

QUAY PRESENTS HIS MOTION

Asks Discharge of Committee from Consideration on Territorial Omnibus Bill. MEASURE PUT OVER UNTIL NEXT SESSION

WASHINGTON, June 23.—A motion was formally made today by Mr. Quay of Pennsylvania to discharge the committee on territories from further consideration of what is known as the omnibus territorial bill measure to admit as states the territories of Oklahoma, New Mexico and Arizona.

Mr. Quay spoke briefly but forcibly in support of his motion, maintaining that political parties in national convention had pledged themselves to the admission to statehood of the territories. Mr. Beveridge of Indiana, chairman of the committee, said the measure had been put over until next session by the committee because it was not believed there would be time now to consider it properly. No action was taken on the motion.

During the greater part of the session the unfinished business, the bill ratifying a convention with the Choctaw and Chickasaw Indians, was under discussion. It was not disposed of.

When the senate convened a partial report on the naval appropriation bill was presented. The senate insisted upon the amendments still in disagreement and asked for a further conference.

The conference appointed were Messrs. Hale of Maine, Perkins of California, and Tillman of South Carolina. A joint resolution was adopted authorizing the secretary of war to receive Arturo R. Calvo of Costa Rica at West Point military academy for military instruction.

The army appropriation bill was laid before the senate and Mr. Proctor of Vermont moved to recede from amendment number thirteen, relating to the construction of barracks at permanent military posts. After some discussion, the motion was agreed to.

Allison Has a Word. Mr. Allison called attention to the fact that the house had not agreed to the full and free conference asked for by the senate and the effect of the action of the house being to eliminate entirely at least two amendments of the senate. He said by the motion of Comity made by Mr. Proctor the situation would not be cleared. He thought the senate ought to recede from amendment No. 14 increasing the appropriation for barracks and quarters by \$1,000,000.

Mr. Proctor moved that the senate insist on the other amendments. After some discussion the motion was agreed to, amended so as to insist upon the senate amendments, including No. 14, the senate conferees being Messrs. Proctor of Vermont, Foraker of Ohio, and Cockrell of Missouri. A bill was passed for the classification of salaries of clerks employed in postoffices for the first and second classes.

Mr. Quay of Pennsylvania then formally entered his motion to discharge the committee on territories from further consideration of the bill to admit as states the territories of Oklahoma, New Mexico and Arizona.

Mr. Beveridge of Indiana, chairman of the committee on territories, said the subject had gone over to the next session, when it was to be taken up early and fully considered.

At 2 o'clock the unfinished business, a house bill to ratify an agreement with the Choctaw and Chickasaw tribes of Indians, was laid before the senate.

Numerous Bills Are Passed. The following bills were passed: Appropriating \$25,000 for the erection of a monument at Fredericksburg, Va., to General Hugh Mercer; providing for the resurvey of certain townships in San Diego county, California; to authorize the construction of a portion bridge across the Missouri river in Cass county, Nebraska, and Mills county, Iowa; to provide for a record of deeds and other conveyances and instruments in writing in the Indian Territory; to pay Captain J. F. McIndoe, corps of engineers, \$1,143 for personal property destroyed at Fort Hancock in 1801; to amend existing laws relating to the disposition of lands in Oklahoma, so that the secretary of the interior may be authorized to cause to be expended out of the proceeds of the sales of the town lots in Lawton, Anadarko and Hobart, Okl., for the construction of water works, school houses and other improvements \$150,000 for Lawton, \$50,000 for Anadarko and \$50,000 for Hobart, and to increase the amount authorized to be expended for a courthouse in each of the places named, \$10,000 to \$50,000.

Without completing the Indian treaty measure, the senate at 5:55 p. m. went into executive session and soon afterward adjourned.

DEBATE IS NOW WARMING UP (Continued from First Page.) the atrocities at Andersonville," interrupted Mr. Neville of Nebraska, why should not the American people not now be indignant over the brutalities in the Philippines? Why parade the civil war horrors as an excuse?" (Democratic applause.)

