LEVEE FOR A LIBRARY SITE

Board Unanimous in Recommending Three Mills for This Purpose.

HOPE CARNEGIE WILL GIVE BUILDING

New Board Organized by Election of M. F. Rohrer as President and Mrs. Dalley as Librarian for Current Year.

The board of library trustees at its annual meeting yesterday afternoon determined to renew its efforts toward securing a building as a permanent home for the library by levying a 3-mill tax for a fund for the purchase of a suitable site on which to erect the building.

As the last census shows that Council Bluffs has a population in excess of 25,000 the law provides that a levy of not exceeding 3 mills can be levied for the purpose of acquiring real estate as a site for a library building or for the purpose of erecting the building itself.

The board was unanimous in recommending the levy of this tax and President Rohrer, W. S. Baird and Dr. Cleaver were appointed a committee to present the matter before the city council.

The board also decided to recommend the levy of 1 1/2 mills for the maintenance of the library for the ensuing year. Last year the library was compelled to get along on a 1-mill levy.

New Board Organized. The reorganization of the board by the election of trustees Baird, Cleaver and Stewart, the latter two taking the places of E. A. Troutman and T. E. Cassidy and Mr. Baird succeeding himself, M. F. Rohrer was re-elected president for the third year in succession.

Mrs. M. E. Dalley was re-elected librarian at the same salary as before, \$60 per month, and Miss M. E. Sherman and Mrs. B. K. Black were re-elected assistants at the same salaries as last year. \$45 per month. Trustee J. J. Stewart was selected as secretary and Mrs. Dalley as clerk of the board.

It was decided to pay the dues of the library as a member of the State Library association and as a compliment to the president his also. Last year the board paid the dues of each individual member of the board, but at the suggestion of Congressman Smith, who attended yesterday's meeting in his capacity as one of the trustees, it was determined that if the individual members desired to join the state association they should pay their own dues.

These transfers were filed yesterday in the abstract, title and loan office of J. W. Skunk, 101 West street. William H. Mullane to Eliza J. Reicher, lot 4, block 15, Neola, c. d. s. 1. M. E. HAZELTON IS NOW POSTMASTER

Given Out that No Changes Will Be Made in the Employees of the Office.

Hon. A. S. Hazelton assumed the duties of postmaster at Council Bluffs yesterday, succeeding I. M. Treynor. The legal transfer of the office was made by Mr. Treynor to Mr. Hazelton one minute after midnight Sunday, but neither the incoming nor the outgoing postmaster was present at that time, both presumably being in bed sleeping and dreaming over what was and what might have been.

The advent of Mr. Hazelton into the postmastership will, it is said, make no changes at the postoffice. With the exception of the deputy postmaster all the positions are held under civil service rules. George T. Phelps, who was deputy postmaster under Mr. Treynor, will continue in the same position, at least for the present.

In accordance with the usual custom, Mr. Hazelton also becomes custodian of the federal building, but will not assume the duties until Mr. Treynor has had time to prepare an inventory of the government property under his charge and close up the other business connected with the office. It is said that Mr. Hazelton contemplates one or more changes in his employees under his control as custodian.

Mr. Hazelton forwarded yesterday to Governor Cummins his resignation as state senator. It is unlikely, however, that the vacancy will be filled, as another state election will be held before the next meeting of the legislature. It is possible, however, that Governor Cummins may issue a certificate for the election this fall of a successor to Mr. Hazelton to provide for a state senator from this district in the event of an extra session being called.

The Council Bluffs postoffice is now one of the most important in the state, paying a salary of \$2,200 to the postmaster, an increase of \$100 having been granted July 1. In addition to the regular business the Council Bluffs postoffice receives remittances from about 300 smaller postoffices in this district, has charge of several rural free delivery routes, keeps the payroll for about sixty railway mail clerks and supervises the immense mail transfer at the Union Pacific depot.

