MARINES, HOWEVER, ARE SAFELY LANDED

Olympia Dashed Into Port and Boice, Telegraph and Cable Station, Block Island Bombarded by Higginson.

PORT TRUMBULL, NEW LONDON, HEADQUARTERS ARMY OF DEFENSE, Sept. 1.—At just 10:20 last night the big guns of Fort Wright, Terry and Mitchell belched forth almost simultaneously and there was no longer doubt that the first attack in the war game was in effect. For an hour of cannonading continued and the result from the army standpoint is head-started in this official notice posted at headquarters at 10:30 p. m.

Movement to pass through the race began at 10:30 p. m. Forts Mickle, Wright and Terry engaged fifty minutes. Apparently the major commanding. When the put out of action by points scored by army guns. The result, however, will be determined later by the board of arbitration. All was quiet at army headquarters, when suddenly the reports of the big guns were heard and General MacArthur hastened attentively. The attack was on, but it came sooner than was expected by the major general commanding. When the booming of the big guns signaled the beginning of the attack, for the moment all communication with the forts being cut off by telegraph and telephone, General MacArthur boarded his yacht Kanawha and proceeded to Fort Wright. But out in the race the ships commanded by Admiral Higginson were sighted, and just as soon as they came within firing distance the fort guns opened on them. There was quick response from the enemy.

It seems the fleet of the enemy had been divided, the squadron under Admiral Cogan not being seen during the first attack. Admiral Higginson came from the east to the race and there the fight commenced with all the realism as far as possible of actual war. The ships' lights were out, and it was evident that the fleet could get nearer the forts before he was discovered, but in this he was foiled, so the army officers claim, and his ships, including Massachusetts and Indiana, were put out of action, the ships burning to the westward of the fort. Just before the fleet where the fleet went was not known definitely at headquarters.

Marines Landed by Enemy. WOOD'S HOLE, Mass., Sept. 1.—The United States cruiser Olympia dashed into this port this forenoon, landed a force and seized all telegraph, telephone and cable stations thereby cutting off all communication with Martha's Vineyard and Elizabeth Island. Of course, the seizure and destruction of telegraphic and cable facilities were imperative and it required the decision of the admiral to make plain whether or not the point attacked by the cruiser Olympia had been won. As the landing was made the telegraph and telephone offices were destroyed by sufficient force to have destroyed the property, or at least the instruments, and at the same time a boat's crew had landed by the cruiser Olympia, which had held them a sufficient period to have allowed the cutting of them, there seemed to have been no question that the move had been entirely successful.

Olympia appeared off this port suddenly early this morning and immediately two boats put off toward shore. One was a launch and the other a whaleboat and in them was a detachment under Lieutenant L. M. Everhardt. The launch landed here while the whaleboat was engaged in grappling work, they returned to their launch, joined the whaleboat and returned to their ship. This move cut off the only communication with the islands, Nantucket and Martha's Vineyard, which are very important observation stations.

Bombarded Over Two Hours. BLOCK ISLAND, R. I., Sept. 1.—The Beacon Hill signal and wireless telegraph station established by the army in connection with the extensive war maneuvers was captured by the fleet representing the navy, under command of Rear Admiral Higginson, just after 6 o'clock this morning. The station was abandoned after a bombardment of two hours and a quarter by the battleships and the guard escaped before a superior force of marines which had landed under the command of Rear Admiral Higginson, just after 6 o'clock this morning.

The frigate was continued until 8:30, when a collier and dispatch boat entered the harbor and landed a force of men. Before the attack of this detachment, having been reduced by the previous bombardment, the men at the station made their escape. The landing force of 600 was divided and squads were stationed on each side of the harbor, and a range of machine guns along the shore, while another force was sent to occupy the Beacon Hill station. As the fleet lay off shore seventeen vessels could be counted, including colliers.

Cuts the Cable. MARTHA'S VINEYARD, Mass., Sept. 1.—The United States cruiser Olympia has made a detachment of men at Gay Head and the cable from that point to Paque Island has been cut in connection with the war maneuvers. PASQUA ISLAND, Mass., Sept. 1.—Cutting Island reports a battleship having passed that point, headed for Monomah light, about 5:30 a. m. There was a fog on the sound. POINT JUDITH, R. I., Sept. 1.—11:15 a. m.—After a period of heavy firing off Block Island communication between army signal stations and the Beacon Hill station at Block Island was cut off for a time. At 10:45 communication was restored, but

FIGHTS TWENTY POLICEMEN

Negro, Fatally Wounds Three.

