

BOULEVARD FOR THE NORTH

Thirtieth Street May Be Improved as a Great Public Highway.

PARK BOARD TO ACT WITH THE COUNTY

Commissioner Cornish Explains a Plan to Secure Paved Street Running Through to Village of Florence.

A movement is on foot to convert Thirtieth street into a great public highway, connecting the city with the country on the north. It is to be graded and paved with macadam both inside and outside of the city limits, and to defray the expenses of the improvement city and county are to combine. According to the present plan the pike is to be extended northward at least six miles into Florence precinct.

Park Commissioner Cornish had this to say on the subject: "Members of the Board of County Commissioners who want this improvement made have been making overtures to the park board, asking for its assistance and co-operation, and the chances are that the two boards will hold a joint meeting on the subject in the near future. Their proposition to us, in a general way, is that they will raise the money for this year enough to defray the expense, if we will take the matter up with the city council and have the street turned over to us as a boulevard. We could then go ahead and improve it the same as any other boulevard."

"This co-operation would not be necessary under ordinary conditions, but the trouble is that Thirtieth street, out in the northern part of the city, extends through a class of property that is not valuable enough to pay for the expense of the improvement. To levy a special assessment on the abutting property for this purpose would be to confiscate it. But it is a road that is demanded by the public at large, so the present plan contemplates that the public at large shall pay for it. The city raises about seven-eighths of the county road building fund, and this is a case where a part of it comes back to the city. In making these overtures to us it is likely that the county commissioners are responding to a general clamor of their constituents for a central paved highway by which they can get into the city from the north."

"Thirtieth street is now paved as far north as Fort street, and the scheme is for the park board to extend it a mile farther north, which would take it to the city limits and very close to the village of Florence. Then the county commissioners would take it up and extend it still farther northward, the distance depending upon the funds available for the purpose."

"There are now several macadam paved streets leading from the city into the country westward and southward, but none northward, and there is no doubt but that the contemplated improvement will prove very popular. It will also be a beautiful driveway, since it will furnish a paved road to old Fort Omaha, to Miller park, to the pumping station at Florence, and many other points of interest."

The Board of Park Commissioners was in session yesterday, but the county commissioners, being busy as a board of equalization, will not be able to meet with it. The joint meeting has been deferred until after the adjournment of the Board of Equalization. The exact date for the joint meeting has not been decided upon, but it will be some time before the county levy is made.

Too Great a Risk.

In almost every neighborhood someone has died from an attack of cholera or cholera morbus, often before the medicine could be procured or a physician summoned. A reliable remedy for these diseases should be kept at hand. The risk is too great for anyone to take. Chamberlain's Colic, Cholera and Diarrhoea Remedy has undoubtedly saved the lives of more people and relieved more pain and suffering than any other medicine in use. It can always be depended upon.

BIDS ON NEW MARKET HOUSE

Board of Public Works Advertises for Them Despite Mayor's Opposition.

The Board of Public Works set the market house ball rolling yesterday by advertising for sealed bids for the new building on the main central portion and the west wing of the building, bids to be opened by the board July 11. City Engineer Rosewater has been working on the plans for the last two weeks, and finally has them completed in detail. It is not likely that the east wing of the building will be erected before next year.

There is a rumor current about the city hall that the moment ground is broken for the market house foundation the work will be enjoined, the legal point being raised that that portion of Capitol avenue between Fourteenth and Fifteenth streets which has been chosen for the site has not been regularly condemned for the purpose.

FIGHTING MEN IN HOSPITAL

Saloon Keeper Peterson and Brother-in-Law Gillman Win Second Money in Scrap.

