

BIOTING IN RUSSIA

Striking Laborers Start Out on Campaign of Bloodshed and Destruction.

TROOPS KILL AND WOUND A NUMBER

Outbreak Somewhat Resembles Peasant Riots of Early Spring.

LEADERS ARE APPARENTLY STRANGERS

Dressed in Fantastic Uniforms and Adorned with Decorations.

PROCLAIM THEMSELVES AGENTS OF CZAR

French Utter Destruction of All Machinery Which Reduces the Number of Laborers and Causes Starvation.

LONDON, July 2.—A dispatch to the Reuter Telegram company from St. Petersburg says there have been labor riots in the past few days at Rostov-on-Don, in the province of Ekaterinlov, southern Russia. There have been numerous collisions between the troops and the rioters. The troops fired and many of the rioters were killed or wounded.

The outbreak at Rostov-on-Don, continues the Reuter correspondent, somewhat resembled the peasant riots in the central provinces of Russia in the early spring. The leaders of the last riots were strangers in the district. They were dressed in fantastic uniforms and adorned with decorations. They proclaimed themselves agents of the czar and preached the destruction of all machinery which reduced the number of laborers and brought the masses to starvation.

TERMS PROPOSED BY TAFT

Approved in Washington Note Will Be Sent to the Vatican.

ROME, July 2.—The civil governor of the Philippine Islands, Judge William H. Taft, has outlined to Washington the terms of the note to the Vatican on the subject of disposition of the friars' lands in the islands which were compiled here yesterday at the conference here on the subject.

Father Santiago Pava, provincial of the Dominican order in the Philippines, who has been in Rome for several months past, living at the institute which formerly prepared the Spanish missionary friars for their labor in the Philippine archipelago, has been ordered by the Vatican to draw up a plan for the transformation of this institute into a training school for the native Filipino clergy, who are destined partially to replace the friars when the agreement between the Vatican and Judge Taft concerning their withdrawal shall have been concluded.

WASHINGTON, July 2.—The news from Rome received at the War department in the shape of daily cablegrams from Governor Taft is generally encouraging. It is said that while no details can be given out for publication, in this incomplete state of the negotiations it is evident that they are proceeding with the greatest activity, principally in the shape of verbal exchange, though for the sake of the record, these are generally supplemented by written notes showing in condensed form the substance of what has been said. It is stated that the notes fall to show that any insuperable obstacle has been encountered.

WILL MAKE INVESTIGATION

Professor Ernest Halle to Find Out How to Improve Germans in Polish Provinces.

BERLIN, July 2.—Prof. Ernest Halle, who visited the provinces of the German empire of investigating ship building conditions for the German Navy department, has been commissioned by the Prussian government to go to the province of Posen and study economic and social life of the Poles and their relations with the German settlers and to draw up his recommendations for spending the recently appropriated German fund of 250,000,000 marks. Herr von Halle intends to devote three weeks to horseback journeys into the various districts, so as to investigate the farm life remote from the towns.

CELEBRATE BLOW TRAIN DOWN BANK

BOMBAY, July 2.—A train on the East Indian railroad, near Rampur, was blown down an embankment by a cyclone today. Thirteen persons were killed and fifteen were injured.

WANTED TO GAIN NOTORIETY

Disappointed Because of Her Failure to Become an Actress Pauline Davison Kills Herself.

DENVER, July 2.—Disappointed because of her failure to become an actress, Pauline Davison, aged 30 years, of Lawrence, Kan., committed suicide here, by taking chloroform. She left a photograph and the following note for the newspapers:

ESCAPED PRISONER CAPTURED

Haves Like a Maniac and His Trial May Be Postponed.

WASHINGTON, Ind., July 2.—Joe Herbert, the alleged murderer who escaped jail with Bill Edson and others Tuesday morning, was captured last night at the home of a relative in this city.

CLERKS JOIN THE STRIKERS

WINNIPEG, July 2.—Canadian Northern yard clerks and checkers joined the strikers today. The superintendent offered to sign the schedule at once, but they will remain out with the other unions.

