pired

K. M. Moerke, removed.

One More Effort is to Be Made Bring About Settlement of Differences.

PITTSBURG, July 5 .- One more effort is to be made to bring about a settlement of the window glass war that has been raging during the last year. President J. A. Chambers of the American Window Glass company has taken the initiative in calling a meeting of all manufacturers in Cleveland July 10 for the purpose of considering the present conditions of the glass trade and urging united action in bringing about better prices. The invitation has been extended to everyone interested in the manufacture of window glass and includes the Independent Glass company.

### William Ohm.

PLATTSMOUTH, Neb., July 5 .- (Special.) -William Ohm, 24 years of age, came to many this city from Chicago about one week agb food,

account of the heavy expense involved but this year's outing committee worked on a different plan. It arranged for the EDUCATIONAL MEN GATHER Fourth of July ball game, the net financial results to go into the outing fund. This has given the outing committee a fine start for next Saturday. The attractions will be unusual. The Twenty-second Infantry band has been engaged especially for the occasion, and with Huster's Concert band, regularly employed at Krug's park, there will be plenty of the best of music. A feature of the program will be Reichardt's famous Elks' march, played by the consolidated bands. There will be a banquet, a shooting match, some tenminute speeches by prominent Elk orators, in addition to the regular Krug park attractions. Neighboring lodges will send large delegations, especially from Council Bluffs.

#### Drives Family Into Storm.

Drives Family into Storm. During the worst of the rain last night John McDonald forcibly expelled from the house his wife and three children, the youngest of whom is scarcely 6 months of age. When the patrol wagon arrived fitese four came, drenched and shivering from a patch of weeds, where they had been hid-ing, and sought shelter in the covered vehicle. McDonald was arrested and charged with abusing his family. Mrs. McDonald and the children again hid when he was brought from the house and would not enter until he was gone. McDonaid is an expressman and lives at 3424 Biondo street.

Knocked Down by Street Car.

Knocked Down by Street Car. Michael Meaney, while attempting to cross the track of the Sherman avenus line at Fourteenth and Farnam streets, was knocked down by a northbound car and five deep gashes cut in the right side of his face. He was taken to the police sta-tion and the wounds sewed up. Meaney said that he meant to board the sporoach-ing car and was crossing over to the right side when struck. He fell under the car and those who saw the accident at first thought that his leg had been cut off. Meaney is a carpenter and lives at 1136 North Nineteenth street.

SCIENTIFIC FEEDING And Exercise Solves the Problem,

Dr. H. L. Warner in a recent issue of the

New York World says :-"Only a small percentage of the American people have perfect digestion and assimilaion of food and the elimination of the waste matters of the body. In the matter of food and exercise, the whole problem of health is contained. By making these right, we can create perfect health.

"Digestive disturbances are due either to improper food or too much or too little proper food. With proper food taken in reasonable amounts, the imperfect actions of the various processes are corrected.

"This is not a fad but a fact established by the researches of pathologists and bacteriologists. The action of foods on the digestive and assimilative organs is known exactly. The result to the blood and through it to the whole system is certain and definite."

The most highly nutritive food now manufactured is Grape-Nuts. It is made from certain parts of the grain and put through a mechanical process whereby the starches are changed to grape sugar and the phosphates of the cereals retained and thus supply the necessary nourishment and vitality to the body, brain and nerve centers. In its predigested form, Grape-Nuts does not overtax the stomach, but renders sumcient assistance to the digestive organs to permit of the easy assimilation of other

Thoroughly cooked at the factory by food experts, brings Grape-Nuts from the grocer to you ready to serve with the addition of cream, and its crisp taste with the delicate sweet of the grape sugar, makes it pleasing to the palate of the most critical epicure. These are scientific facts which can be

proven by anyone and a trial of ten days or two weeks will show what you can do on scientific feeding.

The recipe book in the package shows delightful ways of serving the BARY