Wordy War Starts. "If the administration was directly responsible for the atrocities alleged to have been committed in the Philippines, the republican party should be swept out of power." (Democratic applause.) "While the union prisoners were suffering at Andersonville," interposed Mr. Richardson, "did not the confederate government have up a standing offer to exchange those prisoners, offer for officer and man for man, and was not that proposition rejected?" "Yes, but the men in Andersonville were broken, emaciated, many of them maniacs. The north refused to exchange able-bodied men for men who could not perform military service," replied Mr. Richardson. "I ask again," interrupted Mr. Richardson, "did not more confederate prisoners die in union prisons than union prisoners in southern prisons?" "I deny it and will put the reports in the record." "It is true, and I can prove it," asserted Mr. Richardson. "You want the south to assist the government in prosecuting the war in the Philippines," interposed Mr. Neville. "Why

do you now seek to besmirch the south?" (Democratic applause.)

"I do not desire to besmirch the south," Mr. Mahon replied. "I only desire to show, as General Sherman declared, that 'War is hell.'"

"As a republican," Mr. Mahon concluded, "I say that I do not fear the assault upon our army. The American people will stand by the boys in blue when we go upon the hustings for the control of the next house. (Republican applause.)"

At 5 o'clock the house took a recess until 9 o'clock.

Night Session. At the night session Mr. Bartlett, democrat of Georgia, replied to the remarks made at the afternoon session by General Grover and Mr. Mahon as to the treatment of union prisoners detained in confederate prisons. He read from a report made by Charles A. Dana, assistant secretary of war, upon the conditions in the southern prisons, saying that the condition of the union prisoners in the south was no worse than that of the confederate soldiers in the field. To prove his statement, made in the afternoon, that a greater percentage of confederate soldiers died in union prisons than did union soldiers in confederate prisons, he produced the figures from Secretary Stanton's report of July 16, 1862, showing that of 220,000 confederate prisoners in union prisons, 26,376, or over 12 per cent, died, against 22,376, or about 3 per cent, of the 370,000 union prisoners who died in confederate prisons. The other speakers at the evening session were Messrs. Gibson, republican of Tennessee; Neville, democrat of Nebraska; Burnett, democrat of Alabama; Gaines, democrat of Tennessee, and Mr. Everett, democrat of New York.

At 10 o'clock the house adjourned until 11 o'clock tomorrow.

South Dakota.—Denton A. Brouss, Vermillion. NO HOPE FOR CUBAN TREATY Time Too Short, Even If There Was Sufficient Majority in the Senate.

WASHINGTON, June 23.—It has been determined that no reciprocity treaty with Cuba can be submitted at the present session of congress. It was first planned that in the event of the failure of the administration managers in the senate to secure favorable action on the Cuban bill, a treaty with Cuba should be submitted to the senate. This, of course, cannot be accomplished in the short space of time intervening before adjournment, if the estimate of the leaders that congress will adjourn by July 4 are correct.

No confidence is felt in administration circles as to the ability of the senate managers to secure the ratification of a treaty, even if one is drawn, and while the president may feel called upon to put the idea to a test, it will be rather with the idea of demonstrating his own purpose to do everything possible for Cuba, than in any expectation that a two-thirds vote for ratification could be received.

KING ALBERT IS AT REST

Impressive Funeral Services Held Over the Remains of the Dead Ruler.

LONG PROCESSION OF ROYAL MOURNERS Volleys of Cannon and Musketry Fired Outside of Court Church as Body of Lamented King Was Lowered into Vault.

DRESDEN, June 23.—The funeral of King Albert, which took place here this evening, was most impressive. The court church, where the funeral service was held, was draped in black. The coffin of the king was draped in a red satin pall and around it a vigil has been kept by Saxon officers and dignitaries of the Saxon court since it was conveyed to the church last Saturday.

