Prediction of a Gypsy.

The story of the king and the Epsom gypsy is being retold. According to this a and president of the Irish National league, sypsy who was supposed not to have known has written the following account for the POPULISTS ARE SWALLOWED UP his majesty's identify told him that he Associated Press: would "rise high, to the throne itself, but would just fall short of his ambition at the last moment and would not be crowned king.

The same seer told King Edward that he would be so unlucky on the turf that if even one of his horses was going to win a race it would fall dead at the finish. This prediction was fulfilled in the case of Counterpane in 1885.

Later, at Homburg, a palmist is said to have foretold that the king would become ill as he started for his coronation. Whether the stories are true or otherwise, the coincidence of their being current

this year and the event of yesterday are regarded as remarkable.

DEATH RECORD.

Thomas Kaster, Shenandoah.

SHENANDOAH, Ia., June 25 .- (Special.) Profound Depression in House. But in spite of all this, and in spite of even the discordant and grotesque shouts, there was that about the place which showed that something was in the air that shocked, saddened and even affrightened men. It is no exaggeration to say that there was a look of far more profound depression about the house than even in those awful and trying hours for English-men when the disasters of Colenso and Spionkop seemed to make the whole fabric of the empire reel. Many members entered the house as i illness were theirs and as if a hlow had fallen on them. The local petition was at last finished, the cries ceased and there fell a somber and solemn stillness on the house when Mr. Balfour and the other ministers filed in. Spontaneously and universally hats were taken off when Mr. Balfour rose and an-nounced that he had a message to doliver in reference to the king. Profound Depression in House. -A telegram received in Shenandoah Tuesday forenoon announced the death of Thomas Kaster at Crawford, Neb., while on his way to Hot Springs, S. D., for his health. He was accompanied by his daughter, Mrs. C. J. Adams of Riverton, who was with him when he died. The body will be brought to this place for burial Thursday afternoon. Mr. Kaster has been identified with Shenandoah for a quarter of a century, during the greater part of which time he has been engaged in business of some kind. Thomas Kaster was an Odd Fellow and Woodman and both orders will take part in the funeral ceremonies.

Associated Press: The work-a-day world goes on in its usual way, whatever tragedy be in the air, which will probably be true of the H-une of Commons, which is even yet bound down with the iron rules that no high destiny or national crisis can unbind. Thus it was today when the whole of London was shaken by the announcement, of the postponement of the coronation and the Berlous Illness of the king, for which everybody was waiting to see the ministers enter and hear some news one way or the other. A clerk at a table read out the words of a proclamation from a provincial the serious Illness of the fate of the mon-arch was in the balance was one of those grotesque contradictions which excepterated and finally got on the nerves of the house. But as the clerk read stolldly on in a muffied voice the house began at last to interrupt him with discordant and even indecorous cries, and while the house was etili disorder the ministers were still absent from their places and the house was etili the victout news. Protound Depression in House. Identity. HURON, S. D., June 25 .- (Special Telegram.)-The first proposition discussed in both the democrat and populist conventions was that of fusion. The parties opened in separate conventions, the democrats elected H. H. Smith chairman and F. M. Stover secretary and proceed to discuss fusion. Some delegates were instructed

against it, but finally resolutions were passed favoring fusion, and a committee to confer with the populists was chosen. The populists also had a lively discus-

sion on the fusion matter, but finally appointed a conference committee with the understanding that while they surrender this name at this time they do not abandon party organization and have the liberty to take the name at any future time. The

democrat committee was John A. Bowler of Minnehaha, T. J. Ryan of Union, S. E. Rowe of Stanley, W. T. Lafollette of Brule, Thomas Reeves of Bonhomme. The pop-

ulist conference committee was A. B. Fox President Ellot. of Minnehaha, W. J. Healy of Hand, James Mohr of Hansen, R. B. Carr of Potter, J. E. Kelley of Moody.

The House of Commons always looks its beat and most impressive when it is thus unfovered. FIRE RECORD.

SALT LAKE CITY, June 25 .- Mercur, the great cyanide gold camp and the second largest mining town in Utah, was practically wiped out of existence by fire today. The origin of the fire remains a mysbeyond the fact that it began with an explosion of some kind about 9 o'clock this morning in the upper story of the Preble block, in which the Oquirrah hotel and a saloon were located.

-A short time after the fire broke out the telephone exchange was destroyed and all wire communication cut off. At 2:30 o'clock this afternoon a courier rode into Fairfield and telephoned that Mercur had been wiped off the map so far as the business district is concerned. Not less than forty or fifty stores have been completely destroyed and there is not a single store left in the camp, The people are in a destitute and pitiful condition. At least \$,000 are without food and shelter. Governor Wells and Mayor Thompson of Salt Lake City were appealed to for immediate assistance. Fully 80 per cent of the town has een destroyed. Many people in Omaha and Fremont are interested financially in Mercur and are no doubt sufferers from the fire.
