THE OMAHA DAILY BEE: SUNDAY, JULY 13, 1902.

Omaha Travels Easy at Head of the Western League.

DENVER MAN'S DISGRACEFUL CONDUCT

Parke Wilson's Rowdy Action Likely to Go Unpunished Because of **President Sexton's Lack** of Backbone. 181

Isn't it nice?

conduct, and in the second game he had Omaha's galt at present is the nice, even pace set in the spring, which the other to fine seven players in order to maintain seams found so fast. It's the same old peace. On July 5 the Denver team and seam, playing the same old ball. All the Swigert came to Omaha, and from the first other teams have "strengthened" from time inning of the first game to the last inning to time, changing positions, getting new of the last, the Grinslies acted more like players, releasing old, and doing everything a lot of hoodiums than any team ever possible, it would seem, to hit the pace, seen here. Again and again they gathered but none have landed. When the Omaha around the umpire, heaping on him the around the umpire, heaping on him the team was first named, before the season vilest of abuse, obscenity and verbal filth. opened, The Bee pronounced it the fastest delaying the progress of the games and disfielding team in the league. Actual events gusting thousands of patrons who went to have demonstrated the correctness of that the park in expectation of seeing a ball prediction. Only two changes have been game and were treated to the spectacle of made in the working team during the sea- a lot of high-salaried ball players wrang-Stone succeeded Fleming in left, and ling like a lot of drunken fishwives. Their 801. Thomas had to go to first when Calhoun conduct culminated in the assault on the west to the hospital. More or less hard umpire by the manager and his arrest and luck, accidents incident to the game, has removal to the city jail. The Denver overtaken the team, but the players have Times young man says it was spitework all stuck, and are playing just the sort of on part of the Omaha management that ball they promised to in the spring. Not a team in the league has shown anything to compare with Omaha in the consistency of like a thug and was arrested like a thug in the league has shown anything to the originals or wearing the C. B. Havens the originals or wearing the C. B. Havens or the originals or wearing the C. B. Havens its work. During the one awful slump in and The Bee has Manager Rourke's au-June, the batting and fielding of Omaha thority for stating that any player who was the same as it has been, and while assaults an umpire on the Omaha diamond bollow-eyed defeat was the team's portion will be treated the same way. It is base day after day, none of the players lost ball the Omaha people pay for, not hoodheart, but all went into the game with lumism. Umpires may be mobbed in Denvim, so when the turn did come they were ver, but not in Omaha and we have to put up with the same men that go to the home ready to take advantage of every chance. How well this worked is shown by the fact of the Grizzles. that the victory over Milwaukee on Friday

the sixth consecutive win of And now comes the most humiliating Was week, and made the record spectacle of the whole affair. Harry Welch, the crack south paw, has been the recipient of the most notable of these chances. The Chattanooga Southern league team, with which Lawler, another old Creighton man, is now playing shortstop, made him a flattering offer. Randolph. Neb., also presented tempting terms, as did the Rockford team of the "Three I' league. But, fortunately for Creighton, Welch has refused these offers and will spend his summer playing with the Originals and other amateur teams in this lo

> cality. Bucklin, another Creighton twirler, has eccepted an offer from the Sheldon Union Pacific league team and is now making a fine showing with that aggregation. Captain "Bill" O'Keefe had numerous offers from the Iowa and Dakota league teams to play. but he has decided not to join the profes sional ranks for another year at least, and developed into such a fast third baseman this year, is the recipient of very pleasing offers from three teams in Iowa and Da-kota, but Creighton will confine his prowess to the Originals and Field club fields this summer. Lynch, who completed his undergraduate course this year, has gone out in Wyoming to play with an amateur club team at Cheyenne. Outfielders Keboe and Dineen are playing with their home teams in Iowa Creighton admirers regard all this as a fattering proof of the efficiency and caliber

> of Creighton's team this year, and with the promise of most of this material back next year, ripened by experience and practice, Creighton's aspirations are more ambitious than ever.

