

TOO PROSPEROUS TO TEACH

Farmers Unwilling to Allow Daughters to Work for Salaries Offered.

REFORMS AT THE STATE REFORM SCHOOL

Director Loveland and the Weather Bureau Reviews July Conditions—all but Northwest Portion Has Heavy Rains.

(From a Staff Correspondent.)

LINCOLN, Aug. 15.—(Special.)—Superintendent Fowler says the scarcity of public school teachers throughout the state is due almost entirely to the prosperity of the farmers and business men of the rural districts.

"Take a ride of 100 miles through any part of the state and see the fields of good crops, and then tell me if you can see why a farmer's daughter should teach school for \$35 or \$30 a month," said Mr. Fowler. "They don't have to do it any more and that is just why there are schools all over the state without teachers."

"I was in McPherson county this week and found that there was not one teacher in the entire district," continued Mr. Fowler. "This, of course, isn't a big county; that is its population is not large, but they have eight schools there and all will have to remain closed unless they find teachers for them."

And I see by the morning papers that Frontier county still needs forty teachers. There are numerous other counties in the state that have been unable to supply all of their schools and it looks as though many of them will not be opened this year.

The salaries offered in the rural schools are not high, but they are just as high as they could be already. A year ago a position carrying a salary of \$30 per month would have several applicants. But now conditions are changed; the farmers are doing well and the business men have no complaints to offer. The result is they keep their daughters at home and the schools stay closed."

Foster for Bechtol.
Chief of Police Hoagland of this city speaks in high praise of the work being done by Superintendent J. V. Bechtol of the State Reform School for Boys at Kearney. Mr. Hoagland returned today from Kearney. While at the institution he reported the general good condition of the boys, the discipline, the officers and the inmates and paid some attention to the management of its affairs.

"The new superintendent has brought about several reforms in the short time he has been at the head of the institution and the good results are already being seen," said the chief. "He has made numerous changes in the methods of management, straightened the discipline where it was weak and has made provisions in many ways for the betterment of the boys."

"It is marvelous how the change that takes place in a boy after he goes into the reform school," he continued. "In the first place they are given a thorough cleaning. Their heads are shaved and after that they are clothed in the school's uniform."

Dr. Bechtol has begun a study of each boy's case. When not engaged in directing the financial or other affairs of the institution he returns to a private office and has the boys brought to him, one at a time. He will take a boy and talk to him in a fatherly manner, inquiring into his past history, determining his weaknesses and from this investigation he is better able to deal with the boy in the future. All this takes lots of time, for he may be an hour with one boy, but when such an interview is finished the case of that particular boy is noted in the superintendent's record book and he knows just what should be done for his benefit."

Review of July Weather.
Section Director Loveland has this to say regarding the weather which prevailed over Nebraska during the month of July:

"The month was characterized by low temperature and excessive rainfall in all except the northwest section, where the rainfall was slightly below the normal. Very few extremely high temperatures were reported and these occurred in the western portion of the state, generally about the middle of the month. The month was one of heavy showers, the greatest rainfall in twenty-four hours at all but a few stations exceeded an inch and at most stations exceeded two inches. Rain fell somewhere in the state on every day of the month except the 15th. The amount of hail reported was much less than ordinarily occurs in July."

The mean temperature of the state as determined from the records of 87 stations was 74.4 degrees, which is about 2.5 degrees below the average of the past twenty-seven years. The highest temperature was 111 degrees, at Bridgeport on the 15th, and the lowest 39 degrees, at Kennedy on the 17th. The mean daily range of temperature, as computed from the records of 27 stations, was 26 degrees, and the mean daily range at any station was 34 degrees, at Bridgeport on the 24th.

Sections	Temp. Mean.	Ave. Precip.
Northeastern	73.9	7.4
Southeastern	75.8	5.9
Central	75.8	7.4
Southwestern	76.1	5.9
Western	76.1	5.9
Northwestern	73.4	2.3
State	74.4	5.9

Athlans has the distinction of receiving the largest amount of precipitation, 13.95 inches, of any Nebraska point in July. Other points getting more than ten inches were: Hobbs, 15.33; Dawson, 12.51; Blair, 10.87; Bluehill, 11.86; Central City, 10.16; Crete, 12.17; Edgar, 11.43; Grand Island, 10.36; Hastings, 10.42; Lincoln, 11.25; Red Cloud, 12.32; Superior, 10.45; Tekamah, 11.27; Weeping Water, 10.33; Wray, 10.79; Seward got the heaviest dose—5.15 inches—in one day.

Amendments to the articles of incorporation of the Hunter-Woodruff Printing company of this city were recorded today. The name is changed to the Collins-Woodruff company and the capital stock is raised from \$25,000 to \$50,000.

