

KING GIVES THANKS

Edward Issues Address to His People on Eve of Coronation.

EXPRESSES GRATITUDE FOR RECOVERY

Believes that Prayers to Divine Providence Have Been Answered.

PROCLAMATION COMES FROM THE HEART

Conceived and Written by King Himself in an Autograph Letter.

FOLLOWS TRADITIONS OF THE FAMILY

Was Last Observed by Queen Victoria When She Addressed Personal Message to the Nation.

LONDON, Aug. 7.—The following message from King Edward to his people was made public tonight:

To my people: On the eve of coronation, an event which I look upon as one of the most solemn and important of my life, I am anxious to express to my people at large my heartfelt appreciation of the deep sympathy which has manifested itself in my recovery during a time in my life of such imminent danger. The postponement of the coronation ceremony, owing to my illness, has caused, I fear, much inconvenience and trouble to all who intended to celebrate it. But their disappointment has been borne by them with admirable patience and temper.

The prayers of my people for my recovery were heard, and I now offer up my deepest gratitude to divine Providence for having preserved me from the dangers which threatened my life, and for having granted me the strength to fulfill the important duties which devolve upon me as sovereign of this great empire.

(Signed) EDWARD R. and I. Buckingham Palace, London, August 7, 1902.

King Edward's proclamation is a personal and spontaneous expression of his majesty's feelings. It was conceived and written by himself in an autograph letter to the home secretary, C. T. Ritchie. In addressing this communication to the home secretary, the king is following the tradition observed by the late Queen Victoria when she addressed personal messages to the nation.

King Edward did not drive out today. A large crowd had gathered outside Buckingham Palace to witness the king's majesty taking a drive, and the king, who was lurching in one of the front rooms of the building, came to a window in full view of the people, who cheered him enthusiastically. The king bowed his acknowledgments.

It had been expected that his majesty would visit Westminster abbey today, but he did not do so.

Some reports for the coronation was removed today from Buckingham and at St. James palace to Westminster abbey, where interior rehearsals of the coronation ceremony was held.

The price of Wales and the duke of Connaught paid visits of inspection to the abbey.

An official bulletin issued today says: King Edward has the journey to London yesterday without the least fatigue. His majesty had a good night and is in excellent health. His wound is practically healed.

A bulletin will be issued on Sunday next. The bulletin will be issued with the object of placing on record how the king bore the coronation ceremonies.

NOT READY FOR THE PUBLIC

Terms of Agreement Between English Government and Morgan's Ship Combination.

LONDON, Aug. 7.—Replying to the House of Commons today to a request of Lord Charles Berkeford for assurance that no binding agreement would be concluded between the government and the shipping combination without the agreement being approved by Parliament, the premier, A. J. Balfour, said:

"I do not think it possible to negotiate on this or any other subject if the proposed terms are not publicly discussed before the government has agreed to them. The government, however, is most anxious to take the house into its confidence at the earliest possible moment."

Mr. Balfour's reply has particular interest, as Balfour dispatches today announced that the government accepted J. P. Morgan's offer to give the admiralty claim on all the combine's ships. As evidence of the acceptance, it is stated that the government has chartered the Corinthia, the first ship built for the combine, which has just been completed in the United States.

Inquiries made by a representative of the Associated Press show that belief is general that J. P. Morgan's offer practically has been accepted by the government. The Balfour dispatch may slightly anticipate the technicalities required to close the agreement, or may not allow such changes inserted since the offer was originally made, but there appears to be little doubt that the spirit of the scheme is acceptable to the cabinet. J. P. Morgan & Co. when asked concerning the reported agreement, adopted the same noncommittal attitude as Premier Balfour.

REJECT PROPOSAL OF RUSSIA

Great Britain Replies it Considers Russian System an Instructive System.

LONDON, Aug. 7.—(New York Times Cablegram.)—The London Daily Mail's St. Petersburg correspondent says he learns in well informed circles that the British government has just replied to the Russian circular declining to take any part in the proposed conference on the sugar question and explaining its reasons for rejecting the proposal by Russia of its home sugar industry by a system of indirect duties. The reply contains no reference whatever to the proposal for a conference on trials in general. The correspondent adds that all the other powers are expected to adopt a similar attitude.

LONDON, Aug. 7.—President Curran presided today at Leicester at the opening of the annual meeting of the British Trade Union Federation. He urged an understanding between the workers of Europe and America to meet the action of capital. The membership of the federation was reported at 419,000.

