HEROES SLEEP BESIDE LAKE ERIE WATERS

WHERE PERRY SMOTE THE FOE

Inspiring Story of American Valor Heightened by Difficulties Overcome-Heroes of Today and of Other Days.

PUT-IN-BAY, O., July 30 .- On the shore of this summery resort, facing the principal landing place, is Perry park, about twice the size of Jefferson square, shaded with lofty maples, oaks and sycamores. Three sides of the park are surrounded with hotels, shops, saloons and gilt goods stands. Facing the waterfront are a dozen Rodman guns, relics of the civil war, mounted on stone masonry. On the southeast corner is Mackay after the death of his elder son, a cement-faced stone monument about 10 John W., jr., who was killed in France feet square and 4 feet high, topped with a in 1895. Despite the fact that "Willie," pyramid of cannon balls. In front, on a movable piece of board are painted these as John W., jr., was called in the family, was ardently devoted to music, being a words:

In Memory of the American and English Herces Who Fell in Perry's Victory, Sept. 10, 1813.

A circular chain railing incloses the hallowed plot of ground. The grass is uncut. Everything about it evidences public neglect. The monument is cheap, insignificant during the lifetime of his brother. and utterly out of proportion to the event it seeks to commemorate.

All hours of the day and far into the night the park is the center of animated and varied scenes. The water front is fairly crowded with excursion craft and the sheltered bay is dotted with yachts, sloops, schooners and other marine freaks whose designation stumps the knowledge of a establishment, where he keeps Halma and landlubber. A series of sloop races were other famous horses. being pulled off at the time and this brought about a congestion of yacht club Vaugirard college, and later went to Beaucraft of all kinds as well as a flock of commont college, Windsor, England. Clarence modores, captains, sailormen and a host of marine belles, trim rigged, reefed top showed a remarkable aptitude for languages, sails and white yachting caps. Beyond the corner of the bay, on a rocky island, the castellated tower of Jay Cooke's summer mansion rises above the forest of trees. he has lived abroad many years, no one Northwest, a mile away, is another island. chiefly noted for its dance hall and mammoth wine tanks, stationery and animated.

To these points excursion crowds come from Detroit, Toledo, Sandusky and Clevequainted in Paris as he is in New York, land, to absorb the humid ozone of the and who probably knows more titled people lakes and other things, kill time and burn money. Along the waterfront the moving throng is of all ages, of prosperous appearance, generally marine rigged, and nearly all of them expressing in nautical terms keen appreciation of water as an external source of enjoyment. Occasionally a pilgrim halts in front of the Perry monument and gazes upon the shabby memorial, only to turn away with expressions of patriotic disgust. The local population does not concern itself about the monument, but they work the name of the immortal Perry for all it is worth and goldbrick the "easy marks" with absurd souvenirs of Perry's victory.

The Dewey of His Day.

Oliver Hazard Perry was the Dewey of his day. He was a fighting Rhode Islander who sprang from a family of fighters. Possessing indomitable courage, he surmounted obstacles seemingly impossible. Erie was chosen as the base of operations and there the fleet was constructed. The material had to be hewn from the ad-jacent forests. The iron was gathered by foraging parties in stores and warehouses. Buffalo contributed muskets and bullets. Ship carpanters and powder were brought

from Philadelphia. Pittsburg was levied

Grand Lodge Meeting **B.P.O.E.** 

## OFFICIAL ROUTE.

THE NEBRASKA SPECIAL TRAIN

will leave Omaha at 11.30 p. m., August 10th, and will be accompanied by the famous United States 22d Infantry Regimental Band. The train will carry the members of Omaha, Plattsmouth, Lincoln, Beatrice, Hastings and Grand Island and Council Bluffs, Iowa, and other prominent

lodges.

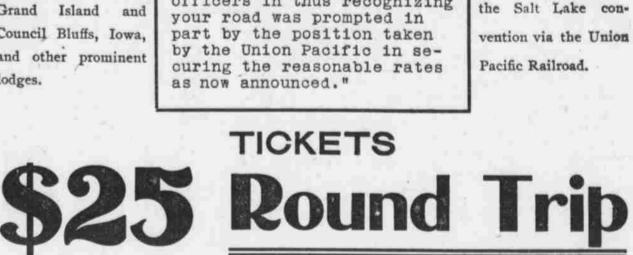

The Union Pacific has, by reason of its advantages as to time and distance, (being 204 miles shorter and 12 hours quicker than any other line,) been selected as the Official Route by nearly all of the prominent B. P. O. E. lodges throughout the United States.

In a letter announcing this fact, CHAS. E. PICK-ETT, Grand Exalted Ruler, says:

"The Board of Grand Trustees of the B.P.O. Elks, at a meeting recently held in the City of Chicago, decided to use the Union Pacific to Salt Lake City for the Grand Lodge Reunion in August. "The action of the above

officers in thus recognizing

Allegheny, Pa., Baltimore, Md., Cheyenne, Wyo., Cincinnati, Ohio, Cleveland, Ohio, Denver, Colo., Detroit, Mich., and St. Paul, Minn., are among the leading lodges which will send large delegations to the Salt Lake convention via the Union Pacific Railroad.

The enemy was enjoying a banquet at the time, so the associate with certain varieties of occupreliminary cruise was fruitless, a piece of good fortune for Perry, as his force developed with symmetry when it is alwas augmented by the arrival of 150 recruits. Then he was entirely ready. Perry, thrives best when it is permitted to obey on the Lawrence, led the fleet, shaping its course to the head of the lake, hoping to meet the enemy. The Britishers were not alike enjoin mankind to remember to ready. The flagship Detroit was not completed until September. Both waited Perry in Put-in-Bay, the British on the lies in the fact that, apart from accidents, Canadian side.

## The Battle Was On.

On the morning of the 10th the British fleet was sighted, Captain Barclay in command. At 11:45 the battle began. Barelay opened fire at long range. Perry had nothing with which to make reply. He signalled for close action. All the canvas was stretched. A light breeze bore his fleet straight into the enemy's line. Perry called for cannister. The guns of the Lawrence belched from both sides of the ship, pouring a deadly fire into the leaders of the British fleet. Not a man flinched.
