

AFFAIRS AT SOUTH OMAHA

Conditions at Postoffice Take on Shape of Open Rupture.
ETER DEMANDS DEPUTY NOSELY'S HEAD

Postmaster Eter and his staff are in a state of open rupture. The trouble that has been brewing at the South Omaha postoffice for some time reached a climax yesterday when Postmaster Eter requested Harvey D. Mosely, deputy postmaster, to resign.

where he proposes to transact the business that may come to him.
Delays Signing Order.

Mayer Koutsky is putting off the signing of the resolution passed by the council Monday night, locating two new street lights in the southern part of the city. The mayor asserts that he desires to confer with the city attorney on the matter, but as the latter is going away on a vacation today it looks as if the lights will not be ordered in for some time.

G. P. CRONK BY ACCLAMATION

Friends Say He Will Have Walkway for Grand Exalted Ruler.
ELKS' SPECIAL LEAVES THIS EVENING

He will be elected by acclamation, said a member of George P. Cronk's promotion committee, referring to that gentleman's candidacy for grand exalted ruler of the Elks' lodge, "and that is something that has never been done before in the history of the order."

VOLUNTEER SOLDIERS

have always held a high place in the estimation of the American people, for on them has always been the reliance of the people in time of war. No volunteers were ever more affectionately regarded than those who went to the front in 1898, when the call came from President McKinley.

SOCIETY OF THE ARMY OF THE PHILIPPINES

is the name of an organization of members of the Eighth army corps—those fellows who have noticed wearing that queer looking badge—the men who fought in the swamps and jungles and rice fields of Luzon. It was formed shortly after the return of the regiments from the Philippines and held its first reunion last year at Denver.

MADISON'S MONUMENT TO SOLDIER

DEAD was unveiled Saturday. It is a monument to the memory of the first Nebraska, whose comrades are the ones honored by the shaft. Pictures taken at the time and photographs of the dead soldiers, who died in the Philippines, will be exhibited at the reunion next week.

ENGLAND'S GREAT INLAND PORT

is the subject of Frank G. Carpenter's letter. Mr. Carpenter writes very entertainingly of the great Manchester ship canal and its terminus at the Manchester docks, giving a great deal of interesting information about it. One of the marvels of the construction is the fact that it crosses another canal, which is carried over on a swinging aqueduct. This great highway for the entrance of American products to industrial England's center is really one of the engineering marvels of the age.

Miss Hartell and Miss May Harrell of 1009 Capitol avenue will depart the city for the week, probably August 14, for a visit to their home in Hialeah, Florida, and to Niagara Falls before their return to Omaha. They will be accompanied by their mother, Mrs. S. P. Barlett.

NEW CAPTAINS ARE ON DUTY

Mostyn and Hase Take Oath of Office Before Clark Kierstead.
ILER AND HAYES WILL CLAIM SALARIES

The new appointees to the police captaincy, Patrick Mostyn and Henry P. Hase, reported to the Merced Board of Fire and Police Commissioners yesterday morning to have their official bonds approved. Each presented a bond for \$1,000 in the American Surety Company, approved by the board adjourned to 7:30 Monday evening and the new police captains took their oath of office before Clark W. Kierstead, notary public, though it has been customary heretofore for the mayor to administer such oaths.

At 12 o'clock Mostyn assumed charge at the police station, taking the place of Captain Daniel W. Iler. Hase went on for duty at 6 o'clock last evening, succeeding Captain Thomas Hayes.

For an hour or more yesterday's conference was on in the mayor's office, the mayor, City Attorney Connell, Chief Donahue and the two deposed captains of police being parties to it. The matter under discussion was the course to be followed by Iler and Hayes. Both were seen after their close of the consultation, but neither would make known his plans. It is understood, however, that they will put on uniforms and walk beats, and then file claims for salaries as captains, assuming that the new board had no right to reduce them without charges being filed and a hearing on the charges. Both appeared in citizens' clothes, without stars or other insignia of rank.

STILL FURTHER PROOF

Where Doctor's Fail to Cure Woman's Ills, Lydia E. Pinkham's Vegetable Compound Succeeds.

Mrs. Pauline Judson, Secretary Schermerhorn Golf Club, Brooklyn, N. Y., Writes On This Subject.

