PAYS TRIBUTE TO DR. HIRST Ministerial Association of Omaha Pinces Memorial on Its

Record. At a meeting of the Omaha Ministerial association, held in the Young Men's Christion association partiers yesterday, the following memorial upon the death of Dr. A. C. Hirst was placed upon the records of

the association:

nearly two score years, needs not our tears.

Yet we regret our loss. His absence means the lack of a companionship, which was full of rich inspiration. His scholarly instes, splendid judgment and refined delicacy in the discrimination of things courteous lent to our association an influence that will abide. Beyond all this, however, his memory shall be valued because of his beautiful life of the spirit, as it biossomed into justice and mercy and sympathy and love.

We need say no more. We, as an asso-ciation of ministers, know that a great leader in Israel has laid down his armor to receive the crown from our Lord Jesus Christ, in whose service he were himself

Anxiously Awaiting Full Statement of Featherstone Proposition. Already Approved.

President Peter H. Dillon of the local molders' organization said Monday morning that full details of the Featherstone proposition, notice of the settlement upon which was published in The Bee Sunday, will be received within a few days. He has been

weekly meeting and nothing of particular importance is looked for at this time.

The molders are still uninformed as to when the Featherstone people will begin the erection of their foundry. It is thought, as was stated in The Bee, that not many of the men will go to Chicago to work in the 3:40 am meantime, but most will, it is said, remain here, working in the local shops.

Woman's Shirt Waist, No. 4040: To Be Made Plain or Plaited Back, with or Without the Fitted Lining-The novelty of the eason is undoubtedly the shirt waist with plaits that run to or over the shoulders. The smart example illustrated combines that feature with the new deep-pointed cuffs and stock, and is suited to all the season's waitsings, madras, Oxfords, pique, chambrays, linen, batistes, silks, light weight fiannel, albatross and the like, but in the original is of silk chambray, in pale due, stitched with white, and is held by

white pearl buttons. The fitted lining extends to the waist line only, but forms the foundation on which the waist is arranged. The fronts and back of the waist proper are laid in two plaits at each side, which meet at the shoulder seams. The fronts include the regulation box plait and are gathered at the belt or left free and adjusted to the figure, as preferred, but the plaited back is smooth and without fullness. When the plain back is substituted it is drawn down n gathers at the waist line. Ornamental stitching, simulatin pointed bands, is shown on the fronts. The sleeves are in shirt style, but with deep-pointed cuffs that ap over and are buttoned at the outside. At the neck is a novel pointed stock that

matches the cuffs. To cut this waist for a woman of medium ize 4 yards of material 21 inches wide, 3% yards 27 inches wide, 3 yards 32 inches wide or 21/4 yards 44 inches wide will be required. The pattern, 4040, is cut in sizes for a 22, 34, 36, 38, 40 and 42-inch bust measure.

For the accommodation of The Bee readers, these patterns, which usually retail at from 25 to 50 cents, will be furnished at a nominal price, 10 cents, which covers all expense. In order to get any pattern onclose 10 cents, give number and name of
