Buyers were slow about taking hold and as a result it was late be-fore anything like a clearance was made. The best grades did not sell much differ-ient from yesterday, but the general run was slow and steady to a little lower. As noted yesterday the market is so uneven that it is almost impossible to tell much about it, for some sales look a good deal higher than others. It is safe to say, how-ever, that packers are trying their best to pound the market and that they succeed in some cases better than in others. Choice bulls held about steady, but others were a little lower if anything. Stags and veal calves sold steady where the quality was at all good. Stockers and feeders did not sell much different from yesterday. The best grades in particular held sheady, but the common kinds were dull and the tendency was very evidently toward lower prices. Yesterday there was quite a demand from the country and 28 cars were shipped out of here. Rep-resentative sales: BEEEF STEERS.

Chesapeaké & Ohlo renewed its strong ad-vance to the scient of 2%, but without checking the selling to realize at other points and making the closing irregular. Although there was supposed to have been an extensive speculation upon the un-known chances of the Amalgamated divi-dend, the declaration at the unchanged rate failed to arouse that stock from the prosecution of a regular campaign for a rise, which was based today on the ab-sence of any unfavorable factors, rather them upon any new developments favoring higher prices. — Call money rates worked easier today and there was a filminution of the pressure from the interior for currency. Sterling exclange maintained its firm tone.
