### Two Weeks More for Corn.

WINSIDE, Neb., Sept. 2 .- (Special.)-The weather changed Sunday night and prospects now are for clear and cool days. Much wheat and oats are still in shock and if this weather continues will be threshed within the next ten days. Dry weather would improve corn very much and even a slight frost would not injure it, as It is growing yet and should be ripening. Conservative farmers think that two weeks more would put most of our corn out of the way of frost.

### Injured in a Runaway.

EDGAR, Neb., Sept. 2,-(Special.)-Last evening while William Darby, who resides one mile west of this city, was driving home, his horses became frightened at a barking dog and ran away, but soon became tangled up in a barb wire fence. Mr. Darby was thrown out of the carriage, his head and face glancing along on the wire, cutting his head and face badly, besides
