## AFFAIRS AT SOUTH OMAHA

**Another Proposition for the Purchase of Syndicate Park.**

**NEIGHBORING RESIDENTS IN THE DEAL**

**Cavalry Troop Invited to Participate in Maneuvers at Fort Riley—Twenty-Fourth Street Paving Repairs Nearly Done.**

Now there comes another proposition for the purchase of Syndicate park. This time Attorney A. L. Sutton is at the head of the movement. He stated to a Bee reporter last night that about thirty property owners in the vicinity of the park had practically agreed to make an attempt to raise funds for the purchase of the park.

It will be remembered that a number of years ago, when lots near the park were being sold, it was given out that the park would be open to the public, but after the property had been disposed of the park was fenced. Since that time several plans have been submitted to the owners of the park regarding the opening to the public of this tract of land. All of these have been declined, and as the city is in no position to take hold of the matter at this time, the property owners in the vicinity have been trying to devise ways and means to secure the grounds.

The plan is so far incomplete, but it includes the incorporation of a company by a certain number of people residing near the park. When this is done funds will be raised, so Mr. Sutton states, to purchase the park. After the deal is consummated the park will be used as a private park by the incorporators.

In order that the citizens of South Omaha may have use of the grounds when desired, it has been suggested that this can be arranged, providing the municipal authorities will station a policeman on the grounds at night. This is all, Mr. Sutton says, that will be asked of the authorities. A meeting is to be held at Mr. Sutton's office this week to confer about this matter.

**Invites Holland's Troops.**

Adjutant General Colby has sent orders to Captain W. L. Holland, commanding the South Omaha Cavalry troop, instructing him to take a vote of the men as to whether they desire to go in Fort Riley, Kan., to participate in the military maneuvers. This notice from General Colby has been posted on the bulletin board at the troop armory and will doubtless be acted upon at a meeting to be held on Monday night.

In case the troop decides that it is not advisable to go to Fort Riley at this time of the year, it is understood that an effort will be made to have the commissioned officers and as many of the non-commissioned officers as possible present on the day when President Roosevelt will review the troops in camp.

**Cashier Postwick Returns.**

H. C. Postwick, cashier of the South Omaha National bank, returned Friday from an extended western trip. While away he looked over his ranches, located near Sheridan, Wyo., and then went on to Dome Lake and other resorts in the vicinity. In speaking of the cattle conditions to a reporter for the Bee yesterday Mr. Postwick said that the range grass was fine and that cattle were in excellent condition. He predicts heavy shipments to this market from this time on until the "range shipping season closes." "The country in the northwest," said Mr. Postwick, "never looked better than it does at the present time, and ranchmen are not only prosperous now, but look forward to a good season next year."

**Examination Papers Filed.**

An order was recently issued by the Board of Education to place all examination papers of the teachers on file. This has been done for the first time in the history of the city, and now all of the teachers who took the examination in June may find their papers neatly bound and on file in the office of Superintendent McLean.

Heretofore the examining committee merely made a report to the teachers' committee, giving the standing of those who passed the examination. This was not considered satisfactory and so it was decided to have the examining board mark every paper and file the same. These have been placed in alphabetical order and bound in canvas covers. The papers are open to the inspection of the public upon request.

**Repairs Completed.**

City Engineer Deal said yesterday afternoon that the repairs to the Twenty-fourth street pavement were practically completed. On the west side of the street 867 yards of concrete was laid, while on the east side it took only 314 yards to place the street in a passable condition. The cost of the repairs this year amounts to \$1,753. In 1899 the cost of repairs was \$1,606; in 1900, \$1,524; in 1901, \$1,598, and this year, \$1,753.

The original cost of the pavement to the taxpayers was \$110,987. This was laid in the years 1891 and 1892. The bid for the work was \$2.77 per square yard. As for the repaving of the street the engineer thinks it will be cheaper for the city to appropriate about \$2,000 a year to keep the roadway in repair than it would be to have bonds and lay an entirely new pavement.