KING IS STILL IMPROVING

Has an Excellent Night and Wound is Beginning to Heal.

LONDON, July 2.—At Buckingham the following bulletin was issued this morning on the condition of King Edward:

The king had another excellent night and is making improvement in all respects. The wound is much less troublesome and beginning to heal.

The following was issued from Buckingham palace at 7 p. m.:

The king maintains his steady progress. The local pain being less, the days are passed with greater comfort.

King Edward has passed another good day. The quiet and routine of the sick room was varied today by the excitement of listening to the music and cheers of the Indian troops as they marched past the palace and greeted Queen Alexandra on the balcony. King Edward demanded a full account of the review and the formal report made by the prince of Wales was supplemented by the personal narrative of the queen. His majesty dictated a letter to the duke of Connaught, commanding him to compliment the colonial troops upon their excellent appearance and to thank them for their expressions of loyalty and sympathy, which he had heard with pleasure in his sick room. King Edward was somewhat disappointed that he was not able to see the march past of the troops. He had hoped that this would be possible from an invalid couch in a window of the palace, but the doctors were unwilling that he should risk this exposure and excitement, and his majesty had to content himself with hearing the troops without seeing them.

At a late hour tonight the king's improvement continued. It was announced that he had partaken of a fairly good dinner and smoked a cigar. The prince and princess of Wales gave a brilliant dinner party at the York house tonight in honor of the visiting Indian princes.

A unique and impressive scene was witnessed in St. Paul's cathedral this evening, when some 2,000 doctors assembled beneath the dome of the building and offered prayers for the king's recovery. Many of the doctors wore their academic robes. A litany was sung in procession, the doctors joining in the singing. At the conclusion of the service the congregation sent a message to Queen Alexandra, expressing its fervent wishes for his majesty's speedy recovery.

REVIEWS THE INDIAN TROOPS

Queen Alexandra is Again the Central Figure in Public Demonstration.

LONDON, July 2.—The review of the East Indian troops today was largely a repetition of yesterday's function, but the varied coloring of the uniforms of representative corps from all parts of Hindustan formed an altogether more picturesque spectacle.

Queen Alexandra was again the central figure of the proceedings and the public welcomed the opportunity to testify once more to her sympathy with her on account of her recent anxiety and her congratulations at the continued good news regarding King Edward's condition.

The review procedure of yesterday was followed. About 1,300 Indian troops, headed by a detachment of the body guard of the viceroy of India, Lord Curzon of Kedleston, reached the Horse Guards parade to the strains of Sousa's "Hands Across the Sea." The members of the royal family who reviewed the colonials yesterday traversed the lines of the soldiers of the Indian empire.

The prince of Wales, representing the king, standing by the side of his mother's carriage, took the salute, and the proceedings ended like those of yesterday with the firing of the guns by the duke of Connaught, the Indians drawing their swords and waving them wildly as they joined in the cheering.

On returning to the palace the queen appeared at an upper window and took several shots of the Indian troops as they marched past on their return to camp. The Indians recognized the queen-empress and each detachment cheered as it passed.

The British fleet which assembled off Spithead for the proposed coronation review has dispersed.

BELEIVED TO BE ANARCHISTS

Men Attempt to Enter Magazine Outside Fort at Great and Wound Guard.

BREST, July 2.—Two men attempted to enter the magazine lying just outside the fort yesterday evening and wounded the sentry with a revolver. The latter fired upon them with his rifle, raising an alarm and his assailants escaped. A similar attempt was made Saturday evening, and it is believed anarchists intended to blow up the magazine, which contained powder sufficient for 5,000,000 cartridges.

CELEBRATE BLOW TRAIN DOWN BANK

BOMBAY, July 2.—A train on the East Indian railroad, near Rampur, was blown down an embankment by a cyclone today. Thirteen persons were killed and fifteen were injured.

WANTED TO GAIN NOTORIETY

Disappointed Because of Her Failure to Become an Actress Pauline Davison Kills Herself.