The employees at the postoffice presented the retiring postmaster, Mr. Treynor, with a handsome library table as a mark of their esteem and regard. Mr. Treynor leaves the postoffice after serving two terms with the unequalled esteem of all the employees who worked under him.

Funeral of Captain Denny. The funeral of Captain Dixon Denny, held yesterday afternoon from the family residence on Baughn street, was attended by a large gathering of friends and acquaintances. The deceased police officer and the bereaved family. The floral tributes were

HEAR THE CORPORATIONS

Telephone and Telegraph Companies Want Their Assessments Lowered.

RAILROADS ARE TO BE TAKEN UP NEXT

Iowa Telephone Company Refuses to Treat with Strikers and Fight is Now on to a Finish.

(From a Staff Correspondent.)

DES MOINES, Ia., July 14.—(Special.)—The state executive council met this morning for the purpose of making an annual assessment of railroad, telegraph, express and telephone property, and to sit as a Board of Review in passing on the equality of the assessments in the various counties of the state. All the members were present. The work of the Board of Review could not be taken up today because not all the reports from counties are in. The reports from Dubuque, Monroe and Wright counties came in late and the figures have been put into the tables, but Iann county is still out, represented. It is expected the auditor-general from Linn will arrive in a few days, when the footings will be made and the information will be turned over to the Board of Review by Mr. Gunderson, bookkeeper for the auditor of state.

The railroad assessment matter will be taken up formally tomorrow, and representatives of the railroads will be heard. The council gave a hearing today of the representatives of telegraph and telephone companies. Before noon the following were heard: E. B. Smith of Davenport, for the Iowa Telephone company; Mr. Miller of Clinton, representing the Tri-State Telephone company, and Representative B. F. Cummings of Marshalltown, representing the Marshall Telephone company. They went over the telephone assessments and pointed out inequalities from their standpoint. The assessments of the telephone companies were reported and Eiton on the south, the limits. The railroad here was the hardest of the year and there was much damage also by reason of wind.

At what hour was the hardest of the storm. At 3 o'clock this morning what amounted to a cloudburst occurred at the head of a dry run which trends directly through the city of What Cheer. Usually this is entirely dry, but this morning the water came down in a torrent four feet deep and swept through the heart of the city, taking everything before it. Nine buildings were moved from their foundations, including the Methodist church. One large building, the Palace livery barn, was carried a mile down the stream and lodged in the trees.

The following buildings were moved from their foundations: Methodist church, Palace livery barn, Ed Mandly livery stable; Ed Crow, chophouse; Neilman's saloon; Swan laundry; J. N. Wilson, restaurant; Stanley's lumber office and yards, Standard Oil company, gasoline tank.

A number of residences were moved from their foundations, but not carried away. The people barely had time to get out of their houses and escape without making any effort to save their property. The loss is conservatively estimated at \$25,000.

Improvement at Des Moines. DES MOINES, July 14.—(Special.)—The flood situation in Des Moines and along the two rivers which meet here is becoming better. The rivers are down about five feet from the high water marks of last week and are steadily declining. They are now in their banks and the work of repairing levees and rebuilding roads and bridges has already commenced. All the heavy rains of last night were in the southeastern part of the state and will not affect the river at this point.

There is no doubt that the ice supply in Des Moines the rest of the summer will fall short of the demand. Three houses have been wrecked by the floods and hundreds of tons of ice either floated away or melted in the black water around the plants. The report of Brighton and Coppock say the Skunk is over a mile wide in some places and is filled with buildings and carcasses of dead animals. Residents along the three rivers, further down, are moving out in anticipation of a situation similar to that which prevailed around the plants at Eddyville and Ottumwa on the Des Moines and the territory along the Rock Island between Oskaloosa and Knoxville the situation is said to be the most serious ever known. At Oskaloosa, Ottumwa, Keosauqua and Iowa Falls the section severely electrical storms were reported last night and nearly two inches of rainfall. At Ottumwa two houses were struck by lightning.

