TRAMPS CAPTURE TWO BOYS

One Escapes and Reaching Town Notifies the Police.

OFFICERS RESCUE THE OTHER ONE

One of the Tramps Captured and Pursuit of the Others is Being Kept Up by the Pelice.

George Nieman and John Fisher, two newsboys, had an exciting experience yesterday afternoon with three burly tramps while on their way to go in ewimming in Gilbert's lake near the tracks of the Northwestern road. The tramps forced the young lads to accompany them, but Fisher succeeded in making his escape and returning to town he at once notified the police. Chief Tibbits and an officer succeeded in overhauling the tramps and rescuing young Nieman. One of the tramps, who gave the name of Andrew Anderson, was captured, but the other two succeeded in

making their escape. George Nieman, who is 16 years of age, is a son of a railroad conductor and lives at 1014 Fourth street. John Fisher is two years his junior and lives at 923 Avenue C. Both are respectable and intelligent young lads. About 2 o'clock in the afternoon they started to go to Gilbert's lake for a swim, Nieman on his bicycle, with Fisher sitting on the handle bars. They rode between the tracks of the Northwestern railroad and nearing the end of the yards overtook three men. The men closed in upon them and ordered them to get off the bleycle, with which order the boys complied, although at first they thought the men were only fooling with them.

The three tramps then ordered Nieman to walk ahead with the bicycle and young Fisher to follow him, threatening that if either of them attempted to run they would shoot them. The boys, who were now thoroughly frightened, obeyed, and in this manner they proceeded for nearly a quarter of a mile, when the tramps ordered them to climb the hill alongside of the track. Nieman expostulated, saying he could not drag his wheel up the bluff, and one of the men seized the bicycle and threw it into the weeds and ordered the boy to climb without it. Young Fisher hesitated about climbing and another of the trio seized him by the collar and forced him up the bill. Reaching the top of the hill somewhat ahead of the others young Fisher made a dash for liberty and succeeded in hiding in the tall underbrush. He made his way back to the road alongside of the railroad tracks and sought shelter in a nearby house. The man of the house on hearing Pisher's story armed himself with a revolver and started out after Nieman and his captore, but failed to find any trace of them. Fisher then

ran back to town and notified the police. Other Men at Liberty. Anderson was captured near Wickam's

ing, although on his way for a day's fish- tinued the search for the other two men. At 11 o'clock last night word was received from Captain Maltby that they had succeeded in tracing the men as far as Crescent City and that they had recovered Nieman's bicycle, which the tramps had ditched about three miles this side of officer. Mayor Morgan admitted, however, Crescent City. Captain Malthy said he had that he thought it possible that Officer secured a good description of the two men and had telephoned to Missouri Valley in the hopes of intercepting them. The fellow who appeared to be the ringleader is said to have two revolvers with him.

Anderson, the one of the trio captured, claimed he had acted under threats from the man with the revolvers, as he was afraid he would shoot him unless he did as he told him. He said he had met the fellow in the yards and the three of them had started to walk to Missouri Valley when Nieman and Fisher overtook them.

Tramp Steals Pool Balls.

How John Clark, a tramp, managed to make his way unnoticed into the Elks' clubhouse early yesterday morning and get away with the set of sixteen pool balls from the rack in the billiard room is puzzling Secretary Jacobs. The balls had been placed in the rack at 12 o'clock Monday night, when Secretary Jacobs closed the house, and were missed yesterday morning at 8 o'clock. Clark was arrested by Officer Rue while trying to dispose of the balls at a second-hand goods shop on Broadway. He insisted that he had found them wrapped up in paper in the weeds alongside of the tracks of the Northwestern

One of the largest failures in recent years in Cedar Rapids is that of E. R. Casebeer, a wholesole and retail lumber dealer, who has filed a petition in bankruptcy. Casebeer's petition, which was filed with Clerk J. O. Stewart of the United States district court, states that his liabilities are \$85,540.88, while his assets are only \$430. The large number of unsecured claims include many citizens and firms in Cedar Rapids and a number of wholesalers.

Mantle, P. I., and Misses Jennie and May Iowa Rapublicans Give More Attention to it Than to Candidates,

LIKELY TO REAFFIRM ONE OF LAST YEAR

Lafe Young, Leading Fight Against it, is Voted Down in His Own Delegation, but Will Carry it to Convention.

