

PLANS FOR CHARITY WORK

Committee Reports Scheme for Organization of Associated Charities.

FAVORS CONCENTRATION OF EFFORTS

Proposes Establishment of Central Office and Employment of Superintendent and Necessary Clerical Assistants.

The committee appointed by the gathering of business men and ministers Tuesday noon to draw up plans for a central organization of charities met at the Commercial club yesterday noon and outlined a scheme, the report of which will submit a second gathering to be held at noon next Tuesday.

General C. F. Manderson was chairman of the committee and all the members save Rev. E. F. Tetz were present, as follows: Rev. H. C. Herring, Rev. T. V. Moore, L. W. Carpenter, Caspar E. Yost and C. C. Holden. After an hour's deliberation the following report was evolved:

Your committee recommend that steps be taken to form an organization to be known as the Associated Charities of Omaha, existing for the following purposes:

To secure confidence and co-operation among all existing charitable organizations of the city.

To maintain a continuous record of all persons aided by all co-operating societies and individuals.

To investigate persons applying for aid to any individual or organization and to report upon the same to the public.

To investigate the nature and claims of all charitable organizations which appear for gifts and to solicit the public with the facts concerning each in such manner as may from time to time be expedient.

To enlist religious and civic organizations as well as individuals in the care of the worthy poor and to furnish them with the information which will make their efforts effective.

To direct persons deserving aid to such benevolent agencies, public and private, as may be designated by the committee.

To relieve the city of street beggars, tramps and bogus solicitors.

To secure as far as possible the consolidation of charity organizations working on the same lines.

To devise a plan if it shall prove expedient, for a joint appeal of all charitable organizations for funds, thus lessening expenses and relieving the business community of annoyance.

For carrying out the above purposes, the following steps are to be taken:

The establishment of a central office.

The employment of a superintendent trained in the administration of charity affairs, together with such clerical assistants as may be found necessary.

The enlistment of volunteers, helpers in various parts of the city, who shall render service as they may be able under the direction of the superintendent.

The securing of a constituency of the association, consisting of all who contribute to its treasury. Each one giving \$5 or more a year shall be entitled to vote at the annual election of officers.

The creation of a board of nine directors to whom shall be committed the entire direction of the association, including the election of officers and appointment of employees and the raising of the necessary funds.

In case the above recommendations are adopted next Tuesday the committee further recommends that the gentlemen present at that meeting be organized as a temporary organization and proceed to the choice of a board of directors and the circulation of a subscription paper, the board thus chosen to serve till the first annual meeting, to be held in April, 1903.

TOMORROW AT MANAWA.

Special Features for Tomorrow from Morning Till Late at Night.

Lake Manawa, the most beautiful summer water resort in the west, will have a Fourth of July program tomorrow that will outshine all of its predecessors in the way of unique and varied free attractions.

With its unrivaled reputation as a bathing resort and enjoying the distinction of having the finest musical organization ever heard in this locality, the Manawa management anticipates the largest gathering upon the Fourth ever congregated at a resort in the west. Covall's concert band has done much toward increasing the popularity of Manawa with the music-loving public this season and all who have heard it are high in its praise.

RECRUITING OFFICE TO CLOSE

Daily, Three More Days for Omahans to Enlist in the Navy.

The recruiting station for the United States navy will be removed from Omaha Saturday, July 5. This was opened on Monday, June 23, and had been intended to keep it here only one week, closing last Saturday. Results of the six days recruiting were so satisfactory, however, that special orders were received from Washington to stay another week.

Twenty-eight men were sent out last Saturday, the result of the first week's work. Twenty-five more applications were already in by Wednesday morning and warrant machinist Fred Ruth, who participates in the mental examinations of the men, says that this means probably fifteen or twenty more to go, while there are still several days for additional applications.

Surgeon James G. Field, U. S. N., now at Des Moines, Ia., will come to Omaha Saturday to put all the applicants through a physical examination, and those who do not need out will be taken away that night.

Fourth of July excursion rates on the "The Northwestern Line," Nebraska, Iowa, Minnesota. Tickets on sale July 3 and 4.

Good returning till July 7, inclusive. City office, 1401-1403 Farnam street. Union Station. Webster Street Station.