SOLDIERS EXPEL SISTERS

Unauthorized Schools Are Closed by Officers in France Amid Great Excitement.

BREST, France, Aug. 7.—Exciting scenes occurred today at the expulsion of a number of sisters from their school at sea, near here. A special train conveyed detachments of soldiers to Landerneau, where a body of gendarmes had been mobilized already.

A large crowd assembled at the school and surrounded the soldiers in the square in front of the school. When the commissary of police arrived, accompanied by a locksmith, the people protested vigorously, shouting: "Long live the sisters and liberty!" "Down with the military!"

Women threw themselves to the ground in front of the horses of the gendarmes. The commissary ordered the sisters to open the school door. They refused and the locksmith picked the lock and broke the windows amid the denunciations of the crowd.

The commissary ordered the sisters to leave the school, which they did, leading upon the arms of the townswomen and accompanied by the priests and thousands of locksmen, who marched to a church where they sang a hymn. A large crowd followed the gendarmes to the railroad station, shouting: "Death to the locksmith!" The man was protected by the military.

Similar scenes are expected in other villages of Brittany, where the forces against unauthorized schools is to be put into execution. A priest at Folgoet urged women to kneel in front of the school in order to stop the gendarmes.

The soldiers and gendarmes reached Landerneau at 4 o'clock in the morning, but watchers already had given the alarm. The whole population of the town was intensely excited and hurried to the school. At one time when the crowd broke through the military cordons, the commissary ordered the drums to be beaten three as a preliminary to charging the crowd and bloodshed was feared.

Emile Villiers, member of the Chamber of Deputies for Finistere, who is a conservative, intervened and appealed to the people to be calm.

Vicente Lagainis, leader of the opposition, cried: "You can arrest me; my ancestors died on the scaffold and I deem it an honor to be arrested for this noble cause."

After the expulsion of the sisters the crowd became so threatening that the commissary ordered the troops to charge, but the intervention of M. Villiers induced the people to disperse. A few women were hurt in the disorder.

The commissary at Crozon tried to expel the sisters from the school, but the gendarmes were unable to force their way through the crowd and the attempt was abandoned.

GIGANTIC FRAUD IS EXPOSED

Public Losses One Hundred Million Dollars in Wild Cat Concerns.

LONDON, Aug. 7.—The official receiver announced today that he has commenced proceedings against Whitaker Wright and Robert Leaman to recover \$700,000 in connection with share transactions between the British-American corporation and the failed London & Globe Finance corporation, limited.

The receiver says that the public prosecutor is increasingly indignant. A special petition has been circulated on the stock exchange and signed by many influential men demanding the prosecution of Whitaker Wright, and it is considered that the credit of the city and the stock exchange demands a thorough investigation of the London & Globe methods of finance.

Probably the full extent of the money lost to the public by the company will never be known, but financial experts here estimate it at upward of \$100,000,000. The \$700,000 for which Wright was responsible aggregated forty-one, with the enormous amount of \$11,775,000, and with few exceptions all these companies are either in liquidation, have been absorbed or are defunct.

What the shareholders will recover from the crash can be imagined from the announcement that the creditors of the London & Globe will receive only 5 per cent and that nothing remains for the shareholders.

The compulsory liquidation of the London & Globe Finance corporation, limited, was ordered on October 23, 1901.

DELEGATE FOR PHILIPPINES

Mgr. Guidi Now Considered to Be the Man Most Likely to Be Selected.

ROME, Aug. 7.—The appointment of a papal delegate to the Philippines is still undecided. The only change in the situation is that there is now a greater prospect of Mgr. Guidi's selection.

Mgr. Guidi himself informed the Associated Press dispatches today that his nomination had not been officially decided upon as yet.

A dispatch from Rome on August 3 said that the pope in naming an apostolic delegate to the Philippines was influenced by the desire of the papal authorities to appoint an American prelate. This dispatch said that should the American prelate decline the offer the most likely candidate was Mgr. Guidi. The Italian, on August 5, said that Mgr. Guidi had been appointed to the office.

FLOWERS AT KRUGER'S FEET

Pathetic Incident Occurs at Pro-Boer Exhibition of the Hague.

THE HAGUE, Aug. 7.—Former President Kruger of the Transvaal republic, accompanied by a number of Boer leaders, visited the pro-Boer exhibition this morning. He seated himself opposite the portraits of the Dutch and French combatants who fell during the war and as he sat there young girls strewn flowers at his feet.

Replying to a speech made by the president of the exhibition, Mr. Kruger paid a tribute to the "brave men who sacrificed their lives in a disinterested struggle for justice."

