

that work which is justly his, and bring about another striking time. The republicans are far different. It will thoroughly test the existing laws in the courts and if it is found that they are in any way defective, it will be amended and strengthened, so far as concerns the government, and the republicans have seen that great courage and honest man, who occupies the White House, attack the Northern securities company and the best trust under the law as it is, and it will require something more than the basest insinuation of democratic statesmen to convince the American people that the great trust is not a battle to the death. The republican party will fearlessly use every means in its power to reach this great end, and where modifications of the tariff would be useful to the laborers of this country, will not hesitate to report thereon. It may as well be understood, however, that the republican party will neither consent to abandon its cardinal doctrine of protection nor to the oppression of the people by the trusts. Its aim is not for commercial freedom at the expense of property, but commercial freedom and prosperity.

Policy in the Philippines.
As to the Philippines he said: We have, as best we knew, discharged the duties incumbent upon us and have left to those who are to be the government of these islands every opportunity of showing their own ability to govern. If the people of these islands ever become civilized, and they desire it, for one, would be in favor of giving them the opportunity to govern themselves. We are convinced that when these people have struggled with our assistance, until they are fit to govern themselves, we will be as unwilling to surrender their relations to the United States as they will be to know nothing as to what the future has in store. But I believe that our flag has been put up in the Philippines and it will stay put. It will never come down as long as this republic, one and indivisible, shall be looked upon as the nations of the earth.

The result of the caucuses of the morning were to make it clear that the platform would be much like that of the platform favored by Governor Cummins. The only changes on the state committee were insignificant.

The convention met at 11 o'clock, immediately after the caucuses had been held. After music and prayer there was the speech of Chairman Smith and announcements of committees, and recess until 1:30 o'clock.

Difficult Digestion. That is dyspepsia. It makes life miserable. Its sufferers rest not because they are so, but simply because they must. They know they are irritable and fretful, but they cannot be otherwise. They complain of a bad taste in the mouth, a tenderness at the pit of the stomach, an uneasy feeling of puffiness, headache, heartburn and what not. The effective remedy, proved by permanent cures of thousands of sufferers, is Hood's Sarsaparilla. Hood's Pills are the best cathartic.

Similar Treaties in Order. Agreements Between China and Other Powers to be Patented After England's Commercial Treaty.

WASHINGTON, July 30.—It is said here that the commercial treaty between Great Britain and China, approved at a conference at the London Foreign office yesterday, is to serve as a pattern for similar treaties to be negotiated by the other powers with China. By the terms of the Peking agreement, each of the powers is to have equal trade advantages, and it was recognized at the time of signature that Great Britain, with its large trade interests in the east, would probably be the first to conclude a treaty.

MANY MEN MAY BE DROWNED
Several Hundred Woodchoppers in Texas Flooded District Missing.

CONDICION IN BRAZOS VALLEY SERIOUS
All Railroads Entering San Antonio Are Suffering from Flood and Miles of Track Have Been Abandoned.

DALLAS, Tex., July 30.—A report reached here tonight from Hillsboro that between 400 and 500 men who were chopping wood in the bottom lands between Hillsboro and Post Oak Creek have not been heard from since the heavy rains of last Saturday, and it is feared that some of them were drowned. An effort is being made to get into communication with the locality. The good conditions in the Brazos valley continue to grow worse. The river is again rising about Waco and the crest of the flood was only a short distance below that point this morning. The rains have damaged the cotton crop materially. The present crop promises to be the largest in the history of the state, but bollworms are developing rapidly and farmers are becoming apprehensive. Advice from other parts of the state do not show any improvement in the situation. The long continued rains have softened the roads in many places where the automobile has never before existed. The International & Great Northern, entering San Antonio from the west, is almost completely tied up, and the Missouri, Kansas & Texas road has abandoned that route for its fast trains. Lines in north Texas have also had trouble through both on the Missouri, Kansas & Texas as well as on the Missouri, Kansas & Texas road. The water is over the track at Elmo, on the Texas & Pacific, east of Dallas, but travel is not interrupted. There was a veritable cloudburst at Greenville last night. Trouble on the Santa Fe was confined to the Little River, near Cameron, and the main line of the Houston & Texas Central seems to have suffered the least of any of the roads. Trains are coming through both on the road and the Santa Fe. The Texas & Pacific is running trains west as far as Big Springs, and as far east from El Paso as Stanton, where transfers around the washouts are being made. The Texas Central has washouts between Whitney and Dublin.

INTERNAL REVENUE REPORT
Commissioner Presents Figures Showing Operation of Bureau During Year.

WASHINGTON, July 30.—The commissioner of internal revenue has prepared the annual preliminary report of the operation of his bureau for the fiscal year ending June 30, 1902. The report shows that the receipts from all sources of internal revenue for the year aggregated \$271,987,990, which included \$373,378, tax on money orders turned over by the postmaster general to the collector for the district of Maryland, and for which no expense was collected, making a decrease of \$35,000,670 from the receipts for the fiscal year which ended June 30, 1901, and which decrease resulted from the provisions of the act of congress of date March 3, 1901, recinding in part and imposing in part the war revenue taxes imposed under the act of congress of June 13, 1898.

