

TICKET LOOKS GOOD TO ALL

Douglas County Republicans Pleased with Work of Convention.

MICKEY AND MCGILTON BOOKED TO WIN

Expressions of Confidence and Satisfaction Are Freely Given by the Men Who Make Up the Party in Omaha.

Without exception the republicans of Omaha who have expressed their opinion of the work of the republican convention at Lincoln for publication have said that the ticket and the platform were alike satisfactory.

H. R. Gault—Mr. Mickey is an old acquaintance of mine. I have known him for twenty-six years and never in all of that time have I ever heard a word by his discredit. He is a careful and able man and will make a good governor.

Where Delegates Counted.

N. C. Pratt—That was the best convention I ever saw. It was remarked by many that in no previous convention of any party did the individual delegate count for so much as in this one.

St. Paul ..... 9.60 (2) \$12.65  
Minneapolis ..... 9.50 12.55  
The Superior ..... 13.60 16.65

C. P. Harrison—I have known Mr. Mickey for sixteen years and will say that if the party was looking for the cleanest man in the state for the office of governor they did not go wrong.

J. P. Breen—it is an admirable ticket all the way through; not a weak man on it.

F. A. Brogan—it is a good ticket, a first-class ticket. The party has adopted a good platform and is going to win out.

Joseph H. Blair—I am inclined to think that the convention picked the best man for governor. From the fact that he was chosen by the convention comparatively small following it would seem that he has now nothing to trammel his actions—no promises made for support, and that he is independent of all alliances and combinations.

Head Cannot Be Exceeded.  
John C. Wharton—I think that the head of the ticket cannot be exceeded. In the central and western part of the state he has a wide reputation as a man of high standing and much ability.

Robert Cowles—Mr. McGilton is a clean, capable man, who is exceedingly popular with all who know him. I would be a little disappointed in the nomination of governor, as I expected to see someone who had a wider acquaintance over the state named for that position.

Thomas Kilpatrick—I have not had time to look up the nominees. I know Mr. McGilton, and if the rest of the ticket is made up of men as good as he is it is an excellent ticket.

Mel Uhl—The ticket is a winner. I think that it is a good thing that they compromised as they did, for there might have been a fight, which would have done the ticket nominal good.

G. W. Watters—I am well pleased with the result. I think Mr. Mickey is a very substantial, honest and respectable citizen. Mr. McGilton we all know to be a clean, capable young man.

Judge Irving F. Baxter—The convention's action is perfectly satisfactory and leaves no more space. Mickey seems satisfactory to all and I believe it may be said of him that he was the candidate of no faction, no clique and no railroad.

Robert Smith—I am very much pleased with the result of the convention. I have known Mr. Mickey for many years. Out at his home he is "one of the men" every man can go to him and be received courteously. He is the kind of a man who

CANDIDATE MICKEY IN OMAHA

Pleased with Harmony that Marked the Work of Convention.

EXPECTS TO MAKE THOROUGH CAMPAIGN

Will Begin Visiting Every County in Nebraska as Soon as State Central Committee Completes Organization.

John H. Mickey of Osceola, republican nominee for governor, was at the Millard yesterday. He came up from Lincoln directly from the convention which nominated him Wednesday night.

"Well, yes, I was very well satisfied with the result of the convention at Lincoln," said Mr. Mickey, "and I am sure that my nomination was a happy solution of the problem. The convention got around many obstacles in an admirable manner and I think can well be considered a successful meeting."

"I think the convention is to be congratulated and the republicans of Nebraska made happy over the prospects which confront them. The convention named a good ticket and a formidable platform, one that will be strong enough to withstand all the attacks of the enemy."

LITTLE FIGHT ON ARCHITECT

W. F. Johnson of Board of Education Opposes John Latenser Officially.

MEMBERS OF SCHOOL BOARD ARE WONDERING

What will be the result of the attempt of W. F. Johnson to oust John Latenser from the position of architect of the board.

For some time relation between the members of the school board and the architect have not been extremely cordial, and while Mr. Johnson has been a member of the committee on buildings and grounds he has had it in his power to make things unpleasant for the architect.

While no official action has been taken, it is an open secret that the board contemplates the erection of a new eight-room school house on the present site of the Morningside Park school. At the last meeting a resolution was introduced by Theodore Johnson authorizing the president of the board to appoint a special committee to charge the construction.

The resolution was placed before the board, when W. F. Johnson for the first time realized what was going on and immediately introduced a substitute, in which he provided that the building committee should be authorized to advertise for competitive bids from Omaha architects for an eight-room school house on the present site of the Morningside Park school.