He thanked artists of all nations for their unselfish aid in contributing to the exhibition.

EXPLOSION KILLS THIRTEEN

Disaster in Colorado Mine at Bowen the Result of Gas.

WORK OF RESCUE GREATLY DELAYED

Proper House Blows Up and the Result is Loss of Life in There, as Native Mine is Ruined.

PUEBLO, Colo., Aug. 7.—A special to the Chief of Police from Trinidad says: A disastrous explosion at Bowen, a small camp three miles north of this place. Thirteen lives are known to have been lost. The exact number of men working on the night shift and in the mine at the time is unknown. The mine is worked by the Union Coal company of Denver and is a slope mine, situated on the mountain side about 400 yards from the little village. The explosion occurred about the foot from the mouth of the slope and was caused by fire damp.

Immediately after the night shift had started into the slope a startling explosion occurred, entirely blinding the miners. The explosion occurred about the foot from the mouth of the slope and was caused by fire damp.

The mine is filled with gas and smoke and the rescuers are afraid of after-damp and are unable to stay in the mine more than a very short time. Mothers, wives and children of the dead and imprisoned miners are almost crazed with grief and the scene presented at the mouth of the mine is a most pathetic one. The known dead are:

JAMES HUNTER, machine runner. TILLEN WINFREED, colored helper. MIKE CASHIDY, blown to pieces. JOE GORDON, colored driller. JOE SAUCHY, machine runner. THOMAS SERRA. FRANCIS GLOAT. WELLER ELLIOTT.

The powder house in the mine, usually containing 1,000 pounds of powder, blew up and it is this which caused such great disaster. The general belief is that the native mine has been ruined and if not it will take months to get it in working order again. The rescuing party are pushing forward with all possible speed and before many hours the exact number of lives lost and the total amount of damage can be determined.

President and Mrs. Roosevelt Return from a Short Trip to N.Y.

OYSTER BAY, N. Y., Aug. 7.—President and Mrs. Roosevelt arrived at Sagamore Hill about 7 o'clock this morning. The N.Y. reached the bay late last night, but no attempt was made to land its passengers. The trip from Block Island sound was made without incident.

The president had a number of guests at lunch today. Senator Platt of Connecticut, Mr. Phelps, secretary to the governor of Connecticut, and Mr. Clark of the Hartford Courant came to talk over the political situation in their state with the president.

Representative Jesse Overstreet of Indiana, one of the members of the congressional campaign committee, discussed with the president the political situation generally, so far as it relates to the congressional elections in the fall. He talked to the president, too, regarding the latter's proposed visit to Indiana in September.

Senator Stewart of Nevada discussed briefly with the president some western matters in which he is interested. Others present were James B. Clarkson of Iowa, Representative James H. Sherman and Lucien N. Littauer of New York and former State Senator John Laughlin of Buffalo.

The platform adopted favors the election of United States senators, compulsory arbitration of labor disputes, municipal ownership of public utilities, strengthening of the powers of the Interstate Commerce commission, prohibition of the acceptance of free transportation by public officials and other reforms.

SINGER'S CASE DISMISSED

Writ of Mandamus Against Colorado Fuel Concern Denied by Judge Johnson.

DENVER, Colo., Aug. 7.—Judge Johnson today dismissed the writ of Arthur J. Singer against the Colorado Fuel & Iron company for a writ of mandamus to compel the company to permit an inspection of its stock books.

The court yesterday sustained the demurrer to the complaint on the ground that all the directors of the company should have been made defendants to the suit and today after hearing arguments refused the plaintiff leave to file an amended complaint.

Counsel for Singer took exception to the decision and asked for ninety days to prepare an appeal.

RATE ON LIVESTOCK IS CUT

Kansas City and Southwest Gets the Benefit, but Omaha Takes Old Rate.

CHICAGO, Aug. 7.—(Special Telegram.)—The western freight rate situation developed into a state of open war today when the Santa Fe gave notice that beginning next Monday, that company would carry livestock between Chicago and Kansas City for 12 cents per 100 pounds. This is a cut of 1 1/2 cents, and is the lowest rate given on livestock since 1895; when there was a situation similar to the one now existing and when the livestock rate between the river and Chicago went to 16 cents. Officials of the Santa Fe took no action regarding packing house products and dressed meats. The full purpose of the Santa Fe is not disclosed, but it is presumed, however, that the main purpose is to take livestock away from Kansas City and bring it to Chicago. Other Chicago-Kansas City roads will be compelled to follow the rate, and it is held to see how the Great Western can avoid doing so. Chicago-Omaha lines have not come to a decision regarding action necessary to take to meet the Great Western move. So far none of those roads have such it to place Kansas City as the rates from all interior points will be no more than the through rates to Chicago. Other lines from Kansas City to get livestock to Chicago will have to meet this cut and under the rulings of a public commission, these competing lines will be compelled to follow the rate from other points along the river, or in Missouri river territory that they make from Kansas City.