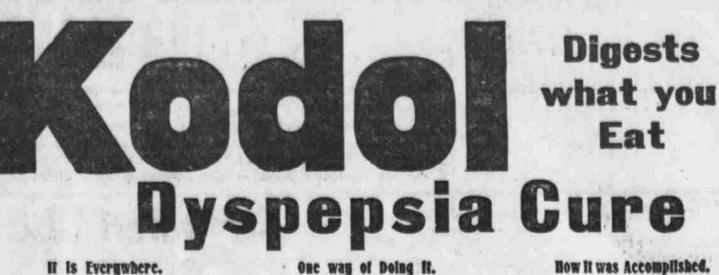

PLAY GOLF IN WET WEATHER

What a Country Club Enthusias Found Out During the Deluge.

"I always thought that all this talk about playing golf in all weathers was largely ex-aggerated poppycock," said a prominent Country club golfer one day last week, 'but I am a convert now to the proposition and I stand willing to believe that the eastern cranks take especial pains to play in rainy weather and even in the snow. Why it's great sport, and there are many days in which you feel in just such a mood that golfing in a driving rain is far superior to playing the game on a balmy day. "It's this fierce spell of rain we have had

that has brought about my change of heart. Forty days of Pluvius' uninterrupted reign (no pun) has simply made it a case of play in the rain or don't play at all, and I didn't care to abandon the game entirely. Last year I never thought of getting out in a shower to play golf, and, to tell the truth,

I never had much chance to. But what a new stunt has become of so common adop-difference this season. All the rain seemed tion that the golfers never think of look-to come along at the beginning of the golf-ing at the skies before leaving the city. REVIVAL OF LAWN TENNIS tournament at Chicago for the western the greatest thing ever brought out yet to championship, is an interesting fellow and deceive the receiving man. It is not a ing at the skies before leaving the city. Many women, too, are playing in the ing period, just when everyone was anxious to get onto his game again. Along in the latter days of May the clubs opened with short, tight-fitting golf skirts can stand a due colat, and then the rains commenced soaking about as well as a man's trousers, early in June. After just about having an and look better the next day into the bar-

II is Everywhere.

If you belong to the great army of suffer-ers from indigestion you can realize what a national calamity it is that three-fourths of the American people are in the same ranks.

It is easy enough to moralize on what brought about this terrible condition,-high living, poor living, fast eating, improper eating, worry, strain and a host of other things. But the great question is, What are we going to do about it and how are we going to overcome its terrible effects?

Couldn'i Live without Onc.

The whole trouble lies in the stomach, that's plain enough. But we can't afford to remove the stomach and we can't afford to let it be destroyed by disease. It is the most important organ of the body and we couldn't live without it.

The stomach prepares the food for making the blood that nourishes every organ and tissue of the body. Without good, rich blood the heart becomes weak, the lungs break down, the liver becomes choked and the kidneys are strained beyond endurance. There is no disease, except the consequence of injury, that is not directly caused or aggravated by disorders of the stomach.

We Must Give It a Rest.

But what are we going to do when the stomach is completely tired out and can no longer digest food? We must not allow our bodies to become saturated with the poisonous materials formed by the fermentation of undigested food that would be followed by serious and probably fatal results; and we must not wreck the nervous system by the tortures of indigestion. We must give the stomach rest. But how are we going to do it?

We can stop eating. Some people have been forced to do it for awhile, and a few have deliberately tried to do it. A few years ago one man voluntarily went without eating for forty days and nights; but at the end of that time he was little more than

The other Way.

skin and bones.

It is evident that we can't live without food and we can't maintain good health any length of time on half rations. When the stomach is weary and refuses to work, we must devise some plan besides starvation to give it a rest. There is only one other way, and that is to do the stomach's work for it. There are a great many preparations that can be taken immediately after acting that can be taken immediately after eating that will aid the digestion of food. Some of them help digest starchy foods, such as bread and potatoes and cereals; others help digest albuminous and nitrogenous foods, such as eggs and meat and cheese. Most of these preparations are good as far as they go, but they do not go far enough. Nature demands a generous and varied diet, and EVERYTHING we cat must be thoroughly digested. Partial digestion may relieve for a time, but it cannot cure dyspepsia.

The Common Sense Method.

