Moyes Returns and is Arrested.

Guy E. Moyes, the Illinois Central fireman charged with contracting a bigamous marriage with Grace Waltermire of this city, returned yesterday morning from Minneapolis, where he went the day following the marriage, and was taken into custody on a warrant from Justice Carson's court. In default of bail, placed at \$1,000, he was committed to the county jail.

On reaching the city yesterday Moyes at once went to the home of his first wife and it is said he persuaded her not to prosecute him. From there he went to the ome of his second wife at 1314 Avenue I, where he was arrested.

Assistant County Attorney Kimball stated yesterday that it was possible that the case against Moyes would not be prosecuted, as he had been informed that neither of the women were willing to appear against him. When asked if the evidence against Moyes was not sufficient to convict him without the testimony of the two women, Mr. Kimball said it was, but that if the women did not care to prosecute the case would probably be dropped, as no one had suffered except the women whom

he had married.

According to the Bedford Republican any one attempting to out-do the average Bedford young man in originality and peculiarity of action would be simply wasting time. Two young men, accompanied by two young women, went out for a carriage ride. When about two and a haif miles from the city of Gravity the young men had the women alight on some pretext or another and then they deliberately drove back, leaving the women to shift for themselves and find their way home as best they could. The deserted women walked to Gravity and telephoned their relatives of the situation. The relatives went to the young men upon their return and succeeded in using sufficiently convincing argument to induce them to return for their deserted companions.

Child Takes Carbolic Acid. CRESTON, Ia., June 18 .- (Special.) Virta, the 10-year-old daughter of Mr. and Mrs. H. W. Moffitt of Murray, is dead from the effects of carbolic acid poisoning. The family had been using the acid for disinfecting purposes, and when not in use the bottle containing the poison was placed on a shelf in the cupboard, where it was supposed to be out of reach of the children. The little girl pulled a chair up to the cupboard, climbed upon it, got the bottle down and was drinking the fatal contents before she was discovered. Medical aid was immediately summoned, but nothing could be done for her and she

AFTER MANY YEARS

died in terrible agony.

Of suffering from kidney disease, Miss Minnie Ryan, of St. Louis, Mo., found a complete cure result from the vse of Dr. Pierce's Golden Medical Discovery.

It is such cures as this which establish the soundness of Dr. Pierce's " Diseases theory: which originate in the stomach must be cured through the stomach. Every other organ depends on the stomach for its vitality and vigor. For by the stom-ach and its associated organs of digestion and nu-trition the food which is eaten is converted into nu triment, which, in the form of blood, is the sustaining power of the body and each organ of it. When the stomach is diseased the food supply of the body is

cut down, the organs are starved, and the weakness of starvation shows itself in lungs, heart, liver, kidneys or some other organ. Dr. Pierce's Golden Medical Discovery cures diseases of the stomach and other organs of digestion and nutrition, and so cures disease of other organs which

have originated through deficient nutrition or impure blood. "I had been suffering with kidney trouble twenty years," writes Mias Minule Ryan, of 1537 Louisians Avenue, St. Louis, Mo., "and I had doctored with a number of the best physicians. Two years ago I commenced taking your 'Golden Medical Discovery' and 'Favorite Prescription' and took also several vials of Doctor Pierse's Pellets. I took eight bottles (four of each), and I feel now perfectly cured."

Dr. Pierce's Pellets cure biljousness.
