough hits to roll up eleven runs. Omaha started out at a merry clip. "Pop" Eyler, who was in the box for the Grizzles, seemed to be easy for Rourke's men and in the first and second innings they secured a good lead which they held until Denver went to bat in the third. A two-bagger by Jones and a home run by Frisk enabled Denver to tie the score.

Graham got over the attack made on him by the local sluggers in the third and pitched magnificent ball. His curves and change of pace were unexcelled and when Omaha scored two runs in the fourth Denver's chances to win looked extremely slim. In this inning, after Gonding went out at first on a ground ball, Graham cracked out a three-sacker and would have scored if he were not coached to go home on a hit to Gus Dundon at third. " As it was he went in and got caught at the plate. Carter stole second and scored on Genins Calboun singled out a neat one to left field and the score stood 6 to 4 in favor of Omaha. In the sixth inning Denver found Graham for six hits and sent seven base runners over the rubber. One of the hits was a three-sacker by Frisk. who knocked a home run earlier in the game and another was a double by Webster. With such a big lead Eyler had considera-

BOSTON, June 16.—Boston forfeited to Pittsburg today after four and a fraction innings of play. The score then stood: Pittsburg, 4; Boston, 2. Rain, which had been threatening, came in a brisk shower after Wagner had struck out. Umpire Cantillon refused to call the game at Captain Long's request. The Bostons adopted dilatory tactics, Gleason holding the ball longer than the twenty seconds allowed by rule and Captain Long refusing to handle balls batted to him. After two of the visitors had singled and one scored the crowd rushed on the field and began to climb into the grandstand. Cantillon thereupon forfeited the game to Pittsburg, in conversation after the game he declared he was master of the field and proposed to exercise his authority at all times. There is some feeling against a caucus on the part of the republican senators who support the reciprocity plan and on account of this sentiment there is a growing possibility that no caucus will be held. Milwaukee has jerked itself up in great shape recently, having now a percentage of 602, but Des Moines is on the ground, and the team as I saw it last certainly deserves something better." The reports that have come east concerning the Badgers were so flattering that there has been all along a strong feeling here that their chances of winning the varsity race are this year better than ever before. Consequently there was much disappointment when Coach O'Dea announced that the men would not row before this afternoon. Georgetown stock has risen considerably within the last two days, owing to the warning given by Coach Hanlon of Columbia, to 'llook out for Georgetown,' and the appearance of the men from Washington seems to bear out the impression that they are a strong lot, although their average weight, 165 pounds, is lighter than Cornell, Pennsylvania or Wisconsin.

Coach Dempsey fears that Hanlon's remark has raised the public's estimation of his crew higher than it deserves. Georgetown is handicapped in being unable to use its new shell. The boat was so badly damaged by the swells of a steamboar on the Potomac a few days ago that it had to be discarded and the crew will use an old shell which Dempsey says is three or four lengths slower than the new one.

At the War department a high official stated the position of the department in

the matter as follows: The conditions in Cubs two years ago were precarious. Not a Cuban believed that the United States government would ever withdraw from Cuba and the half famished veterans of the Cuban army were ever withdraw from Cuba and the half famished veterans of the Cuban army were in a dangerous mood and clamoring for their pay. General Gomez was the head and front of their army and had served the revolutionary cause as its principal leader without having received a certificate of pay. General Wood and Secretary Root thought afterward that General Gomez was entitled to consideration; to a home which was supplied him and in which he entertained his comrades and to an income, which last might be set down as a small offset to the money due Gomez from the Cuban republic. That the Cubans themselves regarded the matter in the same light was shown by the passage by the present Cuban congress, among the very first of its acts, of a bill providing a liberal pension for General Gomez. It is believed that but for this assumption of the costs of Gomez's living expenses the conditions in Cuba must have paralleled those in the Philippines, and the United States, after fighting Spain to secure freedom for the Cubans, might have been obliged to turn on them the force of its armies.
