

CAR BUILDERS MAKE DEMAND

Conference with Officials Said to Promise Amicable Arrangement.

MACHINISTS HOLD KEY TO SITUATION

National Organizer of American Machinists' Union Comes to Omaha to Aid the Local Men in the Case.

The labor situation at the Union Pacific shops is still a perplexing problem to both sides. Each day brings the crisis nearer and makes the outcome more uncertain. Both factions were claiming additional strength yesterday and every inch of ground is being disputed.

Yesterday morning the car builders met in conference with the Union Pacific officials at the headquarters. It was stated that they would, and apparently both the workers and officials came out of the meeting very well satisfied with what took place.

The information was obtained from authoritative sources that the Union Pacific looked upon the proposition of the car builders as decidedly reasonable and were well impressed with their manner of presenting their claims.

Officials say reports yesterday morning from over the road as to the condition of engines are very favorable. The machinists probably hold the key to the situation and upon their action will depend to a large extent the ultimate action of the shopmen.

It was a forcible entry and detainer case, brought by Charles M. Hansen and Mrs. M. D. Karbach, who alleged that Mrs. Jones was holding the premises at 702-703 South Seventeenth street without right and only by a return that she had a certified copy of the writ and endorsement at her disposal.

SOLDIER TRADUCER SHOT

Attack on American Army in Philippines, Soldier Starts Small Riot at Knoxville, Tennessee.

KNOXVILLE, Tenn., June 23.—An attack upon the American army in the Philippines made at a garden party here last night started a desperate fight which may cost four lives.

One man is dead, and three others, including the traducer of the soldiers, and a discharged regular, recently returned from Manila, who defended the name of the military, are fatally wounded. The dead is:

JOHN KENNEDY, aged 48. Injured. Alonzo Barger, stabbed twenty times, cannot recover.

Charles Hobbs, badly cut about the face, neck and breast. Lincoln Monday, stabbed; jugular vein almost severed.

Monday who served three years in the proslipage as a member of the Ninth infantry and who is a survivor of the massacre of Company C at Balangiga, Samar, gave Barger the lie when the latter declared that "two-thirds of the American soldiers who went to the Philippines were hoodlums and the other third were cowards and bullies."

In the fight that followed Hobbs and Kennedy took the part of Barger. All fought with pocketknives until Monday, weak from the loss of blood, sank to the ground. Then one of his friends in the crowd handed him a revolver and he shot Kennedy dead. Monday then shot at Barger and Hobbs, but failed to hit either.

Attractions for Carnival. Suggestion to Secure Novelties from New York and Other Eastern Cities.

The carnival committee of the Knights of Ak-Sar-Ben has this week begun work on the carnival. It has been proposed that a manager of the enterprise be chosen and with a member of the Board of Governors he will make a trip to New York.

It is the intention of the committee to bring out some of the latest things in the form of popular entertainments which have been introduced in the metropolis this season, and an effort will be made to relegate the features of the street fair which have been seen so regularly in the west.

"In New York and other eastern cities," said one of the governors, "there are many novelties which could not be brought out west. The Knights of Ak-Sar-Ben desire that their friends shall have the best of everything that is going, and we therefore expect to make arrangements to bring some of the best attractions this way. It may not be possible in all cases to get the New York performers to come west, but in that contingency we will secure from the proprietors of the entertainment the right to reproduce it here with local talent."

It is expected that the selection of a manager for the carnival will be brought up at the meeting of the board tonight.

BRIDGE CONTRACTOR IS BUSY

Says Commissioner O'Keefe Has Not Handled His Figures Correctly.

Robert E. Drake, hustler for the Standard Bridge company, is camping with the county commissioners today, because of the campaign against him, opened Saturday by Commissioner O'Keefe.

Mr. Drake said: "I am willing to have them investigate. Mr. O'Keefe is figuring, at least in the instance of the Elk City bridge, on the superstructure alone, and not allowing me anything for the substructure, as provided by the contract."

Commissioner O'Keefe's reply to this is that he did allow for the substructure in making his investigation, and that "they are not so afraid that I made a mistake as that I did not." He says that when the matter comes up he proposes to have it fought out on the floor of the commissioners' room, where the public and representatives of the press may hear what is said and what evidence is given.

COLOR MAN CUTS UP A BIT

Wants to Whip Others, but Only Makes Serious Trouble for Himself.

Tasso Bryant, a colored man, tried to get some one to fight him while in a barber shop at 1213 Dodge street Sunday afternoon and because he couldn't kicked out one of the large front windows of the shop.

A piece of the glass stuck in his left leg near the ankle, severing an artery. As soon as the blood began to flow Bryant made a run for the door, but he was stopped by Dodge street. After his blood was dressed and the flow of blood stopped Bryant again became obstreperous and started in to clean out the doctor's office.

The doctor telephoned for the police, but before their arrival Bryant had torn the stitches from the cut and the blood again began to flow. By the time the officers got him to the police station Bryant was nearly dead from loss of blood. The wound was again closed and Bryant was locked up. He is a dining car porter on the Northwestern and hails from Milwaukee.
