BROWN WINS TWO GAMES

Pitches Deuble-Header and Takes Both from Denver Sluggers.

OMAHA LEADS LEAGUE BY WIDE MARGIN

Yesterday's Results Place the Rourke Family Far Ahead of Aspirants for Pennant in Western Race.

Have you seen Mordecat? Well, if you haven't, you've missed it. His last name is Milwaukee Brown, and Sunday afternoon at Vinton Street park he pitched eighteen winning inbings against the proud Denver ball players, winning both games from them. Meanwhile Duffy's Angels were putting a fierce crimp in Nichols' pets on their own grounds, taking two games from the Cowboys, so as a three full games and a half in the lead of GAMES IN NATIONAL LEAGUE the league, while Milwaukee, on form and position, is to be regarded as the dangerous

rival just now. Nine thousand people will say that Brown pitched great ball Sunday. He not only offered a service that the heavy hitters from the west failed to find, but he also fielded like a whirlwind. In fact, two of his plays from the pitcher's position to first base were among the finest assists of the day.

But where Mordecal won the hearts of the people for good and all was in the eighth inning of the first game, when, with the score 1 to 0 against Omaha, he came to bat and soaked out a two-bagger that sent to third base the run needed to tie the score, which came in then on Dundon's error. The next inning another score won the game, when it had looked very hopeless ever since Denver made its one run in the fifth.

So it was through Mordecal, after eight Hughes, p... 1 2 0 2 innings of a flerce pitchers' battle, that naha won the first game on only four hits. McCloskey, the boy wonder, was certainly a Brooklyn along in great shape, too. Score, first game: OMAHA.

Brown grew better as he went along. When he took the box again for the secend game some people thought he couldn't stand the racket so long, for it was a hot day and the first game had been a heart aker till the end. There Mordieca six hits the first game. In the second three was all the Mountaineers could find.

Eddie Gordon, formerly of the Omaha eam, was pitted against Brown. For three innings Eddie was good, keeping everything up in the air and allowing but one hit with no runs. But in the fourth came his usual bad inning. Two doubles followed by a brace of singles meant two runs, and from then on the collegian was batted quite freely. He gave out many bases on balls as well, equaling McCloskey's six.

It should be said that the Denver team did not give Gordon anywhere near the Brooklyn support McClockey received. Some of the work the infield did in the early innings was enough to discourage any pitcher. Anyway, the second game was Omaha's all the way, although Denver was first to score, making the one run in the fourth Omaha came to bat and just doubled this score the same inning.

contest. He slammed two doubles and premier place of the day by handling Delehanty's red hot one with his bare right hand in the sixth on the dead run. He recovered quickly, and threw true to first, but on the bounce, and Thomas missed the ball. The latter player made himself very well liked by his work, both at bag and bat. But Mordiecal was the big man. Auy time the public got a peep at him it meant a cheer, no matter what he did. If Genins can play today Graham will throw. Score second game: OMAHA.

Dos Moines has protested Umpire Cole's
decision that the game today was won by
Colorado Springs by a score of 7 to 6. It
is alleged one score was wrongfully con-

ceded to the visitors. President Sexton, who will decide the protest, saw the game. In the fourth, with two men across the plate and two out Gaston was on second. Fleming, the next man up, was thrown out at second. In the meantime Gaston came home. The official scorer and the Des Moines management claim he had not reached the plate when Fleming went out, but Umpire Cole called him safe.

SHEEP—There were no sheep or lambs on sale today, so a test of the market was not made. For the week receipts have been liberal, as more than twice as many sheep arrived this week as during the same week of last year. There is a slight decrease as compared with last week, however, owing probably to yesterday being a hollday. holiday.

Taking the week as a whole the market has been in very satisfactory condition. On Tuesday there was a drop in prices for fat stuff amounting to 16915c, but since then the feeling has shown a little improvement, so that as compared with the close of last week the market is only a shade lower. Packers have been

liberal buyers of the better grades, but the common grades of killers have been rather neglected.

For this early in the season there has been a liberal demand for feeders at the prices quoted below. The market on destrable grades held fully steady and sellers had little difficulty in disposing of such kinds. Common stuff, though, was very slow sale.

Values Brighter on the Bourse.

BERLIN, July 6.—Transactions on the sourse last week were light, but values enerally were better maintained. Owing the fact that new money from the semiannual interest payments is seeking investment. German loans were slightly firmer. Some foreign rentes improved, Italians advanced upon home orders, while Portuguese were the most active. Russians and Argentines were better. Industrials were irregular. Irons were mostly higher upon reports of American purchases of German iron. Coal shares were partly lower and machinery and electrical shares were down. Shares of the Hamburg-American Steam Packet company and of the North German Lloyd line were sold steadily from Hamburg and Bremen and each lost one point. Canadian Pacifics were bought for New York account, advancing 2.30. Money rates have been receding since the settlement. The unusually heavy discounts of the Releas bank are not connected with trade or the demands of the bourse, but are due to mortgage payments and the requirements of the government. It is expected that discounts will recover rapidly. Bank stocks were neglected last week, but shares of the Deutsche bank were higher upon the disbandment of the syndicate which is handling the Burlington deal. nnual interest payments is seeking estment, German loans were slig

Dry Goods Market.

MANCHESTER, July 6.—DRY GOODS—
There was generally a better inquiry for cloth last week, and some sellers have progressed more in the last fortnight than they have for some time previous. The Indian demand was the most active and chiefly from Bombay and Kurachee. There were a few transactions with China in staples. Elsewhere trade was unsatisfactory and consisted mostly of sorting up. Yarns were supported by the strength of cotton at Liverpool. The spinners of American and home trade qualities endeavored to secure enhanced prices, but with little success, for the demand was indifferent.
