COMMERCIAL AND FINANCIAL Skyrocket Speculation in Corn Pit is Para-

mount Feature of Market.

CEREAL SHOOTS UP, BREAKS AND TUMBLES

Wheat After Liberal Trade Closes Higher, but Oats Unimportant and Values Recede-Provisions Dull, but Absorb Gains.

CHICAGO, June 18.-Corn executed a high chicago, June 18.—Corn executed a high and lofty tumbling feat today. Nerveracking excitement over the corner in July options ruled the day. From the opening of the pit the Wall street clique shoved prices in such an astonishing manner that the girations exhibited were such as made yesterday's erratic ups and downs look like any ordinary "smoking room day." Every natural condition inherent to the pits was ignored. It was a battle for millions with erativ men on each side. the pits was ignored, it was a battle for millions, with craity men on each side. Today it suited the big manipulators to allow prices to jump skywards for a time and then it as oddly suited them to push them down with remarkable rapidity. The range of July corn—and that was all that was of importance on 'change today—consisted of an upturn of i½c at the opening, a slump of 3%c from the top price and a slight recovery from the bottom figure. Other pits naturally felt the influence of such pranks, but most speculators in other

was of importance on change foday—conalight of Sic from the top price and a
silump of Sic from the top price and a
silump of Sic from the top price and a
silight recovery from the bettom figure.
Other pits naturally felt the influence of
such pranks, but most speculators in other
commodities did not allow their judgment
to be marred, and in the end July corn
closed 2c down, July wheat is higher and
July oats is lower. Provisions closed 56
Tight higher.

At the start the corn shorts, fearful of
a repetition of yesterday's rocket-like adwance, but highly believe and possible of
a country but the same open their
account it and hid against them. In a trice
July, which closed yesterday at 674c, made
simultaneous sales at Sic and Sic. This
was too good a price for longs to withstand. Men who had loaded up with stuff
around 62c or under let the crowd have in
plentiful lots. The Gates clique tried to
hide its hand, but the crowd soon learned
that it was unloading large quantities for
profits. The little shorts were content to
get out of the market with losses, even
on a declining market. It neemed a squeeze
on bushels were unloaded on the shorts at
fancy prices and a considerable and
intention of the squeeze
on the market in big lots. Several
million bus

wheat and flour equalled 171,000 bushels.
Trade in oats was small and unimportant.
Natural conditions were somewhat bullish, but the slump in corn took oats down a little ways with it, and there was very little recovery. Cash business continued good and wet weather was reported working against crop conditions. Receipts were liberal at 115 cars, but the contract grade was small. July sold from 38½c to 38½c and closed ½c down, at 39c.

Provisions were very dull, but showed very good strength. Manipulation still continued at the hands of packers, but the manipulators put out a good argument for the advance, in that the cash stuff was being taken by the seaboard as fast as manufactured. July pork sold at \$17.67½ and closed 5c higher, at \$17.00; July lard closed 5c/higher, at \$10.47½.

Estimated receipts for tomorrow: Wheat, 25 cars; corn, 200 cars; oats, 120 cars; hoge, 33,000 head.

The reading futures ranged as follows: Trade in oats was small and unimportant

NEW YORK STOCKS AND BONDS.

General List Enlivens and Railroaders

Permeated with Strength. NEW YORK, June 18.—Leaders of the buil campaign in stocks made more aggressive demonstration today than at any time since the campaign was inaugurated. The market broadened and there was a material increase in activity and the volume of dealings over that for any one day since some time before the first of the present month.

The strength of the market was pretty generally disseminated through the rail-The strength of the market was pretty generally disseminated through the railroad list, but the industrial department as a whole was a conspicuous exception to the strength prevailing elsewhere. There was little news to account for the rising tendency. The bulk of the operations was attributed to the western speculative party, which was credited yesterday with having secured a corner on the July option in corn. The distress of the shorts in the corn market this morning seemed to give added effect to the demonstration in the stock market, but the sharp reaction later in corn did not siter materially the tone of the stock market.

market, but the sharp reaction later in corn did not alter materially the tone of the stock market.

The news of the day was rather adverse to the rise in stocks. For instance, the calling of a national convention of coal miners in Indianapolis must be regarded as increasing the probabilities of a suspension of work amongst the soft coal miners. On what principal this news should induce an active demand for Reading and also for the soft coal carriers is not very clear. In fact, realizing made itself effective in Reading and wiped out all its gain.

The report of too copious rains in the southwest, except in a portion of Texas, where it was needed, makes it equally difficult to account for the strength of the southwestern grangers. Nevertheless, Missouri Pacific was absorbed on an enormous scale. The Gould railroad stocks were generally affected in sympathy and especially St. Louis Southwestern preferred, which rose 4%.

The improvement in the strategic position of the Gould system and the general be-

St. Louis Southwestern preferred, which rose 4%.

The improvement in the strategic position of the Gould system and the general belief in the coming formation of a central holding company are persisting influences in those stocks. The dealings in Union Pacific were also well up to the total of other leaders.

The most influential movement in the market was that in Illinois Central, which was lifted an extreme of 7 points, with constantly increasing urgency as the top level was approached. The stock market reacted 2 points at the last. The fact that the board of directors was in session gaverise to a flood of rumors of important announcements to be made affecting the value of the stock, but the market closed without definite knowledge of what the news was to be.

The situation in the local money market out definite knowledge of what the news was to be.

The situation in the local money market was unchanged, but the tone of sterling and continental exchange continued firm, but there was no recovery in sterling at Paris, where also the private rate of discount advanced. Money was easier in London, but higher rates are looked for there before the end of the month, owing to semi-annual requirements. The depression of industrials today was in marked contrast to the strength of railroads.