Wind Disturbs Campers.
A bad wind burst caused a big commotion at the Epworth league assembly grounds just as the last session came to an end last night. A portion of the big tent was lowered to the ground and a part of the grounds was flooded. Only one person was hurt, however, all excepting from the tent where the wind came. Mrs. Ayers of Fremont state missionary for the Sunday School association, fell and sustained a bruise on the left lower limb. The injured person was sent immediately and it is believed that the injury will be only temporary.

VICTIM OF UNSEEN FOES
Plattsmouth Farmer Lies in Wait for Firebug and Laid Low by Assaults.

PLATTSMOUTH, Neb., Aug. 15.—(Special.)—Several months ago the home of Charles Harris, a few miles southeast of Plattsmouth, was consumed by fire and it was with great difficulty that the family escaped cremation. The fire was thought to have been of an incendiary origin, as a can containing kerosene and some matches were found near Mr. Harris built a new house and has since been quietly watching for the firebug.

SUE CITY FOR FLOOD DAMAGE
Plattsmouth Citizens Allege That Delinquent Sewerage System is Responsible for Losses.

PLATTSMOUTH, Neb., Aug. 15.—(Special.)—The following claims have been filed against the city, alleging that on account of insufficient sewerage they were damaged by the recent flood: William H. Bell & Son, \$2,500; George B. Lehnberg, \$2,500; V. V. Leonard, \$2,200. It is expected that others will also ask for damages for the same reason.

SINGLE TAX MEN LOSE OUT

Convention of International Typographical Union Turns Down Socialism.

PLANNING FOR A SHORTER WORKDAY

Principles to Emphasize Aggressive Campaign for Eight-Hour Schedule Next Year, Adopting Resolutions to This Effect.

CINCINNATI, Aug. 15.—The International Typographical union, which has been in session here all the week, has disposed of over 300 propositions for changes in its laws as well as many resolutions. Among the resolutions defeated were those relating to socialism and political idealism. A hard fight was made to have a committee of nine appointed to report at the next convention on the relations wages to taxation. It was strongly advocated by single tax men, but was overwhelmingly defeated.

The spirit of the convention was most emphatically shown in the adoption of a resolution against socialism. Max Hayes of Cleveland had been elected a delegate of the International Typographical union to the next convention of the American Federation of Labor, and delegates claim that they did not know he was a socialist until after he was elected and for this reason a strong resolution of instructions was adopted.

The agitation over the organization of the International Ladies' auxiliary has been going on all week. It was settled today by the adoption of a resolution of endorsement by a large majority. The Los Angeles union explained the trouble in that city, and it was decided to make a referendum vote on the question of making an international test case out of the Los Angeles controversy and raising a fund for the fight there.

Miss Annie Hoban, Post Pochontas of Yonassess Council of Red Men (Women's Branch), writes from 272 Eighth Ave., New York.

"I have known several women who were little better than physical wrecks; mothers who dragged out a miserable, painful existence, but were made well and strong through the use of Peruna. I have known of cases of chronic catarrh which were cured in a short time, when a dozen different remedies had been experimented with and without good results. I use it myself when I feel nervous and worn out, and I have always found that the results were most satisfactory."—JULIA M. BROWN.

HER GREAT FORTUNE.

A Woman Saved From Life-Long Misery and Made Happy and Useful.

Picking up the paper one day, she happened to read an item which contained the news that Dr. Hartman would treat such cases free of charge by letter. She immediately wrote the doctor, describing her case and giving him all her symptoms.

Soon she received a letter telling her exactly what to do and what medicines and appliances to get. She began the treatment at once, and in a few weeks she was well and strong again, able to do her own work. This offer of free home treatment to women is still open to all who may need the services of this eminent physician. All letters applying for treatment will be promptly answered and be held strictly confidential.

Miss J. Newlove, 25 Rowley street, Rochester, N. Y., writes: "I suffered with systemic catarrh, had such a tired feeling, faint spells, pain in the back of my head, and my eyes, and I got so I could hardly see. I was getting very nervous, so that my hands trembled. I was chills nearly all the time. During the months I doctored I lost nearly 40 pounds, so I thought I would have to try something else. Peruna was recommended to me by a friend, and I save it a trial. Now I feel better than I have for years—so not think I could feel any better."

Miss Estella Richardson, 48 Straight street, Grand Rapids, Mich., writes: "I have been troubled, as most women are, with irregularities and pains at my menstrual periods, and a friend advised me to try Peruna, and so I did. This seemed to relieve the pain, and I kept on taking it, until now I am well and strong, have no pains whatever and feel like a new woman and am gaining in flesh and strength."