**Want Rosebud Land.**

Another delegation of South Omaha people propose starting within a few days for South Dakota for the purpose of taking up land on the Rosebud agency. Dr. McCann and his party returned about ten days ago and succeeded in filing on some desirable claims. Since that time a couple of dozen property owners here have gone to Chamberlain, S. D., for the purpose of looking over the ground. Now there is another list made up and a score or more have set out for Rosebud. It is believed that South Omaha people will be largely interested in South Dakota lands before the area allotted by the government is exhausted.

**Hospital Association Entertainment.**

A series of entertainments will be given under the auspices of the ladies of the hospital association, August 28, 29 and 30. Friday evening Miss Bertha Clarke, South Omaha's popular elocutionist, will present two interesting comedies, "Which is Which?" and "Mr. Bob." The casts are composed of the following popular young people: Fred Conroy, Guy Roberts, Leonard Legro, Eunice Ennor, Nellie Ennor, Edith Gray, Adam Cox, Roy Towle, James Duncanson, Misses Geneva Garlow, Alla Gilchrist, Nora Smith, Della Clarke; specialities, Master Roland Ennor and Marguerite Smith.

**NOT A HOT SHOT AT LYON**

**President's Approval of Texas Republican Not Aimed at Committee Chairman.**

**PROVIDENCE, R. I., Aug. 23.**—The friends of Cecil A. Lyon, chairman of the republican state committee of Texas, are considerably exasperated over the recent announcement of the president that he wished to warn the republicans of the south that if they wanted anything from him they would have to get out and secure votes instead of getting delegates to republican national conventions, and looking for federal offices.

Judging from a dispatch received aboard the train today the friends of Mr. Lyon seem to think that he was made the special object of the president's ultimatum and was held responsible for the political quarrel in Texas, but this was found to be incorrect, the president saying that his remarks applied to all.

**Indians Will Meet at Santee.**

**TYNDALL, S. D., Aug. 23.**—(Special.)—The great Indian convocation will meet this year at Santee, Neb. It is expected that from 1,500 to 2,000 Indians will be present.

**AWAIT COMING OF THE KING**

**Visit of Victor Emmanuel to Germany to Be Brilliant Event.**

**AFFAIR ENTIRELY OF SOCIAL NATURE**

**While Disarmament Proposals May Be Discussed the Young Monarch is Simply Making First Call Upon His Friend.**

**BERLIN, Aug. 23.**—Gilded masts surmounted by evergreen crowns are being set up along Unter den Linden in preparation of the entrance into Berlin of King Victor Emmanuel of Italy on Thursday next.

The Unter den Linden midway is being bordered throughout its length by large rows of potted greenery. The program for the king's entertainment, which includes receptions, state dinners and a gala performance at the opera, ends on Saturday with the great fall parade of troops on the Tempelhof field.

The object of King Victor Emmanuel's visit, as explained at the Italian embassy, is that the young king is simply making his first call, since his accession, upon his friend, the emperor; that such was the only purpose of his visit to Russia and that it is quite probable that the king will visit France next year.

Austria is not likely to be visited by King Emmanuel for the reason that Emperor Francis Joseph never returned the late King Humbert's visit to Vienna, because he wished to avoid offending the Vatican by seeing King Humbert in Rome.

As King Victor Emmanuel on his visit to Berlin will be attended by the Italian premier, Signor Zanardelli, the relations between Italy and Germany will naturally be discussed, but anything approaching negotiations with a definite object, growing out of the question of King Victor Emmanuel's disarmament proposals, are for the emperor's personal ear and are not official, and the fruitlessness of making them is already well understood by the ministers here.

As for the rest, the Berliners are looking forward to a brilliant show and officialdom anticipates a wearisome series of functions which it must attend.