The dribbling liquidation in United States Steel stocks continued and sugar was weak on the belief that no action on Cuban reciprocity will be taken at this session of congress. The market closed active and easy.

casy.

The market for bonds was spotty and irregular. Total sales, par value, \$4,519,000.
United States 4s, registered, and the old 4s advanced 4s, the 3s ½ and the 2s, coupon, % per cent on the last call.

New York Mining Quotations, NEW YORK, June 18 .- The following are the closing prices on mining stocks: Adams Con.....

Foreign Financial.

LONDON, June 18.—Money was easier to-day. The indebtedness to the Bank of En-gland is being rapidly liquidated and large amounts of gold are coming in. Business on the Stock exchange dwindled, owing to the approach of the settlement previous to the coronation festivities. Consols were firmer. Americans started irregular and grew firm in sympathy with New York's closing prices and closed steady. Kaffirs were quiet.

LONDON, June 18.—Money was easier today. The indebtedness to the Bank of Engiand is being rapidly liquidated and large
smounts of gold are coming in. Business
on the Stock exchange dwindled, owing to
the approach of the settlement previous
to the coronation festivities. Consols were
firmer. Americans started irregular and
grew firm in sympathy with New York's
closing prices and closed steady. Kaffirs
were quiet.

After the close of business on the Stock
exchange illinois Central was quoted on
the street at 1809/12. There was no other
feature. Illinois Central closed on the
Stock exchange at 1894. All the exchanges
in London will be closed June 28, 27 and
28. The amount of buillon taken into the
Hank of England on balance today was
124,700. Gold premium at Buenos Ayres,
132.40; Rome, 1.50.

PARIS, June 18.—Three per cent rentes,
1017 77½c for the account. Exchange on
London, 227 19½c for checks. Spanish 4s,
81 50. Farquet stocks opened active and
firm on the Bourse today. Rentes, Spanish
4s and Turks were the features, the latter
on confirmation of the signing of the frade
sanctioning the conversion scheme. Kaffirs
railized. Latter there was a general reprices closed generally unantiseations
and firm on the Bourse today. Rentes, Spanish
4s and Turks were the features, the latter
on confirmation of the signing of the frade
sanctioning the conversion scheme. Kaffirs
railized. Latter threre was a general reprices closed generally unantiseations
and firm on the Bourse today. Rentes, Spanish
4s and Turks were the features, the latter
on confirmation of the signing of the frade
sanctioning the conversion scheme. Kaffirs
railized. Latter threre was a general reprices closed generally unantiseations
and firm on the significant proposed to the
Transvaal and Orange River colonies would
not be taxed to defray the cost of the
South African war. The private rate of discount was 27-16.

HOGS-Liberal runs here and elsewhere enabled buyers to shade prices on the com-mon mixed packers and underweight grades thus further widening values begrades, thus further widening values between good butchers and heavy and lighter hogs. A fancy load of heavyweights, the best seen here in some days, sold at \$7.50, but outside of this, fair to good heavy were quotably only steady to strong. The market in general was steady on choice and weak to 5c lower on packing and light hogs. The past few days there has been a tendency to widen prices and the chief part of the decline has been on the light grades. Heavy sold from \$7.25 to \$7.50, and medium and mixed mostly at \$7.1567.25. Hogs weighing around 200 pounds or less are selling from \$7.15 down. Representative sales:

SUPREME COURT SYLLABI'

11036. Rawls against Reichenback. Appeal from Polk. Affirmed. Day, C. Diviion No. 1. 1. The homesteads of married persons in 1. The homesteads of married persons in this state cannot be conveyed or incumbered unless the instrument by which it is conveyed or incumbered is executed and acknowledged by both husband and wife.

2. Where a husband and wife are occupying premises as a homestead held by either under a contract of purchase the contract cannot be assigned so as to create a lien upon the premises except by an instrument executed and acknowledged by both husband and wife.

3. Evidence examined and held sufficient to show the homestead character of the premises at the time of the assignment of the contract.

4. Evidence examined and held to sustain

to show the homestead character of the premises at the time of the assignment of the contract.

4. Evidence examined and held to sustain the defense of usury and that the debt had been fully paid and discharged.

8394. Dunn against Bozarth. Error from Gage. Motion overruled. Holcomb, J.

1. The provisions of sections 612 to 616 of the Civil Code, and especially of the latter section, do not authorize by summary proceedings the entry of a judgment for costs against sureties on a cost bond which is required to be given by the plaintiff in error or appellant under rule 12, adopted by this court with reference to security for costs in actions brought here on error or by appeal.

out causing a greater disadvantage to a subsequent appropriator.

Buy Before the Advance June 21, When stock of National Fiber & Cellulose Co. of Chicago Advances from \$1.50 to \$2.00 a Share. WEALTH FROM CORNSTALKS NEW INDUSTRY

that will create enormous wealth. National Fiber & Cellulose Co. OF CHICAGO,
owns and controls machinery, patents and
processes for manufacturing all grades of
paper, feed, and by-products from the
wasted cornstalks. This waste in the corn
belt of the U. S. amounted to over \$5.00,000
tons in 1900.
CONSERVATIVE INVESTORS

conservative investors
can form an idea of the scope of this enterprise when they consider that the tonnage of Cornatalks to be turned into pilip
for paper is inexhaustible and will supply
the American paper manufacturers and
stop them from going to Canada for pulp
from timber. It is an enterprise that will
immensely benefit farmers, laborers, freight
carriers and investors.

with good prospects of advancing to par before the end of the year. Investors are invited to examine ma-chinery, patents, processes, products and everything perfaining to the business. No orders for less than 20 shares accepted. An investment of \$30 (20 shares) now bids fair to be worth \$300 before the end of this