The list is, in part, as appears below. The third column is explained by the fact that the county assessors used as their basis one-sixth the total fair value. The city assessment quoted in the column is the 40 per cent of the total:

ANOTHER IMPROVEMENT.

Chicago, Boston and New York Travel.

On and after June 15th, the Erie Railroad will still further improve their Boston and New York service by offering to the public a handsome limited train to leave Chicago from Dearborn Station every day at 10:30 a. m., arriving in New York next afternoon at 3:30 and Boston at 9 o'clock.

There is no doubt that this service will be highly patronized, as the new train will land the traveler in New York City in ample time to permit him to proceed leisurely to his hotel or home, rest, dress, dine and spend the evening in whatever manner may appeal to him most.

This every-day morning train will consist of standard Pullman drawing-room and sleeping cars. All meals enroute served by the famous Erie dining cars. No extra fare charged on this train.

RULES OF CLEARING HOUSE

Associated Banks Are Revising the Code Under Which They Do Business.

The members of the Omaha Clearing House association are holding weekly sessions for the purpose of revising the rules of the association. The revision will cover every rule, but what changes will be made has not been determined.

One of the rules which has been adopted is that no reservation will be made in the accounts of banks and bankers. Under the rule adopted by the association no interest was to be paid on daily balances until the amount on hand to the credit of the bank exceeded \$1,000, and no interest was to be paid on the first \$1,000. At the present time interest is paid on the full amount.

There is considerable discussion as to the revocation of the rule requiring the payment of collection fees on personal checks issued against local banks. While all the members of the association admit that the rules of safe business would require the payment of the fee, some of the members say that as it is not charged at Kansas City, St. Joseph or other towns coming in competition with Omaha banks it would be well for Omaha to abolish the rule. This has not been acted upon.

DONAHUE OBSERVES NUISANCE

Chief of Police Would Prohibit Men from Expectoring on Sidewalks.

Chief of Police Donahue will endeavor to secure the passage of an ordinance prohibiting expectoration on the sidewalks. "The practice," said the chief, "is one of the worst nuisances in the city. At many of the prominent street corners of the city women have to carry their skirts in their hands to keep from wiping up a pool of tobacco juice. It is not only filthy, but it is unhealthful. I propose that we should endeavor to enact a prohibitory ordinance and if it does, then we will see that it is enforced. There is no excuse for such a practice and it should be stopped."

CHECKING UP ASSESSMENTS

Citizen Makes Comparison of County and City Valuations.

SHOWS COUNTY'S FIGURES TO BE LOW

Says He Will File Complaints Against All Taxpayers Who Happen to Be Overlooked by Other Claimants.

One who is interested has been nosing through the county assessors' books and has compiled a list of 300 firms, corporations and individuals who are, he shows, assessed at a total of \$430,000 less by the county assessors than by the city, figuring on the same basis.

"I am watching the complaints," he said, "and if all the discrepancies are not covered by those filed I shall file one or have someone do it, such complaint to cover all not previously complained of. It has been generally conceded that the city assessment is at least some too high, and there is no reason why the county should lose a benefit that no one can deny it is entitled to."

String of Comparisons.

The third column is explained by the fact that the county assessors used as their basis one-sixth the total fair value. The city assessment quoted in the column is the 40 per cent of the total:

Table with 3 columns: Name, City County Val., Ass't. Ass't. Val. Includes Am. Smelt & Ref. Co., Armour & Co., Baum Iron Co., etc.

Stock Yards Complaints Numerous.

There was no meeting of the Board of Equalization yesterday forenoon and few appeared to file complaints. Harry Taverner, however, of the Second ward, South Omaha, called to file a little bit higher the pile of complaints against the assessment of the Union Stock Yards company.

He has been assessed \$725 on two small lots in block 79 and is taking the common course of attacking the stock yards assessment.

It is charged by a number of South Omahas that the assessors at about \$1,000 per acre for ground no better situated than that on which the stock yards company is assessed only \$75 and \$80.

G. S. Benawa complained that he is assessed \$380 on the south half of lot 18, block C, Horbach's sub-division, on which he has only a few rods of ground, while the owner of the other half of the lot is assessed the same, notwithstanding the fact that instead of a cottage he has a sixteen-room house.

Totals Ready Next Week.

Chief Clerk Boyd of the tax department states that the totals will be ready by the middle of next week and that so far the really seems to be dropping off some from last year's totals, with the personal growth more than enough to offset this, so that the combined total will be some higher than that of 1901, but not a great deal.