SET ASIDE SALE OF LANDS

Inspector Reports Collision Among Bidders for Omaha Indian Realty.

LAND OFFICIALS NOT IMPLICATED Register and Receiver at O'Neill Ordered to Hold an Inquiry and an Interesting Time is Anticipated.

(From a Staff Correspondent.) WASHINGTON, Aug. 7.—(Special Telegram.)—S. G. Ruby, an inspector of the Department of the Interior, who was at O'Neill, Neb., for the purpose of investigating charges made in relation to the sale of certain isolated tracts of land in the Omaha Indian reservation that were sold at the O'Neill land office on May 4, has submitted his report to the secretary of the interior. Mr. Ruby finds that a combination was formed between prospective bidders and that a fund was raised to pay certain other prospective bidders to refrain from bidding upon the lands. That instead of implicating the register and receiver of the O'Neill land office with the sale, as alleged in one of two populist papers in Nebraska, Inspector Ruby acquiesces in their complicity whatever and endorses the recommendation of the register and receiver of the O'Neill land office that the sale be set aside, in view of the collusion, which on the face of the returns is apparent. Acting Secretary Ryan of the interior department, after a review of inspector Ruby's report, immediately ordered a public hearing to be granted those persons who were unable to bid at the sale and directed that the register and receiver should hold an open court for the purpose of inquiring into the matter and that said register and receiver should be empowered to set aside the sale for such public hearing and that persons interested in the sale should have the right to be represented by attorney.

This letter went to the O'Neill land office today. In view of Inspector Ruby's report it is probable that there will be an interesting proceeding at O'Neill when the inquiry as to those connected with the recent sale of Omaha lands is begun. The register and receiver of the O'Neill office are ordered to also notify the general land office of the hearing to be held in connection with the hearing on the matter.

SHOWS UNUSUAL STRENGTH

Activity of Louisville & Nashville Gives Rise to a Variety of Rumors.

NEW YORK, Aug. 7.—The unusual strength of activity of Louisville & Nashville shares today gave rise to a variety of rumors, the substance of which was that the trouble which grew out of the attempt to corner the stock last spring had been settled in a way satisfactory to all concerned. The rumors were confirmed in part by persons in authority, but nothing like a definite statement on the subject was obtainable. August Belmont, chairman of the Louisville & Nashville road, and Samuel Spencer, president of the Southern railway, conferred with representatives of J. P. Morgan & Co. during the day and the return of John W. Graham, coupled with his protracted visit to Morgan & Co.'s office, were regarded as of more than passing importance.

The story most persistently circulated was that Morgan & Co. are believed to hold 150,000 shares of Louisville & Nashville stock, for which they paid \$120, according to report, have concluded to buy the Harris-Gates holdings, estimated at 100,000 shares at \$120. Morgan & Co. are believed to have a member of the Morgan firm said.

"We are not in a position to say anything about Louisville & Nashville," but there are no differences and there will be no change in the management of the road.

Coincident with the movement in Louisville & Nashville was the sharp rise in Illinois Central, Hocking Valley issues and Nashville & Chattanooga. So far as surface indications went nothing developed to support the rumors.

DETAILS ARE MADE PUBLIC

Deal by Which Frisco Secures Control of Chicago & Eastern Railroad Announced.

NEW YORK, Aug. 7.—Details of the deal by which the St. Louis & San Francisco road secured control of the Chicago & Eastern Illinois road were formally announced today in a circular letter to the shareholders of the last named railroad. The St. Louis & San Francisco offered in exchange for the preferred stock of Chicago & Eastern Illinois \$150, with quarterly dividends of \$150. Common stock of the Chicago & Eastern Illinois, St. Louis & San Francisco will deliver trust certificates for a corresponding number of shares at the rate of \$25 for each share of stock, with semi-annual interest to deposit their shares.

Both the common and preferred certificates will be issued under trust agreement with the Colonial Trust company and will be secured under agreement. The holders of Chicago & Eastern Illinois are given 15 days to deposit their shares. The "Frisco" deal, it is understood, has practically control of a large majority interest, so the success of the plan is virtually assured.