To absolutely cure dyspepsia and restore the digestive organs to health, we must give the stomach complete rest and give the body a plenteous variety of good nourishment and at the same time supply recon-structive materials to be used in repairing To devise a method of accomplishing

these things has been a perplexing problem, and its solution marks a new era in the treatment of dyspepsia.

"Nearly every month for years I was attacked with gastralgia, an agonizing form of indigestion. Skilled physicians failed to cure me. I com-menced using KODOL DYSPERSIA CURE and it gave instant relief. Now I have not had an attack for five months."-J. B. Evans, Harrisburg, Pa. "My family physician recommended me to use KODOL DYSPEPSIA CURE for chronic indigestion that had tortured me for years. Formerly I couldn't eat anything or drink a glass of water without distress. Now I can eat and drink whatever I want."-Mrs. R. F. Buffington, Xenia, Ill. "I had stomach trouble for years, often so bad I had to abandon business. I tried physicians and all kinds of medicine. I commenced using KODOL DYSPERSIA CURS and received immediate relief and less than two bottles of it effected a permanent cure."-G. R. Colbath, Alpena, Mich.

Prepared at the laboratory of E. C. DEWITT & Co., Chicago. 50 cts. and \$1. a bottle. The large size contains 24 times the small size.

in Grand Island when he was yet a "kid." This player is almost diminutive in With other small boys he was wont to chase stature, being only five feet three inches

How It was Accomplished.

By intricate experiments and laboratory work it was found possible to combine, in exact proportions, all the digestants natural-ly used in the digestion of the various classes of foods and to unite with them the organic substances required to build up the exhausted tissues. exhausted tissues.

11

These investigations were especially con-ducted for the purpose of devising a prep-aration which by its presence in the stomach and alimentary tract, would completely re-lieve the digestive organs from work by di-gesting whatever class of foods might be esten.

Record Seems Remarkable.

The result has been more than it at first seemed possible to accomplish. The prepar-ation formed on these principles, known as **Kodol Dyspepsia Cure**, has been used by many thousands of dyspeptics, and in every case it afforded almost instant relief, and its continued use never falled to bring about complete recovery, even in the worst cases after everything else had failed. This record seems remarkable; but it is only a natural result of the composition and properties of this preparation.

If Digests what You Eat.

KODOL DYSPERSIA CURE digests what you eat and allows you to eat all the good, whole-some food you want. If you are suffering from indigestion you will be surprised at the speedy relief it will give you. If your case is of long standing it will require a reason-able time to effect a cure; for Nature cannot replace worn out tissues with new ones by magic. But when, by the use of this preparation, the stomach is given absolute rest, and abundant nourishment and reconstruc-tive materials furnished, recovery is certain and permanent.

of the crew held the visitors down to very few, the Grizzly sluggers getting but six clean hits and five scratches in three games. During the week the fielding of the team was of the same high order it has been all season. The statistics are: BATTING AVERAGES.

Only iwice in Omaha's base ball history has an umpire been assaulted on the dia mond by a player, and both times the the certain disaster. offense has been committed by a Denver In 1891 George Treadway, the faman.

"Home Run" George, struck Frank mous Bandle, who was acting as substitute umpire at the old Sportsmen's park because Halligan ran outside the carriage BIII gate, got the ball and threw it to Cy Sutcliffe, putting Treadway out at the plate. Last Monday Parke Wilson, catcher and manager for Denver, so far forgot himself this year, and if he doesn't prove a gold and his surroundings as to assault Umpire Swigert, during the progress of the game and in presence of a large assemblage of And he certainly will have to deliver the ladice and gentlemen. Wilson's exhibi- goods now. He cannot hand the "con tion was the most disgraceful ever witnessed on a ball field here, and is all the more inexcusable because he is a veteran player and the manager of his team. He And now there is talk of Joe Kelley going to is familiar with the rules of playing, and Cincinnati to succeed Biddy McPhes, who knows well what his legal redress is. He has just been released after a connection is also supposed to set an example for the with the Reds of over a quarter of a cenplayers under his control. Therefore, he tury. Kelley will probably make a better should have been the last man to have manager than either McGraw or McPhee been guilty of the act of hoodlumiam which but he will hardly pull the Reds very high has stained his base ball career. One of in the standing this year.

