

from the officials of the road in their conference last week and that there is still considerable dissatisfaction among them.

GETTING EVEN WITH SAINTS

Omaha Wins Second Game of the Series by All Around Good Work.

MISSOURIANS NOT ALLOWED TO SCORE

In the meantime Omaha by hard hitting accumulates six runs, all but one of which are earned.

ST. JOSEPH, June 29.—(Special Telegram.)—Owen was in excellent form today and certainly contributed more than his part in keeping the Saints from passing a single man across the home plate.

Both the machinists and boiler-makers held meetings yesterday. Nothing was given out after the meetings except that the strike sentiment was unanimous and the men were determined to enter the fight to win.

Unanimous Strike Sentiment.

Both the machinists and boiler-makers held meetings yesterday. Nothing was given out after the meetings except that the strike sentiment was unanimous and the men were determined to enter the fight to win.

President James O'Connell, the machinists' international leader, is expected in Omaha next week, unless the strike is settled before that time.

An official of the Omaha Pacific Sunday said they did not look for the men in the smaller places over the system to join the strikers.

KILLING OFF THE WOLVES

Bounty Claims Amounting to \$30,000 Have Been Filed Already.

NOT TEACHERS ENOUGH TO GO AROUND

Superintendent Fowler Says the Supply of Those Competent to Teach is Far Beneath the Requirements.

(From a Staff Correspondent.)

LINCOLN, June 29.—(Special.)—Instead of counting them one by one as they are the clerks in the auditor's office are busy with the boxes and number them only by machinery.

Neither house is disposed to extend the session for more than a day or two for the purpose of seeing an agreement on all the features of the bill, when it is felt on all hands that the preservation of no one feature of the bill is necessary to its success as a whole.

It is not believed in any quarter that either house will consume a great deal of time in debating the conference report when presented, but the debate should run longer than is expected the resolution for adjournment will not be brought in until the Philippine conference report shall be made and accepted by both houses.

Of the appropriation bills, the general deficiency and the naval bill remain to receive the finishing touches. There are several points of difference on each of these measures between the two houses, but none that cannot be harmonized whenever the Philippine bill shall be out of the way.

Neither house will attempt much other business. The senate calendar contains a number of measures which are not yet ready for consideration. There also is an understanding that the London dock charges bill shall be taken up under a charge of the rules after the adoption of the resolution fixing the hour for adjournment.

Both houses will close the session with exceptionally clean calendars and with the feeling that it has been a session of important achievements.

Glass Plants Shut Down.

PITTSBURGH, June 29.—With the last turn tonight the plate-glass and window glass industries of the country will be at a standstill, the former plants for one and the latter for two months, throwing idle an aggregate of 10,000 men.

WASHINGTON, June 29.—A small tablet of white marble, bearing in letters of gold a brief statement of the life and deeds of William McKinley, the tributes of the Grand Army of the Republic today acted as pallbearers for the removal of the body of E. S. Marsh from the home of Secretary of State Marsh, 1644 Locust street, to the Burlington depot.

The deceased was the father of the secretary of state and a resident of Falls City. Friday afternoon he was stricken with paralysis while riding in a street car. He was quickly removed to the home of his son, where he had been visiting several weeks, and died there about midnight. He was 69 years old. Burial was in Falls City this afternoon.

Those who acted as pallbearers were: Governor Savage, Auditor Weston, Attorney General Pratt, Land Commissioner Follmer, Superintendent Fowler and Assistant Adjutant General Howe. No funeral services were conducted in this city.

The body was taken on the morning train to Falls City, Secretary Marsh and his family accompanying.

PHILIPPINE CONFEREES MEET

WASHINGTON, June 29.—The conferees on the Philippine civil government bill were in session a large part of the day. They met first in the forenoon at Senator Lodge's apartment, where they adjourned and reassembled at 9 o'clock. The second meeting was still in progress at midnight.

After the conference took a recess at 4 o'clock it was stated that no agreement had been reached on the coinage and Philippine tariff bills. The greatest difficulty has been the principal objections to the bill, but it was said tonight that the indications were favorable for the bill.

ROOSEVELT SIGNS CANAL BILL

WASHINGTON, June 29.—President Roosevelt last night signed the isthmian canal bill.

FAST TIME IN AUTOMOBILES

VIENNA, June 29.—The Paris-Vienna automobile race was won by Marcel Renault. He covered the distance from Paris to Vienna in 17 hours and 22 minutes, at an average speed of eighty-two kilometers (about fifty-one miles) an hour.

TWO KILLED IN MISSOURI

LABORERS STEALING RICE ON BLIND BAGGAGE MEET DEATH

ST. LOUIS, June 29.—A section of passenger train No. 5 on the St. Louis & San Francisco railroad, which left here at 9:20 o'clock this evening for St. Paul, was derailed at Muckle, a few miles west of this city, and two laboring men who were beating their way home to Steelville, Mo., on the blind baggage, were killed.

Headache

Headache

RECORD MADE BY CONGRESS

Important financial measure which has been brought before congress. After considerable public discussion and several conferences by members of the house, it has gone over for consideration next December.

Other financial measure, known as the Hill bill, providing for the coinage of subsidiary silver and for the retirement of the present standard silver dollar, has passed the house but has not been acted upon in the senate.

Other notable measures.

Among the other important measures of the regular session which have not been enumerated are as follows: To prevent the sale of firearms, opium and intoxicating liquors to the natives of certain of the Pacific islands; to promote the efficiency of the revenue cutter service, and to provide for the retirement of the officers of the navy.