A woman best understands a woman's ills. How true this is, and how well proven in Mrs. Judson's letter which follows. How many thousands of letters Mrs. Pinkham is constantly receiving from women recounting their months, and sometimes years of treatment by physicians for some derangement of the female organs without obtaining a cure, or even relief from their suffering, and how eventually they have been cured by her advice or medicine, or both, is almost beyond belief.

Just think how Mrs. Judson was treated for months without success, and how quickly she was cured by Lydia E. Pinkham's Vegetable Compound and Sensitive Wash.

Is there a sick woman on earth who will doubt the power of Lydia E. Pinkham's Vegetable Compound over women's diseases in the face of such proof? Surely not.

Any woman who is troubled with any form of female ills, painful menstruation, backache, dizziness, bearing down feelings, ovarian inflammation or any womb trouble should hasten to procure Lydia E. Pinkham's Vegetable Compound, for no other medicine is so universally recommended by prominent women of all classes.

"DEAR MRS. PINKHAM:—Soon after my marriage two years ago I found myself in constant pain. The doctor said my womb was turned, and this caused the pain, with considerable inflammation. It continued for me for four months, when my husband became impatient because I grew worse instead of better, and in speaking to the druggist he advised him to get Lydia E. Pinkham's Vegetable Compound and Sensitive Wash. How I wish I had taken that at first; it would have saved me weeks of suffering. It took three long months to restore me, but it is a happy relief, and we are both most grateful to you. Your Compound has brought joy to our home and health to me."—Mrs. PAULINE JUDSON, 47 Hoyt St., Brooklyn, N. Y.

It would seem by this statement that women would save time and much sickness if they would get Lydia E. Pinkham's Vegetable Compound at once. It might as well be understood first as last that no medicine in the world is equal to it, and no druggist's substitute will be satisfactory. Get it to-day; don't wait.

REWARD.—We have deposited with the National City Bank of Lynn, Mass., \$5,000 which will be paid to any person who can find and show testimony of a man who is not genuine, or was published before obtaining the writer's special permission. Lydia E. Pinkham Medicine Co., Lynn, Mass.

CELEBRATE NEW CAR LINE

Prospect Hill Residents Engage in Joyful Excursion by Electric.
Verily, if there are seats for fifty in the standard summer car and seventeen other persons cling joyously to the superstructure of each and sit in places where seats are not, there is the true spirit of the trolley excursion given by the Prospect Hill Improvement Club last evening to celebrate the opening of the Thirty-third street extension of the Harney street line.

MACHINISTS AGAINST MERCER

Instruct Delegates to Central Labor Union to Refuse Resolutions.
At the regular meeting of the local machinists' lodge No. 31 at Labor temple last night the name of David H. Mercer was the subject of much discussion. The machinists are convinced that Mr. Mercer played an important part in naming the Fire and Police board and it was first suggested to adopt resolutions denouncing the congressman for his action in ignoring organized labor in the makeup of the board. After some discussion, however, by which it was evident that the sentiment was unanimous against Mercer, the lodge decided, and so instructed its delegates to Central Labor union, that interesting five method would be to have them work for the adoption of resolutions by the central body, setting forth the opposition of that organization to both Mercer and Mercer's supporters.

The Board of Public Works awarded contracts Friday for paving Mansions street from Twelfth street to Twenty-sixth, for paving the intersection of Fifteenth and Cass streets, and for constructing a sewer in sewer district 27, which is on Woolworth avenue from Sixth street to the river. For the Mansions street job the lowest bidder on stone block was Hugh Murphy, who bid \$1.96 per square yard, on asphalt the Barber Asphalt company \$1.99 per square yard, on vitrified brick Hugh Murphy \$1.23 per square yard. ARREST ON ROBBERY CHARGE

Ex-Convict Said to Have Held Up Small Boy for Small Amount.
Matt Speller and his younger brother have been accused of highway robbery. Mrs. Noble, a widow, living at 1228 Spruce street, does baking and washing for the support of herself and little son, and has been in the habit of sending out this boy, who is not more than 10 years of age, to deliver bread and make collections. Now this small collector became a source of steady income for the Spellers, who go in the way of waiting about for him and taking his meager collections. They even took a loaf of bread. Mrs. Noble complained in the police several days ago, and last night the older Speller was arrested in front of his house on South Twenty-first street. He is a convict out on parole and has five months yet to serve of his sentence for burglary.