This evening the nave of the church was occupied by members of the diplomatic corps, the extraordinary missions to Dresden to attend the king's funeral, which include Andrew D. White and the Marquis de Noailles, respectively the United States and French ambassadors to Germany, ministers, members of the diet and deputations of foreign officers.

The royal mourners arrived at the church in a long procession. They included King George and the prince of Saxony, Emperor William of Germany and Emperor Francis Joseph of Austria, the grand duke of Baden and others. The widowed queen Karola and the empress of Germany together with the Saxon princesses occupied two pews in the church. Dr. Brendler, chaplain, delivered the funeral oration. At the conclusion of the services the royal coffin was lowered into a vault beneath the church and as this was done volleys of cannon and musketry were fired outside the building.

Emperor William and Emperor Francis Joseph left Dresden at a late hour tonight.

KANSAS POPULISTS TO MEET

Leaders Hold a Conference in Advance of the Arrival of Delegates.

TOPEKA, Kan., June 23.—The populist state convention will meet in this city tomorrow to nominate candidates for supreme judges, lieutenant governor, treasurer, superintendent of insurance, attorney general and congressman. The other places on the state ticket were filled by the democratic state convention a month ago. The populists are expected to ratify the sections made by the democrats, then nominate the remainder of the ticket. The two parties hope to effect fusion, and yet not disobey the provisions of the law against fusion.

While there is no doubt that the populist convention tomorrow will declare for fusion, there is every prospect of a lively fight. There is quite a sprinkling of straightout populists among the delegates, led by John W. Briedenthal, former candidate for governor, and these will combat to the end anything that looks like making terms with the democrats. The issue will be closely fought.

Senator W. A. Harris will be temporary chairman of the convention. He is satisfactory to both elements of the party. Senator Harris has not prepared a speech. He says he has no keynote to sound. He is here, he says, to look the situation over preparatory to being a candidate for reelection as senator.

REMAIN AWAY FROM MILLS

Many Silk Weavers Ignore Invitation to Return to Their Looms.

GENERAL MEETING CALLED FOR SUNDAY Dyers' Helpers Authorize Their Committee to Settle the Strike on the Best Terms Obtainable.

PATERSON, N. J., June 23.—It is estimated that 20 per cent of the employes of silk mills for whom looms were ready stayed away from work today. No general strike of the silk workers has been ordered and none is likely for a day or so if at all. The general conference of silk workers appointed Sunday night to wait on the bosses and ask them to come to an agreement with their dyers' helpers met with partial success.

At a meeting of the Dyers' Helpers executive committee of the Dyers' Helpers was given power to settle the strike on the best terms that could be procured from the employers.

Detectives tonight arrested Frank Schneider of this city. He is charged with having shot Patrolman Charles Robinson during the fight about the Bamford mill Wednesday night. Schneider is a dyers' helper. He denies that he fired the shot.

SUMMIT, N. J., June 23.—A delegation of the Paterson silk dyers' strike came here today and as a result the 750 loom workers went out on a sympathetic strike.

NEW YORK, June 23.—President H. M. Olyphant of the Delaware & Hudson company today made the following comment on the statement of President Mitchell of the United Mine Workers of America, issued in reply to that of the operators into which the trouble leading up to the strike was made public: "Mr. Mitchell's statement is misleading and unreliable as to the facts of the case. It is impossible to call out the bituminous miners and paralyze the entire industries of the country. He will find that he has taken on his shoulders a job bigger than he is able to do. There will be no arbitration, that is certain. We will open our eyes and again with the men who are on strike now. They will be only too glad to come back, and no strike leader will be able to keep them out."

Mr. Olyphant declined to enter into any detailed denial of any of the assertions made by Mr. Mitchell.

Thomas P. Fowler of the New York, Ontario & Western said: "I have not had time to read Mitchell's statement. Therefore, of course, I have no comment to offer."

There was the greatest excitement in the chamber when this statement was heard and Mr. Kohl immediately turned the money over to the council clerk, Mayor Johnson, who was present, then charged Dr. F. W. Daykin to help against the money acting as a go-between and who gave Kohl the money.
