> Storm Damage in Cuming County. WEST POINT, Neb., July 26 .- (Special.) heavy rains interfered seriously with harvesting operations in this county last night. A strong wind accompanied the storm and did great damage to the ripened grain, laying it flat in many fields. About one-third of the harvest is done at this time, and with fine weather for the next few days will be finished in six days more, but the prospects are for more rain, which will be very harmful to uncut grain. Corn is in splendid condition, never looked better, and with no untoward weather will yield a crop above the average.

Carpenter Takes Long Drop. HASTINGS, Neb., July 28 .- (Special Telegram.)-George Spaeth, a carpenter employed in building the new wing to the chronic insane asylum, fell off a scaffold last evening and dropped a distance of thirty feet. He struck on his head, but fortunately he landed on a pile of loose dirt, which was the cause of saving his life. In falling his head struck a piece of the scaffold and he sustained severe injuries about the head. Mr. Spaeth has several bad gashes cut in his head and face, but he is not injured internally nor is he injured severely.

Rains Retard Threshing.

REACH LINCOLN ON MIDNIGHT' TRAIN

Another severe electrical storm and Mercer Does Not Want Conference with Omaha Taxpayers as He Hopes to Get Credit for Nam-

ing the New Board.

LINCOLN, July 26 .- (Special Telegram.) The unheralded visit of D. H. Mercer and Frank Ransom during the early hours this morning may be significant in connection with the indefinite postponement of Governor Savage's trip to Omaha to confer with interested persons regarding the Fire and Police commission appointments, especially as the two men were in close consultation with the governor while here. They came on the train arriving here at 12:40 a. m. They were joined down town by the governor and together the three went to the Elka' clubrooms, where they remained while the reports of the Jeffries-Fitzsimmons prize fight were coming in. After the knockout they went to the Lincoln hotel, where they remained in uninterrupted conference for over an hour. The midnight visitors left the city on the 7:45 train, returning to

Omaha. "That was all a pipe dream," said a man close to the governor, speaking of the report in The Bce that Governor Savage would arrive in Omaha at 3 o'clock this afternoon. "He didn't intend to go any of the time."

Notwithstanding the declaration of Gov ernor Savage and his friends to the contrary, there are good grounds for the assertion that the meeting of the early morning was prearranged, but on short notice, and that it was all because of the governor's expressed intention to listen to Omaha taxpayers before making the appointments. The reason Mercer is interesting himself in the case is self-evident, for with a commission whose appointment he has dictated or influenced he will be in a position to exercise authority over the commission's creatures. One man almost the court's decision declaring it to be the duty of the governor to make the appointments, "that will save Mercer if he can name the men for the commission."

MOTHER IS AFTER HER BABY Nuckella County Woman Asserts It Was Taken Away by Her Brother.

TOPEKA, Kan., July 26 .- (Special Telegram.)-Elmer Crone and wife of Nuckolls county, Nebraska, today filed an application in the supreme court to secure the custody of their 15-months'-old baby, Irene Crone, who is living with Mr. and Mrs. S. A. Young at Great Bend, Kan.

In the petition Mrs. Crone says she was in Omsha at the time of the baby's birth and that when the little one was 6 days old her trother, R. R. Redden, came and took it away from her against her wishes, and that she has not seen it since, but that it is at Great Bend. They assert that the Youngs have no settled home and have no legal right to the child.

Mr. Crone, in his affidavit giving his reasons for asking the supreme court to take jurisdiction of the case, says that Judge Clark of the district court of Barton county keep the baby. Mr. and Mrs. Young, too, are well acquainted in Great Bend, while Mr. and Mrs. Crone are not and for that reason Mr. Crone says he wants the application returnable on October 6.

Splendid Yield in Yankton.

YANKTON, S. D., July 26 .- (Special.)-Threshing in Yankton county has begun in a small way and returns indicate splendid yields of all kinds of grain. J. H. Hoxing of Violin has threshed forty acres of rye, which went thirty bushels to the form which in effect condemned the demoacre. Oat harvest is well under way and the yield will be large with no poor fields to cut down the average. Spring wheat harvesting is just beginning and the crop will be a record breaker, although there is a smaller acreage than usual. The hot weather of the last few weeks has brought corn forward, so that that also will be an until after a stable government is formed. up-to-the-limit crop.

Lively Horse Sale at Pierre.

PIERRE, S. D., July 26 .- (Special.) -At he horse sale in this city Wednesday the bidding was more lively than at any former sale, and the horses went through the yard rapidly. Over 300 horses were disposed of in a short afternoon and at very satisfactory prices. The announcement by Mrs. Jane L. Stanford of her intention of erecting a Young Women's Christian association building on campus of Leland Stanford, Jr., university has come as a most agreeable surprise to association workers. The lack of adequate, suitable quarters has been one of the greatest hinderances in the college association work. This will be the first college association building that has ever been erected and it is hoped that it will prove graph is taken from the introduction, setbut the beginning of an effort to provide

the greatest needs of the work. The Secretarial institute of the American committee, Young Women's Christian association, will be held in Milwaukee this year, instead of at Association house, Chicago, as usual. The reason for this change domestically. By means of an enterprise is that the exceptionally complete equipment of the new Milwaukee association building will greatly facilitate the work. date set for the institute is from July 22 to August 20. The Milwaukee association building is one of the finest in the country and was the gift of Miss Sarah Plankington of Milwaukee, its cost being