DENVER, July 2.—Disappointed because of her failure to become an actress, Pauline Davison, aged 30 years, of Lawrence, Kan., committed suicide here, by taking chloroform. She left a photograph and the following note for the newspapers:

"Now, make the most of a good opportunity. I am about to commit suicide and I think it is about the only way I can make myself notorious."

ESCAPED PRISONER CAPTURED

Haves Like a Maniac and His Trial May Be Postponed.

WASHINGTON, Ind., July 2.—Joe Herbert, the alleged murderer who escaped jail with Bill Edson and others Tuesday morning, was captured last night at the home of a relative in this city.

CLERKS JOIN THE STRIKERS

WINNIPEG, July 2.—Canadian Northern yard clerks and checkers joined the strikers today. The superintendent offered to sign the schedule at once, but they will remain out with the other unions.

TORNADO STRIKES WISCONSIN

Stretch of Country Near Racine is Scene of Devastation.

HUNDREDS OF ACRES OF GRAIN RUINED

Killed, Several Persons Injunct Houses and Barns and Much Stock Killed.

RACINE, Wis., July 2.—A stretch of country half a mile wide, from the town of Raymond east to Hesper, in the township of Caledonia, in the county, a distance of ten miles, was swept by a tornado late this afternoon. One man was killed, several persons were injured, forty houses and barns were wrecked, thirty or forty head of stock were killed, hundreds of trees were blown down, hundreds of acres of grain ruined and other damage done, the property loss amounting to many thousands of dollars.

The storm first struck the house of William Cook, just west of Raymond, and blew it to pieces. J. J. Laing's house was then wrecked and Mr. Laing was badly hurt, but his family escaped. His barns were also wrecked. The roof and one wing of George West's house were blown away. The house and all of the barns and other buildings of Ella Lower were demolished and it is reported that three persons were injured in the wreck. The barns of Frank Eastman at Kilbourne are all gone. At Caledonia the barn of Albert Herman was carried away. William Heest lost his barn and had two horses killed and Christian Erb's barns were demolished.

The only fatality reported was at the home of G. Thysen of Caledonia. His house was completely wiped away and also the barn, and Thysen was killed. The other members of the family escaped serious injury.

Reports from the district state that many other barns and houses were blown away and that it is hard to estimate the exact number. A son of Ella Lower was driven a horse attached to a wagon loaded with farm implements. The storm caught him and carried him and the wagon into a field 100 yards away. The horse was killed and the young man injured.

DETROIT, Mich., July 2.—A terrific storm swept through the southwestern part of Michigan late this afternoon. Near North Adams the residence of Mrs. Vanpatten was demolished, the barn of M. W. Rood was blown from its foundation and another house was unroofed. Mrs. Vanpatten and Mr. and Mrs. Gamble, her son-in-law and daughter, had taken refuge in the cellar, and were seriously injured. Mrs. Vanpatten probably seriously.

At Leopold it is said a farmer living near there was crushed to death against a telegraph pole.

Near Denon John Bowman, an aged man, was severely injured by falling into the collapsing home of Henry Powers.

TERRE HAUTE, Ind., July 3.—A terrific windstorm passed over Monmouth, Ill., yesterday afternoon at 4:30. Meager particulars are received from the town, which at 2:30 this morning, report three men killed. No more particulars are obtainable tonight.

WARSAW, Ind., July 2.—Heavy rains during the last four days have flooded this section and sections of damaged wheat and oats crops. Many fields of almost ripe grain have been submerged. Lakes and streams have risen over four feet and are still rising on account of the heavy downpour this evening. Tippecanoe river is higher than for twenty years.

KANSAS RIVER OUT OF BANKS

Water is Still Rapidly Rising and Great Damage is Feared.

TOPEKA, Kan., July 2.—The Kansas river has overrun its banks. At 2 o'clock this afternoon it was rising two inches an hour. A telegram from Manhattan, Kan., says the river is rising a foot an hour, and great damage is feared when the additional volume of water reaches this vicinity, probably tonight.