Ottumwa a Heavy Sufferer. The crest of the flood in the Des Moines river has now reached Ottumwa and is rapidly drawing toward the town farther up the river. The Des Moines has risen six feet at Ottumwa since yesterday morning and is still rising. It is eighteen feet above low-water mark and has driven eighty-four families from their homes.

Traffic on the Rock Island and Iowa Central railroads has been abandoned and it was suspended temporarily on the main line of the Burlington, trains being compelled to make a detour from Ottumwa on the Wapawga cut-off.

Eddyville and Oskaloosa report great damage from floods and heavy rains last night. The Skunk river at Brighton and the Iowa river at Iowa City are at their highest points, submerging many houses and doing great damage.

Iowa Central Tied Up. MARSHALSTOWN, Ia., July 14.—(Special.)—Immense property damage has been done in Iowa Central railroad by high water in the Skunk river. Several hundred feet of track has been washed away and approaches to the Skunk river bridge undermined, rendering it unsafe for use. There has been much damage between Huges and Ollie, culverts being washed out. Passenger trains are running ten to twelve hours late and a number have been annulled altogether.

Iowa River has Joined the Des Moines. The Iowa river has joined the Des Moines in its lower course and is steadily rising. It is now in a manner unprecedented since 1881. Property loss will be large. The swollen stream is now almost a quarter of a mile wide here—whereas the normal width is but a little over thirty feet. The tremendous rise has all come in forty-eight hours.

Floods Hit Shenandoah. SHENANDOAH, Ia., July 14.—(Special.)—The big rise in the Neishabota river which had been expected for a couple of days reached this place Sunday morning, and in a few hours the river was nearly a mile wide all along the bottoms.

All day Sunday it steadily rose, and at dark last night was still coming up. Farmers and others spent the greater part of the day rescuing stock that had been caught on the higher knolls in the immediate vicinity of the river, but so far no livestock has been reported lost.

Small grain fields and all of the cornfields immediately along the river are inundated.

THE MAN WITH THE BIG HEAD—Go 'way! Git out! I'm sick! I want to die! THE MAN WITH THE LEVEL HEAD—Ah, you old sinner! No rest for the wicked! You will go on a bat wheel you, wife in the country, will you? You ought to suffer! But why didn't you do as I told you when I left you last night, and as I did myself: take a CASCARET Candy Cathartic before going to bed? You'd feel good like I do. They work while you sleep, fix up your stomach and bowels, cool your feverish liver, and make you feel fine and dandy the mornin' after.

BAD STORM AT WHAT CHEER

Cloudburst Makes Torrent Out of Dry Run and Buildings Are Damaged.

RIVERS IN EASTERN IOWA OVERFLOW

Skunk, Iowa and Lower Des Moines Spread Out Over Bottoms and Immense Damage Done to Property.

OSKALOOSA, July 14.—(Special.)—A terrible storm of wind, hail and rain visited this part of Iowa Sunday and Sunday night and two inches of rain fell here.

This place seemed to be the center of the storm, with Grinnell on the north, where heavy hail was reported, and Eiton on the south, the limits. The rainfall here was the hardest of the year and there was much damage also by reason of wind.

At what hour was the hardest of the storm. At 3 o'clock this morning what amounted to a cloudburst occurred at the head of a dry run which trends directly through the city of What Cheer. Usually this is entirely dry, but this morning the water came down in a torrent four feet deep and swept through the heart of the city, taking everything before it. Nine buildings were moved from their foundations, including the Methodist church. One large building, the Palace livery barn, was carried a mile down the stream and lodged in the trees.

SIoux CITY MAY LOSE SUBURB

Leeds Declares Intention of Withdrawing and Setting Up Municipal Government.

SIoux CITY, Ia., July 14.—(Special Telegram.)—Sioux City is threatened with the secession of one of its most populous suburbs, Leeds, situated on the northeast, is exercised over a proposed scheme to annex the Second precinct of the Third ward to Leeds and has sent notice through the alderman, C. A. Nusselt, that if the plan is put into execution, the suburb will withdraw and set up a town government of its own.