the Denver papers has accused The Hea of being biased against Wilson. Nothing could be farther from the truth. The Bee has had occasion to criticise Wilson's actions a number of times since the playing season commenced, but has never shown any prejudice against him. On the other hand, Wilson's career has not been one to endear him to the public here or else-

where. He is well remembered in Omaha as one of the catchers for the Lincoln team in 1891, when he showed the characteristics that have since marked his He was put out of the first game course. Denver played this year, and off the grounds, and has been in continual trouble with the umpires ever since. More than that, his example has led other members of the Denver team to indulge in disgrace ful kicking, until President Packard admits that his team is at the top of the bunch as klokers. Such conduct is not calculated to endear Parke Wilson or any one else to Omaha people. The Bee has told only the plain truth about this unruly player, and did not color in the least its account of his rowdy conduct on last-Monday.

Whether Umpire Swigert was competent

does not enter into the argument. His incompetency is no excuse for an assault by a player. The umpire is plainly forbidchange a decision once made and In his letter of instructions to the umpires

along with them. Yet he is only allowed to act when one of Mr. Sexton's misfits fails to show up or is disqualified. Why doesn't Sexton give Keith a place on the regular staff? Buck would be a hit with his work all around the circuit. A good umpire is well worth his price to any league, and the Western ought not to let a tew dollars stand between it and a competent umpire.

It is not only in the Western that the day, wet or dry. They were getting good, umpire has his troubles. In the American too, and when I looked over the list of league Bobby Carruthers we thought so tournaments and matches scheduled for the much of last year is being denounced as in summer it made me jealous to note the competent because he put Collins out of the swell trophies offered, for which these busy game. opportunity to learn the course again, we gain. So with a big straw hat on to keep found ourselves cut out by wetness. OMAHA FIELD CLUB IN THE TOURNEYS balls for the older ones who wielded the in height, and that fact makes his play all racquets. One day he was handed a racquet by a man who was waiting around for a When he was boy champion he was the Will Send a Representative to Chi- tardy opponent to arrive, and was told to standing subject of gossip at all tournaget across the net and knock the balls ments he entered, for to see such a small back if he could. Then the man proceeded to practice on the boy the new cut service so popular at that time. But Farnsworth knew the game through and through from watching it so long, and instead of a backstop the man found he had a tennis player opposite him.

lad playing and defeating old and sometimes very large players seemed inexplicable. On the occasions that he has played in other cities this stature and youth have always made him the favorite and the object of chief attention.

When he was but 18 years of age Farnsworth accomplished the commendable feat of winning the championship of Iowa, Nebraska and Kansas in the tri-state tournament held at Sloux City, Ia. That was in 1900. The next day after his finals he went in with Ike Raymond of Lincoin and won the singles in the same event, defeating Raymond in the finals, and he and Raymond took the doubles for a second time.

"So I think I shall try hard to get back to Sloux City this year," said Farnsworth at the Field club one day last week. "You see I have to win that cup only once more to own it permanently, and so with the trophy for the doubles. I should be able to make it three straight in the singles and Raymond and I hope to do equally well in the other event. At least, I have two chances to win a permanent prize and its worth while trying."

At Chicago Farneworth's low, steady, persistent style of game should make a hit and his showing will be a creditable one if he is in form. After that tournament he will go with the cracks to Minnetonka, the party taking a special train from Kenwood there. coln found that he could beat them all. The The western championship is to be held at the Kenwood Country club courts under the auspices of the National Lawn Tennis association. The Omaha Field club has just joined this association and will in this tournament for the first time enter a representative. The tournament in Omaha will be under the same suspices. The northwestern championship event will be held by continue one full week.

Farnsworth has been doing most of his preliminary work for the western chaming the last two weeks. The long rainy where he will go a week before the event Farnsworth, too, is the only Nebraska begins on July 19. McGee, who won last

tennis player to have at his command the year the championship of the University of twist service, made so much of this senson Chicago, has been in Omaha recently as Earl Farnsworth, the lad whom the Field by the sporting press of the east. Eastern well and says that Farnsworth is great at players use it entirely, and it is said to be the game.