The Wolf packing house has been completely destroyed by a fire which broke out at 100-foot smoketank, undetermined by the water, having fallen. The street railway company is fearful that its bridge over the Kansas river will go out.

MAJOR CUSHING IS DEAD

Prominent Figure in War of Rebellion Dies After Short Illness.

NEW YORK, July 2.—Major Harry Cooke Cushing died of heart disease today, at his residence in New Rochelle. He had been ill three days.

Major Cushing was a freshman at Brown university at the outbreak of the civil war and enlisted as a private in the First Rhode Island artillery. After being made a second lieutenant he was assigned to the Fourth United States artillery and was successively brevetted first lieutenant, captain and major for distinguished service in action.

He was commissioned captain in 1871 and retired with the rank of major in 1892. During the war he served in more than a score of battles, beginning first at Bull Run and ending at the Wilderness. He also served in various Indian campaigns. Major Cushing was descended from a notable family. One of his grandfathers was Nicholas Cooke, Rhode Island's war governor.

He was a cousin of Lieutenant Cushing, who died up Alabama, and of Major Alonzo C. Cushing, who was killed at Gettysburg. His father was Major George W. Cushing, U. S. A. His brother, the late General S. T. Cushing, U. S. A., died last year.

The body is to be taken to Washington and interred at Arlington.

IS DRAGGED TO HER DEATH

Wife of Vice President of Royal Packing Company Found Dead.

VAN WERT, O., July 2.—Mrs. W. J. Latchford, wife of the vice president of the Royal Packing company of Chicago, was found dead this afternoon three miles from town with her body entangled in the lines attached to a horse, which she had hired for a drive.

It is supposed that the horse started to run away and that to save herself Mrs. Latchford tried to jump from the carriage, with the result that she became entangled in the lines and was dragged to her death.

Mrs. Latchford was visiting friends in this place. Before her marriage Mrs. Latchford was connected with the Chicago Record as a reporter.

WELCOMES FIGHTING NINTH

Rochester Extends Glad Hand to Soldiers and Tenders Them a Banquet.

ROCHESTER, N. Y., July 2.—Nineteen officers and 361 men of the famous "fighting Ninth" regiment, United States infantry, Colonel C. F. Robb, commanding, comprising Companies H, G, F and E of the Second Brigade, Second Division, 24th and L of the Third battalion, arrived in this city this evening and are the city's guests until midnight. Rochester gave a hearty welcome to the regiment, many of whose members hail from this city, including Captain P. S. Schofield, who has been in a hospital at Washington for some time because of a wound received in the Philippines, and who came to Rochester to meet his old regiment; Captain E. V. Bookmiller and Lieutenant John B. Schofield.

Bells were rung and whistles blown throughout the city upon signals from the city hall bell that the train had arrived. The veterans were enthusiastically cheered by the thousands gathered at the station.

A parade was formed, with Captain Malcolm Young of the Second United States artillery, in charge of the station here, as officer of the day. The parade after passing through the principal streets of the city and receiving a continuous ovation was received at the courthouse by a reception committee consisting of Major General Elwell S. Otis, Colonel N. F. Pond, Major Rodenbeck and others. The officers of the Ninth were then escorted to the Genesee Valley club, where they were given a banquet, while the rank and file were entertained in a similar manner at the armory.

NO PLACES FOR RECEIVERS

Only One Involvent Road in Six Months and That is Now Out of Receiver's Hands.

CHICAGO, July 2.—The Railway Age tomorrow will say: The year 1902 has so far been the most remarkable period in fifty years of railway history in respect to insolvencies and receiverships. Since January 1 only one operating railway, the New York and Pennsylvania, fifty-two miles long, has been placed in the hands of a receiver and that one broke all previous records for brevity of stay, the appointment having been made in February and the road having been sold under foreclosure and started for reorganization in May. The receiver's ship thus covered the short season of four months. The Railway Age therefore, for the first time in its history, cannot report a railway for which a receiver has been appointed and continued in the current six months. During the twenty-six and one-half years the record has been kept it has shown the appointment of receivers for 639 railroads, covering 114,400 miles of lines and representing stocks and bonds aggregating the vast sum of \$2,913,970,000. In a single year, 1892, no less than seventy-four roads went into bankruptcy, with 25,340 miles and \$1,781,000,000 of stock and bonds. But since that year of greatest financial calamity failures have greatly decreased and reorganizations have begun at an equal pace, so that today the great railway receiverships may be said to be ended.

