Smooth Man from Chicago Gathers Light Harvest in Omaha.

DEFRAUDS TWO WHOLESALE HOUSES

Represents Himself as Agent of Collecting Firm, Gets Fees in Advance and Disappears with Proceeds of Enterprise.

A well-dressed good-looking stranger, who struck the city some time ago and remained two weeks, succeeded in working several wholesale dealers out of various sums of money aggregating several hundred dollars.

Mason stated that it was his business to make contracts for the firm to collect bad debts. His work was the same in each case. At one wholesale liquor house he made a contract to collect \$1,235.82.

To make himself strong with the local dealers, Mason showed them a number of letters from various firms throughout the country which had been written to him in regard to business done with the agency.

Was Here Two Weeks. To the firm that gave Mason accounts aggregating \$1,235.82 he agreed to collect \$139.32 of the amount or refund the part of the expense account which it had advanced.

Several days ago the dealers thought that something was wrong, not hearing from their accounts, and wrote to the firm. The answer came yesterday morning, denouncing Mason as a fraud.

LIBRANDELS "BOSTON STORE" & SONS Clearing Sale of Men's Clothing.

Costs and values are totally disregarded in our efforts to dispose of our large stocks of men's spring and summer clothing. We include everything—no line, no matter how staple it may be this fall, has been spared. You'll find these price lists interesting:

Men's \$10, \$12.50 and \$15 Suits at \$5.00

THE men's suits we are now selling for \$5 were formerly priced as high as \$15—The major portion are suits that have been selling for \$9.98. There is hardly any limit to the variety of patterns and fabrics. The suits are all made in the newest styles and combine quality and elegance in appearance—the price we offer them at should induce many men to get a suit whether they have any immediate need of one or not. It's certainly a great saving opportunity. Suits of such character are very seldom sold for so little money. A fine lot of men's outing suits are also included in this lot at \$5.00.

All Our \$16 and \$18 Men's Suits are now on sale for \$7.75. This simple statement means considerable. It means that you can buy the highest grade of ready-to-wear clothing at half the values—you can choose from the best fabrics and patterns—all sizes 8.75

A carload of wet carpets and rugs will be placed on sale Monday, at about one-fourth the regular prices. These carpets and rugs became wet in a washout—some goods on the bottom of the car becoming quite wet, some pieces only wet on the edges, and a large portion simply dampened. They are all high grade carpets and fine rugs. We mention below two of the bargains: \$1.00 Velvet Carpet, 25c yard. \$5.00 Moquette Rugs, \$1.50

Tearing Up, Moving and Settling Down Again. Has brought to light much merchandise that must be sold now. While there are yet many weeks of hot weather to endure. For Saturday, and all next week, the following prices will prevail: BOYS' \$1.25 and \$1.00 blouses, 75c. Straw GIRLS' Shirt Waist Suits, \$7.50 and \$6.50. Hats, 25-45c cent off. Wash Dresses, colored and white, 2 to 14 years, 20c cent off. Flannel and homespun suits, 20c cent off. Wash Suits, 25-35c cent off.

What Moses Says. "The Cutter (meaning the druggist who cuts prices) is an element in trade that occasions an endless chain of annoyances that no concern, however shrewd, has been able to eliminate. The world is holding its breath to shout itself hoarse at the GENIUS who shall solve the problem of price cutting. The retailers have tried it, the wholesalers have tried it, the manufacturers have tried it, and all together have tried it, but price cutting goes on from bad to worse, and the end cannot be seen with a telescope."

Statement Showing the Vagaries in Taxation in DAWSON COUNTY, NEB. And the Extraordinary Results Developed by a Comparison with the Census Reports of 1900

Table showing variations in values of principal articles in Dawson County, between 1890 and 1900. Reported for assessment in 1890 and 1900.

While the foregoing figures are sufficient to prove the extraordinary inconsistency in assessment in that county, we find that during the past two years \$549,497 has been paid for farm property in that county which has been reported for taxation at but \$61,351 for the present year.

Some Remarkable Examples Are Given Below.

Table showing school district valuations and taxes in Dawson County, comparing assessed valuations with school taxes.

It will be seen that the Union Pacific Railroad Company pays over \$15,000 in school taxes of its main line in Dawson County, and pays an average of 46 per cent of the entire school taxes of the school districts which it runs through, and yet it has been charged that the distribution of railroad valuations is a "bummy" game.
