Steel Plant is Idle.

to the bottom of a mine breach.

LEBANON, Pa., Apg. 29 .- A committee of the striking employee of the American Iron trophy, now held by the District of Columand Steel Manufacturing company called at the effice of General Manager Lord today Tuesday, the competitors being teams from and demanded that the colored nonunion workmen from Reading and other men who had been sent here be removed and the old York. New Jersey, Massachusetts, Pennhands be taken back. This was refused.

The committee then returned and reported the matter to their leaders and a few states. moments later the men still at work, some 1,800, were told to come out. The order was obeyed almost to a man and promptly at 9 o'clock all left the big plant. Each carried a small American flag. Only the foremen of the different departments and a few blacksmiths remained at work.

The plant when in full operation employs nearly 3,000 men and boys. When the first strike occurred, sixteen weeks ago, about \$00 men quit. The others remained at work. Now the entire plant is idle, with the exception of that portion manned by the new comers.

Under Instructions of the Sheriff.

CHARLESTON, W. Va., Aug. 29 .- When the state troops reached Thurmond to preserve order and protect property request was made of Assistant Adjutant General Huton, in command, to report to the operators at Rush Run for instructions.

He refused point blank and said he was there with troops to act under instructions from the sheriff of the county to preserve order, and not to take instructions from operators. Sheriff. Daniel then took three mpanies and the signal corps to Rush Run to guard the public roads and to protact the people.

The remainder of the troops damped at Thurmond. No outbreak of any kind occurred today. The entire strength of the regiment-300-would be entirely inadequate in case of violence. The output in the New. River field yesterday was 3,800 tons, about one-tenth of the total amount

Relate Scheme Voted Down.

PITTSBURG, Pa., Aug. 29 .- The Amalgamated Journal, the official organ of the Amalgamated Association of Iron, Steel and Tin Plate Workers of America, officially announces today that the rebate proposition submitted to the tin lodges by the American Tin Plate company through the conference committee has been voted down.

on His Last Appearance of Engagement.

Another large crowd greeted Ellery's Italian band last night. Arthur M. Burton, the Chicago baritone, made his last appearance for the engagement and was again well received. Burton was unfortunate, however, in choosing for both his Omahs programs a list of songs of the graceful, light and airy type, ballads and folk songs. While artistically executed this very fact. meant that the productions would not be distinctly heard throughout the large tent. Selections of a more heroic trend, requiring volume and power, would have shown Mr. Burton's rich voice to better effect under the vast awning. The "Blue Danube" walts by Strauss and

More Alcohol and Tobacco Tax.

PARIS, Aug. 20 .- The minister of finance. M. Rouvier, will present the budget at the reopening of the Chamber of Deputies. He proposes to meet the deficit by reducing the amount of untaxed alcohol hitherto allowed producers, from which he estimates to reap \$10,000,000, and by abolishing some of the exemptions from the tobacco tax from which \$2,000,000 is expected.

> THE LANDLADY'S SON Set Right by a Boarder.

Most people are creatures of habit. The person who thinks he cannot get along without his morning drink of coffee in pretty hard to convince unless he is treated like Mrs. Clara Hoffman of Portland, Ore. treated her landlady's son. She says: "Having suffered with stomach trouble for several years I determined to discontinue the use of coffee and try Postum Food Coffee. North Platte "I carefully followed directions for making and the result was a beverage very

pleasing to the taste. I induced my hus hand to give it a trial and soon noticed the Improvement "He complained of 'heart trouble,' but as

he drank coffee I felt sure that this was the cause. It proved to be so, for after having used Postum for a short time his 'heart trouble' completely disappeared. Balfe

"Last year we went east and while there coarded with a private family. Our landlady complained of sleeplessness and her son of obstinate stomach trouble. It was a plain case of coffee poisoning in both. Knowing what Postum had done for me advised a trial, but the son declared he wanted none of that 'weak, watery stuff.' Well I had been making Postum Coffee fo

offered him a cup and he drank it, not know-

the Narragansett shore and under its shadow tried to creep up on Fort Greble. He failed, as he hoped he would, being picked up at a point where the guns at the fort could have done terrible execution to a real enemy. Outside of the mortar emplacements at Fort Adams a camp has been established for the use of detachments, so that in case of alarm the guns may be manned instantly. As far as can be learned from the varishowers. ous stations in this vicinity, preparations are practically complete. Tests have been day. made and everything is declared in satisfactory condition. Especially is this true showers. of the signal service. It is stated by those familiar with the department that there is no better outfit than they have here. There is material sufficient for a complete duplication, if necessary, in case of trouble. years; MacArthur Takes Precautions. Maximum temperature ... Minimum temperature Mean temperature Precipitation WASHINGTON, Aug. 29 .- Carrying out the plan to have the combined army and navy maneuvers duplicate the conditions of actual war as far as training of the personnel is concerned, an order has been issued that the maneuvers are to be regarded as actual field operations. Therefore every officer connected therewith is expected to act just as he would in case of actual war. This is with the view of deriving the greatest benefit from the operations. The officers are especially enjoined not to comment on the maneuvers outside their line of work. With a view of preventing any accidents which might result from the presence in the soldier's belt of a ball cartridge, General MacArthur has directed all company officers to take away all such ammunition. The same rule is to apply to the ammunition chest of small caliber machine guns. No personal salutes will be fired during the maneuvers. Omaha, clear