DEFINITELY SETTLE DEAL

Arrangements Between Postal Telegraph Cable Company and Pennsylvania Road Are Made.

PHILADELPHIA, July 2.—The record tomorrow will say: The deal between the Postal Telegraph-Cable company and the Pennsylvania Railroad company has been definitely settled and the contract dates from July 1, as originally proposed, although the document has not been actually executed. The contracting corporations through properly accredited officials have executed an agreement under the terms of which the Postal Telegraph-Cable company becomes possessed of all the rights and privileges that will finally appear in the long-term contract now being perfected by attorneys representing the two companies involved.

There has been and there will be no hitch in the carrying out of the deal. There will be more or less litigation before all of the matters at issue between the Western Union and the Pennsylvania railroad are finally settled, but those who speak with authority do not regard any of these prospective suits with alarm, and which the Western Union will be ousted from every foot of railway owned or controlled by the Pennsylvania Railroad company.

BUYS COTTON OIL MILLS

New York Syndicate Makes Purchases in Indian Territory and Now Controls Business.

MUSKOGEE, I. T., July 2.—In the purchase today of three mills in Indian Territory a New York syndicate is believed to have secured control of the cotton oil business in the Indian Territory and Oklahoma. The company now owns twenty mills, including properties at Muskogee, Okemah, Eufaula, Durant, Purcell and Chickasha in the Indian Territory, and Chandler, Stroud, Norman, Oklahoma City and Shawnee in Oklahoma, besides eight mills in northern Texas. The sale today was arranged by J. B. Burbridge, representing the syndicate, who has left for New York to close the deal.

NECK BROKEN BY A BLOW

Unknown Man Struck Pearl Sausman, Killing Him Almost Instantly.

KANSAS CITY, July 2.—Pearl Sausman of Lees Summit, Mo., was struck and killed and M. McGlynn, his employer, was struck twice and seriously hurt, at Eighteenth and Grand streets, this city, tonight by an unknown man who attacked them without apparent provocation. Sausman was a farmer, aged 25 years. He received a single blow in the face which broke his neck and killed him instantly. His assailant escaped and the police have only a meager description of him.

ARGUES ON HIS OWN BEHALF

Convicted of Murder in Kansas, Claims State Has No Jurisdiction Over Him.

TOPEKA, Kan., July 2.—Ira N. Terrill, a convicted murderer from Oklahoma, serving a sentence in the Kansas penitentiary, appeared in the supreme court today to argue in his own behalf that Kansas has no jurisdiction over him and that he is wrongfully imprisoned. He was in charge of Warden Jewett. Should the supreme court decide in his favor 300 other convicts would be liberated.

COAL DEALERS TOO MODEST

Tax Committee Fears They Underrate Their Own Worth.

HOO HOOS ARE STILL UNDER FIRE

County Board May Yet Decide to Boost Vendors of Coal and Benders of Wood Together.

Members of the County Board of Equalization freely say that they consider that they struck another snag yesterday when they called up the coal dealers. The vendors of fuel all reported themselves to have stocks April that made the commissioners wonder how they ever kept the property supplied. And as for other personal property—well, it simply "isn't worth mentioning." The board left the matter open for the present, thus piling up more important work for the already-overburdened board.

Just days ago Squires estimated their firm's actual personal valuation at \$3,000. C. W. Hull at \$5,000 to \$10,000, T. C. Havens at \$2,000, C. B. Havens at \$5,000, Coal Hill company at \$2,500 to \$3,000, Omaha Coal, Coke and Lime company at \$20,000. This last was the only statement accepted by the tax committee of the Real Estate exchange as satisfactorily large. The Central Coal and Coke company reported \$50 worth of office furniture.

