## FIFTH STRAIGHT VICTORY

Omaha's Winning Streak Helds Out in the Most Promising Way.

COLORADO SPRINGS SENT HOME BEATEN

Harry Newmeyer's Curves Touched in Just the Right Spot, While Alloway Tantalizes the Millionaires.

When the 2,000 spectators who gathered at Vinton Street park yesterday afternoon went home at 5 o'clock they could hardly believe that they had just seen Omaha defeat Colorado Springs 4 to 2, for not a wrangle or dispute had occurred. J. Rosa Swigert had received from President Sexton a telegram reading: "Work unsatisfactory. Must remove you. Do not umpire any more games." This wire came in time to keep yesterday's game out of the clutches of Ross, and he sat in the press box, while out from the diamond was heard ever and anon the mellow bellow of Buck Keith as he called the strikes and balls

and things, Whether or not that made all the difference cannot be said, but it is certain that not one player registered a kick Thursday, and it has been a long time since Omaha has been in a game of that sort. Meanwhile the crowd, which had been yelling so loud for the players to "cut out the beefing," forgot its own preaching once, and bellowed like a herd of steers when Alloway was struck out in the fifth. Alloway was not kicking at all himself, but the gang didn't like the third strike, and broke the charm of stience with a will.

The game was a beauty. All hits were clean, but they were rather seldom. The pitchers were in great form. Alloway did not do much striking out, but he kept the ball mostly in the right place for his supporters to get it. Frank Genins was back in middle field and received an ovation each time he came to bat. Frank made a safe hit just the same, too, despite his bad lamps.

It remained for the third basemen to take the fielding honors. Both Hickey and Granville did some great work and the latter also did some smooth base running. Carter stole bases like a mouse, and Stone and Stewart also puzzled Holly and Hemphill a little in that regard. Dolan's two-bagger was a beauty to left field fence. The

## Means bad air, and whether it Enemy to Health

of the country, or the filthy sewers and drain pipes of the cities and towns, its effect upon the human system is the same.

These atmospheric poisons are breathed into the lungs and taken up by the blood, and the foundation of some long, debilitating illness is laid. Chills and fever, chronic dyspepsia, torpid and enlarged liver, kidney troubles, jaundice and billiousness are frequently due to that invisible foe, Malaria. Noxious gases and unhealthy matter collect in the system because the liver and kidneys fail to act, and are poured into the blood current until it becomes so polluted and sluggish that the poisons literally break through the skin, and carbuncles, boils, abscesses, ulcers and various other eruptions of an indolent character appear, depleting the system, and threatening life itself.

The germs and poisons that so oppress and weaken the body and destroy the life-giving properties of the blood, rendering it weak and watery, must be overcome and carried out of the system before the patient can hope to get rid

of Malaria and its effects. S. S. does this and quickly produces an entire change in the blood, reaching every organ and stimulating 'them to vigorous, healthy action. S. S. DECLINE IN WINTER WHEAT IN NEBRASKA

Statement Issued Indicates that Cold Weather and Heavy Rains Have Had Telling Effect on

WASHINGTON, July 10 .- Preliminary returns to the statistician of the Department of Agriculture, on the acreage of corn planted indicate an increase of about 3,520,-000 acres, of 3.9 per cent on the area har-vested last year. Of the twenty-five states and territories with a million acres or upward in corn harvested last year, Iowa, Nebraska and Michigan report an increase of 1 per cent; Pennsylvania, Indiana, Virginia and Louisiana of 2 per cent; Georgia, Arkansas, Wisconsin, and Missouri, 3 per cent; Ohio, Illihois, Mississippi and Indian territory 4 per cent; Kansas, Kentucky and Tennessee 5 per cent; North Carolina and South Carolina 6 per cent; Texas 7 per cent; Alabama 8 per cent; Minnesota 9 per cent, and South Dakota and Oklahoma 11 per cent.

The average condition of the growing crop on July 1 was 87.5, as compared with 81.3 on July 1, 1901, 89.5 at the corresponding date in 1900 and a ten year average of 89.2. The condition in Illinois was 91, in Iowa, Nebraska and Indiana 50, in Kansas and Oklahoma 99, in Missouri 102, in Obio

87, and in Texas 41. The average condition of winter wheat improved during June nine-tenths of 1 point, standing on July 1 at 77, or 11.3 points below the condition of July 1, 1901, 3.8 points below that at the corresponding date in 1900, and 2.4 points below the ten year average. It fell off during July 4 points in Kansas, 2 points in California and Oklahoma, and 1 point in Illinois, and improved during the same period 2 points in Pennsylvania and Ohio, 7 in Indiana and Nebraska, 10 in Michigan and 3 in Mis-
