

Troops are now located at Thurmord to preserve order. They were sent these at the instance of our sherif, and while upon investigation it appears that the call for troops was unnecessary and utter folly, yet we as miners are glad to have them. They are principally union men and in sympathy with our cause and look upon the men working with the same contempt that we do. incretofore the guards around the mines have been committing all sorts of outrages on our people. Since the troops have come this has stopped and we will not suffer while they are here. We therefore ask that you don't withdraw them until the strike ands. It is supplemented by the following: "At a meeting of local union 442, United Mine Workers of America, 300 miners petition you to send troops to Winona, on Keener's creek, to preserve order until the strike is ended."

HARRISBURG, Pa., Sept. 2.-Governor Stone has made an appointment for Thurs day noon to meet a committee from the state legislative board of railroad employes of Pennsylvania to intercede with the executive in behalf of the striking anthracite coal miners. The committee will request the governor to take immediate steps to bring the strike to a close and, if necessary, to call an extra session of the general assembly for the enactment of legislation making arbitration compulsory.