(From a Staff Correspondent.) DES MOINES. July 29 .- (Special.) - The eve of the conveition for the nomination of a republican state ticket finds the delegates who are gathered here concerned chiefly over the matter of disposal of places on the committees. More interest has been taken, in choosing members of the state committee and of the committee that will make the platform than in selection of a state ticket. It is certain, however, that the platform committee will be favorable to a reiteration of the Cedar Rapids platform of last year. This declares for protection and for reciprocity, and especially for the removal of duties on any article which is monopolized and for revision of schedules which shelter monopoly. The last is what has offended some of the republicans. But it is in line with the view of Governor Cummins and his friends, and they are demanding its re-enaction. They say that to change the platform in any radical way would be to repudiate, Cummins. The members of the committee from the Second, Fourth, Seventh, Ninth, Tenth and Eleventh districts will be for reaffirming the Cedar Rapids platform, the others will be opposed. In the First district James C. Davis of Keckuk, has no opposition for a place on the platform committee. The Fourth district member will be Senator Smith of Mitchell. The Sixth will be Rep-

A caucus of the delegates from Polk county to the state convention was held this evening and it was regarded as a test of strength on tariff revision as between the friends of Governor Cummins and his opponents. Cummins men controlled the caucus and compelled the withdrawal of Lafe Young, who was seeking a place on the resolutions committee. The district will select Senator Berry of Warren county and at 10 o'clock by being run over by train Young will be chairman of the Polk county No. 106. The last seen of Strong he was delegation. If it should so divide it would elect Bruce. Now it is discovered that the Cass delegation is BEARDSHEAR GROWS WORSE not entirely loyal to Bruce. The fight is an ugly looking one, largely a personal matter, with chances at present favoring Wright. In the Fourth district an effort is being made by the Cummins men to beat Turner for member of the state committee and Mr. Hempel of Clayton is likely to get the place In the Second district a fight has developed against Charles W. Phillips, a Cummins man, and M. A. Raney of Iowa county, and Dave Brant of Johnson county are being considered.

Talk About Candidates.

With these matters foremost some attention is being given to candidates, but there is little change in the situation. There are six candidates for clerk and all are at work. Amos Brandt withdrew from the race for state auditor, leaving the field clear for B. F. Carroll. Thus three members of the state executive council will be selected by acclamation-something never heard of before in the history of the state. The contest for railroad commissioner is a three-cornered one between Blakemore, Dawson and Ketchum. It is alleged the railroads are interested in the candidacy of Dawson and that delegates have been brought on passes with the understanding they will vote for Dawson. The contest for supreme court reporter is unchanged-a close race between Salinger and Corn-

wall. A goodly number of prominent republicans arrived today. Among them were Senators Allison and Dolliver, most of the congressional delegation and many of the veterans in the party in Iowa. But there will be no such attendance at the convention as, the Auditorium on the evening of that day, last year at Cedar Rapids, nor is there the interest in the proceedings there was at that time.

GOVERNOR TALKS OF PAROLE Addresses County Attorneys on Their Duty in Administration

of the Law.

(From a Staff Correspondent.) DES MOINES, July 29 .- (Special.) -- Governor A. B. Cummins gave an address of welcome to the County Attorneys' Association of Iowa, at the Savery house this morning. He said these officials were in large measure responsible for the good workings of the law, as well as for its framing. He suggested that the association select a committee which shall make a special study of the parole or suspension of sentence, which is one of the chief executive's duties. He thought that the laws were weak in that regard and that the governor's power should be restricted. Governor Cummins said the law does not really mean that the governor shall be the guardian of from 1,000 to 2,000 convicts whose sentences have for some reason been suspended. The prime object of judgment is not to see how speedily a man can be reformed or released on promise to do better, but to create a sentiment that

must know that punishment has been or will be inflicted by the state. Vincent Zmunt, attorney for Johnson ounty, responded, saying that the need of the hour is fearless officials who will dare to brave public opinion when justice demands it. He thought the governor ought to be assisted in forming an opinion regarding criminals, and that the county attorneys should be strong enough to take a stand one way or the other regarding parole, which he did not doubt had been exercised too much in late years.

If You Want the Best

In looking at offices in different buildings, the greatest praise the owner of rental agent can give an office is to say that it is "as good as an office in The Bee Building." It may be in some respects, but it can not be in every respect. The Bee Building is one of the only two absolutely fireproof office buildings in Omaha. The Bee Building is the only building having all night and all day Sunday elevator service. The Bee Building furnishes electric light and water without additional cost. The Bee Building is kept clean, not some of the time, but all of the

Keep these points in mind when looking for an office, and you will take one of those listed below, if you are wise.