Appropriations Run High.

The amount of appropriations for the session will run unusually high, owing in part to the amount required to build the isthmian canal.

When Mr. Cannon submitted a general estimate of appropriations a few weeks ago he made the total up to that time \$301,445,000. Since then the canal bill has passed, carrying a present appropriation of \$40,000,000 for the franchise and enough more for the rights of Colombia and for beginning the work to carry the total up to \$390,000,000.

The entire cost of the undertaking is approximately \$184,000,000. Mr. Cannon's estimate also omitted contracts for future expenditure included in the omnibus public building, the omnibus claims and various other bills, aggregating a large amount. This will carry the total amounts, almost, if not quite, up to the billion-dollar mark.

Import of Naval Bill.

The appropriation bills have contained little legislation, being chiefly confined to the regular needs of the various branches of the government.

The naval bill, providing for the addition of two armored cruisers, two battle ships and two gunboats to the navy and the purchase of the battleship Oregon, is another example of such class of bills which shall be built in government yards.

There have been several investigations during the session which have attracted much attention. An investigation of conditions in the Philippines, conducted by the Philippine committee of the senate, has led to the examination of many witnesses high in the conduct of civil and military affairs in the islands.

Another senate inquiry has related to the condition of affairs in Cuba, especially in the case of the sugar industry.

In the house sensational charges made in connection with the purchase of the Danish West Indian islands led to an investigation which disclosed the groundless nature of the charges.

IN AMERICAN ASSOCIATION

LOUISVILLE, June 29.—Louisville and Kansas City played two great games this afternoon before 12,000 people. The locals won the first game in the thirteenth inning on three consecutive hits. Both pitchers received wonderful support, the locals playing the two best innings, neither side having scored in the first two.

The second game was called at the end of the fifth inning, neither side having scored. Both games were played in a hot sun.

Games today: Chicago at St. Louis, Boston at New York, Philadelphia at Brooklyn.

HEADACHE

CAPE HAYTIE BOMBARDED

Target for Heavy Firing from Vessels Under Admiral Killick.

Foreign Consuls, with General Firmis, Embark on Government Gunboat and are Under Fire and Greatly Endangered.

CAPE HAYTIE, Hayti, June 29.—There has been much fighting here today and great excitement prevails. Admiral Killick, commander of the Haytian fleet, disembarked a further detachment of troops and a large quantity of stores on Monday at 6 o'clock this morning for the better protection of General Firmis, one of the candidates for the presidency of the republic.

Since 6 o'clock this morning there have been several lively engagements between the men on the fleet and the revolutionists from the north. Several machine guns were set up in commanding position by General Firmis's forces, and an attempt was made to drive the men from the north from their positions. Notwithstanding the firing from the machine guns, the detachments of the northern revolutionists made several attacks on General Firmis's troops and the latter was eventually dislodged.

In the meantime the vessels under command of Admiral Killick were bombarding Cape Haytien. This action was taken without previous notification to the foreign consuls here. There has been a lively rain here since the storm of Friday, and it will not all day long. The firing was particularly heavy between noon and 2 o'clock and between 4 and 5 o'clock this afternoon.

At the moment of filing this dispatch the foreign consuls, under the protection of their various flags, are with General Firmis at a short distance from the government gunboat Oronto Pierot. They are under a rather heavy fire and in considerable danger. The foreign residents of this port are at present opposed to the lawlessness and savagery of the combatants.

Great regret is expressed that no warship of a foreign power is in the harbor to afford protection to foreign residents.

Great excitement reigns here this afternoon and as this dispatch is sent the firing in the streets continues.

PORT AU PRINCE, Hayti, Saturday, June 29.—The election for deputies has commenced here. The city is calm and the electors are voting freely. In the other cities of the republic, however, military supervision of the election has been imposed and the people are very much excited.

M'KINLEY TABLET UNVEILED

Tribute of Judge Thomas H. Anderson to Martyr President Dedicated in Metropolitan Church.

WASHINGTON, June 29.—A small tablet of white marble, bearing in letters of gold a brief statement of the life and deeds of William McKinley, the tributes of the Grand Army of the Republic today acted as pallbearers for the removal of the body of E. S. Marsh from the home of Secretary of State Marsh, 1644 Locust street, to the Burlington depot.

JOB PRINTERS GET RAISE

Accused Wage Demanded by Chicago Typothetae, Averting Threatened Strike.

CHICAGO, June 29.—The threatened strike of the Chicago job printers has been averted by the Chicago Typothetae, the employers' organization, according to the demands of the men. Beginning next Tuesday all union printers employed in the book and job printing offices in Chicago will receive a material advance in wages.

This is the first time in over twenty years that the job printers of this city have received an increase in pay.

The agreement and scale of wages agreed upon will remain operative until July 1, 1903. According to the agreement, any disputes which may arise in the future must be referred to an arbitration board and, pending a settlement, there shall be no suspension of work.

COLORADO GETS A GOOD RAIN

Most Severe Drouth Which State Has Experienced in Years is Broken.

DENVER, June 29.—The drouth which threatened to be the most severe that Colorado has known for years has been broken by a rain as general in extent as it was copious in quantity. Though the storm was in places accompanied by hail, which did much damage, this loss is trivial compared with the value of the crops saved from the drouth.

The storm damage in Denver and vicinity is estimated all the way from \$10,000 to \$50,000.

Snow fell to the depth of eight inches in Leadville and many other places in the mountains.
