

POLICE HAVE A NEW CLUE

May Soon Be Able to Solve Bartholin Mystery at Chicago.

FRIEND OF ACCUSED MAN IN CUSTODY

Edward Counselman Held as an Accessory After the Fact and is to be Put Through the Sweating Process.

CHICAGO, Aug. 18.—Developments today in the Bartholin-Mitchell murder mystery have led the police to believe that they have nearer the solution of the problem than they have been for over a week than ever before.

Edward Counselman, the intimate friend of William J. Bartholin who was held for possible knowledge of the crime, was taken before Justice Quinn today and held ten days in bonds of \$10,000, charged with being accessory after the fact in the murders of Minnie Mitchell and Mrs. Anna Bartholin. Counselman admitted he had met Bartholin and that Bartholin said he was in trouble with Minnie Mitchell.

The most damaging testimony as to Counselman's possible guilty knowledge of the murders of the two women came from a new witness whom the police found today—W. M. Allen, a fellow workman of Counselman in the newspaper and who frequently told him repeatedly that he knew a great deal about the trouble Bartholin was in.

When Allen suggested that Counselman tell the police what he knew the latter said he would do no such thing, that Bartholin was his friend and that he was too shrewd for the police. Allen said that Counselman even expressed the opinion that Bartholin had easily had time to reach the seaboard.

Allen said that Counselman expressed the greatest anxiety over the case as it developed in the newspaper and that frequently Counselman would walk from the suburb of Harvey, where the two men worked, as far as Kensington, to secure the papers. For three days Counselman did not do any work because of nervousness. The police have the testimony of another witness, who is positive he saw Counselman and Bartholin together on August 7, the day the body of Minnie Mitchell was found.

It is the purpose of the police to put Counselman through the sweating ordeal today, and expect to get some positive results. Counselman's wife begged him repeatedly to tell the police what he knew, but so far Counselman has been obstinate. A note from Bartholin to Counselman asking for money and saying that the writer was in trouble is held by the police. It was this note which Counselman said he took secure from his wife by choking her that led to his arrest.

The postponed inquest over the body of Minnie Mitchell will be resumed today. It is probable that a verdict will be returned with recommendations that the men now in custody be held to the grand jury.

MOROS RENEWING ATTACKS

Outposts and Pack Trains of Americans Suffering from Harassing of This Tribe.

MANILA, Aug. 18.—The Moros on Mindanao are renewing their attacks upon the outposts and pack trains of the American column at Lake Lanao, which is under the command of Captain J. J. Pershing, of the Fifteenth cavalry. The Americans have successfully repulsed the Moro attacks and have suffered no losses. The commanders of the American forces on Mindanao report aggressive action against the Moros to be necessary and ask permission to move against Bacolod and other strongholds of the hostile Mohammedans. There are about 3,000 American soldiers on Mindanao available for the desired aggressive move. It is believed that this is sufficient to defeat the Moros, though it would possibly be necessary to strengthen their base before undertaking the movement.

WASHINGTON, Aug. 18.—A cable dispatch has been received from General Chaffee stating that in his judgment an active campaign against the Moros in Mindanao was necessary in order to curb the opposition that has been growing against United States authority. The dispatch was considered of sufficient importance to be repeated to President Roosevelt at Oyster Bay.

General Chaffee has been directed to use his own discretion in the matter and will no doubt expand in an aggressive movement against the insurgent Moros. Some time before Secretary Root left Washington the Moro situation was under consideration and from a dispatch then at hand the secretary was of the opinion that the Moros must be dealt with vigorously. The United States would respect the authority of the United States.

General Chaffee is now in Mindanao, having left Manila some days ago. If the campaign should be successful, it is believed that he will remain in the Philippines instead of leaving on September 30, as he had planned. It is understood that the war department that General Chaffee has sufficient troops to make an active campaign.

MUTINY ON DOS HERMANOS

Hostilities Plans Deed to Secure Treasure Amounting to \$150,000, but Fail.

MANILA, Aug. 18.—The following details of the mutiny of the native crew of the intermar steamer Dos Hermanos, which occurred at Port Virac, island of Catanduanes, last Thursday, have been received. The crime was plotted under the leadership of the native boatman of Dos Hermanos. The mutineers purposed to steal \$150,000 which they supposed to be on board. The officers of the steamer were dining when they were attacked. In addition to hitting the chief engineer and wounding the captain, the mutineers, who were Spaniards, the crew killed the steward and the carpenter of the ship. The last named were murdered while defending the officers.

The native constabulary who went to the rescue of the officers of Dos Hermanos killed three and succeeded in capturing thirty-four of the mutineers, whom they conveyed to Albay, Luzon.

DEATH RECORD.

Funeral of John R. Cook. PLATTSBURGH, Neb., Aug. 18.—(Special.)—A large number of relatives and friends viewed the familiar face of John R. Cook yesterday at his home for the last time. The regular ritual funeral services were held in St. Luke's Episcopal church at 2:30 in the afternoon by Rev. H. B. Burgess. The choir sang several appropriate hymns sweetly, the first one being "Nearer, My God, to Thee." The floral offerings were beautiful and in abundance. Not half the number of those who desired to bear the service could gain admittance into the church, which promptly followed the body to the cemetery, where the body was laid to rest. The pallbearers were Samuel Waugh, W. J. White, Judge B. S. Ramsey, George Dodge, F. G. Fricko and William Ballance.

W. D. Dirksen. W. D. Dirksen, one of the best known insurance men in Nebraska, died suddenly Saturday night at Glenville, Neb. The deceased had lived in Omaha many years and was at one time assistant superintendent of the Prudential Insurance company here, which position he resigned to accept the position of state representative for an eastern company.

Mr. Dirksen leaves two sons, Harry W., a clerk in the United States National bank, and John, with Martin-Anderson company. His wife died last November. The deceased was 49 years of age.

NEW TARIFF FOR CHINA

Present Ad Valorem Schedule is to be Changed to Specific Rates. WASHINGTON, Aug. 18.—The new tariff, which was signed by Mr. T. B. Sharratt, the United States commissioner for tariff revision in China, and by the representatives of other nations, changes the present ad valorem tariff of China to specific rates. This is in accordance with the protocol.

The specific rate agreed upon is based upon the average value of products imported into China during the last twenty years. Under the terms of the protocol this change from ad valorem to specific rates does not use the signature of China. The change will no doubt make some slight difference in the rates of duty, but is not regarded as a revision of the tariff in any general extent.

It is expected that in a commercial treaty the tariff will be changed to a considerable extent. The commissioners on the part of the United States to negotiate this treaty are Minister Conger, Consul General Goodnow at Shanghai, and Mr. Feely. The treaty which they negotiate, it is expected, will be completed within a short time.

In the course of proceedings at a regular meeting last evening the Board of Education became involved in an animated and at times acrimonious discussion as to proper application of the rules of government, and even an appeal to Roberts' Rules of Order failed to completely restore harmony. The question arose in connection with a report of the committee on salaries, setting forth, in substance, that the committee was of the opinion that the amounts allowed by the rules for the salaries of clerks in the offices of the superintendent of instruction, the secretary of the board and the principal of the High school were not sufficient to get the needed help in those offices, and, while the committee was not supporting the resolution which change in the rules, it would recommend that the superintendent and secretary be allowed such additional sums for clerk hire, respectively, as taken in connection with the amounts now paid would make the total in each instance \$50; and that the principal of the High school be allowed an additional sum to make the total amount to be paid in his office \$70.