**ST. PAUL'S MUST BE MENDED**

**Foundation of Famous London Cathedral Suffers from Excavation for Underground Traffic.**

**LONDON, Aug. 23.**—A full report is expected soon from Somers Clarke, the architect in charge of St. Paul's, but there seems to be small question, in spite of the denials of the dean, that the chapter is seriously worried over the condition of the cathedral, the foundations of which have been weakened by bad draining, coupled with extensive excavations in connection with the tube railroads and other sub-surface work. It is said on good authority that prompt and extensive repairs, estimated to cost \$1,100,000, are imperative to insure the safety of the historic building. As the cathedral authorities are decidedly pressed for funds it is not improbable that the public may be appealed to.

**CORONATION CROWD LEAVES**

**None Left of the Visiting Potentates that Crowded and Amused All London.**

**LONDON, Aug. 23.**—King Lewenka has departed for his kraal in Barotseland, northwestern Rhodesia, with many improved presents, one of the most cherished items of which consists of six silk hats. Ras Makonnen, the Abyssinian general, is also homeward bound. Among his baggage is a big balloon. The Indian princes have disappeared, and with the departure of the shah of Persia, Monday, London will be bereft of its last show visitor.

The West end of London, from a society point of view, is a desert. The members of the royal family, the cabinet ministers and the foreign diplomats are scattered, and all those with money enough to enable them to do so have fled to the moors, rivers or various continental health resorts. Twenty-one West end clubs, aggregating a membership of nearly 30,000, are closed for renovation and the shuttered houses of Mayfair add to the general gloominess. There is, however, of a "second season," commencing in September, with the reopening of Parliament and the return of King Edward to town.

The shah has been the object of much attention on the part of the newspapers for a week past. The round of entertainments provided for him included everything of a light and showy character, from a visit to the waxworks to a big review of artillery at Woolwich, while the short intervals were filled up with conversations on political matters, such as Russian attempts to secure ports on the Persian gulf, the fulfillment of which would necessitate large additions to the British fleet in Indian waters.

The Persian's jewels were an unending source of gossip. A jewel merchant who was present at the shah's reception Tuesday estimated that if the gems the monarch was then wearing were put up at auction they would fetch \$5,750,000.

The last of the Indian potentates, the maharajah of Jaipur, sailed for his home Friday, though officially he commenced his journey homeward by deputy on Monday. It is customary for the maharajah before starting on more important journeys to consult the state astrologist as to whether the planets are favorable. The astrologer advised the maharajah's departure Monday, but as it was inconvenient to do so, the maharajah determined to trick the planets and deputized his side-de-camp and some members of his suite to start and await him at Dover.

The maharajah has caused London hostesses endless confusion by having the name of his special gold printed on his visiting cards above his own name. Various smart women were hurt by not receiving answers to their invitations until it was discovered that they had been addressed to the god instead of to the maharajah.

The embarkation of the maharajah's baggage at Dover caused a sensation among the provincials, especially the removal of Buddha and copper vessels containing sacred Ganges water, which was carried out by the priests of the suite with great ceremonial. Among the maharajah's baggage were a bicycle, a horse and a small tractor.

**Increase Traffic Facilities.**

**ABERDEEN, S. D., Aug. 23.**—(Special.)—A party of Milwaukee officials were here this week looking over their terminal facilities for the handling of their extension business at this point. They decided to put on an extra switch engine and crew, also improve their present facilities.

**A Weak Stomach**

Indigestion is often caused by over-eating. An eminent authority says the harm done thus exceeds that from the excessive use of alcohol. Eat all the good food you want but don't overload the stomach. A weak stomach may refuse to digest what you eat. Then you need a good digestant like Kodol, which digests your food without the stomach's aid. This rest and the wholesome tonics Kodol contains soon restore health. Dieting unnecessary. Kodol quickly relieves the feeling of fullness and bloating from which some people suffer after meals. Absolutely cures indigestion.

**Kodol Nature's Tonic.**

Prepared by E. C. DeWitt & Co., Chicago. The little bottle contains 24 times the size of DeWitt's Little Early Risers.

The famous little pills for constipation.
