OMAHA STAATS SOMETHING IN SEVENTH

Secure Three Russ by Bard Bitting but Could Do Nothing After that with Hoffer's Blow

(From a Staff Correspondent.)

DES MOINES, Aug. 7.—(Special Telegram.)—A betting carnival in the seventh inning started by "Slats" Davis' exgerness to cover Quinn's territory gave the Kidnapera their three markers today. Stokedrove one dewn past first. Slats rap to glue his digits on it, while Papa Guinn Earboled around behind him. Slats got it, but flowed Stone to reach first. Dolan seattlead to second. Thomas are scaled in fillowed Stone to reach first. Dolan sectificed to second. Thomas got soaked in the hidneys and drew first base. Pears rapped a single past first, scoring Stone, and Gooding swatted the horsehide pill to right field, scoring Pears and Thomas. But that was all, for the next two were easy cuts. The Undertakers also led the game. by rapping out four singles and a two-sacker, notting four tailies. They got their other three in the eighth, while the Kidnapers were enjoying a pilgrimage through the atmosphere. The reoting of the leval fans was responsible to a great extent for the Santos-Dumont journey and the rooting today was certainly the most enthusiastic ver seen on the home grounds. It was a retir game throughout. Backeff's reassional backward catch of Genins awful swat a the fourth was one of the features. lickey played a star game at third, though one hard one get away from him cars on second is not a chrenic sunccess but he got everything that he went after, Boffer used a slow ball throughout, which was deceptive to the Omahoge. Brown was batted hard in the first and eighth, but did it up brown the rest of the time. Attend-

game postponed; rain. Four matches in the tennis doubles ournament for the championship of Omahs were played yesterday evening, another was left ununtabled with the score at "set all," and a sixth was won by default. This narrows the competition, and when the unfinished match is concluded only the semifinals and final will remain. These are

scheduled for tonight tomorrow.

Lather Kountae, who had entered with

Dr. Fred Rustin, was again unable to be present, and J. Hughes and Dr. Schneider, the Shriner pair, were given a walkover. the evening, started against Hill and Col-lett, in the second round and captured the first set, the match being peatponed after Hill and Collett had evened the scere. Hughes and Schneider have the advantage over, perhaps, every other pair in the tournament, of having had constant prac-tice together during the season. On the Shriner courts on Harney street they have been playing side by side night after night and the result was clearly apparent in their work yesterday evening. They were within an acc of defeating Hill and Collett. and may do so yet. In the first set, especially Hill and Collett were pressed time after time, Collett being especially weak at the net, while very few balls got away from Hughes and Schneider, whose volley-ing and driving alike were uniformly strong. This match will be finished this evening and the winners will then have

to meet Battin and Towle.

See-Saw Struggle. Battin and Towle yesterday had a long struggle with Sunderland and Dufrene, two tireless players, but finally overcame them with the see-saw score of 6-1, 1-6, 6-2. It is singular that Sunderland and Dufrene won the toes and lost both the sets they was a strong shadow and a stronk of light shot through the trees diagonally across the north court, which sesmed to seriously interfere with calculations on that side of the net. Battin was in his best form, stendy and reliable, placing his base-line drives carefully down the sides of the court and he kept his opponents constantly on the move. He was greatly aided by having successful volleyer as a partner and Towle was almost impassable at the net. He returned whatever came to him with geomiderable skill, and in the first and last sets made comparatively few blunders. The game was not a fast one; all four men were watching themselves closely throughout, with the result that they did not hit with the freedom that makes the most successful tennis. Yet the alertness and evident eagerness to score on the part of every one of the quartet made the match one of

most interesting of the evening to

John Brown and Herbert Rogers, who had not got their first round match out of the way Wednesday, were given the task of playing twe matches consecutively. They started in good time against F. F. and C. C. Webster, defeating them 6-2, 6-2, and followed this up with the still casier score of 3-3, 6-1, against Fred Hamilton and G. Pritchett. Their prelimicary match seemed to put them in trim for the second one. Hamilton and Pritchett are both of them

The meeting was to have ended today.

The sensation of the afternoon was the defeat of The Monk by Chalmbhot in the city heat decided in the 2:07 trot. Only three started and McDonaid took his horse to the lead, and Geer could not pass the son of Redheart, although besten by only hair a length. Dolly Dillon made a bad break, which threw her out of the race. Before the race the peois cold at 350 on The Monk against 512 for the field. After the heat each end brought 159.

Gus Macay's Re-Elected stands best in the summary for the 2:16 trot, having two heats to his credit. Malborn was the contender in the first and Prince of Orange in the second. The early pool selling was even money on Alice Russell against the field.

Greenline had an easy victory in the 2:18 pace. There was nothing in the race to make him sien, He sold at 350 against the field at 350.

The 1:30 pace went to Don Derby in straight heats, but he was hard preused to win. The last heat filly H. was at the head. Don Derby sold at 350 against 570 for the field.

Captain W. H. Hoyce W. L. Snow's assistant, was badly hurt at the track today will deriving a horse which fell. His arm was broken in two places and he was infured internally. A purse of over \$506 was raised for him. He is well known all over the country. Summary:

New York.

NEW YORK, Aug. 7.—The team of the American lawn tennis experts successfully defended the Dwight F. Davis international challenge cup today on the courts of the Crescent Athletic club, Bayridge. They defeated the challenging Englishmen in the four matches of the singles by three visionies and suffered one defeat. William A. Larned, the national champion, was the only player on the American team to succumb to the playing of the Englishmen. He was beaten by R. F. Doherty, who formerly held the championship of all England Malcom D. Whitman, the unbeaten American title holder, beat Dr. Pim and R. F. Doherty, Larped's only victory was scored sgainst Dr. Fim.

The unfinished matches of yesterday were first played. R. F. Doherty had evidently received some pointers as to how to defeat Larned and he luminediately opened with a fast volleying, which parried Larned off his feet. Larned apparently lout his streke and the Britisher took the remaining sets of the match rather sasily. It was on his place shots along the lines that the Englashman excelled and Larned was never in the lead. The complete score of the match rollows:

The crutch is a poor substitute for legs, and affords convenient and tiresome mode of locomotion - there is no more pathetic sight than a person slowly and painfully moving along the

meanwenient and firesome mode of locomotion—there is no more pathetic sight than a person slowly and painfully moving along the street supported by these artificial limbs.

When Rheumatism settles in the bones and muscles of the legs, it is safe to predict that the victim will eventually become helpless and crutch-bound. The corrosive irritating matter that is deposited in the joints and muscles causes the most intense pain, the knees and ankles swell, and when the natural oils and fluids that lubricate these parts are completely destroyed the joints become locked and the muscles drawn and stiff, and crutches a necessity.

The acid poisons that produce rheumatic pains form in the blood, and are distributed through the system, and lodged in the arms, shoulders, hands, back and feet, or other parts of the body—resulting often in total disability. A permanent cure of Rheumatism can be effected only by a complete cleansing of the blood, and no other remedy so surely accomplishes this as 8. S. S. It neutralizes the acid effects, purises and invigorates the stagnant blood, and the gritty corrupt particles are washed out or dislodged by the new rich blood, and relief comes to the pain-racked sufferer. S. S. S. leaves no morbid, irritating matter in the blood to reunite and produce another attack, but expels every stom of it from the system. S. S. S. is a purely vegetable remedy, and does not impair the digestion or general health like alkali or potash remedies.

Write for our special free book on Rheumatism, and if any medical advice or other information is wanted, our physicians will gladly furnish it without charge.