Accompanying the circular letter to Chicago & Eastern Illinois stockholders is a statement signed by the dominant interests of that property—H. H. Potts, Henry Helbert, Flower & Co. and George & Ball—to the effect that the offer of the St. Louis & San Francisco road is believed to be an advantageous one.

SICKNESS IN PHILIPPINES

Hundreds Die from Cholera in Islands and Epidemic is on the Increase.

WASHINGTON, Aug. 7.—Surgeon General Forwood today received a report from Lieutenant Colonel P. F. Harvey, chief surgeon of the division of the Philippines, giving a detailed account of the health of the troops in those islands for the month ended June 15 last. The report shows a considerable increase in percentage of sick, as compared with the previous month. In south Philippines sickness has increased 40 per cent. In Manila hospital and department hospital, but the report says, the reason for this cannot be indicated at this time.

Cholera has attacked two officers, sixty-two Americans and one native soldier, and several cases occurred in Laguna and Batangas. The cause in the majority of instances has been the drinking of infected water, and a few cases were due to food, contaminated either by handling or by flies.

Cholera and Leticie cases are reported, but the disease has not spread widely. In the Camarines the epidemic seems to have been stamped out, but in Laguna and Batangas and adjacent parts of the province of Tayabas cholera has spread in a striking manner. In many cases having occurred without report.

Outside of Manila a total of 2,967 cases have been reported, with 4,290 deaths. In the city there have been 1,250 cases, with 1,000 deaths. Colonel Harvey says that the additional deaths upon military officers has been met in the most satisfactory manner. The report says the people in the small towns are very ignorant. They consider cholera a visitation of providence and cannot be induced to take proper precautionary measures.

During the month covered by the report the total sick was 2,265, being 7 per cent of the command present, 31,000; and during the same period there were seventy-nine deaths, including thirty-seven cholera and one killed in action.

O'BRIEN IS IN CUSTODY

Corporal Arrested on Charge of Perjury in Testimony Before Philippine Commission.

NORTH ADAMS, Mass., Aug. 7.—Following the arrest of Corporal Richard O'Brien by the St. Louis police last night, he was on the charge of perjury in his testimony before the senate committee on the night before the senate committee on the Philippines was taken by the United States authorities to take the soldier to Pittsfield for a hearing before United States Commissioner Wood.

The start for Pittsfield was made during the forenoon. From the moment of arrest O'Brien was kept continuously under the eyes of the Washington detective who took the corporal into custody under authority of a bench warrant of the supreme court of the District of Columbia.

PITTSFIELD, Mass., Aug. 7.—A brief hearing was given Corporal O'Brien before United States Commissioner Wood, here this afternoon, the charge being perjury. After consultation of counsel, the case was postponed until tomorrow to await some definite settlement as to bail. O'Brien's father was the only person present at the hearing beside his officials and counsel. After the postponement, the defendant was taken to the house of correction here, where he will remain until tomorrow's hearing.

WASHINGTON, Aug. 7.—R. T. O'Brien, formerly corporal of Company M, Twenty-sixth infantry, was indicted by the grand jury here last Monday, but the proceedings were kept secret, pending his arrest. The action is based on testimony given before the senate committee on the Philippines, May 18 last, in which he severely arraigned the moral conduct of certain officers and enlisted men.

Senator Lodge, chairman of the committee, shortly after the testimony called the attention of the attorney general to O'Brien's statements and United States District Attorney Gold was directed to investigate. The case was then given to the grand jury.

O'Brien will probably be tried in the criminal court here early in the autumn and District Attorney Gold will personally conduct the case for the government.

The witnesses named in the indictment are: Fred McDonald, captain, Company H, Twenty-sixth infantry; Frank A. Cook, major of the same regiment; and Charles B. Riley. The indictment sets forth that O'Brien, in his testimony, swore, declared and deposed falsely, corruptly, knowingly, maliciously and contrary to his oath, to tell the truth.

SYMPATHY EXTENDED TO THE FRIARS

CHICAGO, Aug. 7.—The temper of the convention of the Federated Catholic Societies relative to the Philippine question was put to the test at the closing session today. John T. Keating, a national officer of the Ibero-America, offered a substitute resolution for those previously brought before the meeting. Mr. Keating proposed that the delegates denounce the friars and the Philippine school questions with a mere expression of satisfaction with the manner in which the subject is being handled by the nation and the administration
