KNOCKS OUT ANTI-TRUST LAW

Judge Hanecy of Illinois State Circuit Court Holds It Uncorstitutional.

SAYS IT IS VOID IN EVERY PARTICULAR

Finds that the Law of 1897 Amended the Law of 1891 and that United States Held the Former Vold.

CHICAGO, June 20 .- In a decision given court, held that the Illinois anti-trust law of 1891 is unconstitutional and void in all He ordered a finding in favor of the defendant in the case of the people on relation of the attorney general against Street Foundry and Iron Co. By Judge Hanecy's decision practically all that was left of the apti-trust statutes of Illinois are declared to be a nullity.

In fifty-three other cases similar to the be passed upon by the court, a like finding was entered pursuant to a stipulation Among the attorneys in the case. The prosecution based its case principally upon the provisions in section 1, of the code of wherein it provides for the filing of affidavits by corporations annually with the secretary of state showing that they are not a party to any pool, combination In passing opinion upon the merits of

the case, Judge Hanecy held that the law of 1897 amended the law of 1891 and that the supreme court of the United States has decided that the law of 1897 is unconstitutional. The separate trust act of 4893 was declared to be illegal by the federal supreme court last March. The declcion has a direct bearing upon a large number of cases that have been begun against manufacturing concerns to collect and they have had all steamers in port fines for non-compliance with the prowislons of the anti-trust laws in regard to the filing of affidavits. Early in 1899 Attorney General Aiken for the state of Illinots and State Attorney Deneen, of Cook county, began 1,200 suits in the courts of county to recover \$8,050 from each defendant, or a total of nearly \$10,000,000 The trust statutes provide that on September 1, of each year the secretary of state ghall address a letter to every corporation demanding an answer under oath as to whether the corporation is a party to any peol, combination or trust. It was to recover a penalty for non-compliance with this statute that the suits were instituted. Counsel for the prosecution gave notice of an appeal to the supreme court.

FOR POOLING COTTON RATES Georgia Grand Jury Indiets Railroad

Men for Alleged Violation of Commerce Law.

ATLANTA, Ga., June 20.-The federal grand jury which has been investigating the alleged, violations of the inter-state commerce law relating to the pooling of cotton rates out of Atlanta this afternoon returned three indictments, one against five of the railroads entering Atlanta and one against individuals representing the railroads, charging them with violating the dictment against both railroads and individuals for violating the Sherman antitrust law.

POLICE LOOK FOR M'DOWELL Former President of United States Trust Company Alleged to

Have Embezzled \$50,000.

PHILADELPHIA, June 20 .- As a result of the assignment of the United States Trust company the police are looking for Henry R. McDowell, its president, a member of the New York bar, to arrest him on information sworn to by Charles L. today Judge Hanecy, of the state circuit Brown, assignee, charging him with larceny of its securities and embezzlement of its funds to the value of \$50,000. It is believed, however, that McDowell is already elected president of the company about

six months ago. There were 10,000 shares of stock at a par value of \$25. The first thing McDowell did, it is said, was to secure the authorizaof 10,000 additional shares with a to him for negotiation. In addition to this when he was made president there were entrusted to him securities to the value of \$50,000. To meet the expenses of the concern notes were given. These matured within the last few days and the amount necessary to pay them could not be found by the treasurer. A meeting of the officers was called and an assignment was made to

Charles L. Brown. Mr. Brown, after an investigation, demanded a return of the securities, but was informed that McDowell had left New York for Boston. Further inquiries have led him to the belief that the missing president had taken a steamer from New York. The authorities of Boston and New York

Mrs. Fox will leave this evening for the east.

Secretary Wilson Makes Estimate of Present Supply of Bituminous Coal.

STRIKE WOULD AFFECT ALL FACTORIES

Vast Industrial Machinery Throughout United States Would Be Handicapped for Fuel if Suspen-

sion of Work Comes.

INDIANAPOLIS, June 20 .- It is estimated ; by Mr. W. B. Wilson, secretary and treasurer of the United Mine Workers of America, that the present supply of bituminous and anthracite coal above ground would on his way to Europe. McDowell was be exhausted in less than three months if there should be a general suspension of work in the mines. According to this estimate, if the national convention of mine workers in Indianapolis, July 17, should vote for a general suspension of work in support of the anthracite strike, as is now face value of \$250,000, which were given proposed, the vast industrial machinery of the United States would be handicapped for fuel, so that thousands of factories would have to suspend work.