Private has been kept fully advised by Governor Secretary Gerwig ever since the call for troops of the lieutenant of Schuyler county early this evening. At 6 o'clock the following message was received from the sheriff and immediately repeated to the governor at Paul Smith's in the Adirondacks: SHERMAN, Pa., July 30.—William A. Stone, Governor, Harrisburg, Pa.: Deputy sheriff and two assistants surrounded and one killed, three of mob shot, three local policemen shot one mortally. Town is without police protection and local government terrorized, threatened by mob if they attempt to return. Feeding running wild. Mine workers admit foreign element beyond the control. Mob beyond control. Sheriff powerless for want of assistance. 5000 troops should be sent to Shenandoah. Subsequently the following message was received from the sheriff: POTTSVILLE, Pa., July 30.—Governor William A. Stone and Adjutant General Stuart, Harrisburg, Pa.: Shenandoah county, property destroyed, citizens killed and injured. Situation beyond my control. Troops should be sent to Shenandoah immediately. S. ROWLAND BEDDALL, Sheriff.

REMARKABLE CASE IN COURT
Denver Saloonkeeper Maintains that Prohibition of Sale of Intoxicants to Women is Unlawful.

WASHINGTON, July 30.—A case was docketed in the United States supreme court today intended to test the right of municipal corporations to prohibit the sale of intoxicating liquor to females. The case is that of Daniel Cronin against the City of Denver, Colo. Cronin is the owner of a saloon and opened a wine room for women. The record shows that he was asked for an injunction to restrain the city from enforcing an ordinance prohibiting the maintenance of such a place for females, claiming that the law is unconstitutional because it discriminates against women and also because it deprives him of property without due process of law. He contends that he has as much right to sell liquor to women as to men and that he has as much right to drink as men have. He referred to the circumstance that equal suffrage prevails in Colorado and that the constitution has been given the right of suffrage they stand on the same footing in all respects with men, and hence are entitled to the pursuit of happiness and rational enjoyment as their brothers.

ARMY CAMPS NEAR THE CITY
Military Supporters of E. Firmin Within Three Miles of Cape Haytien.

CAPE HAYTIEN, Hayti, July 30.—General Albert Salnavoke, commanding an army in support of M. Firmin's candidacy for the presidency, is camped with a large body of troops about three miles from this place. General Nord, who went out to give battle to General Salnavoke, was defeated and his army retreated in panic to Cape Haytien. The volunteers have abandoned their posts.

TO HAVE MARRIAGE ANNULLED
Appointment of Cardinal Nannucetelli May Give Prince Joseph a Chance.

ROME, July 30.—The appointment of Cardinal Vincent Nannucetelli to be prefect of the propaganda of the congregation of bishops and of regular discipline, it is thought here, will afford Prince Joseph Hospigliosi an opportunity to obtain a church annulment of the former marriage of his wife to Frederick H. Parkhurst of Bangor, Me. In case of such annulment the prince would be able to have a Roman Catholic church solemnization of his marriage, which until now has been impossible because of the non-recognition of Mr. Parkhurst's divorce by the church. Cardinal Nannucetelli has always been favorable to Prince Hospigliosi. Mrs. Marie Jennings Reid Parkhurst of Washington, the divorced wife of Colonel Frederick H. Parkhurst of Bangor, Me., was married at Rome on August 26, 1901, to Prince Joseph Hospigliosi, head of an ancient family of clerical nobility and whose brother is commandant of the papal Noble Guards. The marriage was not followed by a church ceremony, owing to the fact that Mrs. Parkhurst was a divorced woman. During the early part of the present month Prince Hospigliosi, who was on the point of confinement, engaged an English Blue Sister as a nurse and the latter took up her duties, but Cardinal Macchi, secretary of apostolic briefs, forbade the sister to fulfill her duties on the ground that the prince's marriage was non-sacramental.

NATIONALIST GOES TO JAIL
Patrick A. McHugh, Member of Parliament, Must Serve Three Months for Contempt.

LONDON, July 30.—Patrick A. McHugh, nationalist member of Parliament, for the north division of Leitrim, left the House of Commons tonight accompanied by the governor of the Siles jail, in which Patrick McHugh is to serve a sentence of three months' imprisonment. A select parliamentary committee decided to take no action in the case. Mr. McHugh was arrested on June 15 on a bench warrant issued by the special court assembled at Siles, under the terms set, charging him with contempt of court. In the course of Mr. McHugh's trial in April, 1901, when he was accused of publishing seditious libels in his newspaper, the Siles Champion, it is charged that he called the presiding magistrate a "d--- liar," and that he refused to apologize, saying to the magistrates: "I never express regrets to sweeps of your kind."

ILLINOIS CENTRAL BUYER
Purchases Chicago and Eastern Illinois Railroad in Very Quiet Manner.

CHICAGO, July 30.—The Record-Herald tonight will say that the Chicago & Eastern Illinois railroad has been sold and the purchaser is said to be the Illinois Central. The latter company has quietly executed a coup whereby a presumptive, dangerous competitor, the Louisville & Nashville, will be kept out of Chicago. That the Eastern Illinois has at last changed hands little doubt remains, the information to that effect coming from one of the large stockholders, who is also a close friend of H. H. Porter, chairman of the board of the Eastern Illinois. Control was obtained by paying \$250 per share for the stock owned by H. H. Porter, the largest individual stockholder, and the stock held by certain of his friends. Several times before it has been rumored that the Illinois Central would purchase the road, but each time the rumor remained unconfirmed.