LUMBER MEN NOT OUT OF THE WOODS

Members of the tax committee show an inclination to protest determinedly against acceptance of these figures of the coal dealers and apparently the board is with them in thinking the valuations too small. It is quite possible, too, that the lumber men will be recalled and the kindred firms taken up together and raised, for one of the commissioners intimated that on the lumber dealers it would suit him well to impose an assessment more than twice the size of that already adopted.

The afternoon's actual decisions are shown in the table below:

Table with 2 columns: Assessor's Name, Amount. Includes Model Steam Laundry, Omaha Coal, etc.

Two Raised at Night

The night session was devoted to the examination of representations of several firms, the complaints of all of which were dismissed except that against Kelley-Stiger, who were raised from \$7,200 to \$15,000, and the Grant Paving company, raised from \$1,000 to \$4,000. Hugh Murphy, who had expected to line up with the Grant company, informed the board that aside from his quarry and interest in a company in Denver he hasn't a dollar in money or credit.

For an hour the board and Attorney McIntosh discussed the assessing of the banks, in preparation for the Saturday conference.

Brewers to Come Back

The report of Tuesday night's action of the County Board of Equalization as printed in yesterday morning's Press exclusively caused the heaven of public sentiment to become exceedingly clouded and the commissioners decided to back cover and reconsider the assessment of the brewers before the storm should break. Accordingly it was voted to recall the makers of amber joy next Saturday morning at 9 o'clock. Connelly, O'Keefe and Chairman Ostrom voted the ayes. Harle and Hiofield the nays.

The action that the board proposed to amend was the fixing of the total personal assessment of nine brewing companies at \$27,325, which was done by Hiofield, Harle and Connelly early Tuesday night before Attorney McIntosh arrived, and which is generally considered out of all proportion to the assessment of jobbers and wholesalers who appeared earlier in the week.

Tuesday night Connelly asserted, after the brewers were gone, that he was with Chairman Ostrom in the sentiment for a rehearsal. Yesterday he made the motion and O'Keefe, who hasn't seconded a Connelly motion for many moons, was prompt to sacrifice precedent. Harle made a little talk in the course of which he said that he thought that the brewers were recalled the six-lumber dealers who escaped yesterday with a total assessed valuation of \$22,610 should be recalled as well.

The following table shows what was done by the board with those who were before it yesterday morning:

Table with 2 columns: Assessor's Name, Amount. Includes Bradford Lumber Co, Omaha Rubber Co, etc.

Amount of Total Increase

It is the general belief, now, that the county's total assessed valuation will be increased at least \$3,000,000 over the 1901 total, which was \$22,381,792.08. Members of the board say that a raise of \$200,000 will be made on the assessors' total for the farm land of the county, and the assessors' total was \$3,054,765 or \$122,849 more than the 1901 total of \$2,932,416. In assessing lots, however, the assessors reduced last year's total from \$14,928,940 to \$14,255,962.

The board does not expect to finish earlier than Monday night, and perhaps not then; hence the levy has been given little thought and no member undertakes to predict what it will be in mills.

OPEN SWITCH CAUSES WRECK

Five Are Injured and Others Have Narrow Escape in Collision on Illinois Central.

SPRINGFIELD, Ill., July 2.—Five persons were injured and others had narrow escapes today, when a southbound Illinois Central passenger train ran into an open switch at Madison and collided with a freight train of the Chicago, Peoria & St. Louis railroad. The passenger engine and several freight cars were demolished. The injured:

Lewis Carpenter, conductor of passenger train; two ribs broken, badly bruised. Charles V. Monroe, brakeman; face cut and internally injured. Edward J. McLaughlin, conductor of passenger locomotive; jumped, internally injured. Miss Lillie Gehricks, East St. Louis; cut about face and hands. Harvey Green, engineer of passenger locomotive; jumped, slightly hurt.

CONDITION OF THE WEATHER

Forecast for Nebraska—Showers Thursday and Cooler in Western Portion; Friday Showers and Cooler in Eastern Portion, Fair in Western.