Leeds has a republican majority and the Second precinct of the Second ward, which casts more votes than the Leeds ward, is democratic. The people of Leeds fear the loss of the alderman and insist they need a representative in the council to look after their interests.

Blacksmith Strikes Boy with Hammer. DUNLAP, Ia., July 14.—(Special Telegram.)—Dunlap, a blacksmith from Waterloo, Mo., is charged with striking a boy with a four-pound hammer at a 13-year-old boy's basement of this church at 12th and 10th streets. The boy was struck on the head and the result is a large indentation in the boy's skull above the left ear. The boy had been throwing a reflection from a glass and provoked the blacksmith, who warned the boy that he would get the hammer if he did not cease. The boy threw the light on the blacksmith's face and the result is a severe laceration of the face. Broderick was arrested and will be given a preliminary hearing tomorrow at 10 a. m.

New Methodist Church Dedicated. CARROLL, Ia., July 14.—(Special.)—Carroll's new \$17,000 Methodist Episcopal church was dedicated today. Free from the old site, Bishop I. W. Joyce of Minneapolis delivered the dedicating sermon. Practically all of the \$4,700 was raised at the close of services in less than half an hour. About a year ago excavating for the basement of this church was begun. It can be truly said that the Carroll church is one of the finest in the district, having a seating capacity of about 700.

Citizens Oppose Gas Franchise. CEDAR FALLS, Ia., July 14.—(Special.)—Wednesday evening the city council will consider the gas franchise which is asked by the combined electric companies of this city and Waterloo. The plan is to pipe the gas to this city. The measure will meet with opposition by both aldermen and citizens, who do not favor its passage in its present form, as they think better protection should be guaranteed the users of gas for the future.

Waterloo Will Settle Claims. WATERLOO, Ia., July 14.—(Special.)—H. W. Cull, proprietor of the Royal hotel, who filed a petition in bankruptcy a few days ago, has asked that it be withdrawn and he will pay up. He was brought into court by some of the parties involved in claims against the estate of his wife and asked to account for certain properties. Action is threatened to place him in an embarrassing position and he took the above step to relieve the pressure and will settle his claims. He was the guardian of the estate of his wife, who died recently.

First White Child of Jefferson County. PARSONVILLE, Ia., July 14.—(Special.)—Sunday was the birthday anniversary of W. H. Coop, who was born in Jefferson July 13, 1836. He was the first white child born in Jefferson county and the anniversary was the occasion for an old-fashioned jubilee. The exercises were held at the regular hour for church services.

Old Man Tired of Life. ATLANTIC, Ia., July 14.—(Special Telegram.)—Louis Knop, an old man 75 years of age and an early settler of this county, committed suicide by hanging in the barn at the county poor farm early this morning. Despondency and old age appears to be the cause.

Bloodhounds Trace Thieves. HUDSON, Ia., July 14.—(Special Telegram.)—Two men giving the names of O'Brien and Stewart were arrested today for robbing the store of William Guttschach. Sheriff law and his bloodhounds tracked the men to an abandoned corncrib, a mile from town, where the men were found sleeping with the goods in their possession. This is the second trial for the dogs; they failed on the first case.

Iowa Farmer Drowns. CEDAR FALLS, Ia., July 14.—(Special Telegram.)—Harry Gilbert, a young farmer, drowned in the Black Hawk, near Hudson, Sunday while in bathing. He could not swim. The body was recovered.

Failure. In life's more often due to exhausted nerves, force of character, loss of vitality. Strong nerves are the capital that success is made of. When people lose their capital they set to work to regain it. When we lose our nerve force we ought to seek a means of getting it back. There is a way, certain and scientific.

Sexine Pills. feed the nerves, making them steady and strong as steel. We do not mean to say we can cure Nervous Debility and physical exhaustion; that's why we agree to refund your money if six boxes do not cure you. \$1.00 per box; six boxes \$5.00, mailed securely sealed upon receipt of price.