HIS WIFE HELPS WITH RUSTY SWORD

Capture is Not Effected Until After Two Hours' Shooting and the Firing of the House Used as Fort.

NEW YORK, Sept. 1.—Twenty policemen, armed with Winchester, engaged in a desperate battle with a negro tonight around a house at North Beach, the borough of Queens. Four of the policemen were wounded. In a previous encounter today the negro, Jerry Hunter, had fatally wounded one policeman and severely wounded another, and then had taken refuge in the house, armed and defiant. At least two hours of shooting on both sides Hunter set fire to the house or it caught fire. Hunter's wife ran up by the front door and attacked the men with a rusty sword. In the excitement Hunter escaped by the rear, but was captured.

Police Captain Carey and three of his men were taken to a hospital in ambulances. This afternoon Hunter shot at a man who was passing along the beach, but failed to hit him. John McKenna, a patrolman, was sent to arrest Hunter and Hunter shot him from ambush. McKenna is now lying in St. John's hospital in London Island City, dying. Both his eyes were destroyed by a load of buckshot. Three other patrolmen were sent to effect Hunter's capture, and in an attempt to carry the house by storm Patrolman Arthur Brill received a load of buckshot in the face, destroying one eye. He too, is likely to die. The reserves were then ordered out and the capture effected. Both Hunter and his wife were found to be wounded when they were finally overpowered.

LABOR DAY WELL OBSERVED

(Continued from First Page.)

KEOKUK, Ia., Sept. 1.—In an exhibition at the Labor day sports here today Charles E. H. today, formerly world's champion discus thrower, threw a discus 127 feet 11 inches, which is eleven and a quarter inches beyond the present world's record, made by Sheridan of New York last Saturday, when he beat his own previous world's record of 127 feet 8 inches by throwing 127 feet 8 inches.

NEW YORK, Sept. 1.—Louis Scholtz, the Toronto Bowling club crack, set a new standard by Frank Vesely of the Boston Athletic club at the annual regatta of the Middle States Regatta association, rowed on the Harlem river this morning. It was a surprising incident of an excellent day's sport and hundreds of dollars changed hands on the result. The water was in fair condition for rowing.

With the exception of H. M. Dudley, trainmaster of the Southern railway, living at Birmingham, and Roscoe Shelby of Columbus, Miss., all of the dead and injured are negroes who had taken advantage of excursion rates from points in Mississippi to Birmingham. The dead negroes are: BIRMINGHAM, Ala., Sept. 1.—White rounding a curve near Berry, Ala., at 8:30 this morning the engine and four cars of an excursion train on a branch of the Southern railroad left the track, rolling over and over, smashing the coaches, causing the instant death of thirty-one persons and the injury of eighty-one others. Physicians say at least twenty-nine of the injured cannot live.

THE UNHAPPY BURDEN BEARER

MUST MAKE CHOICE.

PAIN'S CELERY COMPOUND

TAKES AWAY THE LOAD OF DISEASE, AND LEADS TO NEW LIFE, HEALTH AND HAPPINESS.

The unhappy victim of disease and suffering who has just dragged through the summer, and who is now racked with suffering and almost a physical wreck, must make immediate choice of two paths. One leads to increased misery and certain death, the other to new life, health and happiness. The use of Paine's Celery Compound is a necessity for all who seek the path of health and long years. Victims of rheumatism, neuralgia, kidney disease, liver trouble, dyspepsia, nervousness, and blood diseases quickly and surely find new life, vigor, and strength in Dr. Paine's medicinal prescription—Paine's Celery Compound. It builds up the system, purifies the blood, braces the nerves, and regulates digestion as no other medicine can do. Mr. John C. Rowan, 137 E. Walnut St., St. Paul, Minn., says:—

"Some six years ago I suffered with rheumatism in my knees so painful I could get no relief, and I had to rub them for a moment's ease. Paine's Celery Compound cured me and eradicated the disease from my system. I had also been afflicted with kidney disease as most railroad men are, and I had cataracts so bad that my eyes ached and my eyes were inflamed with continual pain, and I could retain nothing but liquid food on my stomach. Today, thanks to Paine's Celery Compound, I think I am as healthy as any man that stands on the globe."

TOPEKA, Kan., Sept. 1.—Judge Hasen today heard the motion to set aside the temporary restraining order in the case brought by County Attorney Nichols against the American Book company. The court took the motion under advisement, but announced that the book company might ship the six carloads of books, tied up on the tracks at Topeka, to the various county seats, where they are to be simply held for distribution.
