AMERICANS WEEK is at last here. Americans, no matter what their politics are all interested in the momentous historical events now transpiring in London.

KING EDWARD'S CHILDHOOD is the weekly letter, by Harving dropped columns long enough to spell and transmit some very interesting stories of the present monarch of Great Britain's babyhood.

QUEEN ALEXANDRA is a woman as well as queen, and an American woman who is suddenly "commanded by the queen" to call, tells a most interesting story of how she hastily prepared to answer a summons that came to her most strangely, only to find that she was to have the pleasure of dining with the queen of England the approaching nuptials of a young woman in whom they were mutually interested.

TRAVELING MEN LIKE FUN as well as most people and know how to go about to make it for themselves and others. Last week the Iowa Council of the United Commercial Travelers met at Council Bluffs.

PHOTOGRAPHING A TORNADO is a feat not often accomplished, for as a rule the twisters will neither still nor look pleasant, and photographers usually get busy at something else when one of these customers breathes in sight.

NEW YORK MILLIONAIRES are going in more than ever for fine horses. Private race tracks and polo grounds are a feature of their existence, while the coaches and other turnouts are becoming things of utility as well as display.

MANY OTHER THINGS have contributed to the forthcoming number of The Illustrated Bee, for example: There is a fine picture of Rt. Rev. J. Garrigan, D. D., the new bishop of Sioux City; scenes at the Modern Woodmen of America memorial services at Hancock park last Sunday, and personal pictures of more than passing interest, with the usual comment, short stories, anecdotes and the like.

City Acquires Concessions from Land Company After Long Contest and Road Will Become Public Thoroughfare.

A road through Syndicate park is to be opened within the next two weeks. Some grading already has been done and City Engineer Reid said last night that with good weather the work could be completed in a fortnight or less.

For a long time the people of the city have desired that Twentieth street be opened through the park and now the land company controlling the property has finally consented to sign the necessary papers.

Judge Breen and others of the East Side Improvement club have been pushing this matter for many months but only recently any results have been obtained.

Members of the finance, buildings and grounds committee of the Board of Education were to have met yesterday afternoon in the office of the attorney of the board for the purpose of going over accounts and deciding upon the amount of the assessment to be made this year.

For some reason there was no quorum and it was asserted by members last night that the matter would be settled at the regular board meeting to be held next Monday night.

Grading Contracts Delayed. Owing to the illness of Zack Cuddington several grading contracts are being held back. Mr. Cuddington is reported to be sick with malarial fever at Ottumwa, Ia., where he is supervising grading for a railroad.

Teachers' Examinations. Over forty applicants for positions in the public schools reported to the examining board yesterday and began the first day's work. The examinations yesterday consisted of papers in arithmetic, orthography, grammar, theory, practice and music.

Large Eastern Delegation Met and Briefly Entertained by Tangiers.

A train of twelve cars bearing the largest caravan of Shriners to cross the great American desert in one party, 235 in all, pulled into the Union station at 8:50 last night over the Union Pacific from Denver.

Arrangements had been made for a big time at the Tangier quarters, as the visitors were expected to arrive in the afternoon and remain several hours.

Shriners from Mecca temple of New York City predominated. There were others from Kismet of Brooklyn, Cyprus of Albany, Palestine of Providence, Oriental of Troy and pyramid of Bridgeport, Conn.

M. A. Hall of Omaha told how sad it made Tangier temple not to have the easterners at its own quarters and Potentate White & St. Paul road here a chance to make the run from here in twelve hours if it could.

At the Boyd. Last night the bill of the Ferris Stock company at the Boyd theater was changed, and "The Crook" is to be the offering of the week.

MISS MAGEE ON JAIL WORK Explains Her Misunderstanding with Woman's Christian Temperance Union.

OMAHA, June 19.—To the Editor of The Bee: When I accepted the work in the west wing of the county jail under the Woman's Christian Temperance Union two years ago I was not aware, nor was I informed, of the existence of any rules governing their work.

While the union's jail superintendent learned of my interview with Judge Baker shortly after this became known, a short time ago that the union criticized my action. At that time the incident was explained to me and I learned that I had for the first time that I had violated their rules, the right and my duty in the matter seemed so apparent that I told them I would feel compelled to do the same thing again under similar circumstances.

On Wednesday evening, in Calvary church, occurred the annual meeting of the Baptist Social Union, with Mr. Holmes as chairman.
