Wet Weather in Wheat Belt Sends Cereals on Uphill Trot.

ALL SEPTEMBER GRAINS QUIT HIGHER

Wheat Opens Strong and Oats Display Vivacity, but July Corn is Inert, While Provisions Close Lower.

CHICAGO, July 3.—Heavy rains through-the wheat belt, where generally fair weather had been predicted, was the chief cause for higher prices on the Board of Trade today. There was an active trade in wheat and September closed %c higher; September corn was %c higher, cata 1%c higher, but provisions closed from 5c to

wheat and September closed %c higher; September corn was ½c higher, oats 1%c higher, oats 1%c higher, oats 1%c higher, but provisions closed from 5c to 10c lower.

Wheat opened active and strong, prices being nearly 1c above yesterday's close. Excessive and general rains throughout the country was the exciting fastor. There was a good commission house buying for country account, local interests were bullish and bought freely, while shorts fell over themselves in an endeavor to get to cover. Bradstreet's report that the world's stock for the week had decreased over 8,000,000 bu, was also a strengthening feature. Fears of a change in sentiment over hight should the weather be favorable, caused some realizing toward the close. September opened ½0%c to ½c higher at 73%c to 73%c and on active demand advanced to 74%c/74%c, but weakened later on heavy realizing and closed %c higher at 73%c to 73%c and on active demand and four equalied 475,000 bu. Primary receipts were 483,000 bu., against 734,000 bu. a year ago. Local receipts were 21 cars, with 4 of contract grade. Minneapolis and Duluth responds a feet of the contract grade. Minneapolis and Duluth responds of 258 cars, compared with 261 cars last week and 256 as year ago.

Trade in July corn was practically at a standstill, shorts apparently sparring for a better opening and the bull crowd simply awaiting developments. The opening figure on July was it below yesterday's close, at 85c, and although there was some grain offered at 88c, scarcely any was bid in. The close was at the opening figure. Trade in other grain months was not particularly large, but a good demand existed during the whole session and prices were higher on rains and smaller movement. September opened ½0%c higher at 81%661%c, advanced to 62c and closed with a gain of %c at 61£614c. Local receipts were 110 cars, with 15 of contract grade.

Oats were excited, with the new July selling to 51c, or nearly 5c higher at 34%c. Local receipts were 110 cars.

There was a fair amount of business transacted i

higher at 34½c. Local receipts were 76 cars.

There was a fair amount of business transacted in provisions, with offerings more free than for some time past. The sale of a big line of pork and ribs for an outsider caused weakness early in the session, but covering by shorts gave support to the market and the close was about steady. September pork opened 567½c lower at \$18.52½@18.55 and after ranging between \$18.57½ and \$18.55 closed 10c lower at \$18.50; September lard closed 7½c lower at \$18.50; September lard closed 7½c lower at \$10.95; ribs were 5c lower at \$10.73½.

Estimated receipts for tomorrow: Wheat, 40 cars; corn. 175 cars; oats, 95 cars; hogs, 35.000 head.

Late Buyers of Speculative Element Sell for Profits.

Sell for Profits.

NEW YORK, July 8.—The selling of stocks today was obviously by the speculative element which bought previously on the prospect of a rise, their motive being, of course, to take profits. Whether any actual developments bearing upon values were considered is not clear, but there were one or two considerations which must be construed against a further advance in prices.

construed against a further advance in prices.

The marking up of St. Paul and New York Central, together with some of the soft coal stocks that were strong yesterday is perhaps sufficiently explained as a measure of manipulation to facilitate the taking of profits elsewhere. Some of the high priced industrials worked higher on what had the appearance of investment demand.

The proposed suit to enjoin the payment of a dividend on United States Steel common came in for some vigorous denunciations as to its motives by officials of the corporation and the advance in the stock was apparently intended as a notice to opponents of a purpose to protect the stock

was no general expectation of an increase.

As was expected after yesterday's exchange market movement, no export engagement of gold was announced. The usually heavy government disbursements are favoring the money market.

The prolonged advance in Missouri Pacific made the weight of realizing in that stock particularly heavy and the bears made a renewed attack and also on Western Union and Sugar, the former on the termination of connections with the Pennsylvania Central and the latter on the large capital embarking in opposition.

Amalgamated Copper was sold on account of the declining tendency of railway copper. opper.
The bond market was rather quiet and steady. Total sales, par value, \$2,275,000.
United States bonds were unchanged on the

what had the appearance of investment demand.

The proposed suit to enjoin the payment of advidend on United States Steel common came in for some vigorous denunciations as to its motives by officials of the corporation and the advance in the stock of the states of a purpose to protect the stock was apparently intended as a notice to opponents of a purpose to protect the stock in the market.

Of the factors making for the selling side, the continued heavy movement of currency to Chicago was an important one, Including a deposit of \$50,000 at the subtreasury for telegraphic transfer to Chicago and shipments by express it is stated that about \$1,500,000 went to that point from here to take by the managers of the corn corper of this heavy movement. The large common about \$1,500,000 went to that point from here to take by the managers of the corn corper of this heavy movement. The large common that is a have accompanied many similar attempts in the past.

The day's weather news was considered to make a big showing also for corp prospects, too much rain being indicated.

The failure to advance the Louisville & Nashville dividend rate to a 6 per cent basis was a disappointment to some appearance of the corn corpers was no general expectation of an increase; As was a capected after yesterday's exchange are are affected.