The Mountain Lakes.

In raising up the great mountains of Colorado nature provided with a lavish and artistic hand for the necessities and pleasures of man. In the midst of their most rugged configurations are to be found some of the most charming and restful spots. Away up between the sunny peaks are nestled many little fairy lakes, whose crystal waters reflect the blue sky and the misty veil that hangs suspended from the summit above. These natural basins, constantly replenished by the melting of eternal snow, filled with the crystal liquid, are of various dimensions and of great size. Their waters overflowing help to form thousands of mountain streams, with their tiny cascades falling at times over precipitous hundreds of feet in height and whirling and eddying with a murmuring song through rocks and canyons until, combining at points remote from their source, they form the rivers which are the life and being of the otherwise arid parks and plains below.

To enable persons to reach these favored localities without unnecessary expenditure of time or money the Union Pacific has put in effect very low rates and splendid train service, three trains leaving Missouri river daily for Denver.

Full information cheerfully furnished on application to city ticket office, 1234 Farnam street. Phone 216.

HALF RATES TO PORTLAND, ME., JULY 4TH TO 8TH.

THE NORTHWESTERN LINE, 1401-1403 Farnam St.

The only double-track line. Electric lighted trains.

Shampooing and hairdressing, 25c, at the Bathery, 214-224 Bys Building, Tel. 1716.

FOURTH AT COURTLAND.

Drills, Sham Battles, Naval Battle, Fireworks and Other Attractions.

The grand reproduction of the most interesting historic naval battle between the Monitor and Merrimack, will be given on Lake Courtland tomorrow, the Fourth, immediately in front of the large pavilion at Courtland beach, where an unobstructed view may be had by every one present. As the ground slopes to the water's edge, thousands may view the entire exhibition from the beach to the pavilion. A most magnificent display of fireworks will be given. A sham battle and drills by members of the Nebraska National Guard; the Thurston Rifles will camp at Courtland the evening of July 2. A new merry-go-round has been put in. It is positively the largest, handsomest and most costly in the United States, having been imported from Germany at a cost of \$15,000. The organ with the outfit alone having cost \$2,000.

The Abers, sensational and unique acrobats, give two free performances every day this week. Balloon ascensions every evening this week and two ascensions tomorrow, the Fourth.

TO FUND FLOATING DEBT

Council Passes Ordinance Providing for Issue of \$200,000 of Bonds.

An ordinance providing for the issuance of bonds in the sum of \$200,000 for the purpose of funding the city's floating indebtedness was put upon its final passage at a special meeting of the city council held yesterday, Lobeck, Zimman and Burkley dissenting. A debate lasting nearly three hours ensued after the reading of the ordinance. The three members who protested against its passage demanded light on several points and City Attorney Connel, City Treasurer Hennings and City Comptroller Westberg were called in.

This ordinance was introduced at the council meeting of June 10, at which time it was referred to the finance committee. Today it was reported favorably, though the report was signed by only one member of the committee, Mount. Later in the session the signature of Whitehorn was added. It was explained that it was necessary to issue these bonds in order to pay special taxes levied in certain improvement districts which, having been declared invalid by the courts, have become a part of the floating debt of the city at large. The vote was as follows:

Ayes—Hessell, Mount, Karr, Trostler, Whitehorn, Hoye—4.

Nays—Lobeck, Zimman, Burkley—3.

Fourth at Krug Park.

Krug park will hold forth in its usual Fourth of July celebration program the most varied and biggest amusement program of high-class outdoor attraction ever announced at the favorite resort and the management anticipates the largest attendance of the season with propitious weather.

La Paloma, the only woman who performs skirt dances in the skies, is engaged to ascend with her balloon at 8 o'clock and again at 7 o'clock, giving two exhibitions by this famous little woman.

Beno, the well-known slack wire and trapeze performer, and Walton brothers, the aerial equilibrist, will constitute some of the vaudeville.

Huster's superb concert band will play two concerts, embracing only patriotic music.

In the evening the "Passion Play" will be on the bill.

Alpha camp, Woodmen of the World's crack drill team will give an exhibition. Among the picknickers is the Independent Order of Foresters, who will pull off its postponed road race.