> Mr. Wilson has statistics showing that there are approximately 450,000 miners in the country, scattered through thirty states The miners of twenty-four states would be actively involved if there should be a suspension of operations. In Idaho, Nevada, California, the Dakotas, North Carolina, and two or three other states, brown coal known as lignite, is mined, but the organization did not take these states into consideration when it issued a call yesterday for the national convention. There are now over 200,000 members of the mine workers organized. Mr. Wilson says that nearly every non-union man would go out if a general suspension of work should be ordered. During the first anthracite strike two years ago there were only 8,000 anthracite men in the organization, yet over

> 125,000 went out. The anthracite organization now includes 147,000 men and since the strike was ordered a few days ago many Virginia and West Virginia men have come into the union. Probably the largest supply of coal is in the bins at Buffalo, N. Y., and other cities along the great lakes.

Canada has no coal on which this country could draw if there should be a general tleup. The British Isles might supply a part of the market, but at a price that would be almost prohibitive to the manufacturers and ordinary consumers. The tariff on imported coal is 60 cents a ton to be shipped by the express company to a more than the miners receive, as a rule, for mining in the United States.

At the coming convention the belief is that the competitive district-western Pennsylvania, Indiana, Ohio and Illinoiswill take a hand against a general strike. These states have contracts that they do not want to break. The combined vote of the competitive district, with that of Iowa, is expected to prove strong enough to prevent the success of the proposition for a general strike.

There are a number of states whose agreements expire July 1, and it will depend largely on the outcome of the deliberations between the operators and miners as to where the balance of power will lie in the convention

NEW YORK, June 20 .- The coal strike in the anthracite region is compelling many of the large local dealers to look abroad for relief. Manager Herbert of the firm of Herbert & Co. said today that he had communication with some of the anthracite mine operators in Cardiff, Wales, for the importation of a supply of anthracite coal, and that he looked for a reply to his in quiry tomorrow. The class of coal he desultable for use in locomotives and furnaces. This class of coal, he said, previous to the strike sold for about \$4.50 a He expected, if he made a deal with the Welch mine owners, it would cost \$8 in New York.

Present Deserted Appearance.

WILKESBARRE, Pa., June 20 .- Extreme guletness continues to prevail throughout the Wyoming region. Strike headquarters presented a deserted appearance all forenoon, district leaders, with the excen tion of President Mitchell, being scattered through the coal belt. There was no change noticeable in the working forces of the coal companies, very few if any men being brought out in this valley today. Output to Be Restricted.

CLEARFIELD, Pa., June 20 .- Patrick Gilday, president of the district miners' union. tagued an official order today reciting that bituminous coal is being shipped to points east to s'd in breaking the strike in the anthracite region. In order to prevent the it is ordered that the output of northern and central Pennsylvania be restricted and the miners are ordered not to work more than four days a week. The order is the result of an interview between President Gilday and President Mitchell.

ARREST MINE ORGANIZERS Mary Jones and Twelve Others Are

Taken in Charge by Officers in Virginia.

CLARKSVILLE, W. Va., June 20 .- The report current that the Mount Clare mine had been dynamited has for its basis the fact that an abandoned part of the mine fell in. It is not known whether it had been tampered with or not. Marshal C. D. Eliott and deputies left for Parkersburg tonight with twelve mine organizers and strikers. Among those taken was Mary Jones, known as "Mother Jones." They are charged with violating the injunction issued by Federal Judge J. J. Jackson at Parkersburg on petition of the Clarksburg Fuel company. The injunction is more sweeping than the one issued a few days ago, and restrains the strikers from in any was interfering with the mine property or employes and prohibits them from camp ing or holding meetings within such distances of the mines or property of the coal company as might in any way interfere with the working of the miners through intimidation or otherwise. The operators claim that all the mines are in operation and that no accessions are being made by the strikers.

STRIKING MINERS AID International Boot and Shoe Workers Appropriate \$1,000 for This Purpose.

DETROIT. June 20 .- At the closing session of the International Boot and Shoe Workers this afternoon resolutions were adopted appropriating \$1,000 for the aid of the striking miners, providing for the appointment of women organizers and fixing Cincinnati as the city in which the next convention will be held. The delegates decided to hereafter hold the defense fund of the organization down to \$60,000. The surplus over that amount, which is in the fund at present will be spent in advertising the union label and strengthening the union after \$1 per capita has been reserved as a benefit fund.

President Compers has written to the sec-

retary of the Central Labor union of this

best possible way. Mr. McLean urged union men to stand closer together. To be invincible the working classes must be thoroughly organized and compact. He then cited them to learn lessons from their "enemy," the capitalist, who allows no political, religious or other faith or belief to interfere with his financial interests. To successfully cope with capital he declared labor must be as thorougly organized as its competitor. Ment Cutters' Rules.