Table with 4 columns: Hour, Deg., Hour, Deg. Shows temperature and wind forecasts for Omaha.

COAT OF TAR AND FEATHERS

Mourners Stop Funeral to Drive Husband and Sister of Dead Woman Out of Town.

STERLING, Ill., July 2.—The funeral of Mrs. John Beibert of Mount Morris, near here, was delayed today until the mourners could adjourn to a cornfield and administer a coat of tar and feathers to the husband and sister of the dead woman. Then the funeral proceeded, but the two who were to have been chief mourners were absent.

The house was filled with sorrowing neighbors, when some of them discovered Beibert in another room hugging and kissing Mrs. Theodora Wolfe.

The crowd quickly dragged the couple to the cornfield. A plentiful supply of tar was poured over the victims and the feathers from a pillow were emptied on each. Then the two were driven from the house and ordered never to return. Mrs. Beibert died of consumption and during the two years of her sickness it is alleged that her husband was continually making love to his wife's sister.

BOMB EXPLODES TOO LATE

In Presentation of "Last Days of Pompeii" a Broken Back.

LOUISVILLE, Ky., July 2.—In the presence of 5,000 spectators witnessing an open-air performance of the "Last Days of Pompeii" on the common opposite Churchill Downs this evening, James Dull, known as "the human bomb," received injuries which will probably result in his death. It is Dull's part of the performance to be buried high in the air by a bomb which explodes, releasing a parachute by which the performer returns to earth.

Tonight the bomb was shot into the air as usual, but when it reached its greatest height it failed to explode and started to the earth with the victim unable to release himself. As the missile was within 100 feet of the ground it suddenly exploded and to the horror of the spectators, Dull was dashed to the earth and his shattered remains brought to a close. When the victim was picked up it was found that his back was broken. He was taken to the city hospital.

KEEP VERDICT A SECRET

Examination Made Into Charges Against Bishop Talbot of Pennsylvania.

HARRISBURG, Pa., July 2.—The examination into the charges of conduct unbefitting a bishop, preferred against Bishop Talbot of the Central Pennsylvania diocese, Protestant Episcopal church, by Rev. Dr. Ingram N. W. Irvine of Philadelphia, was conducted in executive session today by the board of inquiry recently appointed by Bishop Dudley of Kentucky, and after hearing the testimony of Dr. Irvine, when the accused bishop unrooked while serving as rector of St. John's church, Harrisburg, Pa., and other witnesses the board adjourned without making public its verdict. Bishop Talbot was not present at the investigation, which was held to determine whether or not there was sufficient evidence for holding the bishop for trial, with a view to the Episcopal canon, would be before a committee of bishops.

WOULD-BE FIRE SWALLOWER

Chicago Youth Pours Burning Gasoline Over Himself and Others with Fatal Effect.

CHICAGO, July 2.—Trying to imitate an Egyptian fire-swallower, Harry Loughead, 12 years old, poured burning gasoline over himself and three other children tonight, the result the boy and one other child probably will die. Of the others one child escaped injury—a girl who dropped without being hurt from the porch, thirty feet from the ground, after tearing off her skirt, frantic to avoid another child who was running toward her with clothing ablaze. The boy's mother was burned so badly in stripping the burning clothing from him that she also may die.

After a hard struggle the flames were extinguished by neighbors who ran to the assistance of the children.

EXPRESS TRAIN IS DERAILED

Twenty-Five Persons Injured, Five Seriously and One Probably Fatally.

BENNINGTON, Vt., July 2.—As a result of the derailing of the Troy-Montreal express on the Rutland road at a switch at Hooksett, N. Y., near this city, today, about twenty-five persons were injured, five seriously and one probably fatally. The injured:

Allen Hucksenius, Philadelphia, 14 years of age, injuries to back; will probably die. John Brovomech, baggage-master, Rutland, back and side injured. Daniel O'Brien, North Adams, Mass. William Doyle, New York. J. R. Hutchinson, Shelburne, Vt. R. B. Peterson,