C. Peterson, a saloon keeper, and his brother-in-law, James Gillman, attempted to make a chopping block of Police Officer Brady at an early hour yesterday, and are now under the care of the police surgeon. They will recover. Peterson and Gillman were drinking in a saloon near Twelfth and Farnam streets and were making more noise than the law allows. Officer Brady went in the saloon to quiet them. As soon as he entered Peterson began to abuse him and wound up by attempting to throw him out of the building. Gillman came to Peterson's assistance, and together they got the officer down and one of them kicked him in the head. Officer Kilsane, who was across the street, heard the commotion and called in to help Brady. The result was that Peterson and Gillman were both badly beaten over the head and finally agreed to go to the station without any more persuasion. Once outside the saloon, however, they again started a fight, and were again beaten into submission. The men will be given time to recover and allow their wounds to heal before they are taken before the judge.

A Place to Spend the Summer.

On the lines of the Milwaukee railway in Wisconsin, Minnesota and Iowa are some of the most beautiful places in the world to spend a summer vacation, camping out or at the elegant summer hotels. Boating, fishing, beautiful lakes and streams and cool weather. Okoboji is the nearest of these resorts, but all are easily reached from Omaha, and the round trip rates this summer are lower than ever before. Full information on application.

TWO DEATHS IN FEW HOURS

Family of H. D. Brady Loses Girl at Night and Boy Next Morning.

Two deaths have occurred in the family of H. D. Brady within twenty-four hours. Marjory, aged 2 years, died Thursday night, and Friday morning Hugh, aged 5 years, died, both of whooping cough and measles. The family resides at 523 South Sixteenth street. The father of the children, H. D. Brady, is a wireworker and is in Minneapolis. The family has resided in Omaha for the last eight months. The funeral of the children will occur Saturday afternoon at the residence, after which the remains will be interred at Forest Lawn cemetery.

PENSION PAPERS JULY FOURTH

County Clerk Will Keep Office Open During Holiday If Necessary.

Harry Miller and the force at the county clerk's office want to celebrate the Fourth of July, the day on which pension vouchers are to be made out. Mr. Miller says: "It is the desire of this office to accommodate the old soldiers in getting out their pension papers at the very earliest moment possible. The day for making them out this year comes on the Fourth of July, but I do not believe that any veteran will expect the clerks to remain at their work on that date unless there is an absolute demand that this be done. I could arrange, however, in order to accommodate those who desire to have their papers made out at once, to have them ready at the forenoon of the Fourth and keep the office open all day Saturday to finish them, instead of closing at 1 p. m., as is the custom."

Trenton Falls, N. Y.

For a great many years Trenton Falls has been known as a summer resort with more than the usual attractions. At this point the West Canada Creek, which drains a large area of the Southern Adirondacks, descends about 300 feet through a picturesque gorge, forming a series of wonderful, beautiful falls and cascades, called by the Indians Kaysa-hoo-ra "Leaping Water." For several years the surroundings have been undergoing extensive improvements; an electric plant has been installed, and the falls, gorge and woods are illuminated at night, presenting a picture of rare beauty. Trenton Falls is 18 miles north of Utica, N. Y., and reached via the New York Central. You may read all about it in the New York Central's "Four-Track series" No. 6, entitled "In the Adirondack Mountains." Sent free, on receipt of a 2-cent stamp by Geo. H. Daniels, General Passenger Agent, Grand Central Station, New York.

ANOTHER SOAP SATURDAY.

All the big soap factories have advanced the price of their products; we presume they have COMBINED on a price list; at least there is a SUSPICIOUS UNIFORMITY of all their prices—and bumping up prices is the main loom suit of ALL COMBINERS. WE KNOW THIS FROM EXPERIENCE! Remember how the patent medicines were BUMPED UP LAST JUNE? That was a combine, but we busted it and the investigators have been trying ever since to force us into another one. BUT WE'LL QUIT BUSINESS FIRST!

We have about 5 gross of soap which we bought before this advance and are going to sell it out at 50c per dozen cakes—since we will do well to take advantage of this price while this lot lasts. Delivered to any part of the city without extra charge. Ask for Fleur de Lis, Carnation, Heliotrope, Violet, Glycerine, Elder Flower, Orisinal or Floral Honey.