The Meat Cutters' union, No. 82, of Omaha submitted a proposed agreement, which will be presented to every proprietor in the city for signatures. Twenty or thirty shop owners already have signed it The central body indorsed the agreement

The most important features of this agreenent provide that proprietors shall furnish all shop linen; the meat cutters shall be paid once a week; extra men not working that only troops from other cities would be full time shall be paid 25 cents an hour for actual time; meat cutters must guit and leave the shops at 7 o'clock in the evening except on Saturdays, when all those cutters who work Sunday morning shall quit at 7:30 Saturday evenings and others at 10:30; those quitting at 7:30 Saturday evening may work from 7 until 10 Sunday morning; extras not working full week may ber of Commerce of this city has decided be required to work Saturday evening and Sunday morning provided they quit at 10:30 the striking silk dyers of Paterson and Saturday evening and 10 o'clock Sunday their employers. At a secret meeting of morning; cutters may be required to work that organization, many of the members until 12 o'clock noon on the Fourth of July. being silk importers, whose business is Decoration day and until 10 o'clock in the affected, a committee was appointed to visit morning on Labor day. Thanksgiving day New Year's and Christmas hours to be the officials, the strikers and the mill owners same as those on Sundays; a proprietor and to offer to act as arbitrators or in any shall give three days' notice before discharging a meat cutter and the latter shall give the same time before quitting; no meat cutters shall be required to work on Sunday under any circumstances after October BOWLER GETS OUT OF JAIL 12, 1902; that Meat Cutters' union, No. 82, use every effort to secure a general obsecvance and to invite the co-operation of other labor bodies to this end.

Scale of Linemen.

A proposed agreement was submitted by the electrical workers to be submitted to the Jean Kramer charged with disorderly and New Thomson-Houston Electric company, indecent conduct, has been released from the Nebraska Bell Telephone company, the the county jail on the order of Judge Bax- Western Union and the Postal Telegraph ter. When the jury found him guilty the companies for their approval. This agreejudge gave the offender the maximum of ment was also indorsed by the central union. ton days' sentence, \$5 fine and commitment It fixes a scale of wages of \$2.75 a day for ourneymen linemen; \$.35 for first class apprentices: \$2 for second class apprentices. and \$3 a day for foremen. Nine hours is to constitute a working day and time and half to be paid for Sunday work and touble time allowed for work on holidays. The contract is to stand for one year. Provisions are made which are calculated to and the judge was obliged to give him readjust and cover all the points of difference between the linemen and the electric

After much discussion the central body indersed the decision of President Samue Gompers rendered May 29 on the engineer firemen and brewery workers' trouble. This decision provides that each trade shall have HOOKS JUR YFAILS TO AGREE its separate union and not be absorbed in

the brewery workers organization. The grievance which the barbers' union hold against certain members was deferred until the next meeting without action Central Labor union will meet next, Sunday, July 6, at 2 o'clock p. m. in th tem

HOTEL PEOPLE NOT LIABLE Judge McPherson Instructs for Defendant in Damage Case of Clancy Boy.

Six-year-old Freeman Clancy failed to recover a cent from the Barker hotel people for the loss of his eye, shot out accidentally by a bellboy. Ernest Lacey, on the night of January 15 last. Friday morning Judge McPherson instructed the jury which had heard the case in United States circuit ourt to return a verdict for the defendant The court held that plaintiff had no case, because at the time the shooting occurred the bellboy was not on duty, and so the hotel management was not responsible for his actions. Plaintiff asked \$50,000. The trial consumed all day Thursday and two

HOW HE EXTRICATED HIMSELF FROM A SERIOUS DIFFI LTY.

Outcalt Tells an Interesting Story About a Recent Import-ant Event in His Life.

How George W. Outcalt, a well known serchant of Wellston, Oklahoma, recently succeeded in extricating himself from a serious difficulty is one of the interesting stories now going the rounds of the

I had been working very hard." he says in telling the story. "For a long time I had given almost every moment of my attention to my business and I did not notice what effect this was having on me. But, finally, I saw that my health was giving way-I was ketting thin, was atways tired and easily out of breath; my blood was poor, my stomach bad. Every now and then I would be dirzy and any little exertion would exhaust me completely. In short, I was all run down.

"Then one day I saw an advertisement which led me to try Dr. Williams' Pink Pills for Pale People. They acted like magic. I felt better in a few days. My flesh came back till I regained my normal weight, my appetite returned and my general health is now better than it had been for many years. I have recommended Dr. Williams' Pink Pills to many of my friends and am glad of this opportunity to tell what the remedy has done for me, What Dr. Williams' Pink Pills for Pale People did for Mr. Outcalt they will do for others similiarly afflicted. They are different from ordinary medicine because they act directly on the blood and nerves. They are used with almost miraculous results in the most obstinate nervous diseases and as a blood builder and tonic are unequatted. Dr. Williams' Pink Pills for Pale People are sold by all dealers or will be sent postpaid on receipt of price, fifty cents a box; elx boxes, two dollars and fifty cents, by addressing Dr. Williams Medicine Co., Schenectady, N. Y. Be sure to get the genuine; substitutes never cured anybody.