PARIS, July 3.-mStreep er cent rentes, were comparatively few on sale and ships of the corn corpers was no general expectation of an increase; As was a capected after yesterday's exchange market movement, no export of successions the bouves today opened to a count of the large common contains the mount of the corn corpe and ships PARIS, July 3,-Three per cent rentes, 101f 50c for the account. Exchange on London, 25f 15c for checks, Spanish 4s, 89.50. Husiness on the bourse today opened irregular. Kaffirs were particularly weak. Rentes were strong. Toward the close Turks benefited by a rumor that the irade authorizing their conversion had been definitely signed. Rentes finished easter on realizations, Spanish 4s were easier. Metropolitans were on good demand. Thomson-Houstons were dull. Rio tintos ralled after the weakness in Kaffirs and closed steadler. The private rate of discount was unchanged at 9-16 per cent.

BERLIN, July 9.—Exchange on London, 20m 46%pfgs for checks. Discount rate for short bills, 1½ per cent; for three months bills, 1½ per cent. Business was quiet on the bourse today. Internationals were maintained, except Spanish 4s and Turks, which were easier in response to Paris advices. Locals were dull on account of the slackness of the coal trade and the deciline in mines in London.

Condition of the Tressury. WASHINGTON, July 9.—Today's statement of the treasury balances in the general fund, exclusive of the \$150,000,000 gold reserve in the division of redemption, shows: Available cash balance, \$200,992,504; gold, \$105,300,272.

NEW YORK, July 9.—COFFEE—Spot Rio steady; No. 7 invoice, 5½c. Mild. steady; Cordova, 8611½c. Futures opened steady, with prices unchanged to 5 points lower, the easier ruling being due to active realizing, following disappointing European cables. Soon after the call the market turned easy under heavy selling by local importers, presumably as an offset to Brazilian purchases, under which the whole list settled sharply. Within five minutes of the close some 30,000 bags were unloaded by these traders, much of it going to prominent "street" and commission houses and to foreign interests. Trading for the day was the most active of recent times, reaching 63,000 bags. The market was finally easy and closed net to 5 points lower. The close found September at 4.70c; November, 4.90c; December, 4.9525.00c; March, 5.15c; May, 5.30c.

commanded stronger prices today. There were comparatively few on sale, and as packers all seemed to be anxious for supplies some sales looked quite a little higher. Trading was active from start to finish and the highest prices of the year were paid. One bunch of 52 head sold as high as \$7.90, and another bunch of 23 head touuched \$8.00. The \$7.90 cattle weighed \$1.28 pounds and the \$8.00 cattle weighed \$1.28 pounds, but they were in good condition and of good quality. It is very noticeable that packers want the cattle showing quality and fat.

The market on the better grades of cows was also active and stronger. There were only a few on sale answering to that description, so that what few there were changed hands at a rapid rate. When it came to the commoner grades, trading was by no means active and it was difficult for sellers to get a bid on such kinds. The prices paid were no more than steady with yesterday and it was evident that packers were trying to buy them lower or not at al.

Bulls, veal calves and stags sold in just about yesterday's notches.

Stockers and feeders of good quality were in active demand and the feeders in particular were a little higher today. There does not seem to be enough feeders coming to meet the demand. As high as \$5.15 was paid for some Nebraska cattle weighing 1,108 pounds. Common cattle, though, are slow sale and no more than steady. Representative sales:

HOGS—There was a very light run of hogs here today, but conditions were against the selling literests and prices took a tumble at all points in sympathy with the decline in the provision market. Trading at this market started in right close to ateady, but after a few sales had been made the market took a drop and the bulk of the hogs sold a big nickel lower. As the morning advanced the feeling seemed to grow weaker and packers evidently wanted to buy their hogs 5giles lower. Sellers were holding for more money, so that the market was slow and it was late before anything like a clearance was made. The bulk of the good weight hogs sold from \$7.80 to \$7.55 and the medium weights went from \$7.75 to \$7.50 and the light stuff went from \$7.75 to \$7.50 and there were still a good many 3 feeders. 836 3 75

down.

At noon there were still a good many hogs unsold and packers were very indifferent buyers and were generally bidding a dime lower. The light stuff they would be a first stuff they would be a a dime lower. The lighardly look at at all. The market the

common stuff was, of course, neglected the same as usual.

There has been some litigation over the bills rendered to the city of Helena and ing attorneys here have sent formal notice to the city authorities of Helena that service will be suspended unless there is an immediate settlement. The fire underwriters have also been notified. The shutting off of the water would leave the city without sewerage facilities or fire protec-

CRANK APPEARS IN CANTON Says He Has Disclosures to Make to

Mrs. McKinley Concerning Assessination.

CANTON, O., July 9 .- George Fisher, giving Pittsburg as his home, made an attempt to see Mrs. McKinley yesterday afternoon, claiming that he had important disclosures to make to her of the plot which led to the assassination of her husband.

The colored porter told Fisher that Mrs.

McKinley was too ill to see anyone. Fisher then went to Mayor J. H. Robertson and told him his story. He had been to Cleveland, where he made an unsuccessful attempt to see Senator Hanna. He claims that the anarchists have set a price of \$60,-000 upon his head and that five attempts have been made to assassinate him. The township trustees bought him a ticket to Pittsburg to get him out of the city.
