

OMAHA'S SCHOOL TEACHERS

Board of Education Adopts Report of Standing Committee.

HIGH SCHOOL FACULTY REMAINS INTACT

Heads of Departments Restored and Married Women Retained as Instructors, While Rule May Be Rescinded.

At the regular meeting of the Board of Education Monday night all teachers who served last year were re-elected, some were promoted, several new teachers were placed on the payroll, and several others who had served the required length of time were placed on the permanent list. The action of the board a week ago in rescinding the heads of high school departments was reconsidered, the heads were restored and their pay fixed at \$115 per month. The question of whether to continue the three married women teachers in their positions was decided affirmatively, and Mesdames Alphonse Chatelet, Ida Fleming and Grace B. Suborog were placed next year. The work and salary of high school teachers for next year was fixed as follows:

Two Negative Votes. The vote on the foregoing was 13 to 2. President Barnard and Robert Smith voting negatively. The salary of Principal Waterhouse's salary from \$2,400 per year to \$2,100, and that of Miss McHugh from \$100 to \$150 per month. It was proposed at an earlier meeting to reduce the seven instructors holding positions as heads of departments to teachers "in the ranks," and to reduce their salaries from \$125 per month to \$100, but as four of the best teachers threatened to resign if this was done, it was decided to rescind that action, and the matter stands now as before.

TO ENFORCE A CURFEW ACT

Alexander Hogeland Revives Effort to Place Ordinance in Effect.

ASKS MINISTERS FOR THEIR CO-OPERATION

Enforcement of Present Decree or Statute or Its Repeal and Substitution by Better One Will Be Sought.

Another attempt is to be made at enforcing a curfew ordinance in Omaha, as the result of a meeting held at Young Men's Christian association headquarters Monday night, at which Alexander Hogeland, president of the Omaha Boys' and Girls' National home and leader of the curfew crusade, addressed a small gathering. A committee of five, including Mr. Hogeland, was appointed at the meeting to confer this afternoon at 4 o'clock at the Young Men's Christian association as to definite plans of procedure.

The idea is to get the matter before the council with expedition and supported by the greatest possible influence. To accomplish this it was suggested that the committee on conference this afternoon place the proposition before the local ministerial association with the recommendation that each pastor submit the question to his congregation next Sunday, a possible matter for an expression of the church-going populace. It is believed that every church congregation in the city will accord a unanimous vote to the enforcement of some sort of an ordinance to keep children off the streets at night and the advocates of the movement feel assured that with such potent backing the council will present their plea to the council with reasonable, if not unquestionable, hopes of success.

Leaders of Movement. The meeting Monday night was presided over by Dr. W. O. Henry and Dr. Burr Jones, superintendent of the boys' department of the Young Men's Christian association, acted as secretary. The committee appointed to meet this afternoon to shape further action was: Dr. Henry, chairman; Rev. T. Anderson, pastor of the Calvary Baptist church; H. F. Bundy, Rev. A. W. Clark and Alexander Hogeland.

Indian Girl Shows Signs of Smallpox and Causes a Stampede. Heneka Grayhair is only a bright eyed little Winnebago Indian lassie, 5 years of age but yesterday morning she cleaned out United States district court room as completely and effectively as though she had been a squad of armed bluecoats with rifles leveled.

COMOTION IN COURT ROOM. The little girl, who has just left the estate of a pauper, has lived on the Nebraska agency all her life with Louis Grayhair, the stalwart buck, who is her father. Heneka has for the first time come to a city, but that she would create a sensation in it she had never dreamed. She did, however, and it happened like this: Heneka had the smallpox. Not when she entered the court room, so a physician's certificate says, but she has just recovered from a very severe attack of it and her face looks as bad now as it ever could have looked when the fever was at its height.
